NEW TEACHER APPOINTED BY SCHOOL BOARD

Miss Raca Woolson to Succeed Aneta Dahlquist in Washington

APPROVES EVENING RADIO SERVICE CLASS

School Nurse Reports 123 Cases of Mumps During January

Appointment of a new member of the teaching staff, purchase of a set of school bus tires and consideration of other matters furnished business to come before the local board of education at its February meeting Monday evening.

Named to fill the vacancy in the Washington school staff caused by the recent resignation of Miss Aneta Dahlquist, fourth grade teacher, was Miss Raca Woolson. The daughter of Mr. and Mrs. Harry C. Woolson of this community, Miss Woolson was graduated from the Lincoln high school teacher training department and from Moorhead state teachers college. She has taught five years in rural schools, and at present is teaching in Moorhead.

The Consumers Cooperative association, low bidder, was awarded the contract to supply four bus tires and tubes, an allowance being made for the present equipment. The board also voted to purchase without delay paper and instructional supplies needed during the coming year, in view of unsettled market conditions.

The board approved the opening of an evening class in radio service to be held two nights a week with C. W. Pope as instructor. The course will continue for four months, and a fee of $5 will be charged.

The January report of Mrs. Clara G. Paulson, school nurse, was featured by the announcement that during the month there were 123 cases of mumps among school pupils.

After discussing the matter, the board deferred action on a proposal that the pension plan provided by the Public Employes' Retirement association be extended to include janitors in the Thief River Falls schools.

MINNEAPOLIS MAN TALKS TO TRINITY FATHERS AND SONS

Men's Brotherhood Sponsors Annual Banquet Held Monday Night

H. M. Hitterdal presided as toastmaster at the annual Father-Son Banquet Monday evening at Trinity Lutheran Church, and behalf of the local Brotherhood organization he welcomed the sons and guests. Morris Bye gave the toast to the sons and Edward Peterson responded on behalf of the sons.

The speaker, A. E. Iverson of Minneapolis, secretary of the synodical Brotherhood, was introduced by the pastor, Rev. G. S. Thompson. Mr. Iverson said, "As America today looks to her young men in a time of peril, so the Church, if she is to fulfill her destiny, must mobilize her man-power."

"Too long", the speaker stated, "the men of the church have resorted to the justly deserved praise they heap upon the ladies of the church for their labors, as a cover for their own inactivity."

A boy's quartet from Lincoln High School supplied the music of the evening's program and G. E. Ahre led the community singing. The banquet was served by the ladies of the ladies aid.

Civilian Defense Office Asks Loan of Equipment

Miss Kather[illegible] Hennes, in charge of the office staff now being set up at local civilian defense headquarters in the basement of the Auditorium, today issued an appeal to the public for the use of office equipment, including a serviceable table and several chairs, as well as a typewriter. Miss Hennes, who stated that no funds are available for the purchase of supplies, added that those willing to lend the needed articles may reach her by calling Telephone No. 285.

WINTER SHOWS ACCLAIMED AS HUGE SUCCESS

Annual Event at Crookston Was Concluded Last Friday Night

BIGGEST ATTENDANCE IN YEARS RECORDED

T. M. McCall Again Elected Head of Development Association

The board of managers of the Red River Valley Winter Shows has checked the records of one of the most successful shows in the 32-year history of the organization, and announced that the 1943 show will be held on February 1 through 5 inclusive next year. Favorable weather throughout the week and a keen interest in livestock and crop improvement brought thousands of people to Crookston to boom the show attendance to one of the highest marks in recent years.

On Thursday well over 3,000 people saw the exhibits and jammed the show arena for the annual sale of purebred cattle. Attendance was also favorable at the men's and women's meetings and even sessions which were sponsored as a part of the Northwest School Farmers' Week. Evening attendance reached a high on Tuesday night when a cast of 350 people from all parts of the Red River Valley presented a pageant, "Pan-Americana".

T. M. McCall, president of the Winter Shows and superintendent of the Northwest School and Experiment Station, expressed his gratification over the support given the events this year by people of the Red River Valley.

Mr. McCall was reelected to the presidency of the Minnesota Red River Valley Development association at the annual meeting of the group Thursday. Other officers are: William Ash, St. Vincent, first vice-president; H. O. Norby, Minneapolis, second vice-president; H. C. Strander, Crookston, treasurer; E. W. Spring, Crookston, secretary.

The Association is one of the leading organizations sponsoring the Winter Shows and underwrites a great many activities for the development of the Red River Valley. At the meeting Thursday it was

LOCAL DEBATERS SHOW UP WELL AT GUSTAVUS EVENT

Fail to Win Top Honors, but Acquire Valuable Experience

Meeting stiff competition from four states in a tournament at Gustavus Adolphus college, St. Peter, late last week, four Lincoln high school debaters coached by James Nordine failed to win top honors, but made an excellent showing and gained valuable experience.

A team consisting of Edward Peterson and John Dablow defeated debaters representing Litchfield, Rochester and Red Wing, and lost to Pipestone, which went into the finals.

A second Lincoln team comprising Bruce Biddick and Howard Lund defeated Stillwater, twice Minnesota state champion, and lost to West high, Minneapolis; Madison, S. D.; and Chippewa Falls, Wisconsin. Each of the three winning schools has been champion of its state.

Each of the local teams debated both sides of the question, winning two debates while on the negative and two on the affirmative. A total of 68 teams competed in the tourney.

The Lincoln boys also entered the male quartet contest held in connection with tournament, and won third place in the finals after placing first in the elimination event. Professor Overbye of St. Olaf college served as judge of the event.

Men 20-45 to Register for Service Feb.14-16

STAMP BOOKLETS WILL BE ISSUED TO RATION SUGAR

Allocation Boards and Teachers to Register All Persons under Plan

Still wrestling with the problem of tire rationing and with auto allotments coming up, commodity allocation boards throughout the state could see a new task looming ahead this week in the announcement of a complete sugar rationing plan ordered by Leon Henderson, federal price administrator.

Henderson has set in motion plans for sugar rationing which will require registration of every individual, no matter how old, to obtain sugar, and Ted G. Driscoll, state director of commodity allocation, is wrestling with the big problem of registering some 2,700,000 residents of Minnesota and issuing rationing stamp books for them.

Henderson's order provides that the teachers be called in to carry on the general registration, Driscoll explained on returning from Washington. The local defense chairman and the county superintendent of schools will supervise the registration, it is contemplated, and teachers in the rural and graded schools will furnish the staff for the registration. Four days will be set aside for the registration, with registration offices at schools open from 4 to 6 and 7 to 9 p. m. Date of the registration has not been set.

In registering, each person will be required to report the amount of sugar which he or his family now has on hand. Henderson has specified that more than two pounds of sugar per person on hand shall be considered an excessive amount, and amounts over this will be deducted from the total under the rationing plan. This is designed to give everybody an even start.

The teachers will issue rationing books containing twenty-eight stamps, each allowing the purchase of a specified amount each week from his merchant. Only one person in each family, it was explained, will have to apply for the books. The amount to be allowed each week has not been determined but 12 ounces per person is expected to be the amount.

Seven days in advance of the general registration, the commodity allocation boards, aided by high school teachers, will register retailers, wholesalers and industries using sugar and take stock of their needs.

Register Three Days in City and Monday Only at Five Other Points

L. W. RULIEN CHIEF REGISTRAR IN CITY

Urges Men to Register Saturday Afternoon if Possible

An estimated 800 to 1,000 Pennington county men will be called on to register for selective service this week-end under regulations announced by Colonel J. E. Nelson, state director of selective service.

Three days, Saturday and Sunday afternoons and all day Monday have been set aside for the registration in Thief River Falls at the municipal Auditorium, with L. W. Rulien serving as chief registrar; while Monday, February 16, from 7 o'clock in the morning until 9 at night, has been set as the time to register at five other points in the county.

The other places include St. Hilaire postoffice, Adolph Bilden, chief registrar; Goodridge barbershop, Mrs. Charles Josephson, registrar; Smiley hall, Frank Hardisty, registrar; William McCrum, assistant; River Valley creamery, Olaf Stolaas, registrar; Osmund Lunden and Martin Johnson, assistants; and Luttman school in District 60, C. E. Naplin, registrar; J. O. Swanson and Winton Knutson, assistants.

In Thief River Falls registration will be in progress Saturday and Sunday afternoons from 1 to 5 o'clock, and Monday from 7 o'clock in the morning until 9 at night. Mr. Rulien urged that as many men as possible register Saturday afternoon to avoid a last-minute rush Monday. He pointed out that names will be registered on a city-wide basis, the city not being divided into wards for the purpose.

Assisting in the work of registration at the Auditorium will be a large group of Legion auxiliary workers under the chairmanship of Mrs. Leonard Hanson, together with other men and women volunteers.

Called on to register is every male citizen who had, on December 31, 1941, attained his twentieth birthday, and who, on February 16, 1942, has not attained his 45th birthday, and who has not registered on either of the two previous registration days.

Registrants will answer nine simple questions: Name, residence, mailing address, telephone, age in years and date of birth, place of birth, name and address of person who will always know his address, employer's name and address, place of employment or business. The place of residence indicated will determine the local board having jurisdiction.

PENNINGTON 4-H WORKERS GETTING PUREBRED STOCK

Club Members Acquire Fine Breeding Stock at Winter Shows

Pennington County 4-H Club members are getting a good start in purebred and high grade livestock for their 1942 club year according to an announcement made Friday by County Agent Ernest Palmer. Buy Quality Soaps Under U. S. Specifications

Buy your toilet soap by U. S. government specification on a price basis, if you wish to secure a good quality soap at the lowest price.

To comply with federal specifications a soap must be pure and must not contain an excess of free fatty acid nor alkali, which may irritate the skin. Further, it cannot contain an excess of matter insoluble in alcohol or water. The purity of a soap is judged more or less by the percentage soluble in water. The smaller the insoluble portion, the better the soap.

In making soap, fats and oils are treated with caustic soda (lye) and unless this is washed out it remains in the finished product as free alkali. To offset this danger, too much free fatty acid is sometimes left in the soap. The most important requirement for a good toilet soap is that it shall have no excessive free alkalinity.

Sodium chloride or salt is used in the soapmaking process and is also an impurity which should not appear in the finished product.

The two main types of soap are framed or floating and milled. Framed soaps contain about 25 per cent of moisture. They wear and dissolve more rapidly in use than do milled soaps which contain about 10 per cent moisture.

INCOME TAX FACTS

Supplied by the Bureau of Internal Revenue

Some of the items that are deductible from gross income to determine net income are listed in this article. Lack of space prevents a full explanation of the various deductions. If in doubt on any item consult the nearest collector of internal revenue, deputy collector or internal revenue agent.

Typical business expenses of a mercantile establishment are amounts paid for advertising, hire of clerks and other employees, rent, light, heat, water, stationery, stamps, telephone, property insurance and delivery expenses.

A professional man may deduct all necessary expenses incurred in the pursuit of his profession.

A loss arising from "fires, storms, shipwrecks, or other casualty" need not be connected with the taxpayer's trade or business. If his home or his automobile is destroyed by fire he may claim a deduction for the loss sustained unless compensated for by insurance or otherwise. Loss of property by theft is an allowable deduction.

In general, taxes are deductible only by the person upon whom they are imposed. Certain taxes are not deductible, such as those assessed against local benefits, and the Federal income tax. The Federal tax of 10% on the retail sale of jewelry, furs, and toilet preparations is not deductible by the purchaser. Other taxes not deductible are those imposed on employees by the Social Security Act, Federal estate and gift taxes, and State inheritance, estate, legacy, or succession taxes. The Federal taxes on automobiles, gasoline, cigarettes, and liquor are imposed upon the manufacturer or importer, and are not deductible by the purchaser or consumer.

Charitable contributions or gifts made by an individual are deductible within certain limitations, if actually paid within the year. The organization to which the gift is made, for example, a corporation, trust, community chest, fund or foundation, must be created or organized under the law of the United States or any possession of the United States or under the law of any State or Territory, or of the District of Columbia and must be organized and operated exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals. Gifts to individuals are not deductible.

Amounts paid or accrued within the taxable year 1941 on indebtedness are deductible, with certain exceptions, from gross income.

The Internal Revenue Code provides for the taxpayer's allowance for the exhaustion, wear and tear of property used in the trade or business, including [illegible] allowance for obsolescence. [illegible] depreciation.

Doing For, or Against

"Oh, dear", moaned Lyra, as she fumbled through her drawer, hunting hopelessly for a non-existent pair of clean stockings. The school bus was due in just a few minutes, and she rushed into her mother's room, crying, "I'll just have to borrow a pair of yours this time, Mummie. Will you please wash out those that are in the bathroom for me?"

The stockings Lyra referred to had lain in a soap-and-water corner of the bathroom for three days. Lyra's mother had reminded her of it a couple of times, only to be told impatiently, "I'll do them tonight." And "tonight" had passed each time without her remembering.

After Lyra had disappeared down the drive, clutching her books and lunch, her coat flying open, Mrs. Kane turned for the bathroom, saying, "I'd better do them right now before I forget." Then she stopped. "Why should I do them?" she asked herself. "I'm afraid I've done things for Lyra so long [illegible] she can't [illegible] her problems [illegible] for help. She [illegible] responsibility for her own clothes, if for nothing else."

Maybe we had better draw a veil over the picture of what will happen [illegible] Lyra soon forgets to [illegible] mother [illegible] but if she [illegible] will realize eventually that her mother, by doing for her has really been doing against her acquiring habits of thoughtful planning, and a sense of self-reliance. She may feel a bit abused for a while, while [illegible] used to her mother's [illegible] But I do hope her mother [illegible] to her idea of letting Lyra do the things that she should be doing for herself.

FAMILY FEEDING WILL BE TOPIC OF MEETING FRIDAY

Many County Organizations Invited to Participate in Program

Plans are being made for a county wide meeting to organize for a program of Feeding the Family for Health, Morale, and Victory. The meeting for this purpose is being called on the afternoon of Friday February 13 at the court house in Thief River Falls at 1:30 p. m.

In order that this program will reach every family in the county, a county nutrition committee is being set up. This committee will consist of representatives from the county medical men, the county farm bureau, Farmers Union, Parent Teacher association, womens clubs, 4-H clubs, county commissioners, welfare board, American Legion and auxiliary, church groups, county Red Cross, grocers association, USDA War board, bankers association, Agricultural Adjustment administration, Smith-Hughes department, schools, Farm Security and other groups.

This committee will act in an advisory capacity as well as to stimulate interest amongst the various groups on the importance of nutrition in the lives of people.

Forty-eight women appointed as township chairmen will meet with the county committee to discuss ways and means of organizing the people in the various townships and towns.

The general plan to execute the program will be to call the people of various committees together for the purpose of electing leaders. These leaders will attend a series of three meetings which will be held during March, April and May at which times three fundamental phases of nutritions will be presented by Miss Charlotte Kirchner, extension specialist from the University of Minnesota. The leaders will in turn present this material to their various groups.

Plummer Night School Coming Programs Are Announced by Larvick

A revised schedule for evening school classes being conducted in the Plummer high school was announced this week by Elbert Larvick, vocational agriculture instructor. The new schedule includes Wednesday, February 18, "The farmer and his income tax problems"; Thursday, February 26, 2 p. m. (tentative), concrete demonstration by the Portland Cement company; March 4, results of Crookston experiment station trials; March 11, farm family partnerships; and March 18, dairy judging contest.

STUDENTS HOLD DOWN FRILLS DURING WAR

University of Minnesota students have been advised to curtail their personal expenses during the war insofar as social activities are concerned. Word to that effect has been given out by Edmund G. Williamson, dean of students, and the financial adviser to student organization, Carrol S. Geddes, has advised organizations to follow the same course.

ERLING MELLBY ILL IN HOUSTON, TEX., HOSPITAL

Erling Mellby, son of Dr. and Mrs. O. F. Mellby, was reported yesterday as responding well to treatment in a Houston, Texas, hospital for an illness to which he fell victim while on a concert tour with the St. Olaf choir of Northfield.

Mrs. Joseph DuChamp Dies Here Friday; Final Rites Conducted Today

Mrs. Joseph DuChamp of this city passed away on Friday morning, Feb. 6 at the Oakland Park Sanatorium. Funeral services are being conducted by Rev. G. R. Carlson of the Gospel Tabernacle today, Feb. 12 at the Larson Funeral Home at 2 p. m. Burial will be made in the Greenwood Cemetery.

Mrs. Alice Cerise DuChamp was born on January 29, 1910 in Benville Township, Beltrami County. While she was an infant her parents moved to Northwood township in the same county where she grew to womanhood. She was baptized into the Lutheran faith by Rev. H. Bjornson and later confirmed by Rev. R. T. Anderson. She was married on April 16, 1928 to Joseph DuChamp at Mavie where they lived for several years. In 1935 the family moved to this city. The deceased was a patient at the sanitorium for two years and died at the age of 32 years and seven days.

Survivors are her husband, Joseph DuChamp of this city; three daughters, Naida of Grygla, and Ione and Joanne of this city; two sons, Duane and Arden also of this city; her parents, Mr. and Mrs. H. W. Hanson of Grygla; four sisters, Mrs. Mary Rustvold, Mrs. Anna Lee, and Mrs. Helen Nomeland, all of Grygla, and Mrs. Vivian Gilthvedt of Halstad; four brothers, Manvel and George Hanson of Grygla, John Hanson of Nielsville, and Emil Hanson of San Diego, Calif. She was preceded in death by one brother, Harry, and one sister, Eleanore.

Polk County Young Man, Brother of Erie Woman, Ends Life February 4th

Funeral services were held at the Stenshoel funeral home in Crookston Sunday for Clarence Johnson, 31, who, according to Dr. H. E. Nelson, Polk county coroner, took his own life with a revolver Wednesday, February 4.

Johnson resided on a farm in Tynsid township 17 miles west of Crookston. Poor health and the prospects of an early call into military service, Nelson said, were causes for suicide.

Nelson said Johnson had been sleeping during the morning after taking sleeping powders. When he was aroused at noon he dressed and shot himself twice.

He was born in Rygland township and spent his entire life in the community.

Survivors are his father, Ole Johnson, a brother, Orren and two sisters, Mrs. Harold Solheim of Crookston and Mrs. Olaf Loyland of Erie. His mother died four years ago.

DOGS BARK BUT FARMERS PAY LITTLE ATTENTION

Chaska—Despite a warning issued by Sheriff George R. Thul some time ago for farmers to investigate barks of their watch dogs during the night, two Carver county farms were recently looted while dogs barked and families paid little attention. One theft occurred in Laketown, where two veal calves were taken and slaughtered nearby. Another dog in Benton township tried to warn his master, but thieves escaped with fifty chickens. Another Laketown farmer watched a car pull into his farm yard without lights but failed to pursue it or get the license number.

OLD? WHIST, MON, SHES JUST BROKEN IN! ALL SHE NEEDED WAS AN ALLIS-CHALMERS TUNE-UP!

LEAVE THE SPRING RUSH BEHIND!

We can make your tractor perform like new — whether you need a complete overhaul job or a few new parts. But there are TWO things to keep in mind:

1. See us now — you don't want to lose valuable time after the spring rush starts.
2. Steel and iron are available only on a priority basis. By placing your order now, you enable us to better anticipate the need for parts and replacements.

So wouldn't it be wise to see us about fixing up your tractor IMMEDIATELY? You'll avoid the danger of costly spring stops. You'll be aiding defense by getting your parts early. Then too, we can assure you of better service while we still have plenty of parts — NOW!

NEW LIFE FOR OLD TRACTORS

The Allis-Chalmers tractor kit restores the original high-powered compression. Complete kit consists of a full set of cylinder sleeves, pistons, piston pins, oil and compression rings and cylinder sleeve packing.

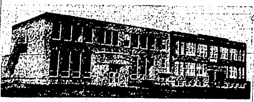
Enlarged Newfolden High School Building Dedicated Recently



Pictured above is the enlarged Newfolden high school building, the left half being a new addition completed in January after having been under construction the past two years with the cooperation of the WPA. A modern gymnasium occupies the first floor of the addition, while the upstairs is devoted to classrooms. The structure was dedicated January 13 with impressive exercises, the principal address having been delivered by Judge Oscar R. Knutson of Warren.

TRAFFIC DEATHS MOUNT IN STATE DURING JANUARY

31 Lost Lives Last Month, Compared to 23 in January, 1941

Despite a redoubling of organized efforts to reduce traffic accidents, and repeated appeals to motorists for extra caution to save tires and cars, 31 persons were killed on Minnesota streets and highways during January as compared to 23 deaths during the first month of 1941.

The increase of almost 35% in January traffic fatalities, based upon preliminary accident reports to the state highway department, was in marked and disturbing contrast to the goal of only 19 fatalities which had been fixed as the "budget of allowable deaths" for the month by the Minnesota Editors' "Save 100 Lives" campaign committee.

Simultaneously the highway department this week disclosed that the 1941 traffic toll, originally announced as 604 fatalities, has already been increased to 612 by deaths which have since occurred as a result of mishaps suffered last year. This is the highest Minnesota traffic death toll for any year since 1937, when 630 persons were killed.

January's 31 fatalities resulted from 30 accidents. Fourteen, or almost half, were pedestrians and of these six were walking in violation of pedestrian traffic rules when they were struck by motor vehicles.

Eight persons were killed in seven motor vehicle-motor vehicle collisions, and an equal number met death in non-collision motor vehicle mishaps, such as running off the road, overturning or colliding with fixed objects. One fatal accident resulted from a car collision with a railroad train.

Chameleon Has Tongue 5 Inches Long; It Walks

Certain animals change their coats as the seasons go by. One of these is the Arctic fox. In summer it has a brownish or blue-gray hair, but in winter its coat becomes white to match the snow.

Perhaps most amazing of all animals which change their coats is the chameleon.

The name chameleon is pronounced kuh-MEE-lee-un. It came from the Greek language and means "ground lion."

The chameleon is not a lion. It isn't even a furry animal. It is a lizard, a lizard with special powers.

Most lizards crawl along with their bodies touching the ground, or whatever else they are walking on. Not so the chameleon! It walks with its body well lifted.

It eats insects. It has a long tongue with a sticky end. When an insect comes within reach, out shoots the tongue and in comes the victim.

Chameleons spend almost all their time in trees. Their feet are well fitted to grasp small branches, and the tail is useful in the same way.

The most exciting thing about this animal is its color-changes. The common chameleon of Africa is gray-black, but it can change to green or yellow, or to green with yellow spots or stripes.

Often this lizard changes color so it matches with leaves or bark, but it sometimes changes where it is not to match with a background. Fear and anger seem to play a part in the switching of colors.

Original Form of "Silly"

The original form of "silly" was seely. Stemming from the Old English or Anglo-Saxon [illegible] meaning blessed. Its significance carried over, expanding to take on the senses of pious, good, "enjoying the blessing of God."

Later the Renaissance, which, starting in Italy in the Fourteenth century, was spread to England. [illegible]

Slowly seely, which meant [illegible] and whose usage was associated [illegible] the popular [illegible] with religious titles, began to conform in spelling to the altered shortening of the vowel in daily speech. It came to be written silly—and acquired successively the sense of innocent, harmless, foolish, stupid, the [illegible] being completed around the [illegible] the Sixteenth century.

RECREATION HIGHLIGHTS

The recreation program is sponsored by the city council in cooperation with the Work Projects Administration.

Girls' Recreation Club

The O. F. 2 Club, girls' recreation group under the direction of Camille Bostal, met last Monday night in the sports arena and made plans for their party to be held in the arena this coming Monday night. In addition to making out invitations to the party, club members held their regular business meeting. Officers and members of the club include: Grace Michalsky, president; Wanda Reiersgaard, vice president; Eileen Froseth, Secretary; Shirley Simonson, treasurer; Grace Forsberg, Arlene Eide, Joyce Frahm, Delores Anderson, Carol Southard, Kathryn Sagmoen, Donna Mae Twete, LaVonne Prugh, Irene Forsberg and Helen Amundson.

Puppet Show

"The Tale of Peter Rabbit" will be presented this afternoon at 4:20 o'clock in the arena puppet theatre along with several shorts. Persons attending the show are asked to be prompt. Arlene Eide, Abigail Thomas, Delores Anderson, Jeanette Grinde, and LaVonne Prugh will handle the puppeteering duties for today's story of Peter Rabbit. Children are invited to come early and take part in the game activities which are held before the show is presented. After the show, similar games are played.

Basketball League

Games played in the City Auditorium every Monday and Wednesday night are open to the public. There is no admission. Five teams are competing for the right to enter the playoffs, which will be held within the next three weeks. Everyone is invited to these games for a night of entertainment.

Adult Men's Recreation

Men who haven't already taken part in the recreation activities offered at the high school gym every Wednesday night ought to make a date for next week. Badminton, basketball and volleyball are played during the recreation period.

Miscellaneous

Parents are invited to continue sending their children to the arena game room. An invitation is also extended to the parents to come and see what is being done for the children in the arena, both upstairs and down. The craft shop is open every afternoon and evening except Sunday for all persons interested in making craft articles or repairing furniture. Keep fit by skating and tobogganing plenty.

Agricultural Income in 1940 'Tops' for Decade

American agriculture's income in 1940, including cash received from the government, exceeded any year's earnings of the past decade with the possible exception of 1937.

About $9,000,000,000 flowed into the pockets of farmers from sale of their products and from government benefit checks. Cash income last year was $8,500,000,000 and in 1929 $11,200,000,000.

Despite loss of most of the already restricted foreign market for farm products, farmers found themselves protected from the shock of the European war's disruption of trade partly by the very fact that their business abroad has been poor in recent years.

A national farm economy built [illegible] years was converted in 1940 into an insulator against the [illegible] trade paralysis of the new war. There was a sensational farm [illegible] collapse [illegible] the fall of France. But, to a large extent, this represented [illegible] prolonged speculative bubble and [illegible] prices of many commodities at levels little if any lower than those of recent years.

When this speculative [illegible] it was replaced with the [illegible] broader demand [illegible] as national rearmament gained [illegible] and domestic [illegible] power revived.

Gift of Prophecy

A deformed little woman of Yorkshire, Mother Shipton, convinced all England of her gift of prophecy. When the Great Fire spread over London, thousands stood idly by, believing the city's destruction certain for Mother Shipton had foretold it. In rhyme, she prophesied underriver tunnels, tobacco smoking and horseless carriages before America was colonized!

OTTERTAIL PUPIL CAPTURES VALLEY SPELLING TITLE

Betty Jorgenson of Fergus Falls Wins First at Crookston

Betty Jorgenson, 13, daughter of Mr. and Mrs. Axel Jorgenson of Fergus Falls, was named champion rural school speller of the Red River Valley Friday afternoon at a contest held in Crookston in connection with the Valley Winter Shows.

Betty, who is in the eighth grade, represented District 217 in East Ottertail county. She made a grade of 96, competing with twelve other crack spellers from counties all over the Valley. Second place went to Rita Cain of Becker county, and third to Lola May Horn of Norman county.

Jean Grimes, pupil in District 12, represented Pennington county in the Crookston contest.

Mild Weather Follows Short-Lived Cold Spell

A short-lived spell of cold weather that brought the mercury down to zero Friday and —10 Saturday morning was followed by another series of mild days, the temperature rising Wednesday to the thawing point. Light snowfalls were recorded on several days during the past week.

ALIENS OF ENEMY NATIONS MUST ASK FOR CERTIFICATES

Justice Department Gives Orders to Secure Them at Postoffice

All German, Italian or Japanese aliens must apply for a certificate of identification, according to a recent announcement of the Department of Justice. This act is by authority of Presidential Proclamation, and includes all non-citizens of German, Italian or Japanese nationality, 14 years old or over.

Application for certificates of identification must be made at the postoffices between February 9th and February 28th. Failure to comply with this new regulation may be punished by severe penalties, including possible internment of the enemy aliens for the duration of the war.

Each applicant must bring with him, three small photographs. Without them it is impossible to receive the certificates. If the applicant did not register as an alien in the alien registration of last fall, he will be instructed to go to the nearest immigration office and register. There is no fee in connection with the issuance of these certificates.

After compliance with all regulations and after a careful checkup has been made of each applicant, the applicant will be provided with a certificate of identification bearing his photograph, index fingerprint and signature. From then on he must carry the certificate with him at all times.

These regulations are for the protection of loyal aliens from enemy countries, as well as for national safety.

Minnesota Highways Include 8605 Bridges, Recent Survey Shows

If all the highway bridges in Minnesota were placed end to end, they would form a viaduct half way across the state. The inventory made by the Highway Planning Survey, based on field surveys in 1936 and 1937, of all bridges on all rural roads and urban extensions, lists 8,605 bridges of more than 20-foot span. There were 1,420 bridges on state trunk highways, 1,497 on state aid roads, 1,573 on county aid roads, and 1,115 on township and other local roads. Bridges on local municipal streets were not included. There are no toll bridges within Minnesota, but there are seven over state boundary waters, six between Minnesota and Wisconsin and one between Minnesota and Ontario. Five of the toll bridges connect with trunk highways and two only with city streets. There are six toll ferries on boundary waters, four over the St. Croix, one over the Rainy River and one over the Red River, all connecting with county or local roads or streets.

voted to set aside for 1943 $100 for 4-H tree planting awards. The group also voted to continue the practice of honoring Valley Farmers and Homemakers, and sponsoring the Red River Valley Spelling contest for Rural schools. Directors of the association also voted to furnish prizes and engraving for the Ninth district flower show to be held next summer.

Victory is definitely in sight in the long drawn out battle against grasshoppers if farmers will follow up the advantage given them by a wet year and a good control organization. This year is the time to watch hoppers closely and clean out the "hot spots" of infestation, T. L. Aamodt, assistant state entomologist, told Red River Valley crops men at the Winter Shows in Crookston Feb. 3.

The Red River Valley, where much of the grasshopper damage of the past ten years has centered, is in the best shape in 25 years, Aamodt said. He urged that grasshopper fighting organizations be kept going in order to protect the all-important 1942 crops. There is always a possibility of severe damage if a dry year brings conditions ideal for hatching eggs.

Red River Valley Minnesota and North Dakota Livestock men moved in on the annual purebred livestock sale held at Crookston Thursday and Friday and paid the highest prices in many years for high quality cattle, swine and sheep. A total of 156 animals consigned by breeders of this area sold for $15,274. Cattle averaged $170 per head, while bred gilts averaged $68 and bred ewes $41.40.

Top animal in the cattle sale was a Hereford bull sold by C. F. Putnam of Tintah to Mike Roesch of Ada for $325. The top gilt of the sale was a Duroc Jersey sold by Henry Leyh of Bertha to Harold Rosendahl of Warren for $87.50. The top ewe of the sale was a Hampshire sold by Gordon Clow of Lancaster to Arthur Ratshenski of Drayton, N. D. for $70.00.

Holstein heifers averaged $127.50; Holstein bulls, $162; Milking Shorthorn bulls, $127; Angus bulls, $195; Angus heifers, $160; Shorthorn bulls, $176; Shorthorn heifers, $130; Hereford bull, $218; Hereford heifers, $176; Hampshire ewes, $45; Shropshire ewes, $44; Duroc Jersey gilts, $65; Berkshire gilts, $62; Hampshire gilts, $81; Chester White gilts, $74; Hereford gilts, $60; Hampshire gilts, $81; Spotted Poland China gilts, $60.

WATCH LOST FOUR YEARS RECOVERED BY OWNER

Minnesota—About four years ago when John Stuart Leland went sliding on the hill beyond Frank Christensen's, he placed his watch on a fence post to keep it safe during his play. There was a great deal of snow and when it was time to go home he could not find his watch although he and his friends searched for an hour. Last Sunday John thought it would be a good idea to look for his watch and sure enough he found it close up to a post and it looked like a piece of dirty paper. On washing the face and winding it, lo' and behold it runs as well as ever. The watch was in perfect condition.

Deep-Sea Diver 'Bends'

The "bends" to which deepsea divers are susceptible is caused by nitrogen in the highly compressed air entering the blood. Then, if the diver ascends too rapidly, the nitrogen comes out of the blood, forms bubbles in the veins and arteries and results in great pain.

No Unemployment

"Unemployed" is a word seldom met with in Australia these war days—for the first time in seven years, there are none registered at the Brotherhood of St. Laurence hostel at Fitzroy.

More discouraging than the reports from the war front has been the news that has come out of Washington these recent weeks. Nero probably should have grabbed a water bucket instead of a fiddle when Rome burned. But while his fiddling was not helpful in the emergency, neither was it harmful, and that is more than can be said for the leaders in our national capital who are actually retarding the efforts of those who seek to check the fire that threatens us. A general and an admiral were bobtailed because they permitted the Japs to take them by surprise but the destruction at Pearl Harbor was less costly in terms of national defense than the disgusting conduct the law makers who slyly voted themselves a pension at a time when the newspapers of the country carried headlines down to the fold telling of disaster in the Pacific. And equally disgusting has been the conduct of the Neros who have squandered money needed for tanks and planes in hiring professional fiddlers to win the war for us by their rhythmic swing. In terms of present day spending, not much money is involved in either of these blunders. They are nickel and dime deals that are important only in their effect on the morale of the country. As morale builders they are as inspiring as the fall of Singapore.

Our calendar tells us that today is Lincoln's birthday, which reminds us again that our country has seen darker days than those we are now going through. The outcome of the Civil War hung in the balance for many months and for a time the prospects for saving the Union were anything but encouraging. President Lincoln was not as well thought of then as he is now and he was constantly under the fire of criticism and even ridicule. But he survived, and the nation survived. The greater resources of the North eventually made themselves felt and turned the tide from defeat to victory. We are now in the early stages of a war that may become a greater hardship to us than the Civil War was to the people of that period. In the dark days that are ahead of us we can find consolation and hope in the records of the past. We can draw inspiration from the life of Abraham Lincoln, who, regardless of how great the reverses and how discouraging the prospect, struggled on with a determination that would not yield.

Resistance at Singapore may stop at any time. There is little hope that it can be held. If time had permitted it probably would have been possible to reinforce the garrison sufficiently to withstand the attack of an enemy superior both in equipment and numbers. But time did not permit and the great naval base may now be written off as another heavy loss. Other serious reverses are also in prospect. The Burma Road, more important in many respects than Singapore, will probably be closed. The coming month will bring reports of continuing advances by the Japanese thruout the Indies. It is just as well that we prepare ourselves for lots of bad news. When Winston Churchill told that to the House of Commons he spoke as a realist and not as a defeatist. We are not yet ready to strike back. All we can do is fight a delaying action. In the meantime we are winning a battle of production which while not as spectacular as the victories of the Japs, is more important. Our enemies started building their war machines a dozen years ago. What it took them years to do, we must now accomplish in months. In this battle our armies are making encouraging progress.

We don't love the Russians either but we are developing a great deal of respect for them and it irks us no end when we hear supposedly good Americans speak ill of them. Will the Russians make a separate peace with the Axis powers? We cannot imagine such a thing. Is it reasonable to suppose that Joe Stalin would ever forgive Adolf Hitler his double cross? Is it reasonable to suppose that the Russians will want Japan to be supreme in the Pacific? Such things just don't make sense. As things have developed we have reason to be thankful that Soviet officials have mistrusted all nations, and have prepared so well for the defense of their nation. And from the standpoint of our future relations we should do everything within our power to overcome the prejudices that still divide us. At the present time they should be given all the material assistance we can spare them and certainly our moral support.

Wit and Humor

REASONABLE

In the middle of the road a man and a woman were quarreling violently.

"Why, you wretch," screamed the woman, "I'll teach you a lesson you'll never forget. I'll knock you silly, that's what I'll do."

And she administered a sound cuff.

"Oh, you will, will you?" roared the man as he landed a nice right to the jaw. "And what will I be doing while you're knocking me silly? Take that. And that. And that."

A policeman hurried up.

"What's on here?" he demanded.

The woman regarded the intruder angrily.

"You keep out of this," she advised. "This man is my husband. We've been married 10 years."

"Well, then," declared the policeman, "why don't you do your fighting at home instead of in public?"

The husband glared.

"What?" he shouted. "And break all the furniture?"

AND BE MERRY

"Marry me, and you shall have everything that money can buy."

"But you have no money."

"Yes, but you have."

To and Fro

"Gov'nor," said the dusty traveler, "how far is it to Gloucester?"

"'Bout a mile and a half," replied the farmer.

"Can I ride with you?"

"Certainly. Climb in!"

At the end of three quarters of an hour the traveler began to get uneasy.

"Gov'nor," he asked, "how far are we from Gloucester now?"

"'Bout four miles and a half."

"Great haystacks! Why didn't you tell me we were going away from Gloucester?"

"Why didn't you tell me you wanted to go there?"

The Proof

Jones and Smith were sitting in their tent in the African jungle discussing their skill as hunters. Presently Jones remarked that he would bet Smith a pound that he could go out and kill a lion forthwith.

Smith took the bet and sat back to await results.

About an hour passed, and then a lion put its head through the tent flap.

"Do you know a fellow called Jones?" it asked.

"I do," said Smith, backing away.

"Ah," said the lion, "he owes you a pound!"

Scotch

A man stepped into a cigar store and asked the price of a brand of cigars. "Two for 15," replied the clerk. "I'll take just one," replied the man. "That will be 10 cents," was the clerk's reply. The man paid the dime, took his cigar and left. Then up stepped a Scotchman to the counter saying: "Here's a nickel. I'll take the other one."

Those people who chronically expect the worst have not been disappointed recently.

HE SHOULD HAVE KNOCKED ON WOOD

Perham—Ironically, Frederickson, the man who was injured last week in a freak train accident when a five-pound piece of rail came flying through the window and smashed his face, had just finished telling the man in front of him how safe it was to travel by train. The man who he had been talking to was showered with flying glass. The missile came through his window, but struck Frederickson in the seat directly behind him. Luckiest man in the accident was the fellow across the aisle, who a few seconds before the accident laid down for a nap. A piece of glass a foot square sailed high across the aisle, broke the window above his head and cut a nasty gash in the window sill. Had he been sitting up he would have been decapitated, the porter who saw the accident opined.

Looking Backward

1932—TEN YEARS AGO

The annual county financial statement showed outstanding warrants amounting to $118,266. —Theodore Helle, pupil in District 18, won the Pennington county rural school spelling championship.—The city council deferred action on a request from the Civic and Commerce association that the city acquire a motorized fire-fighting unit.—C. G. Matson was elected president of the local chapter of the Izaak Walton league.—C. H. Toomey was named head of the Pennington County Turkey Breeders association.—The Peter Engelstad Guernsey herd made virtually a clean sweep of prizes in its division at the Valley Winter Shows in Crookston.—J. P. Curtis was reelected to serve his seventh year as president of the local golf club.

1922—TWENTY YEARS AGO

Fifty local businessmen assembled at the Evelyn hotel to honor A. S. Sapero previous to his departure for Chisholm.—Guernsey cattle entered in the Winter Shows by Albert Johnson, C. B. Conklin and H. C. Woolson took all the premiums in their division. Orton Olson won sweepstakes honors in the open class on pigs.—Judge Frank E. Reed of Minneapolis, deputy grand exalted ruler for Minnesota, addressed 250 Elks at initiation ceremonies in this city.—Goldie Gunderson of District 151 won first place in the Pennington county rural school spelling contest.—Norman Dylvik was leading a dance orchestra on a tour of the far west.

SURE SHOT

"Did you hear about that woman shooting a burglar last night?"

"Yes. What do you suppose the war coming at?"

Considerate

Wife—John, I am sure there is a burglar in the house, aren't you going to get up?

Husband—Certainly not! Do you think I am going to deliberately run the risk of making a murderer out of a poor fellow who is now only a common burglar?

Carson Funeral Home
THIEF RIVER FALLS — ST. HILAIRE, MIDDLE RIVER — HOLT, MINNESOTA

Dear friends:
We are very strongly convinced that funeral plans, whenever possible, should be made before death, somewhat the same as a will. There is a growing tendency in that direction.
A written record of our desires, left where the family can find it readily, is certain to lift a burden from those left behind.
Should you desire to talk this matter over with us in confidence, it is entirely appropriate to do so.
Respectfully,

PUBLIC OPINION

Editor The Times:

The farmer should have as much consideration as our defense workers, for their work is just as vital. Only the farmers sons are able and qualified to do that work. It does seem the sons of our farmers should have plenty of consideration from our draft board. Farmers are defense laborers too. We must have food. Food supplies can't be kept intact, but [illegible] the farmers help is curtailed. Farmers [illegible] to our country's welfare. Farmer's hours are long and hard and small wages in which has been for their hard labor. Only the farmer's sons are able and fully qualified to do that work. Farmers must and should have consideration in the deferment of their sons who are badly needed at home. The farmer is going to be seriously crippled in his [illegible] drafting of a son. A farmer need not feel disloyal if he asks the board to defer his son [illegible].

Yours very truly,

WRESTLING CARD IN SCHOOL GYM SET FOR TONIGHT

Local Boys to Compete with Aggie Wrestlers from Crookston

A group of local wrestlers, the majority of whom are in high school, will meet the Northwest School of Agriculture wrestling team at the high school gymnasium this evening, starting at 8:00 p. m. The match will be between the same two teams which met at Crookston on January 16 in which the local wrestlers won four matches and lost six. This match is being sponsored by the high school athletic association.

Competing on the Thief River Falls team will be Ray Offerdahl, Bill Nelson, Gerald Flattum or Lawrence Ruben, Harry Long, John Ofstedahl, Roman Paulson, Jr., Don Olson, Paul Rostan, and Orlin Pederson.

Proceeds of the wrestling match will go towards sending the high school members of the team to Grand Rapids on February 21 to compete in a regional wrestling tournament to determine entries for the state tournament to be held in St. Paul.

Newfolden Quint Bows to Prowlers on Monday in Scrimmage Contest

In an informal scrimmage game Monday night the Prowlers, after trailing by a 11 to 8 score in the first period, outscored the scrappy Newfolden team to roll up a 40 to 26 win. Newfolden's high-scoring forward, Lowell Anderson, was the game's high point man, with 11 counters; while Orrin Pederson's 10 points paced the Prowler scorers.

"A Yank in the R.A.F." at Avalon This Week-end

"A Yank in the R. A. F.", the first film story of British war flyers, will be the offering at the Avalon theatre Saturday, Sunday and Monday. Tyrone Power plays the role of the Yank, with Betty Grable as his sweetheart. Also featured in the production are Reginald Gardiner and Gladys Cooper.

Walt Disney's full-length technicolor production, "Dumbo", will be presented at the Falls theatre Sunday and Monday with a midnight prevue Saturday evening at 11:15.

Favored Warren Quint Meets Prowlers Friday

The Prowlers played the eighth region's two top-ranking teams on their two-game road trip during the week-end, and made a creditable record, losing to the all-veteran Cass Lake Panthers, 25 to 21, on Friday night, and dropping a 25 to 18 decision to the Bemidji Lumberjacks Saturday.

Tomorrow night the Prowlers will attempt to stop the district pace-setters, the Warren Ponies, when Coach Lysaker's team invades the local court. Warren is undefeated in district competition, having scored two wins over East Grand Forks, and single victories over Crookston and Thief River Falls.

After trailing by a 14 to 11 count at half-time at Cass Lake Friday night, the Prowlers, on two field goals by Lenny Lorentson, a field goal by Milt Reierson, and Jack Melby's two free throws, bounced into an 18 to 15 lead in the third period. Lee Richmond's gift toss being the only point garnered by the Panthers.

The Prowlers, playing fine basketball and setting in a tight zone defense, went into the game's final minutes holding a four point lead. Johnny Campbell had racked up a field goal and Gjernes had dropped in a free throw; while Doug Fairbanks had scored two Cass Lake free throws.

A quick recovery of a rebound and a long pass to Roy Hanson gave Cass Lake a field goal; Lee Richmond dumped in the tying goal, and then Hanson and Richmond, each with a field goal, scored Cass Lake's game-winning points. Jack Melby, with 7 points, and Lenny Lorentson, scoring 5 points, were the Prowlers' high scorers; while Orrin Pederson, Johnny Campbell, and Orlin Gjernes turned in fine defensive games. Cass Lake's big Indian center, Sammy Long, being held to six points.

Moving over to Bemidji on Saturday night the Prowlers continued the fine play exhibited in the Cass Lake game. It was the sharpshooting of forward Tommy Corrigan, who was credited with 13 points, that gave Coach Glenn [illegible] Lumberjacks their season's second win over the Prowlers.

Crookston Cathedral Six Loses Contest to Hornets by 7-1 Tally

The Hornets defeated Crookston Cathedral for the second time this season when Coach Walt DePaul's team scored a 7 to 1 win over the Cathedral sextet in a game played at Crookston last Wednesday night. Lloyd Johnson, Jag Snelling, Bob Protz, Bob Baker, Mouse and Johnny Efteland, tallied for the locals, with Johnny Efteland registering two goals.

HORNETS LOSE TO BAUDETTE; PLAY WARROAD FEB. 14

Corrigan Stars for Visitors Accounting for Total of Six Goals

Black-haired Kieth Corrigan sifted through the Thief River defense for six solo goals to "spark" the Baudette high school team to an 8 to 5 triumph over the Hornets in a stubbornly contested hockey game played here Saturday night. Next Saturday night, Feb. 14th, the Hornets meet the Warroad high school sextet on the Arena ice. Warroad is the only club to hold a decision over the Baudette team this season, having scored a 7 to 4 win in an early season game.

Baudette, shooting at the north goal, opened the scoring Saturday night with two rapid-fire goals. At the 4:25 mark Ken Zippel, from ten feet out bounced Earl Guenin's pass into the nets; and seconds later, "Corky" Corrigan whipped a drive from the blue-line that beat goalie Robarge. A minute later Johnny Efteland intercepted a pass from Ray Wilson's stick in front of the Baudette goal, and beat Bob Small with a fine shot into the net. Corrigan's two solo rushes, in which he eluded the defense to swoop up the goal mouth for easy shots, gave Baudette a 4 to 1 lead.

"Mouse" Efteland, who suffered a broken nose in the fray, tallied the Hornets second goal when he circled his own net to pick up speed, drove up the center of the ice, and as he reached the Baudette red-line he flipped a back-hand shot that nudged the laces for a score. Corrigan, following an ice-length rush, drove a hard shot, from an angle, past Robarge for Baudette's fifth marker, the score being 5 to 2 as the second period ended.

Fifteen seconds after the start of the final period "Mouse" Efteland, on an assist by Marlyn Dorn, banged in a close shot. On a face-off in the Hornets zone, Guenin passed the puck to Frank Humenuk, and the lanky Baudette defense man rifled a hard drive into the nets from the blue-line. At the five minute mark, Lloyd Johnson, after taking a pass from "Mouse", sent a slow shot at the net which fooled goalie Small and slithered into the goal. Don Wange, taking the occasion to score his first goal of the season, poked the rubber past Bob Small for the Hornets' fifth goal, and the locals trailed by a 6 to 5 count.

Corrigan, again on a brilliant rink-long rush, marked up a Baudette goal. Johnson and "Mouse" teamed to score the Hornets final tally, with Johnson taking "Mouse's" pass just over the blue-line and then drilling a shot past the Baudette net-minder. Corrigan capped an evening's superb performance when he picked up a loose puck in center ice, side-stepped the defense and bounced in on the Hornet goal to register his sixth tally and Baudette's eighth score.

40 & 8 WILL MEET TONIGHT TO PLAN HOCKEY TOURNEY

Fifteen Entries in Prospect for Event Scheduled for Early in March

The local voiture of the 40 & 8 will hold an important meeting tonight in the Palm Garden Cafe to complete plans for the junior hockey tournament scheduled in the arena early in March, Alex Cloutier, chef de gare, announced today. Also slated for discussion are plans for participation in the 40 & 8 Night program to be held June 12 in connection with the Ninth district Legion convention.

Dr. A. R. Hulbert obtained approval for the tourney at a conference Saturday with L. S. Miller of Crookston, president, and Rev. Victor Cardin, vice president of the Northwest Junior Hockey association. The event will be staged either March 6 and 7 or 7 and 8.

With inquiries already received from Virginia and Eveleth, approximately fifteen entries are in prospect for the tourney. First prize will be $50 in hockey equipment with a second similar award valued at $25. In addition to other trophies to be awarded, the Tom Rowan trophy will be presented for the first time.

Local Bowling Teams Given Split Decision in Crookston Sunday

Local bowling teams earned a split decision in two matches rolled at Crookston Sunday. The Royal Bohemians, with Klem Gigstad getting a 573 total, outscored the Dr. Pepper's team, 2574 to 2453. The City League Hamm's team could total but 2219, while their opponents, the Crookston Grain Belts, collected 2433 pins.

Northrop Quint Whips Washington Saturday

The Northrop team vaulted into first place in the grade school basketball league with a 22 to 13 win over Washington Saturday afternoon. Derwood Lund, their big center, and Chuck Erickson, scoring 12 and 8 points, respectively, led Coach Rupprecht's team to the victory. The Northrop 'B' team, with R. Lane counting 17 points, blanked the Washington 'B' team, 18 to 0.

Dr. Gullingsrud Leaves Today for Army Service

Dr. Miles J. O. Gullingsrud, a first lieutenant in the infantry reserve, last week received orders to leave today to report at Fort Dupont, Delaware, for assignment to active duty. Associated with Dr. O. G. Lynde in the practice of medicine the past year, he hopes to be transferred to the medical corps.

REV. TUNGSETH ATTENDS MINNEAPOLIS MEETING

Rev. E. L. Tungseth left for Minneapolis Monday evening to attend a meeting of district stewardship secretaries at Augsburg Seminary February 11. He will also visit his son Erling Jr., who is a student at the seminary and Dagny who is a student nurse at the Deaconess hospital. Rev. Tungseth expects to return Thursday or Friday morning.

Keeping Score

.... With HUCK OLSON

He's a Hockey Play.

Not until Mouse Efteland reaches his senior year do I expect to see as fine a high school hockey player as Baudette's Kieth Corrigan. The large crowd of fans that were in the Arena Saturday night (and I think the crowd set an attendance record for junior hockey) were agreed that Corrigan's individual performance was worth the admission fee. He scored six goals, doubling the "hat trick", an unusual feat; but it was the manner in which he swivelled through the Hornet checkers to score those goals that won the crowd's admiration. His solo rushes were reminiscent of the solo rushes of George Beverly, and when you compare any hockey player with Bev you have paid that hockey player the ultimate in compliments. It may be that Corrigan and his Baudette mates will make a second appearance on the Arena ice, for they expressed themselves as being anxious to enter the 40 & 8 tourney here on March 6th and 7th.

But give Mouse Efteland a couple of years experience, he's a sophomore, and he'll show the boys some tricks, too. Mouse is the finest skater on the Hornet squad, a fine competitor and team-player. And don't forget Mouse's younger brother Johnny. He's a freshman, and against Baudette he turned in an excellent game.

It's hockey night again Saturday night, and the Hornets play the Warroad high school team.

Out On a Limb Again

A couple of weeks ago the Prowlers, by beating East Grand Forks, made me look sillier than usual and set me up for a lot of jibes. East Grand Forks had been my pick for the district title, and then they were knocked off by the Prowlers. Fine stuff! And tomorrow night the Prowlers meet another of the district favorites; and on the record I'll have to string along with the Warren Ponies to come up with a six point win.

Billy McKechnie and I drove over to Warren on Friday and put the eye on the Ponies as they ran through Crookston for a 37 to 21 win. Warren isn't one of those inspired basketball teams, but they do play consistent ball, and they have scorers. Their best shot, especially on short pivots around the free throw lane, is lanky Henry Hanson; but Dana Allen and Bill Rogers, two rangy boys, are basket shots, too; while their play-making guard, Jack Gilbertson, takes care of the bulk of the ball-handling and the fancy stuff.

Warren's Coach Lysaker means business Friday night, for he journeyed all the way to Bemidji Saturday to scout the Prowlers in their game against the Lumberjacks. It will be interesting to see what stuff he gives his team to combat the Prowlers zone.

Bowler of the Week

O. H. Ekeren Sr., bowling a game with Anton Hall, picked up three splits. Twice he picked up the 4-5 split and once he spared the 5-9-7 split. O. H. bowled a 477 total.

Sophs Win the Party

Bill McKechnie's Sophomore team closed out their "party" series with the Frosh Thursday night when they rallied in the final period to score a 30 to 26 win. Billy and Oats Furuseth are entitled to seats of honor at the party, for it was largely due to their scoring efforts that the Sophs pulled the contest out of the Freshmen game bag. Billy marked up 16 points, while Oats collected 14 points.

It's perhaps lucky for the Sophs that the series is closed for the Frosh have been strengthened by the addition of Roy Bower, a well-built freshman transfer student from Minot, N. D., to their squad.

'Babe' Peterson Scores 31 Points as Bjorkmans Beat Prowler B 63 to 33

With their scoring attack highlighted by "Babe" Peterson, who garnered 31 points, the Bjorkman's Toggery team defeated the Prowler 'B' team, 63 to 33, Thursday night. Pete Michalsky's 11 points paced the Prowler "B" team scorers. The 'B' team, composed of junior class boys, played erratic ball, and except for a slow first period, the Bjorkman's, with Si Kompelien doing effective work under the basket, controlled the play.

FSA SUPERVISOR ANNOUNCES LOANS TO 4-H, FFA BOYS

Loans to be Made for Production of Foods Needed in Wartime

Farm boys and girls who are members of local 4-H, FFA, or other organized clubs and enrolled in projects for the production of war foods will be eligible for loan assistance from the Farm Security Administration, announces H. W. Thelander, county FSA supervisor, Farm Security office, Thief River Falls.

"Farm boys and girls have an important part to play in the production of "Food for Freedom", said Mr. Thelander. "However, some may need credit to purchase beef or dairy calves, pigs, seed, feed, fertilizer, or other project needs in order to participate in a club in their neighborhood."

Farm Security has been authorized to make individual participation loans to all young farm people enrolled in regular club projects, explained Mr. Thelander. Loans will bear five per cent interest and can be made for five years for purchase of recoverable goods such as livestock and equipment, and one year for non-recoverable goods such as feed, seed, and fertilizer.

In order to be eligible for such loans, the applicants must belong to a regular 4-H, FFA, or "Food for Freedom" club and have made arrangements for a plot of ground if necessary. Projects may include dairy, pig, poultry, sheep, gardens, similar enterprises. Detailed information on the loans may be secured from the county agent or FSA supervisor.

Electricians to Meet in Minneapolis Feb. 23

The industry's part in the Victory Program will keynote the Third Biennial Convention of electrical trade groups in the North Central area, scheduled for Minneapolis February 23-24, at the Radisson hotel. Priorities which apply to all branches of the electrical industry will be reviewed at a luncheon meeting Monday by Earl Raymond of the Minneapolis Priorities Field Office, and a question-and-answer period will follow for the benefit of those who do not have an opportunity to contact the local priorities office personally.

American Red Cross Is Enrolling Nurses for War Duty at Fast Rate

Since the outbreak of war the rate of enrollment in the First Reserve of American Red Cross Nurses has increased 400 per cent, Miss Mary Beard, director of the Nursing Service, announced in Washington.

The Red Cross First Reserve now totals 25,700. In addition, there are 43,400 nurses in the Second Reserve, Miss Beard revealed.

"The response of the nurses in America has been magnificent," she declared. "The Nursing Service of the American Red Cross is charged by the Act of Congress of April 23, 1908, with the responsibility for maintaining First Reserve nurses who are called as needed for active duty with the Army and Navy.

"In a conference recently with Major Julia O. Flikke, Superintendent, Army Nurse Corps, and Miss Sue S. Dauser, Superintendent, Navy Nurse Corps, we determined that we must have at least a First Reserve of 50,000 to take care of the greatly enlarged Army and Navy forces of our country.

"I want especially to call attention to our Red Cross Second Reserve. They are nurses who, for various reasons such as age or marriage, are not available for military duty, but they are prepared to serve in disasters, wartime epidemics and to reinforce nursing staffs of civilian hospitals or do public health work for civilian defense. They stand ready to help protect our families," she said.

University Must Save, Says President Coffey

Informed by the federal government that "all materials are of strategic importance," with two or three exceptions, President Walter C. Coffey of the University of Minnesota today issued a special warning bulletin to every member of the faculty and staff urging them to conserve lights, supplies, truck service, water, and "everything else."

Specifically he asked that half-sized letterheads be used, all letters single-spaced, all printing done in one color, rubber bands and paper clips saved instead of thrown away, and paper towels used more sparingly.

Especially brought to attention are workers who turn on all the lights in a large room in which they are working when a desk lamp will do as well. Janitors were asked to light only one room at a time while they are sweeping up at night.

Big Crowds at Central Co-op. Meeting in St. Paul

No less than 2,000 livestock farmers from all sections of the Northwest congregated in the St. Paul Hotel this week to attend the twenty-first annual meeting of the Central Co-operative Association, farmer-owned livestock selling agency with headquarters at South St. Paul. During the year 1941 total business of the Central, including branch houses at West Fargo, North Dakota and Billings, Montana markets, amounted to 27,768 carloads. This volume was equivalent to over 30 per cent of total business handled by combined selling agencies.

First Submarine Victim

The first ship to be sunk by a submarine was the Housatonic, torpedoed by a Confederate vessel while on blockade duty off Charleston, S. C., February 17 1864.

TUBERCULIN TEST WILL START SOON IN MARSHALL CO.

Two County Organizations to Share In Cost of Program

The Marshall County Public Health association and the Marshall County Red Cross chapter recently discussed and agreed upon the second county-wide tuberculin testing program for Marshall county, the cost of the program to be jointly met by these two organizations.

The program is being organized and will be carried out by Dr. Baldwin Borreson, Superintendent of Oakland Park sanatorium, and Miss Margaret Hesaburg, field nurse for the sanatorium.

The Mantoux tests will be given and read in the towns throughout the county. Bus transportation will be provided to take the reactors to Oakland Park sanatorium for their X-Rays.

The test will be available to all who wish to take it, but the main purpose is to check on possible tuberculor infections in students, teachers, bus drivers and janitors.

HAZEL

Attention!

Your correspondent is asked to call your attention to the recent defense campaigns being made in response to the government's shortage and need of tin, paper and oils. All are asked to cooperate by saving and contributing waste paper and tins, and the economic usage of oils and fats. Sort the paper into the three groups, the newspapers, colored section, and wrapping; save shaving cream and tooth paste tubes, all tin cans etc. Plans are now under way for collection as soon as possible and they will be turned into necessary articles for defense and civilian use.

Breaks Arm

Misfortune and accident took place at the William Gilbertson home last week. Returning home from Thief River Falls last week after having had one of his tires vulcanized, Bill Gilbertson found one of his calves had strangled himself by his tie rope. A day or so later, Mr. Gilbertson was doing some repair work on the barn when the ladder he was on slipped out from under him and he fell to the ground breaking his left arm. It is reported he will be unable to use his arm for several weeks at least.

Making a Soldier of Sugar

As we have sent men abroad to fight for America—as we have sent money—as we have drafted steel, with other commodities, into fighting service or enlisted wheat and other fighting foods—so we must make a soldier of sugar.

Nutriment for the nations at war is as vital to the outcome as the powder that feeds the guns. A great nutrient in time of peace—in war a veritable sinew—sugar is now called upon to play a heroic part, to supply the peoples of our Allies—whose strength is ours.

To wrap up sugar in the American flag, so to speak, and put it into the fight becomes a duty of loyalty. It will be borne cheerfully by every industry, every dealer, and every individual it falls upon. Upon certain industries it falls heavily—and especially on the workers who derive their living from them. Yet the American civilian is in this war with the soldier. American business great and small, American capital from Wall [illegible] to the remotest country bank, is with the Government every step of the way. The U. S. means Us. [illegible] all of us, are in the fight with everything we have, [illegible] of everything we [illegible]

This company regards it a privilege to com[illegible]

[illegible] end of conservation we pledge our [illegible] efforts in every direction that opportunity may [illegible], in manufacture as well as beyond the scope of our immediate interests; and in this effort generally we bespeak the co-operation of dealers and consumers everywhere.

Again Sugar enlists for Victory

WORLD WAR I
1917

The United States Government restricted the use of sugar in World War I. The response of The Coca-Cola Company was expressed in the newspaper advertisement reproduced at the left.

WORLD WAR II
1942

History repeats itself in World War II. Sugar has been called to war again. Our government has restricted the use of sugar for all. Naturally, that includes Coca-Cola.

You'll continue to find Coca-Cola around the corner from anywhere, though we regret that you won't be able to enjoy *the pause that refreshes* as often as you might like. Our volume has been reduced. But this we pledge: the character of Coca-Cola will be unimpaired. The American people can continue to trust its quality.

As in 1917, we count upon the patience of dealers everywhere. Conserving sugar is another step toward Victory. Whatever any of us may have, or may not have, Victory we must have above all else!

Farmers Club Meets

The North Star Farmers Club held its monthly meeting at the hall last Thursday evening. In addition to the usual routine business it was decided that 15c should be charged for the lunch in the future instead of 10c.

An excellent program which had been prepared by Elmer Sloan, Mrs. Emil Boyum and Mrs. Ben A. Andersen was presented. The first number was two songs by a girls sextette from the Goodridge high school. This was followed by a short play entitled, "Cora's Callers". The characters were Mr. and Mrs. John Bratsberg, Adeline and Gordon Sevre[illegible], Alpha Morken and Lawrence Neuschwander.

Ardelle Gronlund and Marion Kast of Goodridge then sang two songs. The next number was another play, "A Cook Makes a Good Husband", enacted by four pupils of the Sandridge school and directed by their teacher, Edith Churon. Two songs were then sung by a group of girls from Moose River including Jean and Delah Lee, Angela Anderson and Shirley Bush. A. Bandix Iverson then presented a group of his pupils in the pantomime, "The Lighthouse Keeper". The concluding number was a song by Clifford Rolle, who played his own guitar accompaniment.

Following the program lunch was served by Mrs. George Hanson, Vernon Gilthvedt and Reuben Tangen[illegible] after which a period of dancing was enjoyed.

Mmes. Paul Sourdif, Palmer Holte, and Bernie Mrek were named on the program committee for March and lunch will be served by Mrs. Oscar Knutson and Mrs. Henry Holte.

DRIVER JUMPS TO SAFETY AS CAR GOES THROUGH ICE

Red Wing. Harold Hostetler of Lake City is minus his Plymouth car but very much alive to tell the story of how it went through the ice on Lake Pepin one morning recently. Mr. Hostetler was on his way to the Wisconsin side of the lake to do some fishing and after traveling about 100 feet noticed a weak spot in the ice. Aware of the weakened ice on the lake he had left the car door open and jumped out before the machine went through the ice and into 75 feet of water.

Daylight saving time serves to get the students up a little earlier in the morning. So far there have been no bad effects.

A party was held after the Middle River game in honor of Clifford Johnson who became ineligible to play on the basketball team after reaching his twentieth birthday. Cliff's absence in the line-up is going to hurt.

The first Defense Stamp Day was a big success. The sales on the first Wednesday totalled $26. If we can do as well every Wednesday we shall have a fine record.

Recently, the March of Dimes drew $14.30 from the Goodridge school. This was a splendid response.

The Community Club voted $10 to help finance the purchase of a new mimeograph machine for the school. We hope to have the machine in operation for the next issue of the Mascot.

RED CROSS BALL GAME PLAYED IN JANUARY

Bertha—Several local men attended a baseball game played at Park Rapids Sunday, between teams made up of Park Rapids and Detroit Lakes. A large crowd attended the game and the proceeds were donated to the Red Cross. The 1942 summery weather in Minnesota permits such outdoor sports as baseball, tennis and golf, and marbles are even enjoyed on the sidewalks by some of the younger set.

KERNEL OF CORN LODGES IN BABY'S WINDPIPE

Alexandria. — Robert, one year old baby of Mr. and Mrs. Ernest Jenick of Osakis, swallowed a kernel of corn which lodged in his windpipe. He was taken to a hospital in St. Cloud to have it removed. The baby had been crawling about the floor while his brothers were shelling corn and picked up a kernel and swallowed it.

CHILD FALLS OUT OF MOVING CAR

New Richland.—As Mr. and Mrs. Ray Kreurer started home from Waseca Sunday and were opposite the airport, three-year-old Bobby suddenly disappeared from the car. He had in some way opened a door of the car and rolled out, landing in the road on his head. While he made a one-point landing it was a soft one and saved the little fellow from serious injury. Aside from soiled clothes and a badly frightened family there was nothing serious about the catastrophe and Bobby isn't likely to open a door again when in a moving car.

The Ed Vigen family did justice to Smiley when they walked off with several honors at the Winter Shows in Crookston last week. Monday Oscar Vigen was the winner of the blue ribbon with his team of cattle judges, comprised of Lloyd Johnson of Rockbury, Melvin Saugen of Steiner and himself. These two comprised the Farmer's Club of Pennington and Oscar was high scorer of the three individuals. Bert Vigen came out with the blue ribbon in 4-H cattle judging. Bert belongs to the Rockbury 4-H club. Thursday was a very proud day for Mr. and Mrs. Ed Vigen when they were given awards among thirty-two couples in the [illegible] accomplishments upon the farm and of service to the community. The Vigen's represented Pennington County. Congratulations, folks!

REGISTRATION IS COMPLETED HERE MONDAY

Total of 723 County Men Is Listed for Selective Service

553 ARE REGISTERED IN THIEF RIVER FALLS

Many Veterans of Last World War are Included in Total

In the third selective service registration conducted last week-end a total of 723 men of ages 20 to 4[illegible] in Pennington county were enrolled at six points in the county, 55[illegible] of the total number being registered at the Auditorium in Thief River Falls by a group of volunteer workers under the supervision of L. W. Rulien, chief registrar.

It was announced in Washington that a lottery to determine the order of liability of these men for a call to service will be held in mid-March. Questionnaires will then be sent them as a preliminary to classification as available for immediate service or deferment. Since the outbreak of the war the questionnaire has been revised to secure more comprehensive information on vocational skills of the registrants.

Previous to this week's registration, a total of 1,758 Pennington county men had been registered for service, of which number 17[illegible] to date have left to meet county draft quotas or to volunteer for duty in the various armed services.

In the registration completed Monday, there were numerous cases of fathers and sons registering, as well as a considerable number of veterans of World War I. Included in the latter group were Elmer Larson, W. L. Carlisle, Kern Olson, H. M. Olson, F. C. Meyer, Earl Effinger, Jack Dempster, Ray Kiland, Jack Narverud, O. H. Morben, W. G. Claffy, Roy Barzen, Dr. O. G. Lynde, Pat Culkins, Sophus Olson, Roy Brown, Fritz Hanson, all of this community, and Rudolph Kuznak of Goodridge.

Creamery Members Hold Annual Meeting

Members of the Thief River Falls Creamery assembled at the Sons of Norway Hall Monday afternoon in their annual meeting and heard the reports on the most successful year in their organization's history. With its volume up to a million and a quarter pounds of butterfat, the creamery is now one of the largest in the Northwest.

Business at the meeting included the election of two directors and in the top picture the votes are being counted by Gunsten Skomedal, Fred Kraemer and Bjorgan Newton. Re-elected for the fourth consecutive three year terms are Henry Kaushagen and Hans Anton, center picture. And below, proving that creamery meetings are not stag parties, are three of the women who attended and who were especially interested in the proceedings, left to right, Mrs. John Funnesdahl, Mrs. Sophie Howick and Miss Mary Funnesdahl.

TRF CREAMERY REPORTS HUGE VOLUME IN 1941

Report Reveals that Total of 1,219,979 lb. Butter Was Produced

ANNUAL MEETING IS CONDUCTED MONDAY

Deferment of Agricultural Workers Discussed by Paul Lundgren

Reports on the largest volume of business in the history of the Thief River Falls cooperative creamery were submitted by G. S. Bergland, manager, at the annual meeting Monday afternoon in the Sons of Norway hall.

It was revealed that in 1941 the institution produced 1,219,979 pounds of butter compared to the previous high mark of 1,080,400 pounds in 1940. Reflecting higher prices prevailing on butterfat during the past year, the total income from dairy products mounted in 1941 to $421,845.06, while a total of $385,445.44 was paid for butterfat.

The average net price paid for all butterfat was reported at 37.95 cents, while the total expense per pound of butter produced was 2.047 cents.

In the annual election of directors, Hans Anton and Henry Kaushagen were named to succeed themselves, other nominees being Alfred Longren and Sam Sorenson. The board will hold its organization meeting next Monday.

Paul A. Lundgren was present at the meeting at the request of the creamery board to discuss the possibility of securing deferments for agricultural workers under selective service. He explained that the local draft board is merely carrying out government orders, and that the U. S. attorney general has ruled that no class of workers can be given blanket exemptions.

At Mr. Lundgren's suggestion President John Funnesdahl of the creamery association was instructed to appoint a committee of three members to talk the problem over with the local draft board, and then to draw up whatever resolutions they see fit. Named on the committee were Fred Kraemer, Ole Skaar and Ed. Vigen.

Dallas Kast of Crookston, district coordinator of selective service boards, spoke briefly, commending the record of the local board. He also stated that to date only 171 registrants out of a total of more than 1,800 have been taken from Pennington county.

Mr. Lundgren, who is county chairman in charge of defense bond sales, also presented to the creamery patrons a plan for payroll deductions for the purchase of defense bonds. A considerable number of those present indicated their willingness to come under the plan, but a final decision was left in the hands of the creamery board.

The meeting acted favorably on a motion for resolution requesting that farmers' trucks be placed on the same basis as trucks hauling beer and other commodities in respect to allocations of tires.

J. B. McNulty of the University of Minnesota extension service discussed the diversion of dairy products in connection with government lend-lease activities. He pointed out that the project has had a steadying influence on butter prices, and has substantially raised prices of other dairy products.

Internal Revenue Man to Aid Taxpayers Here February 23, 24 and 25

For the convenience of those who are required by law to file federal income tax returns, a deputy collector of internal revenue will be stationed in the council chamber in the Thief River Falls Auditorium next Monday, Tuesday and Wednesday, February 23, 24 and 25, to aid taxpayers in preparing their returns, it was announced today. Required to file returns are single persons whose gross income is $750 or more, and married persons whose gross income is $1,500 or over.

THOMAS J. ROWAN, TRAIN DISPATCHER ON SOO LINE DIES

Funeral Rites Held Tuesday for Prominent World War Veteran

Thomas J. Rowan, prominent employe of the Soo Line in Thief River Falls the past 31 years and president of the International War Veterans alliance, passed away in a local hospital Saturday evening at the age of 58.

A past commander of Elmer J. Eklund post of the American Legion, funeral rites Tuesday morning at St. Bernard church were participated in by Legionnaires and members of the local 40 & 8 voiture. Rev. Cloutier officiated at the services, following which the body was taken to Mendota for final rites and interment with military honors under the direction of the Minnesota department of the American Legion.

Born in Hazelwood, Minnesota, January 27, 1884, Mr. Rowan later lived at Mendota, Faribault and Minneapolis, coming to Thief River Falls in 1911. During his residence here he followed the career of train dispatcher on the Soo Line, having been in the employ of the company 23 years, preceded by six years service with the Milwaukee road.

His duties with the Soo Line were interrupted during the World War by his enlistment in October 1917, with the Russian Railway Service Corps, serving with that organization until his release in May, 1919.

In addition to being president of the IWVA at the time of his death Mr. Rowan was general chairman of the American Train Dispatchers association, past commander of Elmer J. Eklund post of American Legion, charter member of the local Elks lodge and member of the local 40 & 8 voiture.

He was married in this city December 16, 1934, to Miss [illegible] Tonson, who survives him together with a son by a former marriage, Thomas J. Rowan Jr. of Minneapolis. Also surviving are two sisters, Mrs. Mary Bernie of Minneapolis and Mrs. Marg[illegible] Hyland of Minneapolis.

Local Skaters Invited to Meeting This Evening

The local skating club will meet in the arena this evening at 7:30 to discuss plans for increasing the membership of the organization and the committee in charge today extended an invitation to all interested skaters in the community to attend. It also was announced that Ernest Clark, member of the Winnipeg Winter club, will be in Thief River Falls each week-end for the remainder of the season to give instruction in various types of skating.

City Claims Youngest Legionnaire in State

Only 40 years old, W. M. "Doc" Mann of this city, who volunteered in the Marine Corps during the first World War at the age of 15 and who registered Saturday for selective service in the present war, has the distinction of being the youngest American Legion member in the state of Minnesota.

Mr. Mann's claim to fame was unearthed by Dr. A. R. Hulbert, adjutant of the local Legion post, in a survey of the membership roster, following publication in a Minneapolis paper of a story in which it was stated that Gerald P. Weeks, age 41, Minneapolis resident, was the youngest Legionnaire in Minnesota.

Mr. Mann, born August 19, 1901, enlisted in the Marine Corps in Devils Lake, N. D., July 31, 1917. He served until 1919, and then re-enlisted for two years more, serving with the Marines in Guam and at the Cavite base near Manila in the Phillippine Islands. During the first World War he was stationed at Parris Island, South Carolina.

A still younger local World War veteran, altho not a Legionnaire, is Jack Dempster, who enlisted in Chicago in 1918, a few weeks before the Armistice, and served until July, 1919, with the first Infantry, Sixth Division. Born November 5, 1902, he was 15 years old at the time he enlisted.

SEVERAL ESCAPE SERIOUS HURTS IN WRECK ON T. H. 59

Three Cars are Involved in Collision Near City Early Sunday

Several persons escaped serious injury in a three-car collision on Highway 59 six miles southeast of this city Sunday morning at 1:30, the automobiles being badly wrecked by the impact.

A car driven by Morris Brenna, employed on a Smiley farm, ran into the rear of another driven by Erick Kratz of Hazel. Before the two vehicles could be removed from the highway, a third automobile driven by R. Welch rammed into the other two.

Sheriff Arthur Rambeck, who was summoned to the scene, reports having been told conflicting stories as to the cause of the first collision. Mr. Kratz, he said, informed him that he was proceeding slowly at the time owing to foggy conditions, while Brenna contended that the Kratz car was parked on the highway.

SCHOOLMEN HEAR MINNEAPOLIS MAN MONDAY EVENING

56 Members of Agassiz Club Present at Meeting in Palm Garden

A total of 56 schoolmen from throut this section of the state attended a meeting of the Agassiz Schoolmasters club Monday evening in the Palm Garden Cafe. L. L. Landberg, principal of the junior high school in Crookston and president of the club, was in charge of the meeting.

The principal address was delivered by Dr. Fred Von Borgersrode of Minneapolis, research director of the Minnesota Education association, who discussed the effect of the war on education. The Lincoln high school boys' octet supplied a group of vocal selections.

Basketball coaches of the district met in connection with the session and selected Herschel Lysaker of Warren to represent this district at the coaches' meeting to be held in the Twin Cities at the time of the state basketball tournament in March.

The next meeting of the schoolmasters club will be held in Red Lake Falls April 16, it was decided.

Rotary Club Sees Movies, Hears Talk on Lincoln

The Rotary club at its luncheon Tuesday noon in the Evelyn hotel enjoyed the presentation by Dr. Warren Hanson and Dr. A. E. Jacobson of a talking motion picture, "About Faces", sponsored by the U. S. Public Health service and the American Dental association. Another feature of the program was a discussion by E. M. Bennes of the life of Abraham Lincoln.

Lions Discuss Impact of War on Local Business

In an interesting round-table discussion in which representatives of a half-dozen lines of business participated at the luncheon meeting of the Lions club Wednesday noon in the Palm Garden cafe, the fact was clearly brought out that the nation's war effort has already had a notably hampering effect on many business activities prevailing in normal times.

PLANT AT RIVER VALLEY GAINS IN VOLUME IN 1941

East County Creamery Produces 184,003 Pounds of Butter

Reports revealing a substantial gain of 26,616 pounds of butter manufactured in 1941 as compared to the previous year were submitted February 10 at the annual meeting of shareholders of the River Valley Co-operative Creamery association in Eastern Pennington county.

In the annual election of directors, Ole Nesland and Martin Geving were named to succeed themselves for three-year terms.

The plant in 1941 manufactured a total of 184,003 pounds of butter, and average net prices paid for sweet cream and second grade butterfat were 37.12 and 37.33 cents. The aggregate production expense per pound of butter was reported at 2.708 cents compared to 2.54 cents in 1940.

On December 31, 1941, the plant had a total net worth of $9,545.41, the report revealed.

C. D. Gustafson Again Chairman of the Board of Mercy Hospital Assn.

The annual meeting of the members of the Mercy Hospital association was held on Feb. 10. The annual report showed that the hospital had completed a busy year, and one of the best, from a financial standpoint, in the history of the institution.

A total of 246 babies were born at Mercy Hospital during the year. M. P. Erickson and Alfred Bredeson were elected trustees for a term of three years. All officers were elected for another year, including C. D. Gustafson, chairman; Alfred Bredeson, vice chairman and Walter Smith, secretary treasurer.

Mayor Thanks Citizens for Help in Ending the Double Parking Problem

Referring to the campaign to end the nuisance of double parking on downtown streets, Mayor H. W. Kingdorn said yesterday, "I wish to thank the residents of the Thief River Falls community for their cooperation in halting the practice of double parking. I can see a marked improvement, and I believe that if we continue on this program the streets of our city will be much safer to drive on, and many serious accidents may be avoided. Let's make Thief River Falls the safest town in the state".

FEBRUARY 28 IS DEADLINE TO GET CROP INSURANCE

Carl Anderson, AAA Chairman, Reminds Wheat Growers

Pennington county farmers who have not made application for crop insurance on their 1942 spring wheat crop should do so at once, according to Carl R. Anderson, chairman of the local AAA committee.

"Wheat growers should take full advantage of the opportunity to insure themselves of an income from wheat next fall," Mr. Anderson said, in pointing out the closing date for accepting crop insurance applications on spring wheat is February 28.

Under the federal crop insurance program, farmers can insure production up to 75 percent of the normal yield for the farm. This insures farmers of money to pay for seed and labor, plus some income for other farm expenses, in case the crop is destroyed. Crop insurance protects farmers from all natural hazards.

Fire Department Called out During Past Week

Slight damage was caused at the Peterson Grain and Seed company on Davis av. N. Monday when a blaze developed around heating pipes leading from the furnace. Marcella Ruane-William Sexton at Home in Duluth After Marriage Here

Miss Charlotte Marcella Ruane, daughter of Mr. and Mrs. J. W. Ruane of this city, became the bride of William Joseph Sexton, son of Mr. and Mrs. W. Sexton of Bemidji, at a ceremony which took place at the Catholic parsonage in this city at 8:00 a. m. on Monday, Feb. 16 with Rev. A. I. Merth officiating. Attending the couple were Miss Joyce Ruby Olson and Orville Eide, both of the city.

A sheer wool afternoon dress of daffodil yellow was worn by the bride. Her accessories were in black and to complete her costume she wore a corsage of orchids. Miss Olson wore a spray blue sheer wool dress with matching accessories and a shoulder corsage of Windsor roses.

Following the ceremony the bridal party and the immediate families of the bride and bridegroom enjoyed a wedding breakfast in the Terrace Room of the Rex Cafe given by Mr. and Mrs. Ruane. The couple then left for Bemidji, and after a few days' visit at the Sexton home they will go to Duluth to make their home.

The bride was graduated from the local high school with the class of 1938 and has been employed as cashier in the [illegible] theatres here for the past two years. Her husband is a graduate of Bemidji High School, class of 1935, and was formerly assistant manager of the theatre here. He is now employed in the shipyards in Duluth.

Those from Bemidji here for the wedding were William Sexton Sr. and daughter Bonnie, and Mr. and Mrs. William Ebert.

Evelyn Johnson Weds Laverne Rambeck at Home Ceremony Sunday

Miss Evelyn Johnson, daughter of Mr. and Mrs. C. A. Johnson of Thief River Falls, and LaVerne J. Rambeck, son of Arthur Rambeck, also of this city, were married by Rev. E. L. Tungseth at 5:30 p. m. on Sunday, Feb. 15. The single ring ceremony took place at the home of the bride's parents at 616 North Arnold Ave. Bouquets of yellow jonquils stood on either side of the improvised altar.

Before the vows were exchanged "O Promise Me" was sung by Rodney Jensen, following which Mildred Johnson, young sister of the bride, sang "Bless This House". Miss Viola Dunham of this city, a former classmate of the bride, then played the wedding march from Lohengrin.

The bride, who was given in marriage by her father, wore a floor-length gown of white transparent velvet fashioned along princess lines. A tiara of pearls held in place her full-length tulle veil and she carried a bouquet fashioned of white carnations, pink roses, and tea roses.

A gown of yellow marquisette with insets of lace was worn by Miss Geneva Silver of Crookston, who was bridesmaid. Her bouquet was of white carnations and sweet peas. Raymond Rambeck, brother of the bridegroom, was best man. The bride's and bridegroom's mothers wore costumes of soldier blue and natural tan respectively. Both had shoulder corsages of gardenias.

Following the ceremony, Mr. and Mrs. Johnson were hosts to approximately thirty guests at a reception given in the Terrace Room of the Rex Cafe. A three-tiered wedding cake with miniature bride and groom graced the table. After a short wedding trip the couple are now at home at 404 Kendall Ave. S.

The bride is a graduate of the Climax High School and received her R. N. degree at Eitel Hospital School of Nursing in Minneapolis. She was employed at the Bagley Hospital in Clearwater before coming here to the St. Lukes a year ago. Her husband was graduated from the Lincoln High School after which he attended the University of North Dakota in Grand Forks. He is employed as a salesman for the Gamble Stores.

Kitty's Komments

When I see the pearly shades of fawn, it doesn't seem as if I can extol its beauty in description any more. My thoughts dwell instead where other dawns are breaking, casting dim light on tired figures on guard—red rimmed eyes, smoke grimed faces, yet steadfast, doing their duty against all odds.

The brilliance of the sun gives to me the picture of Malayan jungles with the atmosphere of defeat shrouding the whole peninsula. It casts a light on Corregidor where brave men watch.

The ruby red of a sunset reminds me of the bloody battlefields where men die because of the diabolic lust for power of a few who have made pawns of so many lives.

Yet there will be other dawns breaking, casting the same silvery sheen; the sun will still have the same brilliance; there will be sunsets shedding a ruby glow over the Pacific when the destinies of these cruel, fanatical dictators have run their course and sunk beneath the horizon.

Democracy will live in all its glory. Its spark was very weak and tiny when brave men left bloody foot prints in the snow at Valley Forge; when many a soldier knew no other foot covering than rags wrapped around their feet to protect them from the stinging cold. Yet that burning spark for freedom made them forget all bodily suffering, and the spark lived; it burned to become a pure white flame that lives deep in the heart of every American.

Growing With Your Child
Institute of Child Welfare, University of Minnesota

Builder-Upper-Parents

If you look back to your own adolescence, you'll probably recall that you were a good deal concerned about your appearance. You studied your face in the glass, wondering if your nose wasn't too prominent, wishing that you had black hair instead of golden, or vice versa. Boys and girls who are just becoming aware of themselves are sometimes full of doubt as to whether or not they will "do"; that is, whether their appearance is acceptable enough so that other people will like them and want them around. This interest in oneself is a very natural accompaniment to growing up, for adolescence is the time during which a person should establish himself, as a well-adjusted member of society.

For some reason or other, probably because they fear they'll make their children conceited, parents often hold back from making boys and girls comfortable about their looks. "Stand up straight, Mary! Don't slouch that way. It makes you look terrible," is a common sort of approach, when a matter of fact statement about how Mary's excellent figure shows up to better advantage when she stands tall would be a much more encouraging remark.

We have all seen little children who were unbearable because people had commented so many times on their beautiful curls, or their big blue eyes. Young children need no comments on their looks, but lots of love and demonstrations of affection. It's just the otherway 'round in the teens. Older children, who would be embarrassed by displays of love from us, crave reassurance that they can take their place among other adolescents without fear. During the teen age is a good time to bolster up a youngster's feelings of self-confidence by mentioning once in a while one of his good features. Because he is especially sensitive about the impression he is making on the opposite sex, a boy often needs some comment on his ready smile, his "clean" look, or his well-shaped head. A girl who has thin, straight hair that causes her no end of worry will appreciate having her mother point out that hair can always be changed by a permanent. "How lucky it's your hair and not your features, that needs a little fixing!"

Don't be afraid of "spoiling" older children by mentioning the things about them that you can praise. There are so many things to make them insecure and fearful, we parents can well afford to build them up by pointing out the things in their looks that make them come well up to standard.

GRADUATION RITES FOR BIBLE SCHOOL NEXT SUNDAY, 2:30

Valley School Will Conduct Exercises at First Baptist Church

The Red River Valley Bible school will conduct graduating exercises at the First Baptist Church Sunday afternoon at 2:30 p. m. Despite the unfavorable war conditions a very successful term of school was conducted, 57 students being registered.

Teachers at the school were: Rev. C. Wessman, Karlstad; Rev. L. Turnquist, Lancaster; Rev. V. Erickson, Roseau; Rev. K. Edlund, Drayton; Rev. Edw. Clay, Sprague, Man.; Rev. R. Hanson, Leeston; Rev. Edw. Rabine, Clearbrook; Rev. P. Bergfalk, Cook; Rev. Alb. Bergfalk, Isle; and Rev. G. J. Hanson of Crookston.

Other special speakers were: Rev. E. Eckstad, Mrs. Solvend Knutson, Evangelist E. Lien, The Dalzell evangelistic group, Rev. O. E. McCracken, Rev. P. A. Johnson, President H. C. Wingblade of Bethel Seminary St. Paul, and the local pastor, Rev. V. L. Peterson of the First Baptist church.

Two of the students have dedicated their lives to missionary endeavor while at the school. A request has come from many of the students and teachers that the school might continue and the board will meet this week to consider the request.

The response from the public for the support of the school was very generous, it was reported by the treasurer, A. O. Erickson of this city.

JINX DOES NOT BOTHER PETE

Mountain Lake—Pete Brugman, who raises a lot of purebred stock on his farm near Bingham Lake, is not afraid of any jinxes at all. He and his sons staged a sale of their purebred stock on Friday, February 13. And it is the 13th such sale that they have held from their place. The date may be a jinx for some people but not for the Brugmans.

CITY COUNCIL PROCEEDINGS

The City Council of the City of Thief River Falls, Minnesota, met in regular session in the Council Chambers in the Auditorium and Municipal Building on February 10, 1942. The meeting was called to order at eight o'clock P. M. with all members present.

Minutes of the meeting of January [illegible] were read and on motion the same were declared approved as read.

Monthly report of the City Clerk, Municipal Judge, Weighmaster, Dairy Inspector, Park Board and Manager of Sports Arena were presented and ordered filed.

Mayor Kinghorn presented the following appointments: Lawrence Bjorkman as a member of the Park Board succeeding himself, for the term expiring in January 1945 and Alfred Dickson as a member of Greenwood Cemetery Commission, succeeding himself, for the term expiring in January 1945. Motion was made by Alderman Baker that said appointments be confirmed which motion was seconded by Alderman Severson and adopted by unanimous vote of the Council.

A petition was presented and read, signed by Henry S. VanPelt, Paul A. Harris and others, protesting against the piling and storing of scrap iron on certain lots in Block 2 of Oakland Addition by Charles Ellertson and the cleaning for him on such premises of articles which it is alleged, cause disagreeable and offensive odors and requesting that the Council take steps to cause such material to be removed and the nuisance of offensive odors to be corrected. Alderman Stenberg introduced a motion that the matter be referred to the City Attorney and that he be authorized and instructed to take such steps as are necessary to comply with the petitioners request. The motion was seconded by Alderman Petersen and adopted.

A request was presented by Val J. Suda for permission to use the streets of the City for the purpose of moving thereon a certain frame building from Lot 12, Soo Line Right-of-way to Lots 33-39, Block 24, Red Lake Rapids. Application was presented by Val J. Suda for erection of addition to such building, Lots 33-39, Block 24, Red Lake Rapids, cost $1,000.00, as was also an application by T. G. Kinsela for remodeling and repair of residence on Lots 19-20, Block 21, O.T.P. at a cost of $300.00. Alderman Holbert introduced a motion that such moving permit and building permits be granted, subject to approval of the City Engineer and that Mr. Suda be required to file an indemnity bond in the amount of $500.00 in connection with the moving of his building. The motion was seconded by Alderman Baker and adopted.

Application was presented for the transfer of license to sell 3.2% beer at 118 Main Avenue North from Orvis H. Olson to C. P. McCracken. Motion was made by Alderman Baker that such transfer be approved and granted. The motion was seconded by Alderman Severson and adopted by the following vote: Aye, Gelchstein, Petersen, Baker, Severson, Holbert, Stenberg.

Applications were presented by the following for licenses covering the sale of cigarettes and wrappers: Cal-Tyr Co., Thief River Pharmacy, George Peter & Son, Catholic Grocery, Phil Brend, H. J. Olson, Gunder Grocery, First Street Grocery, William Gilbertson, Hillard & Moslin, National Tea Company, Jay-Bee Drug, J. & B. Drug, John Ward, Golden Rule, H. J. Dryden, Henry Stelton, Red Dot, Riverside Grocery, H. P. & E. Fles, Independent Grocery, Knute Swanson, Evelyn Hotel, Rex Cafe, Public Service, Oen Mercantile Company, Alfred Dickson, Ralph Shetler, H. D. Newell, Palm Garden Cafe, C. P. McCracken, Piedmont France, and Park Hotel. Motion was made by Alderman Stenberg that issuance of such licenses be authorized and approved. The motion was seconded by Alderman Petersen and adopted by unanimous vote.

Public Contractors bonds were presented by Neenah Foundry Company, Neenah, Wis., in the amount of [illegible] with American Surety Company, New York, as surety and by Elk River Products Company, Elk River, Minnesota, in the amount of [illegible] with Seaboard Surety Company, New York as surety, both given in connection with furnishing of materials for construction of Storm Sewer in District No. 2. Alderman Baker introduced a motion that such bonds, having been approved as to form, [illegible] be accepted and filed. The motion was seconded by Alderman Stenberg and adopted.

A motion was introduced by Alderman Baker that the proper officers of the City be authorized and directed to execute a lease with John [illegible] for rental from March 15, 1942, to March 15, 1943 of a certain plot of land in Rocksbury Township at a consideration of [illegible]. The motion was seconded by Alderman Petersen and adopted.

[illegible]

[illegible] and fixing amount of bond at [illegible] and moved its adoption. The motion was seconded by Alderman Petersen and adopted by roll call vote. Identical bids were presented by Union State Bank and Northern State Bank for designation as depositories of public funds. Alderman Stenberg introduced a resolution designating such banks as depositories for the ensuing year and moved adoption of such resolution. The motion was seconded by Alderman Baker and adopted by unanimous roll call vote.

Alderman Holbert introduced a resolution approving for payment various current bills against the City and moved its adoption. The motion was seconded by Alderman Severson and adopted by unanimous roll call vote.

On motion duly made and carried the meeting was declared adjourned.

EMIL GHERSTEIN,
President of the Council

Attest: P. G. Pederson,
City Clerk.

RESOLUTION

At a regular meeting of the City Council held February 10, 1942, Alderman Severson, seconded by Alderman Holbert introduced the following resolution and moved its adoption.

BE IT RESOLVED, By the City Council of the City of Thief River Falls, Minnesota, that there be and hereby is appropriated for the use of the W.P.A. Recreation Board during the year 1942, the sum of Four Hundred and Fifty ($450.00) dollars for the purpose of providing materials and other essentials needed by said Board in its work. Such money to be paid on bills presented to and allowed by the City Council as required and as approved by the Officers of said Recreation Board.

GOVERNOR URGES ADDING TO LOCAL DEFENSE SETUPS

Problem of Civilian Defense Discussed at Meeting in St. Paul

Taking steps to coordinate and unite all agencies more effectively in efforts for civilian defense, Governor Harold E. Stassen recommended this week that all county councils of defense include in their membership all mayors, police chiefs and fire chiefs in the cities and villages under their jurisdiction and the sheriff.

"The only municipalities not affected by the new proposal are those with a population of more than 10,000. Cities with more than 10,000 population have their own municipal council of defense, set up on another basis, and civilian activities there are carried on by the municipal defense council rather than the county groups. Mayors, police chiefs and fire chiefs of all the other municipalities will be added to the county defense councils under the new plan, however, and will help to shape the course of activities deemed vital for defense."

Governor Stassen's request for broadening representation on the county defense council followed a state wide conference of municipal and county officials and civilian defense workers, assembled in St. Paul on call of the Governor this past week. Presiding at the conference, Governor Stassen explained objectives of the various defense groups being set up and asked for suggestions to improve their functioning. More than 1,200 persons, officials and volunteer workers from all over the state attended the conference. One of the needs existing, it was suggested, is provision of some method placing municipal officials in closer touch with civilian defense activity.

"The new plan we are recommending will bring about the closer coordination of civilian defense efforts desired," Governor Stassen said. "I hope all counties will arrange to put it into effect at once. Our Minnesota people are eager to [illegible] and we want an organization that will give all an opportunity to help in a coordinated effort."

Gardening for Victory Program Is Sponsored by Extension Service

The garden seed catalog occupies an important place on the living room table in many rural homes this winter. Raising the family food supply of vegetables at home will be popular this year among rural people as 50,000 4-H boys and girls in Minnesota get behind the movement for family gardens.

E. M. Hunt, extension horticulturist at University Farm, author of new Extension Pamphlet 91, "Gardening for Victory", points out that farm gardens if planned properly will assure the farm family of a year round food supply.

Every member of a well fed farm family consumes $25 to $30 worth of vegetables and fruits every year, says Hunt. By raising the food supply at home considerable savings can be made. With proper attention, a one-half to three fourths acre garden will supply the needs of a farm family of six the year round. This means a spring, summer, and fall garden that provides not only fresh vegetables but also, extra vegetables stored and canned for winter use.

Home grown vegetables are rich in vitamins and nutrients. They add variety to the diet and promote body health.

By keeping the family strong and self sufficient with plenty of home-grown food, Minnesota farmers will be helping to defend America, says Hunt. Raising the food supply needed on the farm will release food for the armed forces as well as for those at work building guns, tanks, and planes. Railroad and trucking facilities will be freed for shipping vital war materials.

MINNESOTA F.-L. CONFERENCE HELD IN MINNEAPOLIS

Members Take Stand on Variety of Issues in Course of Session

The Minnesota Farmer-Labor association made clear its stand favoring vigorous prosecution of the war and hopes for just and lasting peace Sunday when nearly 400 members met with other liberals in a people's conference at Dyckman hotel in Minneapolis.

The meeting lifted the anti-intervention stand taken at last winter's state convention and laid groundwork for a platform that will probably carry considerable weight in the next convention.

Briefly, the conference:

Urged repeal of the state's old age pension lien law.

Demanded congressional adoption of the Townsend old age pension act, or its equivalent.

Declared for parity "of income and credit" for farmers rather than mere price parity.

Urged cooperation with the federal civilian defense program.

Demanded full voting rights and increased pay for men in military service, and their right to vote on removal of incompetent and unjust officers.

Approved "decent and genuine" cooperatives, and urged schools institute courses of instruction in that field.

Called for "joint action" between CIO, AFL and railroad brotherhoods on labor problems.

Urged reduction of working hours and abolition of overtime in defense industries until all unemployed have found work.

Okayed the proposal of CIO president Philip Murray that labor be given a voice in the war program.

Favored laws limiting income and profits, and declared against any sales or wage tax.

The conference called for a special session of the state legislature to pass enabling legislation for state participation in the federal housing program, a proposal rejected by the legislature in its last session.

U. S. JOB SERVICE AIDS MANY TO FIND WORK IN 6 MONTHS

Three Times as Many Aided as in Same Period a Year Ago

The U. S. Employment Service, through its Thief River Falls office, assisted 1,086 persons to find jobs in the last six months, C. H. Sjolander, manager, reported this week to Leonard B. Ryan, director for Minnesota.

This is nearly three times the figure for the corresponding six months of 1940-1941, when 355 persons were placed in employment through the Thief River Falls office and its part-time branches at Hallock, Red Lake Falls, Roseau and Warren. These offices assisted 27 persons to find jobs last month and 19 in December, compared to 21 in January, 1941.

In the state as a whole the Employment Service placed 5,223 persons in jobs during January. This is an increase of 32 per cent over the 1,019 placements recorded in January, 1941. Last month's figure is only three per cent lower than the figure for last December, in spite of the seasonal tendency which usually brings about a sharp decrease in job openings at this time of the year.

In the last six months the service placed 45,775 workers in jobs, compared to 3,060 in the corresponding six months a year earlier, an increase of 25 per cent.

Mrs. Sina Larson Dies Wednesday, Rites Monday

Mrs. Sina Larson passed away on Wednesday, Feb. 18 at the home of her daughter, Mrs. Mons Engelstad in Rocksbury township. Rev. J. O. Jacobson will officiate at funeral services which will be held at 2 o'clock on Monday, Feb. 23 from the chapel of the Larson Funeral Home. Burial will take place in the Greenwood cemetery.

Mrs. Larson was born on Dec. 20, 1865 in Norway and came to this country at an early age with her parents. Her husband, two sons, two daughters, two brothers, and two sisters are dead. Surviving are four sons, Earl, Arthur, Fred, and Oscar, two daughters, Mrs. John Bornholdt and Mrs. Mons Engelstad, all of this city, one brother, Peter Engelstad, also of this community, 23 grandchildren, and six great grandchildren.

WPA PROGRAM NOW BEING REDIRECTED SAYS STATE CHIEF

Orders Halt on Construction that Competes with War Program

Re-direction of the WPA program to insure greatest efficiency in contributing to the war effort was announced today by S. L. Stolte, WPA Administrator. The program will be streamlined throughout the state, project operations will be discontinued entirely in many counties, and no new construction work will start which might involve competition with materials needed in war work.

Minnesota communities which have planned the construction of new schools, city halls, and recreation buildings, will be affected by the ruling providing that no new construction projects will be started which compete with materials needed to carry on war. In cases where materials are on hand and the projects are now under way, work will go forward in order to bring them to an orderly conclusion.

Work will be continued on all projects certified as important to the war effort by the Army and Navy and civil and military defense authorities of the state. Work also will continue on construction of airports, roads, streets, curbing and sidewalks, stone masonry, sewer work, recreation fields, and on any projects important to the sanitation and health of communities. Projects sponsored by the Army, Navy, state military and civilian defense organizations, vocational training classes, airports, access roads, public service facilities in defense areas, health, nutrition programs, and national citizenship education, will receive first priority for assignment of available workers. This will mean the curtailment of many of the former types of WPA activities.

"We are further concerned with the possible shortage of farm help this coming growing and harvesting season," Mr. Stolte said. "Our field organization has been instructed to close out all county programs in certain agricultural areas with the possible exception of school lunch, canning, and national citizenship education programs.

"Any worker who, in the opinion of a competent classifier, is able to handle a job on the farm or in industry, must accept that job if conditions of work are reasonable, or he will be terminated from WPA employment," Mr. Stolte pointed out. "Also, if it is determined that with training such a person could handle the job, particularly in war production, that person must accept a training assignment leading to such employment or he will be terminated."

Amund Wiken Passes Away at Home of His Daughter Here Sunday

Funeral services will be conducted by Rev. E. I. Tungseth at 2 o'clock from the chapel of the Larson Funeral Home on Saturday, Feb. 21 for Amund Wiken, who passed away at the age of 87 years, five months, and two days, on Sunday, Feb. 15 at the home of his daughter, Mrs. Hannah Hanson, 213 N. Atlantic Ave. Burial will be made in the Greenwood cemetery.

Mr. Wiken, who was born on Sept. 13, 1854 in Gudbrandsdalen, Norway, came to America in 1880 to settle in Eau Claire, Wis. He was married there to Karen [illegible], who passed away a year later. In 1887 he married Marit [illegible], who died 30 years ago. He moved to Thief River Falls in 1897 and located on a homestead in Norden township where he made his home until [illegible] when he moved to this city.

His wives, two sons, three daughters, and one sister Julia, preceded him in death. Surviving are three daughters, Mrs. Nels [illegible] of Blackduck, Mrs. [illegible] of St. Hilaire, and Mrs. Hannah Hanson of this city, two sisters, Hannah and Marie Wiken in Norway, [illegible] grandchildren and [illegible] great grandchildren.

University Has Total Enrollment of 12,470

Despite reports of decreasing enrollment, at the nation, following wartime upheaval on the male student population, the University of Minnesota still has 10,771 men and 1,699 women in attendance in full time college classes, making a total of 12,470, William S. Carlson, director of admission said today. This is approximately 12 per cent fewer than were in attendance a year ago at this time. Registrations of every type during the winter quarter amount, however, to 21,935 students. These are made up as follows: Sub-collegiate enrollments in Schools of Agriculture, University High School, Defense Engineering training and the like, make up 1853; evening extension courses, 5,724; correspondence study 1569; short courses, 3,229, making the total of 24,935.

A REMARKABLE LETTER

Most interesting of the things we have read this week is a letter written by Admiral Harry E. Yarnell in January of 1939, recently made public. At the time it was written Admiral Yarnell was Commander in Chief of the U. S. Asiatic Fleet, and the letter was addressed to high ranking Navy officials. In this letter he outlined Japan's position in the Far East and predicted, with amazing accuracy, what the developments would be and what steps should be taken to meet them. The letter is published in this week's issue of the United States News, edited by David Lawrence.

The letter now has value merely as an interesting document that sheds light on past administration policies but in that respect it is highly important. The administration has been accused in some quarters of deliberately leading the nation into war. The Yarnell letter indicates that the administration, in its program of preparedness which even included the drafting of men for military service when we were still at peace, was justified by information that could not at the time be made public.

Now that we are definitely involved in a war that was inevitable, we believe it would be good public policy for the Government to give to the people a comprehensive report covering events leading to the war and revealing the whys and wherefores of the administration's defense program that until now have required secrecy. We believe a Government "White Book" would have a wholesome effect on the nation's morale.

Maybe there is something to that old gag about the first million being the hardest to get. At any rate, after several years of slow climbing for its first million, the local creamery stepped right out and ran its volume up to a million and a quarter this past year—a big gain in any man's language. The figures are in terms of pounds of butterfat, and butterfat, these days, has value. So once again we salute the institution that represents the industry that is the foundation of our economic life in this community. A round of cheers to the creamery.

We hope that some of our tobacco companies will now give our army and navy officials something else to do besides comparing the length of cigarettes

---

Honorable mention this week goes to a good citizen of one of our neighboring communities—we cannot tell you his name — who decided that it wasn't entirely right to have five sacks of sugar in his attic and so traded them back to his grocer. Sugar rationing probably wouldn't have become necessary for some time to come if it had not been for the hoarders. They, like the "Worry Cow" of the old jingle, bring upon themselves many of their own troubles.

The worry cow would have lived till now
If she hadn't lost her breath;
But she feared her hay wouldn't last all day,
And she choked herself to death.

Next Sunday is Washington's birthday. On that day too it will have been eleven weeks since the Japs blasted Pearl Harbor. Now, after eleven weeks of our present war, we are beginning to understand how great a war we are involved in. In the past we have been concerned largely with the thought of how expensive it would be to win this war. Now we are beginning to wonder what the cost will be if we lose. Now we can appreciate more fully the problems that confronted Washington as he struggled bravely on through a series of most discouraging reversals. In the struggle to retain the liberties secured for us in that War of the Revolution we may have to experience more than one Valley Forge. We will need the inspiration of a Washington to enable us to carry on.

Now that the scrap iron we sold to the Japs is being returned to us in a form that is not pleasant to take, it is reasonable to question the wisdom of a national policy that permitted the sale of this and other war materials until shortly before war broke out. But there is a reasonable answer to the question too. The administration was not unaware of the probable bad consequences of selling scrap iron and oil to a threatening nation. But it is also true that the administration was not unaware of the probable bad consequences of not permitting these sales. It was a case of appeasement, justified by the hope of delaying a war we were not prepared for. Our sale of scrap iron enabled the Japs to strengthen themselves to some extent, but it also enabled us to get our own defense program well under way. We were unprepared when the Japs finally did strike. Had they struck a year earlier they would have found us even less prepared.

Next week is the last week in February, which means that March is right around the corner. It's hard to believe that another Spring is actually approaching. If we don't get a little rough weather between now and then we will not appreciate the Summer weather when it does arrive.

Topics of the Times

By M. A. H.

Following the enactment of the daylight saving law, a New York congressman proposes lowering the zero mark on thermometers by 30 degrees so that we will have little or no subzero weather.

We'd have laughed a couple of years ago if we had been told that the day would come when not a single automobile was being made in the nation.

Turning the Singapore semaphore gave the Japs the Go sign.

The movie industry is arranging a series of radio programs intended to improve the morale of the American people, but the best medicine would be a major Allied success in the war effort.

Lent opened yesterday, and with all the rationing programs in effect, it should be a simple matter to control our appetites for the duration.

Simile—As incongruous as a forty-hour week in wartime.

Ours may not be a nine-o'clock town in all respects, but a nine-o'clock curfew for the youngsters might not be a bad idea.

Believe it or not—Cook county, Minnesota, has no railroad service.

The army and navy high commands might well consult some of the local amateur strategists if they want to find out how to win the war.

With personal property taxes due before March 1, the county treasurer's office is holding open house these days.

Teachers may be expected to be sweeter than ever, now that they are to have the sugar rationing job on their hands.

Cheer up! There won't be another Friday the 13th until in March.

Commissioner Hoffman Warns Truck Haulers of Impending Road Breakup

M. J. Hoffmann, state highway commissioner, this week warned farm and commercial truckers, haulers, bus operators and movers of heavy equipment that the spring break-up season will soon be at hand, with its necessary load weight restrictions on several thousand miles of state trunk highways.

"It is important", Commissioner Hoffmann said, "that all who have heavy hauling to do try wherever possible to make shipments before the coming of thawing weather, with its attendant softening of road grades and surfaces."

He pointed out that last year more than 5,800 miles of state trunk roads had to be restricted as to load weights, and during recent years the mileage restricted has averaged more than 3,000 miles each spring. The restrictions, which ordinarily stop less than 5% of the traffic, are necessary to prevent undue road damage, preserve the state's highway investment, keep the roads open for the benefit of the other 95% of the traffic, and make possible the restoration of normal service to all traffic at the earliest possible time.

A bulletin will be issued shortly by the state highway department's road information service, listing those roads which, on a basis of past experience, are likely to require restriction.

Apparatus Ends Fuse Nuisance

Wives who must wait for their husbands to return from their offices to replace blown-out electric fuses are behind the times. No longer is it necessary to risk electrocution or a fall down dark cellar stairs to the fuse box. At a cost of around $5, the "ad" says, a little apparatus can be installed that ends the fuse nuisance in that home forever. When a "short" occurs that would have blown a fuse a little lever snaps out of position instead. To restore service "even a child" is competent to reset the lever.

Looking Backward

1932— TEN YEARS AGO

The worst blizzard of the winter tied up automobile traffic and interfered with railroad schedules.—The Rotary club was host to Crookston and Ada Rotarians, the program including an address by Arnold Gloor, superintendent of the Crookston schools. —A campaign was being conducted by local pastors to raise funds to provide new radio equipment at Oakland Park sanatorium.— Verner Nelson of this city was appointed supervisor of Masonic lodges in District No. 4.—Arthur Hamilton purchased Hanson's News Stand and will operate the business under his own name.—Mr. and Mrs. T. C. Orme left on a trip to Jacksonville, Florida.

1922 TWENTY YEARS AGO

Robert Melion, Lincoln high school student and athlete, died at the age of 16 following an attack of influenza.—Arrangements were made for an increased acreage of sugar beets in this locality during the coming season.—Butterfat receipts at the local creamery were increasing at a rate that appeared to make an enlarged plant imperative.—C. L. Hansen, local banker, filed for the state senate from this district.—The state board of control announced the appointment to the Pennington county child welfare board of Mrs. J. M. Bishop, Mrs. L. G. Larsen and Peter C. Wold of Kratka.—Oscar C. Paulson was named commander of Elmer J. Eklund post of the American Legion.

PUBLIC OPINION

Editor the Times:

Commencing January 1, 1942, hospital service through the Minnesota Hospital Service Association was made a reality in rural Pennington county. Any farm family in Pennington county interested in this group insurance can have same by participating through some of the already organized township units.

If a new member wishes to join any of these groups he will have to have his application in the state office at least thirty days previous to its acceptance. New applicants will be added to the accepted list only at the beginning of each quarter. The second quarter commences April 1. Therefore, any family interested in participating must have their application in before March 1 in order to qualify for the second quarter.

In the Pennington County set-up the payments are on a semi-annual installment, January and July 1. Those who are interested in becoming a participant in the second-quarter can do so by paying the balance of this first semi installment of $3.00.

For complete details in regard to this hospital service call at the Farm Bureau office located on the second floor of the creamery.

9TH DISTRICT TOWNSEND MEETING AT MAHNOMEN

The annual meeting of the Ninth district Townsend organization will be conducted at Mahnomen Sunday, February 22, with a business session at 2 o'clock in the afternoon, followed by a program at 7:30 in the evening.

SUBZERO TEMPERATURES ARRIVE HERE THIS WEEK

Following a stiff gale from the north Monday, a cold wave set in over the northwest, and local temperature readings were 25 below zero Tuesday and 20 below Wednesday and again this morning. No snow of consequence fell during the past week.

"Feeding Farm Family" Goal of Program Here

Feeding the farm family for health, morale and victory is the goal of a program which will reach into every Pennington county community during the next few months. Plans were drawn up Friday at a conference of organization leaders, called by County Agent Ernest Palmer to enlist hundreds of men and women from this county as leaders in the victory drive to have every Pennington county family properly fed. Mrs. S. E. Hunt was elected chairman of the county nutrition committee.

It was decided that the county extension agent should arrange for three county-wide training sessions in which specialists from the Minnesota agricultural extension service will present to local leaders practical teaching in choice of foods, utilization of home-grown foods, and preparation of foods for best family health.

Any group of people now organized or who wish to organize for this service, may select their own two leaders and notify the county extension office of names and addresses. Men as well as women will serve as leaders. Wherever it is desirable, the county committee will appoint in each township four to six leaders.

The first county-wide training session will be held in March after groups have designated their leaders. Two additional sessions will be held at monthly intervals to complete the schedule.

Many groups with membership among rural people have already rallied to the support of the health, morale and victory program, and will take an active part in carrying this war service into every home. The State Civilian Defense Council, acting thru the state nutrition committee and cooperating in this program, is urging all its working groups to make nutrition one of the vital war efforts. Among the other organization who have pledged support in this county are county churches and aids, Farm Bureau, 4-H federation, Rural Youth, home demonstration groups, Parent-Teacher association, General Federation of Women's Clubs, Red Cross, superintendents of schools, welfare board, Farmers' Union, civilian defense council, USDA War Board, AAA committee, county commissioners, and Farm Security Administration.

Julia O. Newton, state home demonstration leader, has set forth these aims for the program, so vital in wartime, but promising increasingly rich rewards in peace years to follow. Every family should be be able to:

(1) Know what foods and quantities are needed.

(2) Recognize signs of poor nutrition and characteristics of radiant health.

(3) Plan for an adequate year-round food supply of vegetables and fruits, poultry, dairy and meat products, and cereals.

(4) Plan and prepare wholesome, attractive meals in which the foods used have been cooked to conserve their food values.

(5) Know modern, scientific methods of food preservation such as canning, curing, storing and freezing.

GARDEN and TABLE

By ERNEST A. PALMER
County Agricultural Agent

Develop the sniff and boil habit when opening jars of canned goods for the family meal. Those vegetables you canned last year may smell all right, but don't taste them until they have been brought thru a good 15-minute boil. Food poisoning may lurk in the best looking jar of meat, chicken or vegetables on the shelf. Boiling, before tasting, takes away any risk. Tomatoes and fruits, known as acid foods, do not present this danger.

Every member of a well-fed farm family consumes $25 to $30 worth of vegetables and fruits every year. A half-to-three quarters acre garden this summer will supply the needs of a family of six the year around if plans are made early and seeds are ordered right away. Plan the family garden so that it will supply fresh vitamin rich foods throughout the spring, summer and fall months, with enough vegetables left over for winter storage.

Before ordering your seed, consider the family likes and dislikes. Make the farm garden a family affair. There are many health-giving varieties that the whole family can enjoy. Try some new things this year. Have you raised broccoli, pepper, chard, egg plant, celery cabbage? Maybe you have been missing something.

Planting the farm garden in one corner of the cornfield may be the smart thing to do this spring. By making the rows long and spacing them far enough apart to allow for use of regular farm machinery, much labor may be saved. The two-garden plan is the best for Minnesota farms—a small garden near the kitchen door for table vegetables and a field garden for canning.

Seed is one of the smallest expense items in planting a family garden plot. Order your seed early and buy only from reliable seed companies.

How is your supply of canned vegetables and fruits? If your cellar shelves are still well stocked with good things from last year's orchard and garden, you won't need any urging to repeat your canning program next year. If you find yourself running short already, all the more reason for planning a victory garden larger than any you have ever had before.

Will you be able to get canning supplies this summer. The information we have so far is that every attempt will be made to make supplies adequate because the food preservation program is one of the most important efforts of the war. Aluminum pressure cookers may soon be gone, but steel cookers may take their place. A steel cooker plated with tin is all right for canning, but it should not be used for browning meats.

INCOME TAX FACTS

Supplied by the Bureau of Internal Revenue

In the event of failure to make and file an income tax return as required by law within the prescribed [illegible] added to the tax unless failure to file the return within the prescribed time is shown to the satisfaction of the Commissioner to be due to reasonable cause and not to wilful neglect.

The amount to be added to the tax is 5 percent if the failure is for more than thirty days, with an additional 5 percent for each additional thirty days or fraction thereof during which failure to file a return continues, not to exceed 25 per cent in the aggregate.

A taxpayer who files a tardy return and wishes to avoid the addition to the tax for delinquency must make an affirmative showing of all facts, alleged as a reasonable cause for failure to file the return on time, in the form of an affidavit which should be attached to the return. Alleged ignorance of the law does not constitute reasonable cause for delinquency.

Taxpayers should make every effort to file their returns within the time prescribed by law and thus avoid the possibility of the additions to the tax for delinquency in filing returns.

Do not forget that single persons or married persons not living with husband or wife, who earn as [illegible] a week for the 52 weeks of the year, and married persons living together who have aggregate earnings of as much as [illegible] a week for the year, are required to file returns.

AGGIES DOWN TRF BOYS IN MATCHES HERE ON THURSDAY

Ten Local Athletes to Enter Regional Tourney at Grand Rapids

The result of the wrestling match here last Thursday between the Crookston Aggies and a group from Thief River Falls was a win for the Aggies with a score of 30 to 10. This score was based on the rate of five for a pin, three for a decision, and two for a draw. Individual results were as follows:

At 110 pounds Ray Offerdahl, Thief River Falls, and G. Olson wrestled to a draw.

O. Dahlsad of the Aggies pinned Bill Nelson in the 121 pound class.

Gene Nelson, Thief River Falls won a decision from V. James in the 128 pound class.

E. Hvidsten of the Aggies pinned Harry Long in the 135 pound class.

E. Pearson of the Aggies won a decision from John Ofstedahl in the 145 pound class.

Orlo Lintvit of the Aggies pinned Don Olson in the 155 pound class.

E. Krogstad of the Aggies pinned Harold Hanson in the 165 pound class.

Paul Rustan, Thief River Falls pinned J. Salintine in the 175 pound class.

In the heavyweight B. Vasilakes of the Aggies pinned Orrin Pederson.

In the preliminaries Babe Paulson pinned Herbert Wilson, Donald Fretland pinned Bob Olson, Gerald Flattum pinned James Cerny and Virgil McFee pinned Clarence Olson.

On Saturday morning, February 21 ten high school wrestlers will journey to Grand Rapids to participate in the regional high school wrestling tournament. These boys are as follows:

85 pound class, Francis Ness; 95, Bob Olson; 105 Richard Faulkner; 115 pound, Ray Offerdahl; 125 pounds, Bill Nelson; 135 pound class Gene Nelson; 145 pound class Harry Long; 155 pound class, Don Olson; 165 pound class, Babe Paulson; unlimited Orrin Pederson.

Prowlers Overwhelm Warren Friday, 23-14

Playing a brilliant defensive game, holding Warren without a field goal during the first twenty minutes of play, the Prowlers upset the district leading Ponies, 23 to 14, in a basketball game played before a large crowd here Friday night.

The Prowlers will face the Bemidji Teachers College Reserves here tomorrow night.

A center-jump play, with Jack Melby tipping the ball to Orrin Pederson, and Pederson flipping the ball to Lenny Lorentson, who dribbled in to the west basket for a set-up shot, gave the Prowlers a field goal in the opening seconds of play Friday night. After Warren's Gilbertson and Lindberg had knotted the count on free throws, Lorentson banged in a long shot, and then Lenny followed with a dribble in play to score on a close shot. Johnny Campbell, taking a pass from Melby, popped in a field goal. Campbell's two free throws ended the period's scoring, with the Prowlers out in front, 10 to 2.

Lorentson intercepted a Warren pass in mid-floor and dribbled in for a push-up shot. On Culver's foul, Lorentson marked up his ninth point. Dana Allen and Jack Gilbertson registered Pony free throws as the half ended, with the score, Thief River Falls, 13; Warren, 4.

Johnny Campbell broke up a Warren play recovered the ball and dribbled three-quarters the length of the floor to score on a push-up shot. After Clyde Culver had marked up a free throw; Henry Hanson, on a long shot from the side line, connected for the first Warren field goal. Jack Melby, on a nifty passing play by the Prowlers, took a pass from Orrin Pederson and flipped in a shot from the free throw lane. Bill Rogers chalked up a Pony point on a free throw. Jack Melby tipped in Gjernes' rebound, and Johnny Campbell, on a "sleeper", nabbed Lorentson's long pass to score an easy goal, and the Prowlers led, 21 to 8.

Nicholls pumped in a long shot for Warren, and Hanson found the net with a one handed try. Milt Reierson flipped a pass to Bob Powell, and Bob dribbled in for a set up. Jack Hanson's pivot shot, a left-handed loft shot, found the loop, ending the game's scoring.

Orrin Pederson, Jack Melby, and Galen Gjernes played starring roles in the tight defense that the Prowlers set up around the local basket. And Coach Newby's team played splendid ball on the attack, too, setting up their plays and passing crisply, but being erratic in their shooting. Lenny Lorentson and Johnny Campbell, being the out front men in the Prowlers zone defense, were effective in rushing the Warren passing game.

In the preliminary game the Prowler "B" team trounced the Warren "B" team, riding up a 27 to 6 score. Center Bob Abbott, with six points, led the "B" team scorers.

HORNETS IN TOP FORM TO DEFEAT WARROAD 5 TO 4

To Meet Roseau High School in Arena Here Saturday Evening

Flashing their finest hockey of the season, the Hornets rallied in the second and third periods to defeat the Warroad high school sextet, 5 to 4, in a fast, crowd-pleasing game played on the Arena ice Saturday night.

Arrangements have been completed that will bring Coach "Babe" Paulson's Roseau high school team here Saturday night for a contest with the Hornets. The game, which is a hockey "natural", should draw a record-breaking crowd into the Arena.

Wing Morris "Mouse" Efteland, defense-man Marlyn Dorn, and Goalie Johnny Robarge, were the sparks that gave the Hornets the win over Warroad Saturday night. Mouse, playing with mask protecting his broken nose, performed the "hat trick" when he punched three goals into the Warroad net; and Dorn and Robarge were stalwarts in checking the Warroad attack.

Dick Robert, from a scramble in front of the Hornet net, poked in a goal at the 2:50 mark, with Overby Stoskoph getting the assist; and midway in the period, Roberts and center Wes Cole, on a nice play, drove in to the locals goal and Roberts beat Robarge with a hard shot to give Warroad a 2 to 0 lead. A couple of minutes before the period ended the two teams exploded into a brawl, with fists being tossed and blows being given and taken. Referees Helquist and Julien after restoring order, levied major penalties on Mouse and Johnny Efteland of the Hornets, and on Roberts and Cole of the Warroad club.

Mouse counted his first goal at the 6:35 mark in the second period, taking a pass from Snelling at the Warroad blue-line and breaking in close to beat Walt Babineau. Mouse knotted the score a few minutes later when, shooting at the north goal, he angled a drive from the west side-board that beat Babineau cleanly. The Hornets were playing one man shy at the time Mouse marked up the tying goal. Lloyd Johnson banged in Don Wange's rebound to send the locals into the lead.

Wes Cole and Dick Roberts combined to give Warroad their third goal, with Cole marking up the tally. Mouse Efteland scored the tie-breaking goal when he picked up Bob Baker's pass and whipped the rubber into the Warroad net. Jug Snelling, after a rink-length carry, drove an angle shot at the Warroad net, which hit a Warroad player and deflected into the twine, giving the Hornets a 5 to 3 lead. Wes Cole was given credit for the game's final marker when his shot bounced off Marlyn Dorn's stick and into the Hornets' goal.

The summary:

Thief River Falls — Warroad: Robarge, goal, Babineau; Dorn, defense, [illegible]; [illegible], defense, [illegible]; M. Efteland, wing, Stoskoph; I. Efteland, wing, [illegible]; Johnson, center, Cole. [illegible]

Plummer Man Brings in Huge White Leghorn Egg

Olaf H. Haaven of the Plummer community this week brought into the Times office an egg, the product of an ambitious White Leghorn hen, that weighed a fraction over four ounces, compared to less than one and one-half ounces for the weight of a standard-size egg. The specimen outstrips in size the 3 3-4 ounce egg laid recently by a Leghorn pullet in the flock of S. W. Doty of the Rosewood community.

Northrop School Five Defeats Knox School Quint 15-6 Saturday

The Northrop school basketball team opened the second round of the grade school basketball schedule Saturday afternoon with a 15 to 6 win over the Knox School team. The victory, which was the third straight triumph for the north-side five, was sparked by the fine work of forwards Liden and Erickson, and center Herwood Lund. The Northrop "B" team defeated the Knox "B" team, 12 to 7.

A Big Week-end

The Prowlers, in basketball, and the Hornets, in hockey, had a big week-end for themselves. The Prowlers by their surprising 23 to 14 win over the Warren Ponies blasted the 31st district wide open; and the Hornets, by virtue of their 5 to 4 victory over Warroad, proved that they belong with the state's top-ranking high school hockey teams.

And it appears that the Prowlers and the Hornets will reach their peak form by tournament time, and that's as it should be. Too many teams burn themselves out during the regular season in building up a record, Warren may have done that as the Ponies looked "state" Friday night, and are "dead" during the tournaments. The Prowlers have three weeks to go before they defend their district basketball title at Crookston March 11, 12 and 13; but the Hornets are only a week away from the state high school tourney at Roseau, on Feb. 25th and 27th, and two weeks away from the state 40 & 8 tournament which will be played here on March 6th and 7th.

The Hornets, although sponsored by the 40 & 8, are a bona fide high school hockey team. The local school authorities have provided an eligibility list, and the members of the team must meet the state high school association scholastic and age requirements. The Hornets have entered the state tournament, an invitational affair, at Roseau. Baudette, Warroad, Williams, Eveleth, Hallock, and perhaps Virginia, are other teams that have entered the Roseau meet.

Any Takers?

Wally DuChamp, Kammy Berg, Snort Langseth, Les Boyd, and Stan Cockrell have formed what they call the city's best bowling team, and they will bowl any five keglers in town for potato chips or nickles.

It Was Mehegan Night

That's what the Service league celebrated Monday night, for Tommy Mehegan, bowling at the anchor for Stan Dahlen's Rotary team, cracked the pins for a 245 game, to set a new league record. Tommy marked up six strikes in a row, ran into a split in the 7th frame, struck the 8th frame, had a spare in the 9th, and then chalked up a "turkey", for his 245. Incidentally, the Rotarians knocked off the high-flying Eagles team, taking two games from the league leaders.

The Hornets No. 1 Rooter

That honor appears to belong to little Jackie Erickson—George and Belle Erickson's seven-year old son —for he is one of the Hornets most ardent rooters. Asked when he would be ready to play with the Hornets, Jackie replied: "Well, I don't know if it'll be soon, but I'm already in training." That's the spirit that makes hockey players.

What Now, Little Man?

Two guys with a lot of explaining to do are Churchill and me. I picked Warren to beat the Prowlers, and Warroad to defeat the Hornets; and both of my choices came out of the games with the short ends of the scores. And I'm not able to scratch up any alibis, either, except to say that the Prowlers and the Hornets played better games than the Ponies and Warroad. The Prowlers zone defense so befuddled the Ponies that the Warren team's efforts to score were largely limited to long-range tries from the side-lines; and on offense the Prowlers broke through for a number of close shots, but the locals were erratic in their shooting. The Hornets in their game with Warroad were sluggish in the first period, with Warroad picking up a two goal lead, but after that first period slug-fest, the Hornets appeared to loosen up and began to play hockey and to outskate the Warroad team.

After the results of Friday and Saturday there will be no more predictions from me.

750 AUTO DRIVERS FORFEIT LICENSES DURING JANUARY

Was Largest Number Ever to be Forfeited in First Month of Year

Despite the patriotic appeals of President Roosevelt and Governor Stassen for better, safer driving, as a means to conserve lives, cars and tires so necessary for defense, 765 motorists in Minnesota forfeited their drivers licenses, either through revocation or suspension, during the month of January for traffic law violations.

This was the largest number of drivers' license forfeitures ever recorded during any January in the state's history, the previous January high being 503 in 1940, and the second largest number ever reported for any one month.

Among the motorists who got off to a bad start in the very first month of the year, 319 suffered outright revocation of their drivers' licenses, and the driving privileges of 446 others were suspended for varying periods of time ranging from 30 days up to a full year.

Of the revocations, 265 were for driving while drunk, 13 for habitual inebriacy, and 28 for "repeat" violations of the speed laws. By age groups, 53 revocations were imposed upon drivers under 25 years of age, 107 upon those from 25 to 35 years of age, and 149 upon those from 36 to 64 years. Only 4 were over 65 years old.

The suspensions imposed included 229 for speeding, 81 for reckless driving, and 13 for driving through stop signs and signals—all offenses which accident records have shown to be major contributing factors to traffic deaths and injuries. Twenty other motorists were placed under suspension for refusing to take driving tests required of those with obvious physical handicaps, and 21 for refusing or failing to show doctor's statements of eye examinations.

Of the drivers suspended 235 were under 25 years of age and 112 between the ages of 25 and 35 years. Only 21 motorists so penalized were over 55 years of age.

Avoid Broken Glass to Prevent Tire Damage in Present War Emergency

A special appeal was made this week by the state highway department, to all who use Minnesota's streets and highways, to avoid broken glass, with its resultant destruction of precious automobile tires.

Motorists were urged whenever possible to avoid running over any fragments of glass or other sharp articles likely to cut tire treads and sidewalls. The public was asked to be more careful than ever before and to regard it as a patriotic duty to refrain from discarding bottles, jars or other glass articles on or near any street, alley, or roadway, where a thoughtlessly tossed particle may result in the ruination of a motor tire which, under rigid war-time restrictions, cannot be replaced.

Motorists involved in collisions or other accidents were urged to be particularly careful to see that any glass particles are picked up or swept clear of all traveled roadways.

Elden Rowe, chief of the highway patrol, cited Section 227, Article 14 of the Highway Traffic Regulation Act, which makes it a serious traffic offense to throw or deposit upon any highway any glass, nails, tacks or similar material, or, having accidentally dropped such article, to fail to remove it immediately. It is a similar offense for any person moving a wrecked or damaged vehicle from the highway to fail to remove any glass or other injurious substance dropped from such vehicle.

BALMY WEATHER CAUSES BUDDING TREES

Dawson— Balmy spring-like weather during the past few weeks has brought about budding lilac bushes, shade trees, and tulips and other perennials have advanced to mid-March and April stages. Some lawns are reported turning green, rye fields to mid-March and April stages. Some lawns are reported turning green, rye fields are sprouting through and other indications of spring becoming evident as warm weather continues. Householders have no objection to the continuance of this kind of weather, considering the big saving that is being made in fuel consumption, but another cold wave will do irreparable damage to lawns, shrubs and trees, as well as crops planted last fall. Temperatures in the neighborhood for the past two weeks has hovered around the 40's, with reading as high as 54 reported.

SMILEY

A very excellent meeting with the largest gathering on record so far, was enjoyed by the Smiley-Silverton 4-H Club at the Frank Hardisty home Friday evening. The program, which was arranged by Delores Roese consisted of community singing of "America, the Beautiful"; the flag salute was performed by the 4-H club members; Betty Lou Beaton gave a patriotic reading; Delores Roese explained the origin and meaning of the 4-H emblem; Helen Hardisty gave the "American Creed"; a short and snappy "quiz program" was enjoyed followed by the learning of a new club song taught by Mrs. Frank Hardisty and Mrs. Art Knutson. The program ended with everyone singing the National Anthem. Helen Hardisty was in charge of the recreation following the program. The next meeting will be held Friday, March 13 at the Smiley Hall. The hostesses will be Mrs. Sivert Brekke and Mrs. A. Offerdahl. The program for that evening will be arranged by Elvina Roese and Mytle Bondley. Recreation will be provided by Delores Roese. Highlights of the program will be talks on health and poultry problems and a special sewing demonstration will be given by Myrtle Bondley.

Mr. and Mrs. Olger Nyhus of International Falls are visiting indefinitely at the B. B. Hammer home. Mr. Nyhus is assisting the Hammers in building a new brooder house.

Friday evening visitors at the Al Samuelson home were Mr. and Mrs. Sletten Olsen and Mr. and Mrs. Bill Copp all from Warren. The Olson's and the Copps had attended the Warren-Lincoln basketball game in town.

Sherwin Ranum left Tuesday for International Falls to be employed in the woods indefinitely.

Miss Signe Valsvik of Grand Forks was a week-end guest with home folks, the Ole J. Valsviks. She is employed as a stenographer in an office in Grand Forks.

Mrs. Ted Markus left Thursday for the Twin Cities. She will be gone for several days.

Orton Olson was in the Cities over the week end on business and attended the "Golden Gloves" tournament.

Smiley has been honored in having two new families join the ranks of Smileyites. Mr. and Mrs. Thomas Fixter (Esther Hetland) moved onto the former Marion Cater farm down towards the southeastern part of Smiley. The Fixter's have purchased this farm. They formerly lived in Rocksbury prior to moving here. On the farm formerly occupied by the Morris Wilson's just directly north from the Ole Valsviks, the Curty Sepstead family of Hendrum will move in any time. The Sepstead's bought this farm recently, and are at present living in Thief River Falls until some remodeling is done on the farm. Welcome to Smiley, folks!

Martha Hammer started working as an office girl for Dr. O. G. Lynde in Thief River Falls last week.

Clara Olson and Mrs. Gorge Ege were luncheon guests of Mrs. Nora Holmen at her home in Thief River Falls Monday.

Those from Smiley that attended the Defense meeting at the court house on "Feeding the Family for Health, Morale and Victory" Friday were Rev. O. O. Bjorgan, the Bethania church pastor, Esther Hammer and Mrs. Walter Lendobeja. This group represented the church and Ladies aid; Oscar Vigen and Helen Hardisty of the 4-H Federation and Silverton-Smiley 4-H respectively; Mrs. Willis Roese, Mrs. Freeman Allen and Mrs. Jim McCrum of the women's project units. There will be three meetings with leaders to discuss and demonstrate to everyone the importance of food, proper food, in this business of winning the all-out war we're in for.

Miss Andine Newton arrived from Minneapolis a week ago to visit a while with her mother, Mrs. A. B. Newton.

Mrs. Freeman Allen and her daughter Mrs. Arnold Korupp attended the Republican women's party at the Masonic hall Thursday evening.

John Ranum and son Ray and the Ranum brothers of Rosewood are building a 60 ft. barn for Orlie Hafdal in Kratka.

Mrs. Leonard Helgeland returned to her family Friday after being a week's patient in a local hospital.

Word has been received that Miss Delores Lendobeja is now employed as one of the machine operators in the Carco Printing Co. in Oakland, California. She loves it out there.

Sunday dinner guests at the Alfred Olson home in Thief River Falls were Mr. and Mrs. Al Samuelson, daughter Janet of Smiley, Mrs. Marie Longren, Carl, Alfred and Agnes Longren, Mr. and Mrs. Walter Peterson, all of Thief River Falls, Mrs. P. J. Samuelson and daughter Lydia of Warren.

Helperettes

Mrs. Carl E. Olson was the lovely hostess to the Helperette club women at her home Wednesday afternoon. The gang kept busy embroidering on Mrs. Olson's new dishtowels after which a dandy lunch was served. The next meeting will be at the Fred Kraemer home, Wednesday March 11 with Mrs. Violet Kraemer the hostess.

The L. O. Stenseth's have electricity now. The R. E. A. finished hooking-up the other day. The Stenseths have quite a set-up of lights with three yard lights to do justice to their large and beautiful barn and farm yard. They are really one of the leading farmers of Smiley and county.

We are happy to know Martin Hoverstad has been released from the hospital Wednesday and is recovering nicely.

Mrs. O. N. Olson, Mrs. Mark Olson, son Wayne, Clara Olson, Mrs. Ray Hartman, Mrs. D. Green were entertained Thursday at the home of Mrs. Miles Gullingsrud in Thief River Falls.

Much merriment was had in the Smiley schools Friday afternoon when teachers and pupils had Valentine parties. The largest of these affairs was the surprise party on Miss Gunda Engen, teacher in the Hiawatha school, Dist. 26. Those who came with "eats" and had a good time with the youngsters were Mrs. Emil Thune, Mrs. Louie Lian, Mrs. John Ranum, Mr. and Mrs. Herman Rude, Mrs. Ray Chester, Mrs. Carl Lindholm, Mrs. O. N. Olson, Mrs. Mark Olson, and Clara Olson.

Registration was held all day Monday at Smiley Hall with Will McCrum and Frank Hardisty the registrars.

A healthy and alert man is as good at sixty as he was when he was half the age—and perhaps better.

Minnesota School Board Association Takes Stand at Minneapolis Meeting

The Minnesota State School Board association went on record as opposing any change in methods of state school fund distribution at its convention Friday at Curtis hotel in Minneapolis.

Delegates elected Ira Lambert, Chatfield, president; C. Rudolph Raatama, Chisholm, vice president, and John E. Palmer, Fergus Falls, secretary-treasurer.

It also was voted to oppose proposals to set present state aid above the $10 now granted a school district for each child of school age.

The Thief River Falls board of education was represented at the convention by Dr. A. E. Jacobson, Alfred Skarstad and Supt. Morris Bye.

SELLS DOG TO BUY DEFENSE STAMPS

Sleepy Eye—Allan Wattenkamp of Lamberton went "all-out" for defense last week when he sold his pet dog, that he had harbored for five years, to buy defense stamps. The dog brought $1.50 and Allan said he bought stamps right away in order to help lick the Japs.

FARMER LOSES 95 HOGS FROM CHOLERA

Farmington—George W. Becker, Dakota county farmer, lost 95 hogs recently when the dreaded hog cholera disease rampaged through his herd of 137. The loss amounted to nearly $600.00. When the hogs began to die like flies, Mr. Becker isolated the sick ones in a shed, and the disease was finally checked. One of the dead hogs was taken to the University to see what had caused the plague. University authorities explained it this way. A small pig died on the farm in some secluded spot. The other hogs ate it, became sick, and developed hog cholera over a period of time.

SNOW WHITE COLT GETS SPECIAL ATTENTION

Slayton—Albert Nelson, a farmer living three miles west of Slayton, has a six months old colt that is snow white and has been from birth, a rare occurrence. The colt is perfectly formed and normal in every respect but does not have a colored hair on it. It has attracted much attention and Mr. Nelson has been offered goodly sums of money for the animal.

GRYGLA

Founders Day Observed by P. T. A.

The Grygla P. T. A. met at the school [illegible] on Friday evening and a large crowd was present. M. K. Ellingson, chairman of the play committee, reported that a play has been chosen and the books have been ordered.

The program had been arranged by Mrs. Henry Holte, Viola Berger and C. M. Lunde and was in the form of a commemoration of the forty-fifth anniversary of the P. T. A. Mrs. Victor Nygaard sang two vocal solos, accompanied at the piano by Edna Rose. The rhythm band of the school rendered several selections under the direction of Thelma Johnson.

The next number was the candle-lighting ceremony and those participating were Edna Rose, soloist; Inger Nygaard and Margaret Lillevold, hostesses; Thelma Johnson, who represented the Spirit of the P. T. A.; and the nine goals who included Mrs. Robert Thorson, Edith Anderson, Viola Berger, Mrs. Ernest Selle, Margaret [illegible], Mrs. Floyd Wurscher, June Saxwold, Mrs. M. K. Ellingson, and Mrs. Henry Holte. The hostesses lit the forty-five candles on the large three tiered cake which was beautifully decorated in blue and pink.

The final number on the program was a song by Clifford Rude who played his own guitar accompaniment.

The birthday cake, which had been baked by Mrs. Fred Buchholz and Mrs. Carl Holbrook, was then auctioned by Floyd Wurscher, netting [illegible]. Half of these proceeds are sent to the National P. T. A. while the other half remains in the local treasury. After a social hour during which several games and contests were enjoyed, lunch was served by Mmes. Harry McLean, Leo Svenpladsen and Gust Austad. The birthday cake was cut and a piece served to everyone present.

The next meeting will be held Friday evening, March 13. The topic will be "Safety and Defense" and the program committee will be Carl Holbrook, Mrs. L. A. Knight, and Mrs. Fred Buchholz.

Walther League Meets

The Walther League of the Bethel church met at the John [illegible] home last Wednesday evening. Harley Buchholz, vice president, presided in the absence of the president. After the business meeting, a social hour was enjoyed, after which [illegible], the hostess, served a lunch [illegible] all the members.

Ruth Zoder was appointed on the entertainment committee for March and Jean Buchholz was appointed hostess.

Valentine Parties

St. Valentine's Day was observed at the local school on Friday afternoon when the "Sunnysiders" who were the losers in the Christmas Seal sale before Christmas entertained the winners, the "Health Flowers" at a Valentine party. The afternoon began with an excellent program presided by the Sunnysiders, which consisted of several songs, recitations, and readings. A letter was read by Miss Johnson from Warren [illegible], a former pupil who moved away several weeks ago. The outstanding feature of the program was the coronation of a King and Queen who were Ronald Buchholz and Norda [illegible]. This honor was given them for having sold the greatest number of Christmas seals.

After the program the children, their teachers and visitors went to the auditorium where they played games. [illegible]

Several children of pre-school age were present including [illegible]

In the Pleasant View school the children and their teachers [illegible] Berger also enjoyed a Valentine party on Friday after the last recess. The pupils gave a brief program after which they enjoyed several games and contests. A lunch, which the pupils had brought was then served and the valentines were passed out. Visitors were Mrs. William [illegible], Mrs. Nels Satre, Barbara Hylland, Mrs. Gust Saxwold, Selma Anderson, Helen Wold and Mason and Lillian Roe.

On Thursday afternoon the children in the Greenwood school and their teacher, Edith Anderson observed St. Valentine's Day with a combination patriotic and Valentine program. After the program several games were played and the Valentine box was opened. Miss Anderson treated candy to all those present. Visitors were Mrs. Emil Anderson and Mrs. Waldemar Levorsen.

The pupils in Dist. 91 and their teacher, Margaret [illegible] also had a Valentine party, enjoying games and contests. A lunch was served and valentines distributed to all. Visitors were Raymond and Eddie Moe and Janice and Patsy Kjellberg.

A. Bendix Isaacson and his pupils of district 179 observed the day with several games and contests. The valentines were distributed and Mr. Isaacson treated candy. The only visitor was Beverly Haack.

Bowling Scores

Last Monday evening [illegible] bowlers defeated [illegible], winning two games and scoring 1875 to 1795. The next tournament was played between the Cooperative Store and [illegible] cafe and resulted in victory for the former who won all three and scored 2047 to 1947.

[illegible]

Deep-Sea Diver 'Bends'

The "bends" to which deep-sea divers are susceptible is caused by nitrogen in the highly compressed air entering the blood. Then, if the diver ascends too rapidly, the nitrogen comes out of the blood, forms bubbles in the veins and arteries and results in great pain.

FASTER GAINS WITH LESS FEED
on CONCRETE FEEDING FLOORS
Feeding floors made with clean, long lasting concrete yield steady dividends. They make hog raising more profitable by saving feed otherwise tramped into the mud—and by keeping the animals cleaner and healthier. No more unsanitary mud holes.
Concrete improvements cost so little and are worth so much! They're easy to make—and permanent. You'll find a lot of valuable suggestions in our free booklet, "Permanent Farm Construction." Paste coupon on penny postal for your copy.
You can do the job, or talk to a local concrete contractor.
Concrete materials—Portland cement, sand and gravel or stone—are plentifully available. And most farm improvements of concrete need no critical materials in their construction.

WASTE WILL BE SALVAGED HERE TO AID DEFENSE

Carl Christofferson Named Pennington County Salvage Chairmen

FIVE OTHER COUNTY MEN ON COMMITTEE

Governor Harold E. Stassen Points out Importance of Project

Announcement of the appointment of Carl Christofferson to the post of chairman of the Pennington county salvage committee to facilitate the nation's war effort was made this week by C. A. Zwiener, chief of staff of the state office of civilian defense, following his nomination by the county civilian defense council headed by Major G. Schilbred.

Serving on the county committee with Mr. Christofferson will be Joe Maruska, Thief River Falls; H. M. Jacobson, St. Hilaire; Ed. Korstad, Highlanding; Ole Odegaard, Hazel; and Carl Christiansen, Goodridge.

Mr. Christofferson stated that plans call for the collection of waste paper by the local Boy Scout organization and the Salvation Army, while receptacles will be placed in the stores to collect empty tooth paste and shaving cream tubes.

Function of the local salvage committee will be to increase the flow of waste materials from homes, farms, stores and municipal departments. No new agencies will be set up to process the materials. Existing channels will be used to get the increased supplies back into production, it was pointed out.

Designating the effort as the "Minnesota Salvage for Victory Program", Governor Stassen said great resources in waste materials must be utilized immediately to help meet production needs of the war program.

"Approximately 20% to 30% of the materials that go into the armament program normally comes from the salvage of waste materials," the governor said. "Millions of tons of waste materials now lie idle and useless in attics, cellars, backyards, stores and on farms. More of this material must be salvaged than ever before. Every citizen can help secure the materials needed for the weapons that will insure victory."

Items needed include:

Iron, steel, brass, copper, aluminum and other metal articles, except tin cans.

Newspapers, magazines, wrapping paper, cardboard boxes and other waste paper.

Discarded automobile tires, rubbers, overshoes and other rubber articles.

Cast-off clothing, burlap bags, draperies and other articles made of cloth.

SEED DEALERS OF COUNTY CONVENE HERE WEDNESDAY

Hear Discussion of Changes in Seed Regulations in Minnesota

Seed dealers from all parts of Pennington County met Wednesday to hear a discussion of clean seed regulations and to pledge their cooperation in making seed laws effective in this area. County Agent Ernest Palmer presided over the meeting.

The part that seedmen play in preventing noxious weeds and unsuited crop varieties from penalizing yields in this county was stressed in the discussion. State seed specialists explained important changes and additions in seed laws and showed pictures explaining operation of the state seed laboratory.

Among the regulations stressed were:

All seed exposed for sale must be labeled, showing germination, percentage of weed seeds, county and state in which grown, and the name and address of seller. Farmers selling seed must meet this requirement of the general seed law as well as dealers.

Screenings of any name and nature must be ground fine to destroy weed seeds before they can be sold to a farmer or feeder of livestock.

A new seed-tag sales act requires that all agricultural seed sold at retail in Minnesota, except wheat, oats, barley, buckwheat and speltz, have attached an official tag purchased from the State Department of Agriculture, Dairy and Food. Hybrid seed corn sold in Minnesota must not only be labeled in accordance with the general seed law, but the label must also show whether it is a single, double or triple cross and what zone in Minnesota it is adapted to.

Address and Movie Film on Lions Club Program

An interesting discussion of income tax regulations followed a talk on the subject by C. C. Local Woman Acquainted With Famous War Airman

The story in the daily papers during the past week telling how Pilot Einar Mickelson, Fergus Falls volunteer flyer with the Chinese forces, "rushed" Madame Chiang Kai-Shek while ignorant of her identity was of special interest to Mrs. A. O. Buringrud of this city, who served as nurse at Mickelson's birth. He had visited at the Buringrud home a few years ago.

LOCAL AIRMAN LOSES LIFE IN BOMBER CRASH

Sgt. Kenneth W. Holmstrom Is Killed Near Tacoma Last Friday

FUNERAL SERVICES SATURDAY AT 2 P. M.

Was First Local Service Man to Lose Life During Present War

The Thief River Falls community was saddened last Friday by the news that Sergeant Kenneth W. Holmstrom, radio technician and photographer affiliated with the 76th Bomber Squadron at McChord Field near Tacoma, Washington, was killed in the crash of an air corps bomber on the nearby Fort Lewis military reservation. He was the first local service man to lose his life in World War II.

Holmstrom, 26 years old and the son of Mr. and Mrs. E. H. Holmstrom of this city, had enlisted in the air corps in Minneapolis last March, and had first been assigned to duty at Fort Douglas near Salt Lake City before going to Boise, Idaho, where he remained until being transferred a few weeks ago to McChord Field. Only last week had his parents received a letter from him, stating that he had been promoted in rank from corporal to sergeant.

The body was scheduled to arrive today from Tacoma, and funeral rites will be conducted Saturday afternoon at 2 o'clock from the Community church, Rev. S. S. Olafsson officiating.

Born at Harvey, N. D., November 8, 1915, he came to Thief River Falls with his parents in 1919, and made his home here until joining the air corps. He was graduated from Lincoln high school in 1935, and up to the time he left the city last spring he was employed as an architectural draughtsman. Surviving his death, in addition to his parents, is a brother, Edward Jr.

Colonel Armin F. Herold, commander in charge of McChord Field, said the cause of the crash was unknown. Along with Sergeant Holmstrom, Corporal Forest W. Barlow of Topeka, Kansas, was killed, while three others were injured, including Second Lieutenants Charles R. Solberg of Fargo and Vincent D. Duffy of Butler, Pennsylvania, and Corporal Arnold R. Bell, Fort Dodge, Iowa.

LEGION MEMORIAL HOSPITAL DAY IS NOTED THURSDAY

Legionnaires and Auxiliary Observe Occasion with Joint Program

A goodly number of local Legionnaires and auxiliary members turned out last Thursday evening for a Legion Memorial Hospital Day observance sponsored jointly by the two organizations.

Mrs. Jeanette Wright of the auxiliary announced the program, which included selections by the Lincoln high school clarinet ensemble directed by Glendon E. Ahre; songs by the high school boys octet directed by Miss Grace Omundson; and vocal numbers of the auxiliary trio consisting of Mrs. Wright, Mrs. Arthur Berg and Mrs. L. V. Johnson.

Following the program cards were played and lunch was served, the proceeds of $11.75 going to the memorial hospital fund.

Deputy Collector Was Busy Man Here This Week

C. C. Home Ceremony Unites Betty Fossen-Irvin Karlstad in Marriage

At a ceremony which took place at the home of her mother, Mrs. Oscar Fossen, in Minneapolis, Miss Betty Fossen on Saturday, February 14, became the bride of Irvin Karlstad of Minneapolis, son of Mr. and Mrs. Martin Karlstad of Thief River Falls. The single ring nuptial vows were read at 3 o'clock by Rev. D. G. Long in the presence of the immediate families of the bride and the bridegroom.

The bride wore an afternoon dress of pastel blue silk and a corsage of tea roses and white carnations. Her bridesmaid and sister, Miss Marjorie Fossen of Minneapolis, wore an afternoon dress of print silk jersey with a shoulder corsage of Johanna Hill roses and red tulips. Arnold Karlstad of Minneapolis, brother of the bridegroom, was his best man.

Mr. and Mrs. Martin Karlstad of this city were present at the ceremony. Mrs. Karlstad wore a black and white silk dress and a corsage of roses, white carnations and pansies. Mrs. Fossen was dressed in a moss green costume and her corsage was of yellow jonquils and pansies.

A four-course dinner given by the bride's mother was served to ten guests at the Curtis Hotel following the wedding. The room was decorated with white chrysanthemums. Appointing the table were bouquets of mixed flowers, tall white tapers, and four-tiered wedding cake trimmed with roses as the centerpiece.

The bride is a graduate of Roosevelt High School in Minneapolis and is employed as a secretary for the Girl Scout organization in that city. Her husband, who was graduated from Pershing High School in Plummer, has been employed in Minneapolis for the past two years as an interior decorator for the Godfrey Hawkinson firm.

PRESIDENT FDR RALLIES NATION IN RADIO TALK

Informs Citizens of Allied Prospect for Victory in War Effort

'ADDRESSES NATION OVER RADIO MONDAY'

Predicts That Allied Nations Soon Will Take the Offensive

President Roosevelt said Monday night in an address to the nation that America had been "compelled to yield ground" to its enemies, but he added that with constantly increasing war production, the Allies would take the offensive soon and drive on to victory.

"We and the other United Nations are committed to the destruction of the militarism of Japan and Germany," he said. "We are daily increasing our strength. Soon, we and not our enemies, will have the offensive; we, not they, will win the final battles; and we, not they, will make the final peace."

Despite cruelly long distances involved, the president disclosed, "a large number of planes" manned by American pilots, "are now in daily contact with the enemy in the southwest Pacific." And, he said, "thousands of American troops" are also in the area.

The chief executive also said recent surveys had disclosed that the prodigiously high production goals established two months ago would be attained, and this, he repeatedly emphasized, was the key to victory.

Mr. Roosevelt spoke by radio from the White House in the third major address he has made since the country entered the war.

Discussing strategy only in broad terms, he attributed Japanese successes to command of the air. In that, he said, the Japs had an initial advantage because their small fighter planes could be flown to the scene of combat, while ours must be crated and shipped.

But, in any event, the essential strategy of a war with Japan, the strategy which military men had contemplated for years has not been changed by the events of the last two months, he said. It called for delaying battles and in the Philippines a retreat on to Bataan peninsula, with America meanwhile waging a war of attrition against the Japs.

And in this war of attrition, the United States and her Allies have been taking a terrific toll of the enemy. Including losses at Pearl Harbor, he said, "we have destroyed considerably more Japanese planes than they have destroyed of ours".

The president was unsparing in castigation of "rumor mongers and poison peddlers in our midst."

Over 1,000,000 Muskrats Taken During December

Minnesota muskrat trappers took more than a million "rats" during last December's 21-day season, with net returns of more than $1,500,000. This was reported today by Paul R. Highby, Pittman-Robertson biologist in the department of conservation, on the basis of preliminary reports from trappers. The harvest of more than 1,000,000 muskrats in the first December season in many years compares with a total of 850,000 taken in the spring of 1940, the last time the entire state was open to trapping. Thus last fall's season produced 150,000 more muskrats, even though nine counties were closed and eight other were open for only eight days.

Elling Limesand Dies Saturday, Final Rites to be Conducted Feb. 28

Elling Jens Limesand passed way at his home in Moylan township at the age of 81 years, four months, and 2 days, on Saturday, Feb. 21. Funeral rites, which will be conducted by Rev. Sabo, will be held Saturday, Feb. 28 at 2 o'clock from the Lutheran Church at Germantown, and the remains will be sent to Kiester for burial.

Mr. Limesand, who was born in Sagn Vik, Norway, came to America in 1877 to settle near Albert Lea where he lived two years. From there he moved to Emmons, Ia. where he was married to Miss Emma Olson in 1883. They moved to Germantown in 1916 where he has since lived. Mr. Limesand operated a creamery at Emmons, Ia. for eleven years.

He was preceded in death by his wife, one son, five brothers, and two sisters. Survivors are five sons, Henry, Martin, and Eddie, all of Goodridge, Albert and Willie of Lake Mills, Ia.; one daughter, Mrs. Tolvig Baset of Goodridge; one sister, Mrs. Thor Hughom of Lake Mills, Ia.; 17 grandchildren, and two great-grandchildren.

Herringbone

Herringbone in fabrics describes a chevron design of zig-zag ribbed effect. In furniture the term describes inlay designs in slanting chevron motif.

Funeral Services Held Friday for Mrs. Peter Thune Who Died Tuesday

Funeral services for Mrs. Peter Thune, who passed away on Tuesday, Feb. 17 at her home at 327 Merriam Ave. in this city, were conducted on Friday, Feb. 20 and interment was made in the St. Pauli cemetery. Brief services were conducted by Rev. J. O. Jacobson at 1:30 from the chapel of the Larson Funeral Home, and complete services at 3 o'clock at the St. Pauli church with Rev. Alvin Skibsrud of St. Hilaire officiating.

Mrs. Thune, who was born on December 30, 1862 at Telemarken, Norway came to America in 1886. She settled first at Grafton, N. D. and was married there on December 20, 1890. The following year they moved to a homestead in Smiley township where they lived until coming to Thief River Falls in 1939 where they have since made their home.

She is survived by her husband of this city; two sons, Emil of Thief River Falls and August of Hastings; three daughters, Mrs. Carl Melby and Mrs. H. M. Elofson of this city, and Mrs. J. E. Amundson of Vancouver, B. C.; three brothers, Aslak and Knute of Norway, and George of Los Angeles, Calif.; one sister Mrs. Sandie Barstad of Lea Park, Sask., Canada; and 19 grandchildren. Her parents, one son, one sister, and two daughters are deceased.

Goodridge Man Adopts Holstein Herd Name

Mondy Morrison of Goodridge has been given the exclusive right to use "Dunside" as a herd prefix name in registering his purebred Holsteins, the Holstein-Friesian Association of America has announced. As more than 3,100,000 Holsteins have been registered in the United States, and registration rules require that no two animals of the same sex bear the same name, reserved prefixes are useful to simplify naming. They are also of value in identifying outstanding Holsteins with the herd of their origin.

Mrs. Joseph Royal Passes Away Saturday

Mrs. Mabel Augusta Royal, who passed away in a local hospital on Saturday, Feb. 21, will be buried in the Rux cemetery following services from the Norwegian Lutheran Church in St. Hilaire Thursday, Feb. 26 at 2 p. m. Rev. Roy Wiberg officiating.

Mrs. Royal, who was 42 years, seven months, and 12 days old at the time of her death, was born in Sanders township on July 9, 1899, where she lived until moving to River Falls in 1936. She moved to Rocksbury township in 1940 and to Black River township the following year where she has since made her home.

She was married on Feb. 11, 1921 at Grand Forks, N. D. to Joseph Royal, who, with their two sons, Ralph and Harlan, all of Black River township, survive her. Also surviving are her father, Herman Ortloff of St. Hilaire; three sisters, Mrs. Esther Ogaard of Beltrami, Alvilda Ortloff of Los Angeles, Calif., and Alice Ortloff of St. Hilaire; and one brother, Henry Ortloff of Sanders township. One daughter preceded her in death in 1941. The deceased was a member of the Mission Covenant Church in St. Hilaire.

Former Local Nurse Dies in Minneapolis Hospital

Miss March Marie Lundberg, 22-year-old nurse of Northome, Minnesota, who was found dead in a Minneapolis hotel room last Thursday night, had been employed last summer as a nurse in a Thief River Falls hospital, it was learned this week. The manner in which she had died remained a mystery to the police and the coroner's office, there being no evidence on the basis of a heart ailment which she had hinted at in a six page letter to a young Fort Snelling soldier. She had relatives in this community.

Former Resident Dies at St. Paul Feb. 11

Mrs. Gladys Rayson of St. Paul passed away at the Miller Hospital in that city on Wednesday, Feb. 11. Funeral services were conducted from the O'Halloran and Murphy Chapel at 8:30 a. m. and at 9 o'clock from the cathedral on Monday, Feb. 16. Interment was made at Calvary cemetery in St. Paul.

Mrs. Rayson was born on May [illegible], 1902 at Holt, and moved to Thief River Falls at the age of six. When she was twenty five she moved to St. Paul where she has since made her home, being employed at the Angus Hotel where [illegible]. [illegible] survive [illegible] Mrs. R. A. Good Luck, Hornets

The Hornets will be making their opening bid in the state high school hockey tournament at Roseau tomorrow night when they face Warroad in a first round game. The game is scheduled to faceoff at 8:30, so the local fans will have time to drive to Roseau, by car or bus, to see the contest. The stay-at-homes will be able to follow the progress of the game by calling the local Arena. If the Hornets knock off Warroad Friday night they will bump up against Eveleth on Saturday afternoon. And from all the reports, Eveleth can produce quite a bump.

The consensus of the experts is that Eveleth and Baudette will be the finalists, with the odds favoring the Range team. One big factor in favor of the Eveleth team is the awesome reputation that the Range club has won during the past ten or fifteen years. Eveleth, and not without reason, has earned nation wide renown as the hot bed of American hockey, and many of its graduates have made the grades in "big time" hockey. But in spite of Eveleth's reputation, and Baudette's Corrigan, any one of the remaining teams—Thief River, Roseau, Williams, Hallock, and Warroad is capable of taking the tourney favorites out of the most without having the result called an "upset".

And don't sell the Hornets short. Walt DePaul's team has played splendid hockey the past three weeks. In fact, on their record the Hornets would rate a third place among the state high school hockey teams. And if Mouse Eftefield and Marlyn Dorn continue to play the hockey they exhibited in the Roseau game, they'll be a cinch to make the all-state.

A number of Complications

A complicated situation came out of the result of the Prowlers vs. Pirates game at Crookston Friday night. A Prowler win would clinch second place for the locals, give Warren a certain first place, and force Crookston to win from Warren in its final game to avoid a fourth place with East Grand. And Crookston, by defeating Thief River and Warren, could finish in a tie for first place; with the Prowlers being pushed into a tie with East Grand Forks.

The teams of the "big four" are seeded into the tournament on the basis of their season's record in district play, and the clubs in first and second place usually get an easy first round game, while the third and fourth place teams, this year, will probably meet Climax and Fisher [illegible] that the Prowlers can get into position by winning tomorrow night's tussle.

Not Mine

The Prowlers say that the reason [illegible] forecasting basketball results was because they, the Prowlers, made my forecasts look like so much [illegible] stuff that I turned chicken, and that I can't take it. Well, such talk [illegible].

If Crookston can score 2[illegible] points [illegible] tonight they'll beat the Pirates [illegible] will pick up 8 points, and that big Keith Thorson will [illegible] through the [illegible] for [illegible] points. All Walt Scheela has to do [illegible] 12 more Pirate points and then his team will [illegible].

This afternoon at 4:20 "The Queen of Hearts" will be presented along with several other shorts. Parents and children are all welcome to attend, and are encouraged to arrive before the start of the show. After the show a one-hour social-recreation-and-game-period will be held for the children in the arena game room.

Basketball Finals

Final games of the city cage league will be played next Monday and Thursday nights in the City Auditorium. No admission is charged for these games. Winners of Monday's games will meet Thursday night for the playoff championship. The winning team will receive the Sponsor's trophy.

Adult Men's Recreation

Attendance at the Wednesday recreation sessions for men in the high school gymnasium has dropped somewhat in the past two weeks, but many are still taking part. Others are encouraged to come out and play basketball, volleyball and badminton. Starting at 7:00 o'clock and lasting until ten, these nights afford adult men an opportunity for participation in clean, wholesome recreation activity.

Miscellaneous

New games have been added and more are coming in the near future for the arena game room, which is a good place for children to spend their leisure hours. Activities continue at the toboggan slide and arena ice rink. Take advantage of these winter facilities now, because it won't be long before spring activities take over. The arena gymnasium will open soon and all boys interested in boxing are encouraged to take part in the activity. Archery and archery equipment are being talked up in the arena craft shop. Anyone interested in archery can learn a lot at the shop.

LOCAL TOWNSEND CLUB WILL MEET NEXT SUNDAY

The local Townsend club will hold its regular meeting next Sunday afternoon, March 1, at 2 o'clock in the Civic and Commerce room, it was announced today. The public is invited to attend.

MERCURY RISES AGAIN AFTER SUBZERO SPELL

After dropping below the zero mark each morning from Friday thru Tuesday, temperatures moderated materially Wednesday and again today. No snow of consequence fell during the week.

Until now we have measured war costs in terms of money. From now on we will think of those costs more and more in terms of lives. Bill Holmstrom is the first reminder to our community that no matter how great the sacrifices we may be called upon to make in our standard of living, we still have given but little. We still live. Bill Holmstrom, young, full of energy, exceptionally capable, with all that life offers to look forward to, has sacrificed everything. As time goes on there will be more reminders, brought back to us as Bill Holmstrom is brought back. The number will increase steadily until victory finally is won—until those ideals of freedom for which Bill Holmstrom sacrificed have been safeguarded. Nothing can now be done to compensate the young man who has given his life. Little can be done to comfort those to whom his death is a great personal loss. All any of us can do is carry on—do our own part well, regardless of how small that part may be—that future generations of young people may say, "Bill Holmstrom did not die in vain".

THE ODDS ARE NOT TOO BAD

Every day brings reports of ships being sunk but it is encouraging to know that most of the ships that sail reach their destinations. We came to that conclusion this week after reading a report on current insurance rates on ships and their cargoes. There is a definite relationship between insurance rates and the risks involved and insurance companies always provide for a margin of safety in quoting rates. It was somewhat surprising to us, therefore, to learn that insurance rates are still comparatively low.

A ship can be covered to its full insurable value on a voyage from San Francisco to Honolulu and return at a rate of 1½%, and from the Atlantic coast this same round trip voyage can be protected by an extra one per cent. In a voyage from an Atlantic coast or Gulf port to Mediterranean ports in Palestine, Syria, or the north coast of Turkey, a ship can be covered by a 10% rate. A cargo from an Atlantic coast port to the west coast of the United Kingdom can be insured at 7½%.

If we understand these rates correctly, under the present hazardous conditions on the high seas a person could be expected to make more than sixty trips to Hawaii and return without serious difficulty; or nine trips to Turkey; or more than a dozen trips to Britain, and possibly a hundred up and down the Atlantic coast. Of course there is always the possibility that the trouble might hit us on the first trip, but, all in all, the odds are rather encouraging.

As we look upon such things, General MacArthur deserves better of his friends than to have "MacArthur the Magnificent" hung on him. General John Pershing was "Black Jack" to those who liked him. A good soldier is entitled to a soldierly moniker. MacArthur the Magnificent could be contracted to "Mack the Mag" but we would prefer something like "Manila Mack" or "Dynamite Doug". Give the guy a break.

NO APOLOGY NEEDED

In fairness to our Canadian friends we reprint the following "apology" made by the Winnipeg Free Press following a statement made recently by the Premier of Ontario in which he questioned the valor of our navy. The Free Press editorial is typical of Canadian comment on this incident.

> "Speaking as a responsible newspaper which represents in some measure at least one section of Canadian public opinion, the Free Press takes the earliest opportunity at its command to apologize to the president and people of the United States for the insult deliberately thrown at them by Premier Hepburn of Ontario. More than once this past week, from the public platform and in a prepared statement, this man has undertaken to say that it is his opinion that the United States fleet is now "in hiding".
>
> "No excuses of this remark are possible and non will be attempted here. No one, we trust, will try to offer explanations of what Mr. Hepburn "really meant." What he meant was what he said: that the American navy was in hiding; and if anybody infers from these words that he meant the American fleet was scared of the Japs, we know no responsible Canadian who would deny that that is exactly what he had in mind. We know Mr. Hepburn very well in this country. We know him too well to try and explain his remarks away.
>
> "But it may be possible, briefly, to explain to our neighbors whom he has insulted, just what kind of man he is. If they will remember their own Huey Long of Louisiana, their own Talmadge of Georgia, and the poor deranged Zioncheck of Seattle, all figures in the public life of their own country; if they will take from each of them his most unbalanced and objectionable traits, and construct a single human character from the material thus selected, they will have before them something that is more or less like Mr. Hepburn; and their judgment of him and of us will be tempered accordingly.
>
> "The harm done by Mr. Hepburn will outpace and outlast any amends offered by Canada, but for what it is worth the apology is hereby offered."

Speaking as a responsible newspaper which represents in some measure at least one section of American public opinion, the Times is happy to say to our Canadian friends that no apology is necessary. We still have freedom of speech on this side of the line too, and in the ranks of our statesmen we, too, have a few lame-brains who froth at the mouth constantly. The vaporings of a Canadian Hepburn do not distress us nearly as much as do the tirades of our own mental runts. Think nothing of it.

Something unexpected may happen to bring the war to a sudden end but the builders of our military machine are wisely planning for a long, hard struggle. Better now that we overprepare. This is not the time for half way measures. And, that being true, it probably would be wise now to start training for military service the young men who will be the army of 1944 and 1945. Many of them are still in high school, which suggests the thought that our schools probably should start teaching some of the things young citizens of a nation at war should know.

The Japs had their party nicely timed when they threw twenty-five shells at a west coast refinery during the President's speech—nicely timed from the President's standpoint. If there still were people who looked upon Roosevelt as an alarmist, the bombing of our coast by an enemy warship must have convinced them that the dangers he has warned us of have not been entirely without foundation.

GARDEN and TABLE

By ERNEST A. PALMER
County Agricultural Agent

Pennington County has an active garden committee which has already met twice during the winter to make plans for the county garden program. Projects under discussion are a victory garden in every farm home, community hot lunch garden in St. Hilaire, Goodridge and Thief River Falls and buying of vegetable seeds in bulk. Mrs. Freeman Allen is chairman of the committee. A county-wide garden training meeting will be held in Thief River Falls on March 14 to give information to leaders of organizations of Pennington County on up-to-the-minute trends in garden work.

Best time to study the seed catalog is while the winter winds are still howling around the corner of the house. There's too much to do when spring comes; and if you have seeds and nursery stock picked and ordered, you're that much ahead.

If you are an expert gardener you won't need much advice on what varieties to select for your important victory garden. You already have your favorites. Just the same, many folks have had a lot of bad luck because they have used the wrong varieties for this particular climate, so here's a recommended list, straight from Extension Horticulturist Eldred Hunt at University Farm. Clip this out now and tack it up where you can refer to it easily:

Beets—Detroit Dark Red, Early Wonder, Crimson Globe, Early Egyptian. Cabbage— (early) Golden Acre, Early Jersey Wakefield, Copenhagen Market (late) Danish Ballhead, Penn State Ballhead, Late Flat Dutch, Chinese Chihili. Carrots— Chantenay, Red Cored Chantenay, Danvers, Nates, Early Bunch. Sweet Corn—Extra Early, Golden Gem, Pickaninny, Spanish Gold, Nuette; Early, Golden Bantam, Minhybrid 202, Minhybrid 203; Mid-season, Whipples Early Yellow, Minhybrid 201; Late, Golden Giant Evergreen, County Gentleman.

Cucumbers — slicing, White Spine, Early Fortune, Davis Perfect; pickling, Boston, Chicago, Snows, National, Mincu. Leaf Lettuce—Grand Rapids, Black Seeded Simpson. Onions— Australian Brown, Improved Globe, Danvers, Red Weathersfield, Ebenezer, Southport Yellow, White or Red Globe. Parsnips—Hollow Crown, Guernsey, Sweet Marrow. Radish—Scarlet Globe, Saxa, White Icicle, French Breakfast. Rutabaga—Long Island Improved, Purple Top, Arrowhead, White Russians. Swiss Chard— Giant Lucullus. Tomatoes—Early, Bounty, Victor, Red River, Ruby, Earliana, Allred, Bison, Pinkheart, Golden Bison, Fargo Yellow Pear, Arrowhead Special N. D. Special, Scarlet Dawn; late, John Baer, Bonny Best, Penn. State, Early Jumbo, Break O'Day.

In the above list are many old stand-bys and some new ones. Be sure to plant enough of these. In addition you might try some of the vegetables you have passed up in former years. There are both enjoyment and health in variety.

First week in March is the time to plant some of the slowest vegetable plants in indoor flats or in a hotbed. More about that next week.

GRYGLA

Large Crowd Attends Meeting

A large crowd of stockholders and patrons as well as other interested spectators attended the annual meeting of the Grygla Cooperative Creamery Association, held at the hall last Monday afternoon. The meeting was called to order by Severt Askeland, president, who called on Mrs. Adolph Erickson, secretary-treasurer, to read the minutes of the last annual meeting.

Mrs. Erickson then read and explained the detailed annual report, which included the financial condition and a statement of income and expense. Some of the more interesting and important facts of the report are very favorable. The total assets at the end of 1941 were $26,909.61, showing an increase of $1,233.51 over the assets a year previous. Total liabilities at the end of 1941 were $3,182.47 showing a decrease of $438.21 as compared to the previous year.

Total returns from butter manufactured during the past year were $96,287.37, showing an increase of $23,799.01 over the previous year. The total number of pounds of butter sold were 297,225, showing an increase of 25,752 over the previous year. The percent of overrun for this last year was 21.92, having increased .36% over the previous year. The total expense per pound of butter was 2.342c, having been decreased .111c since the previous year.

Fred Wengeler, sales manager of the Thief River Falls branch of Land O' Lakes, then gave an interesting talk, briefly outlining the history of the Land O' Lakes organization and urging his listeners to buy products under the L. O. L. label and so patronize their own brand. This was followed by a few remarks from M. K. Ellingson, local operator. Alfred Rasmusson gave a report on his trip to Minneapolis last year, where he was a delegate to the state Land O' Lakes convention. It was decided to send a delegate this year also with the board of directors choosing the delegate.

Three board members were reelected from a list of ten nominees. The three receiving the most votes were Mrs. Adolph Erickson with 64 votes; Martin Sandsmark with 18; and Athur Nordby with 40. These three together with Sam Anderson and Severt Askeland, who were held over since last year, will make up the board of directors which will be organized at a later date.

Following the meeting lunches were served to 265 people by the Carmel Ladies aid. This was a compliment of the local creamery and netted the Ladies aid a nice sum of approximately thirty-nine dollars.

Farmers Union Local Meets

The Farmers Union Local met at the hall last Tuesday evening. After the usual business meeting, Mr. and Mrs. V. F. Krute and Mrs. John Finngerman gave reports of their recent trip to Crookston. It has been decided to buy the necessary material and to organize classes for the juniors and junior reserves. All young people between the ages of 14 and 21 are urged to attend the next meeting.

The program consisted of a history of the Grygla Cooperative Store, read by Carl Halbrook; two songs by Jean Buchalz, who was accompanied by Edna Hesse at the piano and an amateur boxing match between A. Benda Isaacson and Billy Leigh. Lunch was served by the Mons Jelle family and Robert Sandberg.

Checkup Meeting

Mrs. Alfred Rasmusson and Mrs. Eelland Sandberg who are serving on the lunch committee for the checkup meeting of the home management project request that each member of every project group bring at least six cookies. The remainder of the lunch will be furnished.

This meeting will be held at the Grygla school auditorium Saturday afternoon, March 28, at one thirty. There will be a program including a technicolor film showing the modern kitchen, presented by Ada Todnem of Bemidji. Visitors are welcome.

American Bomber

A modern American bomber's construction usually requires from [illegible] contracts [illegible] parts and equipment.

[illegible] Thompson of the Minnesota Electric Welding Co. left for Hibbing Tuesday to be employed by the State Construction Co. of Duluth.

ERIE

The Dorcas Ladies aid met Sunday at the Clovermook school. A short program was given after which a business meeting was held and election of new officers. Mrs. Henry Sundadahl was chosen as president, Mrs. Gilbert Manderud, vice president; Mrs. Gilbert Hovet, secretary; Mrs. Arnold Hovet, treasurer. Mrs. Arnold Hovet will entertain the aid at her home on March 25. Don't forget the date. You are invited.

The Eklund Ladies aid will hold their March meeting Wednesday, March 4, at the dining hall. Mrs. Norman Kjel and her mother Mrs. Hanson will entertain. You are welcome to attend.

Mr. and Mrs. Norman Hanson, former residents here, but now of Fordville, N. D., motored over last Saturday for a visit with old neighbors and friends and also attended to business matters, returning home Wednesday.

Martin Knutson is seriously ill at a Thief River Falls hospital.

Mr. and Mrs. Paul Ondal motored to Mekinock, N. D. where they visited the latter's grandma, Mrs. M. Jorde.

Mr. and Mrs. Theo Sorenson and family and Mrs. Thom Peters of Bagley motored over Sunday to visit with Harry Johnson and Alfred Swartz also to attend Gospel meeting in the Clovermook school house.

Mrs. Mordy Morrison and son Dennis are visiting with her parents near Hallock. Mordy's mother is housekeeper during her absence.

Mr. and Mrs. Knute Danielson received word that their daughter Clara who has been staying with her grandmother, Mrs. Tofteland at Valhalla Centre, Alberta, Canada the past year was recently married to Jack Wells of that place. Mr. Wells is serving in the Canadian army.

Buster Anderson, who has been employed for the past month in Minneapolis, arrived Friday from Grand Rapids accompanied by his aunts, Mrs. Adolph Sita and Mrs. Arthur Silvas and son John who spent the week end with relatives here. The group returned Sunday to Grand Rapids, where Buster will now be employed in the Blandin Paper Mill.

Rocksbury Pioneers

This past week two of Rocksbury's old pioneer have been taken away from us. Mrs. Peter Thune who passed away on Tuesday evening at her home in Thief River Falls was a pioneer of what was known as the "Fraction" adjoining Rocksbury before it was called Smiley. Mrs. Thune was always smiling whenever you talked with her and she will be sadly missed by her immediate family and all her friends.

On Wednesday morning 12:15 a. m. Mrs. Sena Larson passed away at the home of her daughter Mrs. Mons Fogelstad. Mrs. Larson suffered a stroke on Saturday morning, she was unconscious until her death except for a few moments on Sunday. Mr. Larson and her husband homesteaded on the farm known as the old Seeland place. She was sweet, kind and always doing something for others. These two grand ladies will be sadly missed by all who knew them.

PAIRING OF TEAMS IN SUB-DISTRICT MADE LAST NIGHT

First Basketball Tourney Slated at E. G. Forks March 4, 5, 6

Pairings in the District 31 subdistrict basketball tournament, to be held in East Grand Forks, March 4, 5 and 6, were made Wednesday night at a meeting of the district athletic committee in East Grand Forks, Supt. Morris Bye, chairman, announced today. Serving with Mr. Bye are Supt. Arnold Eid of Oslo and Supt. E. R. Edwards of Fisher.

Forming one bracket in the first round of contests will be Climax vs. Alvarado and St. Hilaire vs. Plummer, while the other bracket includes Fisher vs. Goodridge and Red Lake Falls vs. Oslo.

Pairings in the district tourney at Crookston March 11, 12 and 13 depend on the final standings of the four larger schools, which now rank as follows: Warren, .800; Crookston, .800; Thief River Falls, .400; and East Grand Forks, .333. A victory over Crookston Friday night will give the Prowlers second place in the standings.

In the district event the first place winner among the four larger schools will meet the team ranking fourth in the subdistrict tourney; while No. 2 among the larger schools will meet No. 3; No. 3 will meet No. 2; and No. 4 will play No. 1.

Improved Prowler Quintet Now Winding up Season's Schedule

Displaying a marked improvement in their performance in recent games as compared to earlier in the season, the Lincoln high school Prowlers are now winding up their schedule, preparatory to entering the district tournament, in which the local quintet again plays the role of defending champion.

Shown in the picture above are, left to right, back row: Bill McKechnie, Milton Reierson, Gordon Presby, Norman Furuseth, John Campbell and Coach Harry Newby.

Center row: Robert Paulson, Robert Powell, Homer Matheson, Orlin Gjernes, Lenny Lorentson, and Robert Biddick, student manager.

Front row: Donald Michalsky, Robert Abbott, Jack Melby, Orrin Pederson, Robert Wright and Mark Levorson.

PROWLERS DEFEAT BEMIDJI TEACHERS RESERVES 43 TO 19

Meet Crookston Friday in Last Pre-Tournament Contest

Out-speeding their bulkier opponents Coach Harry Newby's Prowlers rolled through the B. S. T. C. reserves for a 43 to 19 win Friday night. In addition to piling up their season's highest score, the Prowlers continued to play strong defensive ball, holding the Beaver reserves to five field goals.

The Prowlers will conclude their district competition Friday when they engage the Crookston Pirates in an important game on the Pirate floor. A triumph for the locals will clinch at least a tie for second place in the district standings; while a loss will shove the Prowlers into a fourth place deadlock with the East Grand Forks team.

Gjernes' free throw; Campbell's one-handed shot from the lane; Gjernes' close shot, on a pass from Campbell; and Lenny Lorentson's left-handed shot, after a floor length dribble, bounced the Prowlers into a 7 to 0 lead Friday night. Jack Melby's two tip-in shots, on rebound plays; and Orrin Pederson's under-the-basket goal, gave the locals a 13 to 5 first period lead. Free throws by Kermit Bergland and Art Emme, and Jim Thomas' field goal accounted for the Bemidji points.

The Prowlers, clicking on their fast break plays, increased their lead in the second period on field goals by Gjernes, Reierson, Melby, and Wright, and free throws by Campbell, Melby and Powell. The Prowlers holding a 24 to 9 lead at the intermission.

Campbell's two field goals, Melby's one-handed tip-in shot and free throw, and Reierson's two gift tosses, pushed the Thief River lead to 33 to 13 at the end of the third period. The final period found field goals by Homer Matheson, Rud Eide, Campbell, Pederson, and Melby, lifting the Prowlers game score total of 43 points.

Jack Melby, Johnny Campbell, and Orlin Gjernes turned in outstanding games for the Prowlers, with Gjernes playing a fine all-round game. Melby with 12 points won the game's high point honors, with Campbell being the runner-up with 9 points. Short, chunky Jim Thomas proved to be the most effective player on the B. S. T. C. reserves club.

In a preliminary game the sky-scraping Junior quint, with Bob Abbott collecting 13 points and Pete Michalsky marking up 12 points, trounced the Freshmen-Sophomores, 43 to 24.

Bjorkmans Toggery Men Take Prowler Reserves into Camp, Score 41-29

The injury-ridden Bjorkman's Toggery out-scored the Prowler reserves, 41 to 29, in game played on the high school floor Thursday night. Red Eide, with a broken collar bone, and Jewell Stadum, with a broken arm, were out of the Bjorkman's line-up; and during Thursday night's contest Jimmy LaFave, in a tumble, received a chipped knee. Del Daly led the Toggery scorers with 16 points, while Bob Wright and Bob Abbott, each with 6 points, were the reserves high scorers.

H. S. WRESTLERS TO COMPETE IN 2 WEEK-END TILTS

Meet Gonvick in Local Gym Friday Night, and Go to Plummer Saturday

The Thief River Falls young high school wrestling team will wind up its season with two matches this week end. On Friday evening of this week they will take on the strong Gonvick high school team coached by Cliff Gustafson heavy weight professional wrestler in the high school gymnasium starting at 8:00 p. m. This match is for the regional championship and trophies and medals will be given out to the winning participants.

On Saturday evening the local boys will journey to Plummer to compete with wrestlers from that territory. This match will be held in the Plummer auditorium starting at 7:30 p. m.

In both shows ten regulation length bouts will be put on.

Sportsmen's Club Plans March Meeting Tuesday

The March meeting of the Pennington County Sportsmens club is scheduled for next Tuesday evening, March 3, in the Civic and Commerce rooms, William Borchert, secretary, announced today. Committee appointments will be announced, and the annual crow hunt will be brought up for discussion. Lunch will be served at the close of the meeting.

Crookston Downs Locals in Midget Hockey Game

The Thief River Falls Midgets dropped a 5 to 3 decision to the Crookston Midgets in a hockey game played at Crookston Saturday morning. Scoring for the local sextet was done by Allen Thompson, center, who marked up two goals, and Wes Hovie. Lloyd Johnson and Bobby Olson were credited with assists.

Hornets Enter Roseau Tourney Friday Night

As a tune-up for their participation in the state high school hockey tourney at Roseau on Friday and Saturday, the Hornets scored two well-earned triumphs during the week, defeating Warroad, 5 to 1, in an overtime game at Warroad on Thursday, and scoring a 6 to 5 win over Roseau in an exciting game on the Arena ice Saturday night.

The Hornets will meet the Warroad team in a first-round game at Roseau on Friday night, with the faceoff scheduled for 8:30 p. m. If the locals defeat Warroad, and they are favored to do so, they will meet the highly rated Eveleth team, which drew a first-round bye, in the semi-finals. Baudette vs. Hallock, and Roseau vs. Williams, are other first round games.

In one of the fastest games of the season, the Hornets, exploding for three goals in the final period, defeated Coach Babe Paulsen's Roseau high school team, 6 to 5, here Saturday night. After Lloyd Johnson had poked in a first period rebound, Roseau's Gene Kafka and Don Hedlund tallied goals to give the green-and-white clad northerners a 2 to 1 first period lead. Bob Baker's rebound shot and Jug Snelling's counter knotted the count at 3-all; but just at the second period's close Kafka, on a solo rush, scored to give Roseau a one-goal lead.

Opening the final period Jimmy Alley boosted the Roseau lead to [illegible] when his shot from the red line found the corner of the net. Johnny Eftelund's second shot cut the Roseau margin to a goal; and Johnson's marker tied the game and gave Mouse Eftelund his opportunity to score the winning tally. Mouse, who received credit for four assists and a goal during the contest, played an outstanding game for the Hornets. Defenseman Marlyn Dorn, too, performed effectively in checking the Roseau rushes.

Johnny Eftelund's goal in the first second of play gave the Hornets their overtime win over Warroad in a slam-bang hockey game played on the Warroad ice Thursday. Scoring for the locals was done by Mouse Eftelund, Lloyd Johnson, and Johnny Eftelund, who counted three goals during the contest. Warroad's goals were chalked up by Dick Roberts, who accounted for two tallies, Cordy Christian, and [illegible] Stoskopf.

Individual Scoring Records of Prowlers

Forward Johnny Campbell and center Jack Melby are in a nip-and-tuck battle for the Prowlers' individual scoring honors, with "Soup" holding a meager 3-point margin over Jack. In twelve games Campbell has accumulated 75 points, while Melby, also in twelve games, has collected 72 points. Lenny Lorentson is the squad's "bad man," having been charged with 34 personals.

SOME FARMERS TO BE ELIGIBLE FOR NEW AUTOMOBILES

Washington Announces Preliminary Details of Car Rationing

Farmers, if they have no other means of transportation, defense workers, taxi operators, and essential traveling salesmen will be eligible to buy new automobiles under rationing regulations announced Saturday in Washington.

Aside from these groups, the eligible list follows in general that for rationing of new tires and includes physicians, visiting nurses, fire fighters, policemen and others regarded as essential to production of safety and health.

No one will be permitted to buy a new automobile, however, unless the local rationing board is satisfied that the applicant's present car is not adequate for the duties he performs.

Rationing is effective March 2 and will govern the sale of the 340,000 new automobiles made available for distribution this year.

"The office of price administration directed that local rationing boards require an applicant to prove his need for a new car in the light of conditions peculiar to his community, and officials predicted that, with less than ten per cent of last year's automobile production available for sale during the next 12 months, "many persons on the eligible list will not be able to get a new car."

Army Asks Volunteers for Parachutist Duty

The U. S. Army is now accepting volunteers directly from civilian life for training as parachutists, Sgt. John E. McCurdy, Armory Bldg., Bemidji, said today. The age limits for enlistment for parachute training have been set at 18 and 30. Physical requirements include good vision, sound physique and weight under 185 pounds.

In enlarging its reservoir of trained parachutists who undoubtedly will receive some of the most daring assignments of the war, the Army is drawing volunteers from among those who already are in the Army as well as enlisting civilians especially for parachute training, he said.

Civilians who enlist for parachute training will undergo the regular basic training period given new soldiers, and thereafter will be sent to Fort Benning, Georgia, where parachute troops are trained.

DRAFT LOTTERY IS SCHEDULED TO BE HELD MARCH 17TH

February 16 Registrants to be Given Their Order Numbers

The nation's new draft lottery was fixed Monday for March 17—St. Patrick's day.

And there will be green capsules to hold the numbers that will decide the order in which between 8,000,000 and 9,000,000 more men will be subject to call for possible military service.

There was an indication that some of the latest registrants might get their call to the colors relatively soon. Selective service officials hinted at that when they said new registrants need not expect a call for about two months after the lottery.

The lottery—the first wartime draft drawing since 1917—will be conducted in much the same manner as the two previous selective service drawings. Once again the goldfish bowl of the 1917 draft board will hold the capsuled numbers, and blind-folded government officials will pick them out one by one.

The drawing will affect only those men who registered on Feb. 16, when all men from 20 thru 44 and not already registered signed up with their local draft boards.

ABANDON PLAN TO COMPENSATE MEN MADE IDLE BY WAR

Governor Stassen Opposes Project in Washington Last Week

Back in St. Paul this week after a trip to Washington, Governor Harold E. Stassen was able to report that the administration plan for compensating war displaced workers, which he said would injure and impede the nation's war effort and make it difficult for farmers in Minnesota and other states to get farm labor, has been abandoned.

The house ways and means committee tabled the bill, following a hearing at which a committee of governors led by the Minnesota chief executive pointed out objections to the plan, and Stassen on his return expressed belief that it cannot be revived in anything like its original form.

Chairman of the National Conference of Governors, Stassen told the house ways and means committee that the nation's governors almost unanimously were opposed to the plan provided in the bill. The bill, advanced by Administration forces, would have appropriated $300,000,000 to supplement present state unemployment compensation benefits for workers temporarily unemployed, as a result of war time conversion of industry, for a maximum 26-week period.

"America in this dark hour can't afford to put a premium on idleness," Stassen said in his appearance before the committee. "The plan is so extreme that it would endanger even the most solvent funds. Funds would be distributed under the bill whether the individual needs the money or not.

"Our farmers in particular would be affected adversely. Farmers are having great difficulty now getting men to replace their sons and farm workers who are going into service. Under this bill they would be forced to compete with a system that pays displaced workers for 26 weeks of idleness. We should do nothing that will make it harder for farmers to obtain the help needed. There must be a constant availability of manpower and womanpower to step into any task."

State VFW Will Banquet in St. Paul on Saturday

The Minnesota department of the Veterans of Foreign Wars will hold its 40th annual banquet Saturday, February 28th, in the Hotel Lowry, in St. Paul. Veterans and auxiliary members from all sections of the State are expected to attend the affair. District Commander Isidor Rosen, St. Paul, general chairman, states. The speaker of the evening will be Robert B. Handy, Jr., adjutant general of the National Organization. J. M. Jorgensen, Department Adjutant, will officiate as Master of Ceremonies.

INCOME TAX FACTS

Supplied by the Bureau of Internal Revenue

Taxes due on a return filed for the calendar year 1941 may be paid in full at the time of the filing of the return on or before March 16, 1942. The tax may, at the option of the taxpayer, be paid in four equal installments instead of in a single payment, in which case the first installment is to be paid on or before March 16, the second on or before June 15, the third on or before September 15, and the fourth on or before December 15, 1942. If the taxpayer elects to pay his tax in four installments, each of the four installments must be equal in amount, but any installment may be paid, at the election of the taxpayer, prior to the time prescribed for its payment. If an installment is not paid in full on or before the date fixed for its payment, the whole amount of the tax remaining unpaid is required to be paid upon notice and demand from the collector.

The tax must be paid to the collector of internal revenue for the district in which the taxpayer's return is required to be filed, that is, to the collector for the district in which is located the taxpayer's legal residence or principal place of business, or if he has no legal residence or principal place of business in the United States, then to the Collector of Internal Revenue at Baltimore, Maryland.

The tax due, if any, should be paid in cash at the collector's office, or by check or money order payable to "Collector of Internal Revenue." In the case of payment in cash the taxpayer should in every instance require and the collector should furnish a receipt. In the case of payments made by check or money order, however, the cancelled check or the money order receipt is usually a sufficient receipt.

SMILEY

The Smiley people who knew and loved that dear lady, Mrs. Peter Thune, are deeply grieved at her passing. She was a wonderful woman, that Mrs. Thune, and memories of her great personality and her many kindnesses will be enduring. She, with her husband, were one of the pioneer couples of Smiley, having come to settle the homestead when this territory opened. *Side by side she toiled with her* husband in making what later became a very profitable farm. They raised a large family besides. Several years ago the Thunes retired from active farming and built a beautiful bungalow in town to which they moved. Mrs. Thune loved everyone, especially little children for whom she always had a special "goodie". For older folks there was always a smile or a good deed. She will be missed, that dear lady, who has only moved on to that final "Resting Haven".

Sunday visitors at the Walter Lendobeja home were Mr. and Mrs. Ted Lendobeja and son Glenn of Kratka.

MARSHALL COUNTY EXPENDS $147,015 ON HIGHWAYS IN '41

County Engineer H. Swanson Submits Annual Report for County

Marshall county spent $147,015.82 on state aid and county aid highway construction and maintainance during 1941, H. T. Swanson, county highway engineer, revealed in his annual report to the county board of commissioners, released for publication last week in the Warren Sheaf.

Expenditures on the county aid system totaled $86,481.90 while state aid system expenditures totaled $60,533.83 during the past year.

During the year only $1,361.90 was spent for construction work on the State Aid system with maintainance costs totaling $31,645.62. General expenditures for the system totaled $22,714.15 which included township appropriations, expenses for county garages, payments on equipment, gravel pits, snow fences, insurance, tires, truck operation and numerous other items. Engineering expenses totaled $4,812.10 which included salaries of the engineer and assistant, mileage and engineering supplies.

Practically all of the road construction work in the county was done on the county aid system out of gas funds which totaled $42,408.10, while maintainance on the county aid system totaled $38,712.60. Engineering expenditures were $4,187.57.

The average maintainance costs on the county aid system was $70.12 per mile while the routine maintainance average was $30.79 per mile. Snow removal average costs last year was $11.64 per mile while the average for cutting brush and weeds was $4.99 per mile.

Highway Patrol Halts 5,561 Offenders During January in Minnesota

Minnesota state highway patrolmen intercepted 5,561 violations of the state traffic laws during the month of January and made 866 arrests for traffic offenses, virtually all of which were endangering life and property.

Elden Rowe, patrol chief, in his first monthly report for 1942 to Highway Commissioner M. J. Hoffmann, disclosed that in spite of nationwide appeals for the conservation of man-power and property, 148 motorists were arrested in January for driving at excessive speeds, 111 for running thru stop signs, 94 for careless driving, 52 for improper passing and 12 for driving over the centerline. Sixty-five motorists, 20 less than in January of 1941, were apprehended driving while drunk, but 141 were taken into custody for driving vehicles with dangerously improper equipment.

On the other side of the public service ledger, highway patrolmen gave aid to 2,654 motorists during the month. This included 20 cases of first-aid to injured persons, minor adjustments or repairs to 1,120 stranded vehicles, and pulling 80 cars out of ditches. Lights were tested on 1,071 vehicles and 8,343 drivers licenses were checked.

Emergency Crop and Feed Loan Supervisor Offers Service to Farmers Here

E. C. Anderson of Crookston, district supervisor of the emergency crop and feed loan office, called here this past week to explain to War Board officials, AAA office and the county agent the things his office can do to aid all-out production for this crop year. Mr. Anderson states his office has funds to loan to eligible farmers at 4 per cent interest to finance crop production which includes such items as seed, feed, gas and oil, twine, and necessary expenses for repair of farm machinery. Mr. Anderson also made arrangements with the County Agent's office at Thief River Falls to take applications for loans from those desiring this service.

As in former years his office requires as security for such loans a first lien on the crops to be financed.

Mr. Anderson urges all interested in the service offered to contact the County Agent's office at as early a date as possible to complete necessary papers and further suggests that wives accompany husbands as their signature is likewise required.

Haviland

Haviland is a French china made in Limoges from the middle of the Nineteenth century until the present time. Within the past few years a Haviland factory has been established in the United States. The china made by Haviland is white, hard and translucent and typically with an underglaze decoration that is very delicate in style.

9,916 WERE HURT DURING 1941 IN STATE TRAFFIC

Seventeen Were Injured and Two Killed in Pennington Co. Accidents

Traffic accidents, virtually all of which could have been prevented, brought broken bones, searing cuts, concussions and other personal injuries to 9,916 persons in Minnesota in 1941, in addition to the 615 who lost their lives in motor vehicle and pedestrian tragedies.

Seventeen of the personal injuries reported to the state highway department and two of the fatalities occurred in Pennington county. Five of these were seriously injured and 12 suffered hurts of a less grave and lasting nature. Twelve were hurt and one killed in Marshall county.

The traffic accident toll in the state's three most heavily populated counties was: Hennepin, 2,625 injured and 82 killed; Ramsey, 1,181 injured and 44 killed; St. Louis, 717 injured and 57 killed.

Although many 1941 accidents still were under investigation and a complete tabulation of accident causes will not be available for some time, safety officials of the state highway department and the Minnesota safety council said that the great bulk of the deaths and injuries reported were generally due to one of the following causes:

Improper pedestrian action included crossing streets and highways other than at intersections; walking on the roadway in the same direction as vehicular traffic, instead of to the left of the roadway facing traffic, as prescribed by law; disobedience of traffic signals at intersections; slipping into roadway from behind parked cars.

Improper motorist action included driving at speeds too great for conditions, that is, the condition of the roadway, the vehicle, its lights, brakes or tires, the driver, or the limits of visibility; driving over the centerline or on the wrong side of the road; improper passing, without a clear site distance ahead; following too closely behind a vehicle ahead; disregard of warning signs, stop signs and traffic signals; failure to yield right of way; mechanical defects, such as faulty brakes and steering gear, improper lights, or failure to dim lights when meeting approaching cars.

Our Cost of Living
HAS BEEN GOING UP, TOO!
WAGES constitute almost half the cost of providing telephone service. In the past five years total wage payments in Minnesota to employees of the Northwestern Bell Telephone Company and its subsidiary, The Tri-State Telephone and Telegraph Company, increased thirty-one per cent.
Taxes are another important item of expense. In the last five years taxes chargeable to our Minnesota operations increased eighty-seven per cent. Other telephone expenses have also increased.
At the present relatively low rates, revenue resulting from a larger volume of business has not been nearly enough to offset the substantial increases in wages, taxes and other telephone expenses. This is our situation TODAY.... and there are many indications that the full effects of rising costs are still to come.

RATIONING OF AUTOMOBILES NOW IN EFFECT

Sale of New Cars Will be Restricted to Only a Few Groups

ALLOCATION BOARDS TO HANDLE PROGRAM

Only 2,503 New Automobiles Available in State This Spring

Rationing of automobile purchases went into effect throughout the state this week under stringent regulations, laid down by Price Administrator Leon Henderson, which will restrict car sales even more drastically than tire allocations.

Few persons will be able to buy cars, T. G. Driscoll, state director of commodity allocation, indicated. Reviewing instructions forwarded by Henderson's office, Driscoll said that only persons engaged in certain essential services will be able to purchase new cars and that they must prove their need in the light of conditions in the locality where they live. Further than this, all persons in the groups considered eligible may not be able to get new cars, he pointed out, owing to the small number of cars that will be available for sale.

Only 2,503 new cars, will be available for sale in the whole state during March, April and May under the quotas laid down by Henderson's office. The Pennington county quota is eleven, and Marshall county 17.

"This means that the commodity allocation boards must study carefully all applications and potential needs in their communities," Driscoll said, "and, if quotas seem insufficient to reach all expected applicants on the eligible list, give preference in their allotments to maintenance of transportation for persons engaged in important community and war services."

Persons eligible to purchase new cars, under Henderson's regulations, include; Physicians, nurses, farm veterinaries and ministers requiring cars to carry on the work of their profession; men engaged in fire and police services and officers enforcing public health and safety laws where cars are necessary to perform such services; persons requiring cars for mail services; taxi services where other transportation is inadequate; persons requiring cars for transportation to factories or plants engaged in war work, construction or highway work; persons requiring cars for transportation of supplies and produce to and from farms, and some few other groups.

No certificate for purchase of a new car can be issued by the commodity allocation board for any of these purposes, however, unless the applicant proves to the board that use of the automobile is necessary to perform such services, that he must have a new automobile, and that the car will perform services sufficiently valuable to the community and the nation to justify its operation, in view of the shortage of cars and the demand from others in the community who are eligible. Certificates will not be granted, it was indicated, where other transportation is available and adequate.

GOLF CLUB PLANS ANNUAL MEETING MONDAY EVENING

EVANS OF MIDDLE RIVER NAMED HEAD OF DIST. 17 L. O' L.

Succeeds Stuart McLeod at Annual Convention in Roseau

E. M. Evans of Middle River was elected president of district 17, Land O' Lakes creameries, at the annual convention in Roseau Wednesday. There are 29 creameries in the district and 2,000 persons attended the session.

Other officers are F. S. Erdman, of Red Lake Falls, first vice president; Elis Grahn of Roseau, second vice president; Elmer H. Lee of Fosston, secretary, and Lars Larson of Oklee, treasurer.

Evans replaces Stuart McLeod who is ill and was unable to attend the meeting. Mr. McLeod had headed the district for nearly twenty years. Larson replaces E. D. Rydeen of Clearbrook.

John Brandt, Land O'Lakes president, was the principal speaker. He stressed that there is no shortage in agricultural production and said labor shortages were being caused by workers being lured to industrial centers by prospects of higher wages. Brandt backed parity prices for farm products and warned the farmers that now is a time for "straight thinking".

WADE TELLS C & C OF SOO PASSENGER SERVICE FOR CITY

Car Shortage Prevents Augmented Service Now, He Announces

At the Civic and Commerce association luncheon last Thursday noon, W. W. Wade, division superintendent of the Soo Line, discussed passenger service in and out of Thief River Falls, pointing out that there is little possibility of the service being augmented at an early date owing to the shortage of passenger coaches thruout the nation.

Kittson County Agent Howard Grow of Hallock, formerly of this city, told of an acute shortage of labor on the large farms in Western Kittson county. Clarence Sjolander, in charge of the federal employment office here, stated that no marked shortage had developed to date in Pennington county when going wages are offered.

Paul A. Lundgren, county chairman in charge of defense bond sales, reported that good progress is being made in putting the payroll reduction plan into effect in this community.

Registration for Sugar Rationing Late in March

Price Administrator Henderson stated this week that registration for sugar rationing books will be held over a four-day period, probably during the last week in March. Approximately 1,400,000 school teachers will serve as registrars, and 245,000 schools will be used. One adult may register for each "family unit."

FIRST NUTRITION MEETING SET FOR CITY WEDNESDAY

Specialist from "U" Farm Will be Present to Lead Discussion

The first in a series of three monthly meetings on the nutrition program will be held in Thief River Falls on Wednesday, March 11 and at Goodridge on March 12. Both meetings will start at 10:00 a. m. In the forenoon, Mrs. S. E. Hunt, home and community chairman, in charge of the nutrition program states that all organizations in the county not as yet enrolled in the project are urged to secure their leaders to attend the meeting and secure the information to present to their local groups.

The first meeting is entitled "Right Foods Put More Life into Living". A specialist from University Farm, St. Paul will be here to discuss this topic with the leaders and give them material which they can present to their local groups.

The county nutrition program is part of a state and nation wide nutrition program in connection with the war effort.

Military Rites Held for Sgt. Kenneth Holmstrom

The Community church was packed to capacity last Saturday afternoon, when funeral rites were conducted by Rev. S. S. Olafsson for Sergeant Kenneth W. Holmstrom, who lost his life in a bomber crash February 20 near McChord Field in Washington. Members of Elmer J. Eklund post of the American Legion provided an escort and color guard, and carried out full military rites at the cemetery, including the firing of a volley over the grave.

HORNETS TAKE FIRST PLACE IN STATE TOURNEY

Win High School Championship in Event at Roseau Saturday

WHIP BAUDETTE 4 TO 1 IN DECIDING CONTEST

Locals Score 1 to 0 Victory Over Eveleth in the Semi-Finals

The Thief River Falls Hornets made hockey history at Roseau Friday and Saturday when they defeated Warroad, Eveleth, and Baudette to win the state high school hockey championship. The Hornets trounced Baudette, 4 to 1, in the championship finals Saturday night after edging out Eveleth, 1 to 0, in the semi-finals Saturday afternoon, and defeating Warroad 6 to 5, Friday night in a first-round game.

Baudette, with a 7 to 1 triumph over Hallock and a 6 to 5 victory over Roseau, won the finals position opposite the Hornets, and the two teams faced-off for the championship at 9.00 p. m. After a scoreless first period, with both teams forced to play bruising hockey because of the "heavy" ice, Lloyd Johnson, at the 11:59 mark in the second period, poked Mouse Efteland's rebound past goalie Bob Small, who had sprawled out on the ice in front of the south goal in making the save on Mouse's shot.

The Hornets, out-skating and out-playing the game-weary Baudette team, "iced" the game in the opening minutes of the final period. Mouse Efteland, two minutes after the start of the final stanza, picked the puck off Ray Wilson's stick at the Hornet blue-line, boomed up the west side-boards, swept past the Baudette defenseman at the Baudette blueline, carried the rubber to the goal-mouth, feinted goalie Small to the side of the net, and then flipped the disc into the laces for the Hornets second tally. A few minutes later Lloyd Johnson and Johnny Efteland combined to bring the locals score to 3, when Lloyd, from a scramble in front of the Baudette goal, bounced Johnny Efteland's rebound into the net.

Keith Corrigan averted a Baudette shut-out when, on a face-off near the Thief River goal, he slapped a hard drive past Johnny Robarge for the lone Baudette counter. Johnny Efteland, on a break-

10 Teams Enter 40 & 8 Hockey Tourney Here

Ten of the fastest high school teams in the northwest will compete Friday and Saturday in the annual 40 & 8 state high school and Red River Valley hockey tournament, which will be played on the Arena ice.

Thief River Falls, the newly crowned state high school champions, will meet Bemidji at 11:00 a. m. Friday in the tourney's opener. At 1:00 p. m. Roseau will play Crookston Central. At 3:00 p. m. Crookston Cathedral will oppose St. Michael's of Grand Forks. 4:30 p. m. will find Warroad and Hallock on the ice; and at 7:00 p. m. Eveleth and Williams will face-off. At 8:30 p. m. Friday night the winner of the Thief River Falls vs. Bemidji game will play the winner of the Roseau vs. Crookston Central game.

The semi-finals are scheduled for Saturday afternoon, with the games being slated for 2:30 p. m. and 4:00 p. m. The championship finals will be played Saturday night at 8:30, with a consolation game at 7:00 p. m.

In addition to the five trophies that are being offered as prizes, the association will present the following awards: $50.00 in hockey equipment to the first place winner; $25.00 in hockey equipment to the runner-up. The host team, Thief River Falls, will not compete for the merchandise prizes.

Pennington Co. District Court Jury Disposes of First Case Wednesday

After deliberating from 11:30 in the morning until 3:30 in the afternoon Wednesday, a petit jury in Pennington county district court returned a verdict finding Chester Evenson innocent of a paternity charge. The second case calling for jury consideration was that of Verna Schmitz vs. Schuyler Schmitz, arguments in which were being completed today. Raymond Leach and Gilbert Amlot pleaded guilty to a grand larceny charge, and were given suspended jail sentences following their promise to make restitution. Pleading guilty to a charge of illegal sale of intoxicating liquor, Jay Ralston was ordered to pay a $50 fine and was given a suspended jail sentence.

LEGION ORGANIZES FOR 9TH DISTRICT CONVENTION HERE

W. E. Dahlquist Is Chairman in Charge of General Arrangements

At a meeting last Thursday night of the executive board of Elmer J. Eklund post of the American Legion, W. E. Dahlquist was named general chairman in charge of arrangements for the Ninth district Legion convention to be held in Thief River Falls June 13, 14 and 15.

A. F. Berge was named convention treasurer, and Dr. A. R. Hulbert, Legion post adjutant, was appointed secretary. First appointments announced by Chairman Dahlquist include George W. Werstlein, chairman of the budget committee, and Emmett Wright, chairman of the music committee. Other appointments will be announced later.

The entertainment program to be arranged for the convention was discussed at the meeting, but definite plans were deferred. A letter was read from William Radcliffe, Canadian secretary of the International War Veterans alliance, expressing the hope that at least 100 Canadian veterans would attend the IWVA reunion here in connection with the Legion convention.

DRAFT BOARDS TO ARRANGE SERIAL NUMBERS MONDAY

All Men Listed in the Third Registration Will Get Numbers

Minnesota selective service boards have been instructed to schedule board sessions for Monday, March 9, for assignment of serial numbers to some 170,000 Minnesota men aged 20-44, who registered beginning Feb. 14 for possible military training.

Each board is being instructed to place all "T" cards (for third registration) face down in one stack. The cards will be shuffled, then given serial numbers beginning with 1.

In the national lottery in Washington March 17, which will be conducted precisely as were the two previous lotteries, holders of serial numbers will learn in which order they will be called for possible training.

DIST. 17 CREAMERY REPORT GIVEN BY FIELDMAN LAGER

Ben Hurner of Gonvick Again Winner of Efficiency Contest

John Lager, Land O'Lakes fieldman in District 17, submitted to the district convention in Roseau Wednesday a comprehensive report dealing with all phases of operation of the 29 member creameries in the district.

In his report Mr. Lager revealed that Ben L. PTA NOTES 45TH ANNIVERSARY OF NATIONAL GROUP

Well-Presented Skit Marks March Meeting Monday Evening

The program at the March meeting of the Parent-Teacher association Monday evening in Lincoln high school auditorium centered around the observance of the 45th anniversary of the founding of the National Congress of Parents and Teachers. Mrs. G. L. Biddick arranged the program, and E. B. Benson, president of the association, conducted the meeting.

Following recorded messages from past presidents of the organization, a skit "The Lighting of the Candles", was presented in which members of the cast exemplified the objectives of the national congress, including the home, child health and hygiene, safety, equalized educational opportunity, protection of human values, and natural resources, vocational adjustment, constructive use of leisure time, civic responsibility and active spiritual faith.

Those taking part in the presentation included Mrs. Jeanette Wright, Mrs. H. O. Chommie, Mrs. John H. Lindenmayer, Mrs. H. O. Berve, Mrs. David Fast, Mrs. L. W. Rullen, Mrs. Roy Strubie, Mrs. G. H. Mayer-Oakes, Mrs. T. C. Orme, Mrs. Arthur Berg, Miss Judith Lockrem, Miss Lyda Batten and the high school girls sextet.

The program also included a motion picture explaining how the ear functions. Lunch was served at the close of the evening.

Meet the Hornets, State High School Hockey Champions

Presented above are members of the Thief River Falls Hornets sextet, Lincoln high school hockey team which last week-end at Roseau distinguished itself by winning the state high school hockey championship. The boys, coached by Walter DePaul of the high school faculty, have provided local fans with a lot of entertainment during the season, which ends with the 40 & 8 tournament in the arena Friday and Saturday. Shown, left to right, back row, are Coach DePaul, Bob Baker, Bonnie Wolfe, Marlyn Dorn, Luke Langevin, Captain Douglas Snelling, Lester Vigness, John Efteland and John Baker. Front row: Lloyd Johnson, Morris Efteland, John Robarge and Don Wange. George Effinger, also a member of the team, was not present when the picture was taken by the Times photographer.

Nuptial Vows of Gudrun Solheim-Clifford Lunke Spoken at Glendale, Cal.

Miss Gudrun Rosella Solheim, daughter of Mrs. Mary Solheim of Thief River Falls, became the bride of Clifford Myron Lunke, son of Mr. and Mrs. Hilmer Lunke, also of this city at a ceremony performed by Rev. James Whitcomb Brougher Sr. on Sunday, February 22 at 2:30 p. m. at the home of Mr. and Mrs. Harry Graham of Glendale, Calif.

Before the vows were exchanged, Mrs. Arthur Taraldson Sr., of Duluth sang "I Love You Truly", following which Mrs. Earl Nicholson, nee Mae Wilson, played the wedding march from Lohengrin as the bridal party took their places beneath an archway facing the fireplace, on either side of which were large white baskets of gladiolas, delphiniums and larkspur against a background of ferns. On both sides of the mantel were bouquets of iris and daffodils.

A powder blue silk alpaca afternoon dress cut along princess lines with accents of brown was worn by the bride. Her accessories were of brown and she wore a shoulder corsage of gardenias. Her only jewelry was a gold locket, a gift of the bridegroom. Her bridesmaid, Miss Lois Graham, wore a corsage of gardenias and sweet peas. Russel A. Walsberg, formerly of this city, was best man.

Approximately thirty guests witnessed the ceremony after which a reception was given in honor of the couple. A beautifully decorated three-tiered wedding cake topped with a silver bell and miniature bride and bridegroom graced the table.

Both the bride and bridegroom were graduated from the Lincoln High School with the class of 1939. Before going to California, the bride was employed as a stenographer and bookkeeper for the Northern Farmers Cooperative Exchange. Her husband attended the state teachers college in Bemidji for two years and during this time received his civil pilot training license. He is now employed at the Vega Airplane Corporation at Burbank. The couple are at home at 301 West Colorado Street, Glendale, Calif.

Former local residents who were present at the wedding were Mr. and Mrs. Earl Nicholson, LaVern Engelstad, Andy Lang, and Russel A. Walsberg.

William Rose Wedding Takes Place in Chicago

The marriage of Miss Lucille Austin of Minneapolis, daughter of Mr. and Mrs. Henry Austin of that city, and William Rose of Chicago, Ill., son of Mr. and Mrs. C. R. Rose of Thief River Falls, took place in Chicago on Tuesday, February 24. The single ring vows were exchanged in the evening in the chapel of George Williams College where Mr. Rose is a student, and the vows were read by one of his instructors. "Near the Cross" and "O Promise Me" were sung before the ceremony by a former classmate of the bride. Lohengrin's wedding march was used.

The bride wore an afternoon dress in three shades of blue with matching accessories and a shoulder corsage of roses, cornflowers, and sweetpeas. Her bridesmaid also wore a blue ensemble and a corsage of pink sweetpeas. Mr. Rose was attended by his roommate at the college, Leonard Eble.

The fifty guests present at the wedding were then invited to attend a reception held at Geneva Hall. A color scheme of blue and white was used throughout in the decorations, with blue tapers and bouquets of white roses on the serving table which was centered by a white wedding cake decorated with blue forget-me-nots.

The bride attended Hamline University in St. Paul and is a graduate of the Northwestern Bible School in Minneapolis. She is now employed as a nurse in a Chicago hospital. Her husband was graduated from Central High School in St. Paul and from Hamline University. He is now working for his master's degree at George Williams College and is also employed as a craft teacher in a Y. M. C. A. boy's club in Chicago. Mr. Rose expects to leave soon for Fort Snelling where he will be inducted into the army.

Sewing Club Meets at Home of Mrs. Lindberg

LOCAL GIRL TO BE 4H CLUB AGENT IN WILKIN COUNTY

Miss Ruby Engelstad to Take Over Duties at Breckenridge March 20

Miss Ruby Evelyn Engelstad, daughter of Mr. and Mrs. Mons Engelstad, will assume on March 20 the position of 4-H club agent in Wilkin county, with headquarters at Breckenridge, where she will serve under County Agent Grover.

Miss Engelstad has been engaged in 4-H club work since 1930, when the club was organized in Rocksbury township by former County Agent R. M. Douglass. She was graduated from Lincoln high school in 1939, and studied home economics at the University of Minnesota in 1940-41.

During her 4-H career she won many honors, including the presentation of a cake demonstration at the Minnesota state fair in 1939 and a meal planning demonstration in 1940. She has regularly attended short courses at Northwest School in Crookston, and also attended the leaders' camp at Lake of the Woods.

Encouragement stimulates ingenuity.

Red Cross Cites Policy on Benefit Programs

Many organizations and individuals, moved by generous impulses, arrange entertainments, and other public performances, and perform them as "Red Cross benefits" without consulting the local chapter as to the regulations governing such fund raising efforts, Chairman Herman A. Kjos stated today.

"While the chapter is appreciative of this volunteer effort, I must call public attention to the fact that such benefits using the name of the Red Cross must not be undertaken without previous clearance with the proper chapter officials," Chairman Kjos stated.

"An Act of Congress protecting the Red Cross name and emblem and defining their use, makes this requirement by the chapter obligatory. These legal restrictions are equally a protection to all contributors, as well as to the Red Cross Chapter."

HIGH SCHOOL BAND PLEASES CAPACITY CROWD LAST NIGHT

Shows Much Talent in Second Annual Spring Concert Wednesday

The Lincoln high school concert band, appearing in its second annual spring concert Wednesday evening in the high school auditorium under the direction of Glendon E. Ahre, made a splendid impression on the large audience assembled for the occasion.

The band was directed in three selections by Milton Dieterich of Bemidji state teachers college, and the Lincoln school second band gave an excellent rendition of four selections.

Well-rendered solo numbers were given by Jean Senstad, marimba; Howard Lund, trombone; Edward Peterson, clarinet; Orrin Pederson, sousaphone; and Marian Swanson, soprano. Harold F. Harris supplied a most enjoyable piano solo with band accompaniment.

Rose Foldesi Dies at Roseau February 28

Miss Rose Foldesi passed away on Saturday, Feb. 28 at a Roseau hospital. Funeral services were conducted by Father Leman at the Catholic Church in Greenbush on Tuesday, March 3. Interment was made at Badger.

Miss Foldesi was born on March 13, 1902 at Greenbush. She was a graduate of the Greenbush high school after which she went to St. Vincent's Hospital at Crookston to study nurses training. From there she went to Minneapolis and was graduated from St. Marys Hospital on May 12, 1925. She became a registered nurse on Nov. 8, 1926 and in 1927 she contacted tuberculosis and was taken to the Oakland Park Sanatorium in this city where she was a patient for several years, later being taken to a Roseau hospital where she died.

Her mother, father and one brother preceded her in death, while she is survived by four brothers, George of Badger, Andrew, Leopold, and Emil of Greenbush, four sisters, Mrs. Peter Schons of Greenbush, Mrs. Wayne Smith of St. Paul, and Euphemia Foldesi of St. Paul. One half sister, Mrs. Gordon Van Brunt also survives her.

Valley Retail Stores Report Rising Volume

January retail trade, as measured by department and general stores sales in Minnesota's Red River valley showed an increase of [illegible] per cent over sales for January a year ago, according to sales volume figures reported by stores in this area to the Minneapolis Federal Reserve Bank and released today. This is the largest gain ever marked up for any January in recent years. Customers at retail stores throughout Minnesota purchased goods in sufficient quantity to put sales for January, 1942 19 per cent above those registered in January last year.

OLD TAX RECEIPTS TELL INTERESTING STORY

Mons. Guy Cole has a series of tax receipts on the old homestead in town which he exhibited a few days ago. Guy takes an unusual interest in old things and has quite a collection in his home. Interesting is the fact the tax on the 120 acre farm for 1896 was $5.17. Two years later it increased to $12.10. During the years 1925-26 and 27, a special relief tax was included. By 1930 the taxes on the farm had increased to $67.68. The taxes for the year 1941 was [illegible].

Soy Beans Grown Successfully Here

Soy beans, a crop of steadily increasing importance, has been grown on the Smith Brothers farm, northwest of the city, the past three seasons and a sample of last year's successful crop is on display in the Times window. Several acres produced a crop of about 25 bushels to the acre and the Smiths expect to plant at least ten acres this year. They have obtained best results with a variety developed at the University of Manitoba for northern growing. Soy beans have a present market value of about $2.00 a bushel.

Leon Henderson says there's no excuse for a price rise in canned goods.

Safe Storage Space for Public Records in Time of War Held Important

Major Gustav Schilbred, chairman of the Pennington county civilian defense council, this week was reminded by the state office of civilian defense of the important duty of local officials to safeguard public records in time of war, not only from enemy attack but also from enemies within the country. Officials of governmental units in Pennington county who lack proper storage facilities are asked to communicate with Major Schilbred, who will aid in working out a solution of their problems.

Auditorium Space Made for U. S. Revenue Man

Additional office space is being provided in the basement of the Auditorium by means of the installation this week of a tile partition in the north end of the large room used by the Civic and Commerce association. There will be more than thirty Pennington County men in the group of selectees who leave here Monday, bringing the county's total of men in the service to around the 300 mark. More than that number have left the county for employment in various defense industries. The results of this exodus of man power are beginning to be felt, and will be felt more as we get into the busy season. We are approaching a problem of labor shotrage that already merits careful study. Maybe, during the emergency, we will have to modify some of our ideas on child labor and put a few of the fifteen and sixteen year olds to work. And possibly it wouldn't hurt some of us who are working if we worked a little harder and a little longer during the rush period. We should be able to get the community chores done with just a little extra effort.

Many of our citizens are now discovering that the payment of an income tax isn't any more pleasant than the paying of any other tax—for those who have to pay it. If you are having difficulty squaring up with Uncle Sam this year, cheer up—next year it will be tougher. The paying would be less painful for us if we had some assurance each dollar we paid would do its full duty in blasting the Japs. It gripes us no end when we consider that for each penny we kick in to pay some fighting man his thirty per, a dime is subtracted to maintain the American standard of living for some no more worthy worker in a defense plant who in turn must pay tribute to a labor racketeer in order to hold a job. But the Japs must be licked. The politicians who spend our money are the fellows we selected to do the job so we really have no reason to complain.

Hockey fans are hoping for a dip in the thermometer that will assure good ice for the tournament that will be played here Friday and Saturday. The tournament will go on of course, regardless of what the temperature may be. There is ice enough in the Arena for a week of warm weather tournaments, but a fresh frozen surface would be better. Incidentally, if you haven't seen the youngsters perform this season you have missed a good show. There will be at least a half a dozen teams in the play-offs here this week that might win—and the winners will be tops in the state. Because of their splendid performance at Roseau last week our own Hornets will enter as favorites, but not by long odds. This tournament is a hockey classic that will enable you to see several possible future big time stars in action. *Don't miss it.*

Hats off and a round of cheers to the Prowlers who, after many discouraging starts, have suddenly come to life as a powerful basketball team and favorites to take at least another district championship. And to General MacArthur Newby, our congratulations. The successful defense of Bataan can be attributed largely to good generalship, and the development of the Prowlers must be attributed to good coaching. So congratulations Coach, and good luck on the home stretch.

While singing the praises of our hockey and basketball teams, let's not overlook that group of youngsters who have been doing well in another field of high school competition, introduced this year by County Agent Palmer. Palmer, a former wrestling star at Minnesota, volunteered last Fall to give free instruction in the art, and under his direction a group of students have made remarkable progress, considering the short time they have been at it. We look forward to seeing a couple of wrestling Prowlers competing for a state championship next year. Long live Ernie Palmer in our community.

No war was ever won by whiners, but many wars have been lost by them. They are the people who complain constantly about everything that is done and about everything that isn't done. Nothing is ever right. They are the unwitting mouthpieces of fifth columnists who seek to create dissension among us. They are in all communities. We have them here, some of them well meaning perhaps, but a menace nevertheless. The constant grumblers should be discouraged. Whining will not win the war.

Township elections, to be held next Tuesday, are important. Don't forget to remember to attend.

Remember that middle of March storm that gave us several additional weeks of winter last year? Prospects for an early Spring this year are encouraging but we are not yet out of the woods.

Looking Backward

1932—TEN YEARS AGO

The 20-months-old baby of Colonel and Mrs. Charles A. Lindbergh was kidnapped March 1.—William Korstad won first place in the district oratorical contest at Crookston.—H. P. Frodahl, for five years buttermaker at the Goodridge creamery, died at the age of 47.—Luther Haugen of Warren entered the employ of the Kelly hardware store.—Rev. A. I. Merth discussed the life of George Washington at a meeting of the Civic and Commerce association. Producing 2,020,510 kilowatts of electricity in 1931, the municipal power plant showed a net profit of $25,586.

1922—TWENTY YEARS AGO

Hans Anton and Math Barzen left for Northfield to purchase 21 head of Holstein cattle for Pennington county dairymen. Twenty tons of grass seeds have been shipped from Goodridge over the Electric Line since the first of the year.—Thief River Falls was eliminated in the early stages of the district high school basketball tournament, the championship going to Crookston.—Olaf Ramstad returned from a visit to towns in Wisconsin and Iowa.—The Masons and Eastern Stars gave a farewell party for Mr. and Mrs. F. A. Goebler, who were leaving to establish their home in Wisconsin.

INCOME TAX FACTS
Supplied by the Bureau of Internal Revenue

Have you filed your federal income tax return? If you come within the group from whom returns are required, you have only until midnight, March 16, in which to file a return. Single persons who earned as much as $14.43 a week for the 52 weeks of 1941 or married persons living together who had aggregate earnings of as much as $28.85 a week for the year, are required to file returns.

The instructions attached to the forms describe the method of preparing returns, but if further information is necessary, it may be obtained at the offices of the collector of internal revenue, deputy collector, or an internal revenue agent in charge. They make no charge for their services.

If income tax returns are placed in the mail, they should be posted in ample time to reach the collector's office [illegible] midnight on March 16 for calendar year returns. Taxpayer [illegible] failure to file a return on time.

PLUMMER PLANT SHOWS BIG GAIN IN VOLUME IN '41
Creamery Produces Total of 434,207 Pounds Butter During Year

The Plummer cooperative creamery in 1941 registered a notable gain in butter output, it was revealed in reports submitted at the annual meeting Monday. A total of 434,207 pounds of butter was produced last year, compared to 352,809 pounds in 1940.

Reflecting better market conditions prevailing last year, an average net price of 38.72 cents was paid for butterfat delivered in 1941, compared to 31.63 cents in 1940. Total expense per pound of butter was reduced from 2.205 cents a pound in 1940 to 2.058 cents in 1941.

In the annual election conducted at the meeting, all present officers were elected, including George H. Orr, president; John M. Hagen, vice president; H. M. Fredrickson, secretary-treasurer; and Carl Sorenson and Mike Mickelson, directors. Gust T. Craft is operator of the institution.

RAILROADS GIVEN SIX PCT. INCREASE IN FREIGHT RATES
Interstate Commerce Body Approves Rise on Most Commodities

A six per cent freight rate increase on most commodities hauled by the nation's rail and water carriers was granted Monday by the Interstate commerce commission, a move expected to add about $203,[illegible]00,000 to the carrier's annual revenues.

The carriers had petitioned last December of a general 10 per cent increase in passenger fares and freight rates after a presidential fact-finding board approved railroad wage increases estimated to amount to $300,000,000 to $325,000,000 a year.

The ICC acted first on the passenger fare petition and approved it. This increase is expected to bring in $46,000,000 of revenue.

In Monday's order, increases on raw agricultural commodities, and low grade products of mines, were limited to 3 per cent. Coal and coke rate increases of 4 to 6 cents per gross ton were allowed. Iron ore was excluded.

The increased rates were authorized for the duration of the war and for six months thereafter.

Wright County Board Halts Road Building

"Bare maintenance in all road work and no new construction for the duration of the war." This is the essence of a resolution passed by the county commissioners of Wright county at their last meeting.

The board there feels that any other policy would offer competition to the Federal government in its need for men, money, and materials. And they stress also, that by economizing at home the local taxpayers can use their savings to pay Federal taxes, buy defense bonds and stamps.

This action is in cooperation with the movement over the state in which the Minnesota Taxpayers Association has received assurances from hundreds of municipalities, counties, school districts, to eliminate all nonessential nondefense expenditures for the war period.

NEW TRAIN DISPATCHER TO JOIN SOO STAFF HERE

W. W. Walters of Haxton, N. D., is scheduled to join the staff of train dispatchers at the Soo Line division offices in Thief River Falls this week, filling the vacancy left by the recent death of Tom J. Rowan.

Volunteers, Reservists are Asked to Give Notice Before Joining Service

Dr. E. S. Amesbury, chairman of the Thief River Falls Civic Service Organization, today repeated a request to men from this community volunteering in the nation's armed services, as well as reservists called back to duty, to notify *him before leaving the city so* that the organization will have an opportunity to present them with a diary and a booklet that will be valuable to them in the service. Word of their impending departure, he said, may also be left with Art Berg, chief clerk of the local draft board.

PHYSICAL FITNESS FOR WOMEN IS AIM OF PROGRAM HERE
Civilian Defense Council Arranges Meeting for Next Wednesday Night

Acting on the recommendation of the U. S. office of civilian defense, the Pennington county civilian defense council is sponsoring a series of physical fitness sessions for women, Mrs. E. C. Kurwand of the council announced today.

The first meeting will be held in the municipal Auditorium next Wednesday evening, March 11, at 8 o'clock, Mrs. Kurwand stated, and will be conducted by Mrs. Jeanette Wright, who will be assisted by a group of former service men in giving instruction in simple calisthenics and drill.

The objective of the course, it was explained, is to strengthen morale thru a nation-wide program of physical exercise. Attendance is entirely voluntary, and no records will be kept.

Legion Post to Discuss Convention Next Monday

Plans for the Ninth district convention of the American Legion to be held in Thief River Falls June 13 to 15 will be further developed at a meeting of Elmer J. Grace Hagen, Grygla, in N. W. School Senior Play

The senior class of the Northwest School, Crookston, will present its class play "Youth Takes Over" in the school auditorium on Friday evening, March 13 at 8:00 p. m. Miss Martha Manning, of the English staff, will direct the play. The play is a three-act comedy written by Betty Smith and Robert Finch. Most of the characters are of high school age and the scene of action of the entire play is the principal's office. Included in the cast is Grace Hagen, Grygla.

SHELTER BELTS TO BE MEETING TOPIC HERE ON TUESDAY
Clemens Kaufman, Extension Forester, to Conduct Session

Clemens Kaufmann, extension assistant forester from University Farm, St. Paul will speak on shelter belt planting at an open meeting in the Civic and Commerce Rooms in Thief River Falls at 1:30 p. m. on Tuesday, March 10.

Farmers in the county needing wind breaks are urged to attend this meeting according to the County Agricultural Agent Ernest Palmer. Mr. Kaufmann will go into details regarding the preparation of soil for planting recommended varieties for wind breaks and proper care of the shelter belt.

Carl R. Anderson, chairman of the county AAA committee says that farmers who follow the recommended program in tree planting will be eligible to receive up to $15 per farm at the rate of $7.50 per acre. This payment is in addition to all regular AAA benefits.

Edison's Ideas Go to War

American scientists and inventors, many of them working in the laboratories of American industry, will play a big part in helping to win the war.

1. Thomas A. Edison, born 95 years ago on February 11, was one of America's greatest inventors. In addition to his famous lamp . . .

2. . . . he built the first of America's electric power systems, and discovered some of the principles which other scientists used to give us the radio.

3. Today electric light, electric power, and radio—so much improved that Edison wouldn't know them—are performing many vital tasks in America's war effort.

4. And scientists throughout the nation, in laboratories like the G E Research Laboratory, are working, as Edison once worked, to bring victory.

Need for More Nurses in Armed Forces Cited

Enrollment of nurses in the Red Cross for service with the armed forces must be stepped up to meet the increasing needs of the expanding military forces, Miss Mary Beard, director of the Red Cross Nursing Service, announced. "Although we have 25,800 nurses enrolled in the First Reserve, we need 50,000," Miss Beard declared. "The National Committee on Red Cross Nursing has asked us to concentrate on giving the utmost help to the Army and Navy in their great need for well qualified nurses."

OLD PASSPORT FOUND AMONG POSSESSIONS

Hoffman. A rare find was made this week among possessions left by the late Mrs. O. P. Westberg when a passport issued in Sweden [illegible] years ago was discovered among her private papers. Unknown to other members of the family, Mrs. Westberg had kept the document since she and her husband sailed to America from Sweden in 1881. Another interesting paper found in the same collection was a list of gifts received and the names of the donors at Mr. and Mrs. Westberg's marriage in Sweden in 1878, 64 years ago. The list is well preserved and among the signatures is that of Mrs. P. O. Nordin, a sister of Mrs. Westberg.

PROWLERS DEFEAT CROOKSTON 39-22; MOORHEAD COMING

Locals Wind up Pre-Tourney Schedule Against Spuds Friday Evening

In a rough and rugged game played on the Crookston floor Friday night, the Prowlers, after a jittery first period, trounced the Crookston Pirates, 39 to 22, to take over second place in the district standings.

Tomorrow night the Prowlers conclude their season's schedule when they meet the powerful Moorhead Spuds, the sixth region's champions, on the local floor.

Crookston, on field goals by Reynolds, Thorson, and Simpson, and Morken's free throw, held a 7 to 2 lead at the end of the first period of Friday night's game. The Prowlers, missing numerous pep shots near the basket, were able to collect but two points, via Bob Abbott's and Homer Matheson's free throws.

Johnny Campbell opened the second period with a set shot from out on the court, looping the ball over the Pirates' compact zone defense. A moment later Campbell broke up a Crookston play in mid-floor and dribbled in to the north goal for a set-up. After Morken had flipped in a free throw, Lenny Lorentson, taking Campbell's rebound, knotted the count at 8-all. Glen Simpson lofted a long shot into the net; and Bill Ericson added a Pirate free throw. Lorentson, fouled by Reynolds, made the try; and then boomed in for a one-handed shot to again tie the score. Gjernes, after a floor-length dribble, holsted a one-hander into the ring; and Milt Reierson added another field goal from the circle. Jack Melby, on a pass from Reierson, popped in a one-handed shot, to give Thief River Falls a 17 to 11 lead at the half.

The Prowlers, although missing several set-up shots, continued to pile up the score in the third period. Campbell rang up two field goals, Lorentson, Melby, Gjernes, and Reierson dropped in field goals; and Gjernes' two free throws and Pederson's gift toss, lifted the Prowlers third period score to 32. Johnson, Ericson, and Winchester added single points to the Pirate total, with free throws.

Bob Powell's one-handed shot, Jack Melby's tip-in, and free throws by Campbell, Berg, and Lorentson, brought the Prowlers game total to 39. Thorson's two field goals, Reynolds' under-the-basket goal, and free throws by Howie Causey and Reynolds puffed the Pirates score to 22.

Johnny Campbell's 9 points led the Prowler scorers, and "Soup" missed several "cinch" goals, dribbling in for lay-up shots, only to have the ball bound off the rim. Simpson, until forced out of the game on personals, played the most effective ball for Crookston.

In an exciting over-time preliminary game, the Crookston 'B' team, on a field goal by Bill Smith, edged out the Prowler 'B' team, 28 to 26.

COUNTY BOARD CONDUCTS MARCH SESSION TUESDAY

Only routine business, including the allowance of current bills and action on several applications for tax abatements, occupied the attention of the Pennington county board at its March meeting Tuesday.

Keeping Score

.... With HUCK OLSON

Well, That Was a Surprise

The Hornets surprised their fans, their coach Walt DePaul, and themselves, when they rode through the state high school hockey tourney at Roseau last Friday and Saturday to win the officially sanctioned state championship. And the winning of that championship trophy wasn't an empty honor, for the Hornets defeated some very fine teams. In fact, in beating Warroad, Eveleth, and Baudette, the Hornets downed three teams that would be odds-on favorites to defeat most of the state college hockey teams.

While the finals game with Baudette gave the Hornets the title, it was the semi-finals game with Eveleth Saturday afternoon that provided most of the drama. And it proved to be a case of the pupil turning the tables on his teacher, for the Hornets' Walt DePaul played his prep hockey under famed Cliff Thompson, the mentor of the Eveleth team, and Walt came out the winner, but not by much. Thompson, while disappointed that his team dropped that 1 to 0 decision, was gracious in complimenting the Hornets on their play, and he was particularly impressed by the play of the locals stellar wingman, Mouse Efteland, and goalie Johnny Robarge. Thompson stated that it was the spectacular work of Robarge in the Hornets net that was the chief factor in the locals win over Eveleth. Other tourney players that struck Thompson's fancy were Baudette's Keith Corrigan and Ray Wilson, and Williams's Clarence Schmidt. Add to that list Eveleth's "Piggy" Bastianelli and Al LoPresti, Roseau's Rudy Meyer and Gene Kafka, Warroad's Dick Roberts and Overby Stoskoph, and you'd have a pretty fair all-state squad.

And so, congratulations to Walt DePaul on a fine job of hockey coaching; and to the 40 & 8, and Alec Campbell in particular, for "adopting" the boys and making it possible for them to compete in the state meet; and to the Hornets for a bang-up brand of hockey.

Wanted: Fast Ice

That's the wish of the officers of the Northwest Junior Hockey Association who, with the local 40 & 8, are sponsoring the state 40 & 8 hockey tourney here Friday and Saturday. And if they get their wish the fans will see some first-rate hockey. Eveleth, especially, is anxious to redeem its hockey prestige, and will be here with the intention of copping the first place trophy and the $50.00 equipment prize.

This Albert LoPresti, and he's a big boy, in the nets for Eveleth is a younger brother of the Chicago Blackhawks Sammy LoPresti. Sammy LoPresti was here a couple of years ago with the St. Paul club when the Saints played an exhibition with the Thieves. By the way, the Eveleth team wears the Blackhawks uniforms, and it gives them a big league appearance.

It'll Be Different Sunday

The Schmidt's all-stars, with Wally DuChamp and Kammy Berg in their line-up, rolled a creditable 2662 total on the Warren alleys Sunday, but they lost the total pins match when Joe Herbranson's five came up with a 2676 total. Wally DuChamp's 574 was the match's high total, with Herbranson's 573 in the runner-up position. The two teams bowl here on Sunday afternoon, and this time, say the Schmidt's, it'll be different. It'll be the last match that big Snort Langseth will bowl with the Schmidt's, for on Monday he enters the army.

39 to 22

That was the score of the Prowlers win over the Pirates Friday night, and even though the two teams didn't play very nifty ball, I was glad I was there to see it. The Prowlers muffed enough shots, especially by Johnny Campbell, Lenny Lorentson, and Orrin Pederson, to have boosted the Thief River score to 50. Four times "Soup" made a break-away play, dribbled in to the basket, and then missed his set-up.

Coach Newby named the following ten players to the Prowlers tournament squad: seniors, John Campbell, Len Lorentson, Orlin Gjernes, and Orrin Pederson, and juniors, Jack Melby, Milt Reierson, Bob Powell, "Gus" Paulson, Homer Matheson, and Don Berg. Those ten Prowlers have enough basketball ability to bring back the district title for the sixth successive year. They're a squad that's capable of taking the regional championship; and then, too, they are apt to be knocked off in the first game of the district meet.

Newby believes that he will get an indication of his team's possibilities tomorrow night when the Prowlers face the Moorhead Spuds. If the Prowlers can remain within 5 points of the highly-rated Spuds, Newby will concede that the locals are a basketball club.

By the way, Luther "Luff" Fjelstad will perform with the Senior Bums in their preliminary game against the Prowler Reserves.

Lions Club Hears Talk, Sees Movies Wednesday

The program following the Lions club luncheon Wednesday noon in the Palm Garden Cafe included a talk on beaver by Game Warden William H. Borchert, and the presentation by Erling Torgerson of motion pictures dealing with the river outing of the Civic and Commerce association last summer and other local scenes.

Sophomores Defeat the Freshman Quint 30-29

A last second free throw by Jimmy Engelstad gave the Sophs a 30 to 29 win over the Freshmen five in a hard-fought game played Thursday night. The Frosh, with Virg Evenstad setting the scoring pace, held a 25 to 20 lead with four minutes of play remaining; but the Sophomores broke up the Freshmen stalling games, and Billy McKechnie's rebound shot knotted the count at 29-all, and set the scene for Engelstad's game-winning free throw.

FARMERS ADVISED TO ARRANGE FOR FLAX SEED EARLY

Production Credit Head in St. Paul Offers Help of Agency

"Farmers who intend to help carry out the program calling for an increase in flax acreage of 34 per cent over the production of 1941 should immediately check their seed supplies," says George Susens, president of the Production Credit Corporation of St. Paul.

In his dual capacity as member of the state war board of Minnesota, and head of the corporation that assists in directing the lending policies of 68 local production credit associations in 4 states, Mr. Susens is closely associated with the farmers' production programs of 1942.

The production credit associations are in position to provide credit for the food-for-victory program, and in the St. Paul district have already furnished $2,350,000 credit to their members for this special purpose in addition to other credit supplied.

"It will require between 2,500,000 and 2,600,000 bushels of clean seed—something like 400 carloads more flax seed than was used last year—if farmers are going to meet the goal in flax production they have set for themselves," Mr. Susens added.

He urged that farmers put in their orders early for seed so that dealers will know in time how much seed they should make available in each community. Many farmers in Minnesota and North Dakota are keenly interested in this crop for 1942, and have been assured by the department of agriculture of a price of not less than $2.10 per bushel, farm basis, for flax produced this season.

All Banks in Minnesota Serve as Issuing Agent for U. S. Defense Bonds

The Treasury department in Washington this week congratulated the banks of Minnesota for being among the first ten states to qualify 100 per cent as issuing agents for sale of defense bonds.

Eugene W. Sloan, executive director of the defense savings staff, expressed the appreciation of the Treasury department for this showing, and called attention to the fact that the banks are performing this patriotic service without compensation, and in fact at considerable expense to themselves.

As a matter of fact, Minnesota is the second highest state in the country in having banks qualified, because among states in which all banks have qualified only New York has more banks than has Minnesota.

Pork Removed from Blue Stamp List for March

Recent sharp advances in pork prices have caused its removal from the list of foods available for blue food stamps, Roell Maben, regional director of the surplus marketing administration, announced this week. With the exception of pork, the list of foods available during March is the same as for February. Eggs remain on the list as a readily available substitute for meat during the time of year when egg production is heavy and prices are subject to seasonal decline, Maben said.

ELECTRIC CO-OP. TO MEET IN R. L. FALLS MARCH 11

Nine Directors Scheduled to be Elected Next Wednesday

The annual meeting of the Red Lake Electric Co-op. Association will be held in Red Lake Falls on Wednesday, March 11, starting at 1:15 p. m., says the Red Lake Falls Gazette. The meeting will be held at the community hall when members of the association will attend the business session to hear the annual reports and elect directors for the ensuing year.

At a meeting of the nomination committee held on Sunday, Feb. 8, a slate of eighteen were named from which nine will be elected to serve as directors for the coming year.

Their nominations consisted of the board of directors now serving: C. W. Beyer, Red Lake Falls; Jos. F. Skala, Red Lake Falls; S. E. Hunt, Thief River Falls; Stephen Singer, Goodridge; Leonard Erickson, Hazel; Oscar Lovaas, Oklee; Jos. W. Ste. Marie, Terrebonne; Carl Swanson, Red Lake Falls and John G. Newland, Thief River Falls. In addition to the aforementioned they nominated nine others as follows: Robert Larson, Crookston; Arthur Zutz, Red Lake Falls; L. J. Hesse, Plummer; Emil Anderson, Rosewood; Millard Dailey, Red Lake Falls; Frand Hardisty, Thief River Falls; Mons Engelstad, Thief River Falls; Frank Peterson, Plummer; Henry Paul, Brooks.

Norton Ives of the University Extension service will address the gathering at the annual meeting, according to E. Kiland, local manager of the REA.

Graduation Exercises for Northwest School on Thursday, March 26

The school year of 1941-42 at the Northwest School, Crookston, will officially close at noon on Thursday, March 26. Graduation exercises for Senior, Advanced and Special classes will be held on that day at 2:00 p. m., instead of the traditional evening hour. Parents, graduates, and faculty were unanimous, after last year's trial with graduating exercises in the afternoon, that the afternoon plan should be followed again this year. Senior Day, tentatively set for Thursday, March 19, will officially open Commencement Week activities. Other Commencement activities for graduates will be the reception to the Senior class given by Superintendent and Mrs. T. M. McCall on Sunday afternoon, March 22, followed by baccalaureate exercises on Sunday evening at 8:00 p. m.; the musical recital on Wednesday evening, March 25 and commencement at 2:00 p. m. on March 26.

School and Farm Groups Request High Schools to Give Driving Lessons

Two great, statewide organizations, whose membership reach into every community, large or small, in Minnesota have joined the movement to make instruction in safe driving a regular part of every high school course.

The Minnesota Farm Bureau Federation, with an active membership of more than 32,000, and the Minnesota School Board Association, comprising school directors representing 7,000 public school districts throughout the state, both have notified M. J. Hoffmann, state highway commissioner, of action taken at their recent state conventions in support of the movement to make the teaching of proper motor vehicle operation in traffic a part of regular high school instruction.

"Owing to the appalling lack of knowledge, on the part of our young people, of the rules of the road and of driving cars, and their indifferent attitude toward the dangers involved in mishandling cars, all as shown by the relatively greater number of accidents involving young people, we strongly recommend that the high schools of Minnesota teach a course in driving and handling of motor vehicles", said the resolution adopted by the Minnesota Farm Bureau Federation convention.

The annual convention of Minnesota School Board members adopted the following resolution, which was proposed by John E. Casey of Jordan, who also is state chairman of the Minnesota Editorial Association's "Save 100 Lives" campaign:

"Many people who have drivers' licenses apparently lack knowledge of the rules of the road, of safe driving of automobiles. There appears to be wide-spread indifference in the attitude of drivers toward dangers involved in mishandling cars.

"A relatively greater number of accidents, it appears, occur among young drivers. Your committee therefore recommends that schools of Minnesota provide instruction regarding automotive driving, with a view to lessening accidents and making automobile travel safer."

Beaver Trapping Rules are Announced by State Conservation Director

Beaver taken during the 15-day trapping season opening on March 1 must have attached thereto certain portions of the skull, it was ordered by W. L. Strunk, commissioner of conservation.

The first order, opening every county in the state to trapping from 8 a. m. March 1 to 6 p. m. March 15, specified that certain portions of the beaver, to be designated in a second order, must be attached to the pelt.

The second order effective today specifies that when pelts are submitted to wardens for sealing within five days after the close of the season, they must have "attached thereto and adhered thereon, that portion of the skull and upper jaw between the eyes and the tip of the nose, including the teeth of the upper jaw."

COMMISSIONER OF TAXES CITES RISE IN INCOME TAXES

Levy for Aid of Schools Has Multiplied Four Times Since 1934

Stressing the growing importance of the income tax as a source of state revenue, G. Howard Spaeth, state tax commissioner, in an annual report submitted to Governor Stassen Wednesday, reported that income tax collections for the 1941 fiscal year, exclusive of payments by banks, amounted to $12,757,789, or over four times the amount received in the first year receipts began to come in under the law back in 1934.

Providing only about 6% of state revenues at the outset, collections from the income tax have grown, the report showed, until they provided 18.2% of state revenue in the fiscal year of 1941, ending June 30, 1941. Of the states having both an individual and corporation net income tax, only three New York, Oregon and Wisconsin get as much of their revenue from the income tax.

Fully 240,228 persons filed returns, Spaeth's report showed, or more than three times the number in 1934. Only about half this number, or 122,070, however, had incomes that were taxable. Lowering of the exemption on the federal income tax apparently caused thousands of persons to file state returns when they did not need to do so.

Aided by adoption of improved methods in administration and gains in business conditions, collections from the income tax have increased materially in the last two years, Spaeth's report showed. Collections for the 1941 fiscal year were 15% higher than for 1940 and nearly 25% higher than for 1939.

Ninety-seven per cent of all income tax collections are paid out to school districts of the state, Spaeth said, either in payment of state aids or in the per capita school payment of $10 per pupil. In twenty-two counties, school districts got 40% or more of their revenue from this source for the fiscal year of 1941, and districts in forty-four other counties got from 20 to 40% of their money from it.

A new type of information, made available in the report for the first time, shows the extent to which the income tax is paid by firms and individuals in the cities. Of the 122,070 taxable returns filed during the 1941 fiscal year, 89,642, or 73.4%, were filed by residents of the fifteen cities having a population of over 10,000. Approximately 80% of total gross income assessments for the state were assessed against these 89,642 persons. Residents of Minneapolis were assessed with 42.6% of the total and St. Paul residents with 23.7%.

Joan Fontaine and Gary Cooper are Outstanding Movie Stars of the Year

Joan Fontaine and Gary Cooper were given gold statuettes as the outstanding actress and actor of 1941 at the movies' first wartime awards meeting in Hollywood Friday.

Miss Fontaine won for her portrayal of a woman who lived in constant fear that her husband would kill her. The picture was "Suspicion", produced by RKO.

Cooper was acclaimed for his role as the World War No. 1 hero, Sergeant Alvin York, in the Warner Brothers picture of that name.

Other nominees for the best actress were Joan's sister, Olivia de Havilland, Bette Davis, already a twotime winner; Greer Garson and Barbara Stanwyck.

Other male nominees were Orson Welles, Cary Grant, Walter Huston and Robert Montgomery.

Twentieth Century-Fox won the best picture award for the first time since the academy of motion pictures arts and sciences began giving Oscars in 1928. The film was "How Green Was My Valley" and it won major honors for two of the men who helped make it great.

The death rate from diphtheria has declined nearly 50% during the past five years.

GIRL SCOUT NOTES

Notice to scouts, leaders, and mothers: The date limit for badges is April 15, so in order to receive your badge for the Court of Awards, be sure to pass your test before then.

Next week is Birthday Week for the Girl Scouts. The thirtieth anniversary of Girl Scouting is to be celebrated from March 8 to March 14. Look for the local window display in the Northern State Bank building. Membership in the organization has increased during the past thirty years from twenty-four girls to over one-half million.

All local women who belonged to the Girl Scouts a number of years ago are asked to notify Mrs. John Lund by calling 422.

The following attended an institute for Girl Scout Council members, troop committees, and leaders held at Grand Forks, N. D. on Tuesday: the mesdames H. Helseth, L. D. Hartz, A. Berge, A. E. Jacobson, Ed Bratrud, R. O. Larson, O. Lynde, Tom Peck, N. H. Holzknecht, W. M. Ferguson, Jack Bauer, and Dave Fast, and the Misses Myrtle Geske and Lenore Lieberman. Miss Bessie Vine of New York City, national executive, and Miss Olive Crocker of St. Paul, regional director, were in charge of the program on changes which war time is bringing to Girl Scouting. Miss Crocker outlined activities based on assistance with the war time program which embody such subjects as hobbies, thrift, camp craft, keeping physically fit, recreational activities with groups, conservation, first aid, and tasks which release adults for war work. Following a box luncheon, leaders and council members met separately with executives for training in specific duties.

HOME PROJECT GROUP HOLD JOINT MEETING

The Home Project Group in the Grygla community had a joint check-up meeting at the local school auditorium on Saturday afternoon.

Mrs. Martin Ellingson presided and the following program was given: community singing, led by Miss Ada Todnem with Mrs. Victor Nygaard accompanying at the piano; monologue, "Mrs. Chataway at the Grocers", given by Francis Magnuson. After she finished the ladies present made lists of the mistakes Mrs. Chataway committed. Mrs. Harold Nelson won the prize by having the longest list in the allotted time. Two songs by Mrs. Victor Nygaard accompanied by Mrs. Charles Knutson. Miss Todnem gave a report of some of the outstandings in the reports of different groups in Beltrami county. Among these were, housewives used more milk in their cooking, some used more fruits in the preparation of meals, while others used more raw vegetables in the daily menu.

Miss Todnem also stated 425 people had been enrolled in the county. She spoke on the nutrition project that is being sponsored by all the counties this spring. This program "Feeding the Family for Health and Morale" is designed to reach more people than the project work has. As another phase of this program gardening will be emphasized.

Miss Todnem showed slides in color of cupboards, chairs and other furniture that had been remodeled since the project on these subjects were studied.

The slides also showed the 4-H club exhibits and the steps taken in the making of mattresses.

Lunch was served by Mrs. Alfred Rasmussen and Mrs. Rolland Sundberg. Before the program the different members met with their leaders and finished filling in their check-up sheets.

Gifts of appreciation were presented to several of the leaders by the members of their respective groups.

Thompson-Wick Wedding

Miss Beatrice Thompson daughter of Mr. and Mrs. Randolph Thompson of Grygla became the bride of Elmer Wick, son of Mr. and Mrs. Hans Wick also of Grygla at a single ring ceremony performed at 7 o'clock Saturday evening at the Trinity Lutheran parsonage at Thief River Falls with Rev. G. S. Thompson of that city performing the services. The marriage vows were exchanged in the presence of the bride's sister Miss Marion Thompson and Orester Aase of Gatzke.

The bride was becomingly attired in an afternoon dress of gold silk jersey with brown accessories complimented by a corsage of yellow roses. Her jewelry consisted of a gold locket with matching bracelet. Her attendant wore a street length dress of beige silk crepe with matching accessories and a shoulder corsage of red roses. Both the groom and his attendant wore lapel boutonnieres.

Immediately after the wedding a reception was given for the bridal party at the home of the bride's brother-in-law and sister, Mr. and Mrs. Connie Haugen at Thief River Falls. The serving table was centered by a beautifully decorated three tiered wedding cake topped by a miniature bride and groom with lighted tapers at either side.

The bride graduated in 1939 from the Lincoln high school at Thief River Falls and prior to her marriage was employed in Gatzke.

Mr. and Mrs. Wick left the following day for East Grand Forks where they will make their home.

Holthusen-Ness Nuptials

Miss Dorothy Dusten Holthuson, daughter of Mr. and Mrs. Fred Holthuson became the bride of Clifford Jerome Ness, son of Mr. and Mrs. Sam Ness at a ceremony performed by Rev. Frank Slutak of Tabor on January 17.

The bride was attired in a lovely navy blue street length dress of silk crepe trimmed with white collar and cuffs. Her attendant Ellen Johnson was dressed in a blue crepe street length frock. The grooms' attendant was Maynard Tiker.

The bride is a graduate of the Lincoln high school of Thief River Falls in the class of 1939. At present Mr. and Mrs. Ness are employed at the Fourtown Store where Mr. Ness drives a truck and Mrs. Ness works as clerk.

On Sunday afternoon they were honored with a bridal shower at the home of William Holthusen's at Thorhult. About fifty guests were present. Mrs. Clarence Peterson and Mrs. Sivert Salveson from the Grygla Community were also present.

The time was spent in visiting and conversation. After the many beautiful gifts had been opened and admired the hostesses served a delicious lunch, which had been brought by the guests. The hostesses were Miss Ellen Johnson and Mrs. Jack Holthuson.

STEINER

The annual caucus for the town of Excel met at the clerks home, N. E. Muzzy on Tuesday afternoon to audit annual report. The annual town meeting of Excel will be held Tuesday, March 10 at the Community Hall at Steiner from 9 to 5. Officers to be elected are as follows: supervisor, town clerk, constable and justice of peace and to do any other business that come up at this meeting.

Mrs. Art Larson, a sister of Mrs. Helmer Kelberg, witnessed a strange incident on Wednesday as she was on the train coming from Rosewood to Thief River Falls, a stray bullet came thru the window in the passenger coach and lodged in the other side of the car. This happened somewhere near the ridge, a man had just gotten up from the place where the bullet came thru. No clues as yet have been found—or where the bullet came from.

Mrs. Adolph Steinhauer and little daughter came home Tuesday from the hospital.

Steve Warring left the hospital Saturday and is staying in Thief River Falls a few days. He is still under the doctor's care.

We are glad to report that Grandpa Kelberg who has been a patient at the hospital for two weeks is much improved and expects to return to his home here this week.

Donald Habner from Detroit, came Saturday to spend some time here with his brother and sister-in-law, Mr. and Mrs. Morris Habner and with his mother in Thief River Falls.

The Silver Creek Ladies aid will be held in the church parlor next Sunday afternoon. Lunch will be served by all members.

Mrs. Tom Jacobson received word on Friday that her little grand daughter Chyrl Johnson of St. Hilaire had broken her foot when she was playing around the silo. She was taken to the doctor at once and is at this writing recuperating at her home.

P. B. Malberg who has been visiting in Goodhue Co., the past six weeks returned to his home here on Saturday. He also visited with his daughter Mildred at Deer Creek.

Harold Halvorson was one of the students from here who went to Minneapolis Saturday with the tumbling team. He returned home Sunday.

SMILEY

Big Doings

Preparations for a gala event to be given by the Smiley Community club at the Hall on the evening of St. Patrick's Day, March 17th is in full swing by committees appointed by the president, Mrs. Loretta Weckwerth. They are all busy with arrangements. A very gorgeous hand made crochet table cloth will be sold with the proceeds to be turned over to the Red Cross. This table cloth was made recently by Mrs. Weckwerth and she is donating it. It is a table cloth that any woman would covet. The Walter Landobeja's are donating a great big turkey tom. This is a broadbreasted fellow and of excellent breeding. The evening will be filled with a number of things, an auction sale, bingo, or what have you? So keep in mind, folks, March 17 is the date of the Spring Carnival for old St. Pat.

George Newberry of Poplar, Mont., and his son Vance Newberry of Thief River Falls were social callers at the O. N. Olson home Wednesday.

Food In Can Okeh

A noted scientist gives us the information that science has discovered that it is not dangerous to save canned foods in the can after it has been opened. They remain in better condition until eaten if the unused portion is kept in the can. There is nothing about the can that will contribute to the spoilage of food.

SILVERTON

We have learned that if every boy and girl saved one pencil each year, the children in the United States could save enough paint to coat four to seven ships for Uncle Sam. This is another way, then, that we can help our country in defense.

Last week we bought $6.80 in stamps making a total of $13.40.

A letter from Severin Barstad, son of Mr. and Mrs. A. M. Barstad tells of his enlistment in the navy reserve last week. He expects to take preliminary training and possibly a six months term in radio school. Henry Christopherson and Oscar Sparby of Grygla are stationed for the present at Los Angeles, Calif., and send greetings to their friends in this vicinity.

Charlie Walker who is now employed at the Hoel Dairy farm visited at his home in Silverton on Sunday.

Mr. and Mrs. A. M. Barstad who have been ill are both improved, Mrs. Barstad having scalded one hand severly and had to seek medical aid but is now well on the road to recovery.

Miss Estelle Hanson returned to her home in Silverton after spending a week with her cousin Mrs. A. Krankla in Thief River Falls.

Mrs. Dallas Chapman enjoyed a visit with her sister and brother-in-law, Mr. and Mrs. Carl Berg and little son who came from Dakota and spent the week end at the W. E. Chapman home.

Mr. and Mrs. Clarence Peterson and family visited Sunday at the William Peterson home near Goodridge.

Mr. and Mrs. Olaf Solheim of Thief River Falls spent Thursday evening at the W. E. Chapman home.

Mr. and Mrs. John Burtness, Patsy and Richard were callers on Sunday on Miss Howe at the Woolson home.

We are pleased to hear that Nels Burtness is slightly improved after the light stroke he suffered last week.

Emil Helgren reported for duty last week at Fort Snelling.

Be sure to attend the sale at the Chris Norbeck farm, March 16. Silverton Ladies Aid will serve lunch.

Mr. and Mrs. Dan Payne and Wallace attended the parcel shower given Sunday of last week for Mrs. Billy Wayne at her home near Mavie.

Mrs. John Gran of Thief River Falls visited Thursday evening at the home of her parents, Mr. and Mrs. Nels Burtness.

The Smiley-Silverton 4-H will meet, Mar. 13 at the Smiley Hall. The topic to be discussed is, health, chicken project, cake demonstration and sewing. Hostesses, Mrs. Brekke and Mrs. Offerdahl.

Mrs. H. A. Dahlen, Erling and Grace and Geneva Iverson motored to Fargo and Kindred, N. D., for a week-end visit with relatives. The purpose of the trip was to meet a sister, Mrs. Haga from Plaza, N. D., who also was visiting in Fargo. The sisters had not seen each other for several years.

NEWFOLDEN

BASKETBALL TEAM WINS OVER ROSEAU

The Newfolden high school basketball team evened scores with Roseau last Thursday evening winning by a score of 26 to 24. Roseau was the only team that has defeated Newfolden in the district this season. Newfolden was on the short end by 11 to 8 at the end of the first quarter but scored 9 points in the second quarter holding the opponents scoreless to lead by a score of 17 to 11 at the half. At the start of the third quarter Roseau scored six points to come within one point of tieing the score but Newfolden held the lead the rest of the game. Lokken was the outstanding player of this game. Many basketball fans journeyed to Roseau to see the game. Newfolden also defeated the Thief River Falls B team here last week.

SUB-DISTRICT TOURNAMENT HELD HERE THIS WEEK

The sub-district tournament opened here Wednesday evening with Karlstad vs. Lake Bronson and Strandquist vs. Middle River. Newfolden drew a bye. Newfolden meets the winner of the Karlstad Bronson team Thursday evening. The finals will be played Saturday evening. The two winning teams will go to Roseau to play in the district tournament held there next week.

Bill Westman has purchased a farm near Upsala and is moving his livestock and household goods there this week. We are sorry to see the Westmans leave our community.

Hypnotic Drugs Injure Child

Many mental injuries are being done to children at birth by the administration of hypnotic drugs during the mother's labor, Dr. Philip Barbour, former professor in the University of Louisville School of Medicine, recently stated

Kitty's Komments

There is a snipping and a clipping—gay colored patches piled high—triangular bits of card board. You guessed it! Mom is at her favorite past time—piecing quilt blocks.

The sewing machine whirrs and another bright colored block is added to the others that are finished.

Dad thinks it is a whole lot of nonsense, cutting to pieces perfectly good large strips of material and then sewing them together again. Mom just smiles and cuts some more.

Soon the required number of blocks are made, and then the sewing together of these (the best part of the whole quilting process.) And it really is a most exhilarating experience to see the beautiful design you have created from small bits of left over material.

The best part of it all, Dad admits, "It looks pretty!"

N. W. Wheat Farmers to Vote on Marketing Quota Under AAA May 2

Northwest wheat farmers will vote May 2 on whether or not they want a continuance of the marketing quota provision of the AAA permitting orderly marketing of huge wheat supplies, Charles W. Stickney, Minnesota AAA chairman, announced Saturday.

"We are urgently in need of record supplies of milk, eggs, pork, certain vegetables and vegetable oils to win the war, but we do not need more wheat," Mr. Stickney said.

"The marketing quota provision voted favorably last year has resulted in near parity wheat prices despite a record supply of wheat and all-time low prices in other wheat producing countries," he said.

"If farmers vote down marketing quotas and take the lid off wheat acreage, I don't know where we will store the wheat produced from the excess acres," he warned. "Storage and transportation will be one big headache to farmers without further burdening the situation with production of a product that is not needed at this time in the food production program."

TEN SONS REGISTER AT FERGUS FALLS

Fergus Falls—Ten sons of one family, all of draft age is a rare occurrence, but it has happened twice in Otter Tail county. In the 1940 registration, Mr. and Mrs. Ole Fronning of Aastad saw their ten sons register, and recently the ten sons of Mr. and Mrs. John Quernemoen have registered. Five of the Quernemoen sons registered in the first draft, and five more registered last week when the 20 to 45 year old registrations were called. All but one of the registrants are married and one son, Melvin Quernemoen served in the World War.

POWER [illegible] EARNS $83,065 IN PAST YEAR

Increased Volume Raises Net Earnings to New High Total in 1941

$87,121 IN THE CITY TREASURY JANUARY 1

More Than $53,000 in Bonds and Interest Paid Last Year

Due to increased volume of business and to greater output of the water turbines, the net profit of the Thief River Falls municipal power plant increased in 1941 to $83,065.83 as compared to $74,984.74 in 1940, it is revealed in the annual report of City Clerk P. G. Pederson, completed late last week.

Total billings for the past year amounted to $158,105.57 compared to $142,108.77 in 1940. Making up the 1941 total were light billings, $109,287.62; power billings, $42,510.27; and heat, $6,307.68.

The plant last year generated 4,597,600 kilowatt hours of electricity, compared to 4,172,200 in 1940. Of the 1941 total, 4,174,372 kilowatt hours were accounted for, including customers' billings, 3,659,118 KWH; free service for street lights, etc., 303,212 KWH; and current used in plant, 212,042 KWH. Line loss aggregated 423,528 KWH, or 9.21 per cent compared to 7.56 per cent in 1940.

Receipts in the waterworks department in 1941 were reported at $25,480.02, which, after deducting disbursements of $16,058.19 and a charge of $180 for office rent, left a cash surplus of $9,241.83.

During the past year a total of $43,000 in bond principal was paid in addition to $10,067.56 in interest. With only $14,000 bond maturing in 1942, the debt retirement load will be materially lighter this year.

On December 31 the city's bonded debt aggregated $274,000, including $78,000 of general obligations; $166,000 power plant bonds; and $30,000 waterworks bonds. All of the bonds draw interest at the rate of 2 to 3 3-4 per cent, with the exception of the waterworks issue, which earns 5½ per cent. Offsetting the outstanding bonds was a cash balance of $87,121.84 in the city treasury at the start of the year.

Total receipts in 1941 aggregated $250,553.81, while disbursements amounted to $243,782.21, this latter figure including a large part of the cost of constructing and equipping the new addition to the power plant.

Major items of disbursements included official salaries, $4,770; police department, $10,279.01; fire department, $7,813.45; street department, $9,900.92; sewage treatment plant, $4,765.81; and garbage collection and incinerator, $2,120.

Among other disbursements were poor fund, $7,711.20; Auditorium fund, $5,572.02; library fund, $5,647.62; and park fund, $5,247.74.

Largely as a result of the huge earnings of the power plant, the city this year will raise only approximately $16,000 in the form of real estate taxes on local property, thus placing Thief River Falls in a preferred position in respect to low tax rates.

DISTRICT COURT JURY TO FINISH ITS WORK TODAY

Evidence Being Heard Today in Final Action to be Disposed of

The winter term of Pennington county district court will come to an end today, it was indicated this morning when the petit jury resumed hearing testimony in the case of Karen Hasby vs. Lionel McMahon, the action involving a mortgage on farm chattels.

The case of Gunnef Gunstenson vs. James Mulhall and Samuel Brandvold was settled out of court after the jury had begun hearing the testimony Tuesday. Also dismissed were the actions of O. N. Urdahl vs. Even Schulestad and John Byklum vs. C. M. Adkins.

The jury gave a verdict for Mabel Nygaard in her suit against the Northern State bank and Sheriff Arthur Rambeck, and also returned a verdict for Mrs. J. M. Bishop in the amount of $80 in her action against W. J. LaBree. Schuyler Schmitz won an acquittal in the suit brought by Verna Schmitz.

Seven cases involving appeals in condemnation proceedings were dismissed.

STORES MONDAY WILL START CLOSING WEEKDAYS AT 5:30

Commencing next Monday, March 16, Thief River Falls stores will make a material change in their schedule of operations by closing at 5:30 in the afternoon instead of at 6 o'clock as in the past, it was announced by E. B. Benson, chairman of the merchants committee of the Civic and Commerce association. The 5:30 closing hour will be observed each weekday except Saturday, on which day, starting March 21, stores will remain open until 9 o'clock in the evening. Grocery stores are also announcing today a reduction in delivery service, which in the future will provide one delivery in the morning and one in the afternoon.

Large Selectee Group Left from City Monday

Members of the largest contingent of selectees to leave Pennington county for army camps since the nation began its war effort were given assurances that they carry with them the best wishes of their home community when they assembled in the Auditorium at a farewell gathering Monday morning previous to their departure for Fort Snelling.

Dr. E. S. Amesbury, chairman of the Civic Service Organization, which arranged the affair, turned the program over to Roy J. Oen, president of the Civic and Commerce association, who expressed confidence that the new soldiers would do their full duty.

The principal address was given by Dr. A. E. Jacobson, who pointed out that the present adventure was forced upon the young men by a powerful foe threatening the very existence of the nation. The United States, he said, is facing the latest of a series of challenges against a mode of life under institutions established more than 175 years ago, and he added that the citizens have full faith that the men of today will carry on the high tradition.

Ole Engelstad of the local Elks lodge presented the selectees with diaries in behalf of the civic service group, while Major G. Schilbred, commander of the American Legion post, gave each of the men a service men's manual.

At the close of the program a group of spirited selections were rendered by the Lincoln high school band directed by Glendon E. Ahre.

The state division of hotel inspection, headed by Theodore T. Wold, has called a meeting of operators of hotels, restaurants and other refreshment places to be held in the municipal Auditorium next Monday afternoon, March 16, at 2:30.

Mr. Wold will be present to address the gathering, and motion pictures will be presented dealing with sanitary methods of cleansing glassware and dishes.

M. E. Puschinsky, deputy inspector stationed at Red Lake Falls, is in charge of arrangements for the session here.

CITY COUNCIL HOLDS SESSION TUESDAY NIGHT

State Board of Health Asks Adoption of New Model Plumbing Code

ACTION DEFERRED ON POLICE UNIFORMS

Three City Employes Will Attend Short Course at "U" Next Week

Representatives of the state board of health appeared before the city council at its regular March session Tuesday evening, and urged the adoption here of a model plumbing ordinance to provide stricter regulations governing installation of sewer and water facilities. Members of the council indicated they were interested in the proposal, but took no immediate action.

For the information of the council and of plumbers who were present, the visitors also showed talking motion pictures illustrating several types of defective plumbing installations.

The council approved a deal for the purchase from the Soo Line at a cost of $200 approximately two acres of land to be utilized for the right-of-way of the proposed new road across the millyard. Collateral offered by the local banks to cover city deposits also was approved.

Four bids from local stores on supplying six uniforms for the police department were considered, but final action was deferred until an adjourned session to be held Friday evening.

City Clerk P. G. Pederson submitted a comprehensive report covering the city's financial operations in 1941, and explained various details.

Ole Legvold, superintendent of the water and light department; Ole Ness, operator of the sewage disposal plant; and Harold Anderson, operator of the filtration plant, authorized to attend a short course to be conducted at the University of Minnesota next week under the auspices of the League of Minnesota Municipalities.

Legion Plans Party to Note 24th Anniversary

Plans for the observance Friday evening, March 20, of the 24th anniversary of the founding of the American Legion were made at a meeting of Elmer J. Ecklund post Monday evening, arrangements being left in the hands of a committee including H. M. Hitterdal, Emmett Wright and Elmer Larson. Plans for the Ninth district convention of the Legion to be held in this city June 15-16 also were discussed.

The fire department was summoned Tuesday evening to the Oliver G. Holmen home at 710 Eighth st E., when a chimney fire developed, no damage resulting.

Local Stores to Resume Staying Open Saturday Evenings on March 21st

With Easter Sunday falling this year on April 5, stores of Thief River Falls will resume their 9 o'clock Saturday evening closing hour Saturday night, March 21, it was announced today by E. B. Benson, chairman of the merchants committee of the Civic and Commerce association. The stores have followed the winter schedule of closing Saturdays at 6 p. m. since immediately following the Christmas holidays.

A. EKLUND, FORMER PENNINGTON CLERK OF COURT, PASSES

Funeral Rites Friday Afternoon for Long-time County Official

Following an extended period of ill health, Adolf Eklund, who served as Pennington county clerk of court for 24 years from 1917 until January, 1941, passed away Monday at his home at the age of 67 years.

Funeral rites will be conducted from the Erickson & Lund chapel Friday afternoon at 1:30, and from the Community church at 2 o'clock, Rev. S. S. Olafason officiating. Masonic rites will be conducted at the grave in Greenwood cemetery.

Born in Gothenberg, Sweden, March 1, 1875, Mr. Eklund came to Crookston in 1888, and two years later to Norden township, where he lived until moving to Thief River Falls in 1913. He served as a rural school teacher from 1907 to 1913.

During his years of residence here, Mr. Eklund was active in lodge affairs, having been affiliated for many years with the Masons, Odd Fellows, Elks and Rebekahs.

He was married in 1936 to Olga Knutseth, who survives his death.

Also surviving are five sisters, including Mrs. Armida Hall, Mrs. Olga Eklund Brown, Mrs. Hilda Rhodegaard and Mrs. Selma Peterson, all of Thief River Falls; and Mrs. Ellen Swayze of Boothbay Harbor, Maine, and Miami, Florida.

Bothun Leases Flower Shop and Greenhouses to W. Anderson Monday

Wayne Anderson, who has been employed at the Thief River Greenhouses and Flower Shop since last September, Monday completed negotiations whereby he leased the business from its owner, Martin Bothun, who is retiring in the interests of his health. Mr. Anderson, who came to this city from Hibbing, has had twelve years of experience as a florist, including serving as manager of the Edgewater Beach hotel flower shop in Chicago, as well as experience at Memphis, Tennessee, and Kansas City Missouri.

Hizoner Buys the First One

Girl Scouts start their annual cookie sale today but Mayor Harry Kinghorn was given an opportunity to get in on the ground floor Tuesday night when Naomi Vedum of Troop No. 7 called on him as he waited for the Council to convene. Proceeds of the sale are used to pay the cost of the Scouts' summer outing.

Sugar Rationing Books Arrive Here this Week

In preparing for sugar rationing, which is scheduled to get under way as a war measure late this month, a supply of copies of Rationing Book No. 1 for Pennington county arrived this week at the office of County Auditor A. M. Senstad.

Mr Senstad turned over the material to George W. Werstlein, chairman of the Pennington county allocations board, which is charged with the entire responsibility for the distribution of ration books and application forms in the county.

In the rural areas of the county citizens will be registered at the appointed dates to be announced later by teachers in the rural schools, and school teachers also will handle the registration in Thief River Falls and the villages of St. Hilaire and Goodridge.

The head of a family, either the mother or father, will register for the entire family. Household employes, persons employed by families and boarders must register for themselves. One-half pound of sugar per week will be the maximum allotment for each member of the family.

Commercial sugar users will register at a later date in high schools.

It was pointed out that registrations will be simplified if each registrant will make a list of persons in his family to be given to the clerk in charge of registration listing plainly the last name, first name, middle name, street address and city or village.

17 Selectees to Leave This County March 22d

The Pennington county draft board has been notified to prepare to supply a contingent of 17 selective service registrants to leave for Fort Snelling Sunday, March 22, it was announced this week.

ELECTRIC CO-OP'S ANNUAL SESSION IS HELD WEDNESDAY

Only One Pennington County Director Is Retained On Board

As a result of the outcome of the election held Wednesday at the annual meeting of the Red Lake Electric Cooperative in Red Lake Falls, Pennington county was left with only one representative on the board of directors, Mons Engelstad. S. E. Hunt, Stephen Singer and John Newland are retiring directors.

All of the other directors except Emil Anderson of Marshall county are from Red Lake county. They include Carl Swanson, Joseph St. Marie, Oscar Lovaas, C. W. Beyer, Henry Paul, Joseph Skala and Millard Daily. Approximately 225 ballots were cast in the election.

E. F. Kilard, manager of the cooperative, gave his annual report, revealing a substantial increase in the average income per mile of line. C. J. Hustad, project engineer, also gave a talk on the efficient use of electricity.

C. & C. ARRANGES DINNER FOR 200 HOCKEY PLAYERS

Professional Men Discuss Plan to Close Offices Saturday Noon

At the luncheon meeting of the Civic and Commerce association last Thursday noon, arrangements were completed for serving dinner in the association rooms Friday evening to nearly 200 hockey players and their attendants assembled in this city for the 40 & 8 Junior hockey tourney.

Meeting Thursday in a separate group, local professional men discussed the advisability of closing their offices Saturday afternoons thruout the year, definite action being deferred until the next meeting of the group scheduled for the first Thursday in April.

The merchants, in their group meeting, decided to keep stores open Saturday evenings until 9 o'clock starting March 21.

LOCAL SCHOOL FACULTY GETS SALARY RAISE

Granted Moderate Increases to Offset Rising Cost of Living

TO INCREASE ANNUAL OUTLAY BY $4,725

Supt. Morris Bye Points out Growing Shortage of Teachers

Members of the Thief River Falls public school faculty were voted general salary increases to offset in part the rising cost of living at the March session of the board of education Monday evening. At the same time, contracts with the teaching staff were extended for another year.

The existing salary schedule, adopted in the spring of 1928, was revised to provide that teachers receiving less than the maximum salaries will get increases of $90 a year, while maximum salaries for both elementary and high school teachers were amended so that teachers now receiving the maximum will get increases of $45 a year, and married faculty men will receive $150 more annually than single men or $270 more than women teachers.

Under the revised schedule maximum salaries will be as follows: elementary teachers, $1,260; high school women teachers, $1,530; high school men teachers, $1,650; and high school married men teachers, $1,800. Mr. Dye stated that the salary increases will involve a total additional expenditure of $4,725, to raise which sum a three-mill increase in the school district maintenance levy will be required.

In connection with the salary discussion, Supt. Morris Bye pointed out that with many men teachers entering the military service and many others, women as well as men, entering other occupations because of higher salaries, a serious shortage of teachers will probably develop during the coming year. He added that enrollments in teacher training institutions have declined substantially, the percentage of decline for Minnesota being 20 per cent.

Dr. A. E. Jacobson and Alfred Skarstad, who served as delegates to the convention of the Minnesota School Board association convention in Minneapolis in February, submitted reports on the sessions.

The board voted approval of the proposed Pennington county school garden program, calling for a central garden of five to ten acres to be located near this city and to be supervised by H. F. Harrison, high school agriculture instructor.

Action was taken to file formal applications for the continuance of the high school teacher training and vocational agriculture departments.

DISTRICT SPEECH CONTEST IN CITY TUESDAY, MAR. 17

Twelve Schools to be Represented in Event at Lincoln High School

Twelve schools from thruout District 21 will be represented in the district high school speech contest to be conducted in the Lincoln high school auditorium next Tuesday afternoon and evening, March 17, Supt. Morris Bye announced today. The first elimination contest will begin at 2 o'clock in the afternoon, followed by the finals at 7:30 in the evening.

The contest will be arranged in five divisions, interpretative reading, original oratory, extemporaneous speaking, oratorical declamation and manuscript reading. First place winners will enter the regional contest to be held at Bagley Monday, March 23.

Judges will be Mrs. Norma G. Ostby of Concordia college, Dr. Lillywhite of Moorhead state teachers college, and Miss Pearl Wilmers and Miss Clara Struts of Moorhead high school.

The participating schools will include East Grand Forks, Fisher, Climax, Crookston, Warren, Oslo, Alvarado, Red Lake Falls, Plummer, St. Hilaire, Goodridge and Thief River Falls.

Defense stamp sales in the local public schools last Thursday hit a high mark of $256, bringing total sales for the past six weeks to $1,236.

GIRL SCOUT NOTES

On March 12, 1912, Juliette Low organized the first Girl Scout troop in Savannah, Ga., with a membership of 24 girls. In three decades the membership has grown to over half million.

In March 1920, under the leadership of Thelma Holm Erickson, the first local Girl Scout troop was organized with the following as members: Esther Bennes, Maxine Johnson, Muriel Lokken, Margaret Klugman, Ruth Mellby, Arslie Anderson and Ella Muenchrath. This troop continued for about a year.

The next organization was in October, 1931 when Mrs. O. G. Lynde organized the Girl Scout and Brownie troops with the following assisting: the Mesdames James Steen, T. P. Anderson, A. C. Matheson, F. C. Meyer, Floyd Patten, Leonard Hanson, and M. G. Leverson.

Girl Scouting has continued here since that time. Our local Girl Scout committee became an official Girl Scout council in 1941 and we now have one hundred and forty registered Brownies and Scouts with forty-six leaders, assistants and committee and council members. Mrs. H. K. Helseth is commissioner of the local organization.

In celebration of Birthday Week the girls have prepared a window display in the Northern State Bank Building showing the various activities in which the girls participate.

The annual Girl Scout cookie sale is starting on Thursday, March 12 and is a means of earning money for the summer camp.

Mrs. Bratrud, who is conducting Girl Scout knitting classes, has reported that the Red Cross yarn is here. Ten girls who can knit with four needles are asked to be in the Auditorium rooms at [illegible] on Thursday to work on [illegible].

PHOTOGRAPHIC STUDIOS — A perfect portrait of Mother and Dad, or a group photograph of the whole family, by the Salveson STUDIO, will do much to lessen the loneliness of the young men leaving for training or service. Salveson's portraits are so natural as to seem like the real presence of the persons portrayed, and the boys will be mighty proud of the pictures. Give them this excellent morale medicine by telephoning the SALVESON STUDIO, number 204-M, any time before the boys go.

MEN'S CLOTHING — It is very commendable to be ambitious and want to get ahead, but LIEBERMAN'S want to get all male heads in Thief River Falls and fit them with smartly new spring Stetson Hats. Obviously, it is as superfluous as an introduction to an old friend to tell you about the high quality standards of Stetson Hats—for years the name Stetson has been synonymous with approved design and superb craftsmanship. Despite scarcity of materials and rising prices, Men's Stetson Hats are priced $5.00, $6.50 and $7.50 at LIEBERMAN'S.

DEPARTMENT STORES — In Axis-dominated countries, shoes can not be had at all, or if obtainable, are at prohibitive prices. That's one very good reason to be thankful that here in Thief River Falls, we have available the splendid shoe selection of Brown Bilt Shoes at OEN'S. Sturdy, wear-resisting models for the growing feet of children, nationally advertised styles for ladies that lead them all in smartness and craftsmanship. Faultless fitting for the whole family in shoes at OEN'S, headquarters for quality, style and sensible prices.

DAIRIES—You've always known that you liked the taste of rich Pasteurized milk, from the CITY DAIRY, but did you know why? Science tells us that because our bodies need this healthful food drink, Nature has wisely made the taste appealing. To be assured of our daily requirements of vitamins, proteins and minerals, adults should drink a minimum of one pint a day, and growing children one quart a day of nutritious Pasteurized Milk, from the CITY DAIRY. Telephone number 100 for daily delivery. Sealed in cellophane for your protection.

FINE FOODS—are just as important as fine clothes in the Easter planning, and now isn't a bit too early to start planning the pre-Easter baking. And here's a tip to housewives who use flour—for uniformly good results use a flour that is uniformly good. Hartz DeLuxe flour measures up to the highest standards. Milled by one of the largest mills in the Northwest from selected Montana hard spring wheat, HARTZ DeLUXE FLOUR is, in every respect, a superior product. Hartz DeLuxe Flour is both high in quality and low in price. It retails for less because of the efficient Hartz method of merchandising, the short cut route between manufacturer and consumer.

LUMBER—The cedars of Lebanon were famous in Biblical history for yielding wood of great durability... today, here in Thief River Falls, Cedar Shingles, from the SKARSTAD-DANIELS LUMBER COMPANY, maintain that time-tested reputation for ability to withstand the ravages of time and weather. Cedar Shingles can be used to achieve many effects of enduring beauty for siding and roofing. When you plan to build, or remodel, let the friendly service of the SKARSTAD-DANIELS LUMBER COMPANY explain the many advantages of Cedar Shingles.

SAVINGS & LOAN ASSOCIATIONS— Despite the old adage, it is perfectly safe to put all your eggs in one basket if that container is as securely safe as the FIRST FEDERAL SAVINGS & LOAN ASSOCIATION. You see, there is no question about safety because your investment is insured up to $5,000 by an agency of the Federal government. You couldn't ask for better security than that and you can open an account for only one dollar. The current rate of return is three dollars on every hundred dollars. Don't delay—start saving today, at the FIRST FEDERAL SAVINGS & LOAN ASSOCIATION.

FURNITURE STORE—The likelihood of blackouts in this vicinity seems very remote yet right now many homes are in semi-darkness, due to inadequate illumination. It is short-sighted economy to stint on adequate light for reading, sewing and other after-dark activities. At the POPPLER PIANO & FURNITURE STORE you will find handsome Lamp Bases and Shades, including 3-Way Reflector, Reading, End Table, Desk and Floor types. Make your home more cheerful and livable with lovely lamps, from the POPPLER PIANO & FURNITURE STORE.

LADIES WEAR—In case you're not calendar-conscious, Easter comes on April 5th which is near enough the 1st to caution you not to get fooled with a new spring dress that is not smartly becoming and fashion-approved. You can find styles to suit your personality, torso and purse in the comprehensive selection of new spring Frocks at the B & B STYLE SHOPPE. New prints, gay colors and soft, plain color [illegible]. CRIPPLED CHILD CLINIC IS SLATED IN CITY ON MAY 23

One of Nine District Clinics Planned in State This Spring

Crippled children under twenty-one whose parents cannot afford private orthopedic care will receive medical examinations and vocational guidance in a series of crippled children clinics to be held in nine centers serving 41 Minnesota counties during April, May, and June.

Dr. Malvin J. Nydahl, head of the state bureau for crippled children, division of social welfare, this week announced the schedule for the series which are held twice annually, every spring and fall. A clinic will be held at Thief River Falls on May 23 for Kittson, Marshall, Pennington, Red Lake and Roseau counties.

Any child who is crippled will be admitted to the clinic for examination upon the recommendation of his family physician. Checkup examinations are also made on children who have been cared for previously by the bureau for crippled children or Gillette State Hospital.

Harry Myrom Makes Good Start on Beaver Coat

Harry Myrom, living northwest of this city, shown above at right with George Mossestad and a huge beaver trapped during the current open season, has made a good start toward getting a valuable coat, this being the third specimen he has trapped recently. Another lucky trapper is Ted Markus, who trapped a 61 pound beaver during the past week.

27 Votes Cast in Town of North Election Tuesday

In the Town of North election Tuesday, in which 27 ballots were cast, Renold Johnson and Alfred Langren were reelected, respectively to the offices of supervisor and clerk. Walter H. Quist was named justice of the peace and Edwin Olson constable. A total tax levy of $2,000 was approved, compared to $2,200 in 1941. Making up the levy were $300 for general revenue, $600 for the road and bridge fund, and $1,100 for the poor fund.

MOORHEAD DOWNS PROWLERS IN LAST PRE-TOURNEY TILT

Visitors Give Nifty Ball-Handling Exhibition to Win 53-32

The Prowlers ended their season's basketball schedule Friday night by dropping a 53 to 32 decision to a burly Moorhead high school team. The game, played on the local floor and which was a rough affair, was featured by the nifty ball handling of the polished Spuds. Dick Hilden, the Moorhead team's hot-shot, led the scoring with 22 points, with chunky Glen Melvey, who had a fine one-handed shot, being the runner-up with 12 points. Milt Rierson paced the Prowler point-getters with 4 field goals and a free throw.

The Prowlers are defending their district title this week in the tournament being held at Crookston. Drawings held on Saturday placed Crookston in the same bracket with the locals, while Warren and East Grand Forks were paired in the top bracket.

Driving toward the west basket, the Prowlers jumped into an early lead in Friday's contest. After Wally Solien, Moorhead's captain, had opened the scoring with a free throw, Johnny Campbell, taking a pass from Gjernes, flipped in a one-handed shot. Gjernes added a free throw. Melvey, on a fast break into the lane, dumped in a one-handed shot. Campbell converted a point on Monson's foul. Dick Hilden tacked up his first point in a free throw. Jim Werre's one-handed shot; Hilden's rebound goal; and Melvey's close-in shot, gave the Spuds 10 points in the first period. The Spuds with Hilden and Melvey each connecting for two field goals, and a basket by Monson, increased their lead to 20 to 5 in the second period before the locals, on field goals by Lenny Lorentson and Jack Melby, could mark up a point. The score at the half being 22 to 13 for the Spuds.

After Hilden had opened the second half with a tip-in-shot; Lorentson and Gjernes looped in Prowler field goals, to cut the Moorhead lead to 7 points, 24 to 17. The Spuds with Hilden and Melvey leading the scoring drives, and with Wally Solien directing the play, pulled away from the Prowlers, held a 12 point advantage at the end of the third period. Milt Reierson's two long shots, and Melby's two close-in baskets, were the Prowlers field goal getters in addition to Lorentson and Gjernes.

Reierson's two rebound buckets were the only counters from the field that the locals tallied in the final period; while the Spuds were marking up 5 field goals and 5 free throws for a 53-point total.

In a preliminary game, the Senior Bums, with a fourth period rally, and with Luther Fjelstad in their line-up, nosed out the Prowler "B" team, 39 to 35.

Ade Lorentson King of Sports Day at St. Olaf

Ade Lorentson, son of Mr. and Mrs. F. D. Lorentson, reigned as King of St. Olaf's Winter Sports Day which was recently held at the college. Ade, a senior at St. Olaf shared his sovereignty with "Queen" Elaine Fenne of West Concord. The festivities of the day were climaxed by a basketball game which was opened by the royal procession and ended with an easy win for St. Olaf.

More than $4,000,000 is wasted annually on garments and gadgets which supposedly remove fat, but which doctors have found completely valueless.

DEAR UNCLE

You may get a big bang out of paying taxes but, frankly, we don't. And when we finally got down to writing the check to square accounts with Uncle Sam this week, we were seeing red. That unpleasant procedure out of the way, we settled down to a little visit with our good friend Ben Franklin before blacking out for the night, and by strange coincidence the book opened to Father Abraham's rebuke to those who complain about high taxes. We could almost hear old Ben chuckling as he stuck the needles into us.

Father Abraham was right. The taxes levied upon us by the government are small compared to those we levy upon ourselves. We are sure that during this past year Folly has taxed us at least three times as much as we had to pay to Uncle Sam. Pride and Sloth each took a big cut out of our income. Idleness reduced our earning power and Foolishness levied a heavy tribute on what we did earn. It was within our own power to reduce these levies but our efforts, at best, were only half hearted. When we closed the door on Ben that night we were very remorseful, and with our check to Uncle Sam will go a letter something like this:

Dear Uncle:

Here is my tax report for the year 1941 and a check to cover what I owe you. I know you are under heavy expense these days and need a lot of money. I'm glad to throw in my share and if you need more don't hesitate about calling on me again.

Will you pardon me however, Dear Uncle, if I urge you to be a little more careful in your spending. It is not my desire to humiliate you by reminding you that you have no independent income, that your only means of support are the contributions you receive from me and other good nieces and nephews.

We all love you dearly and we all greatly appreciate what you have done for us. Now that you are up to your ears in trouble, we have an opportunity to prove to you the sincerity of our affection. We welcome that opportunity. We will give you our money. We will give you our lives. We will give all we have to see you safely through your present dangers.

But Dear Uncle, you should be told that we hear much of your wastefulness and I am afraid there is justification for some of the bad reports. Perhaps you have been a little careless in the selection of your friends. You have reason to be suspicious of the loyalty of those who make unreasonable demands upon you and in fairness to the nieces and nephews who are loyal you should rid yourself of the leeches who sap your vitality.

I know you are under constant pressure from various groups, or rather, should I say, under constant pressure from the leaders of various groups. I am afraid that many of these leaders are more concerned with maintaining their own group leadership than they are with your general welfare, and I think the time has come, Dear Uncle, when you should administer several spankings.

Aside from your reckless spending I have little fault to find with your conduct. I think you have done exceptionally well in your relations with other countries. It pleases me much to know that you are getting along well with our South American cousins. But please do be a little more careful in spending our money. If it must be spent foolishly, we can do that pretty well ourselves.

Obediently,
Your Nephew.

SILENCE THE RUMOR-MONGERS

A west coast factory has placed a blackboard in its plant and employees are urged to write on it all the rumors they hear, signing their names, of course, to what they write. That appeals to us as a sensible way to silence the rumor-mongers. Loose talk can destroy morale and enemy agents know the value of wagging tongues. Some of the most effective work of saboteurs is accomplished by planting seeds of suspicion in the minds of people who talk more than they think and many well meaning people, by their senseless chatter, give assistance to the enemy that seeks to destroy them.

It should not become necessary, even during the present critical period, to suspend the right of free speech, but we can expect to retain this right only as we impose upon ourselves reasonable restraint in the things we say. There is a difference between constructive and destructive criticism. We have a right to disagree with the policies of those who are directing our war efforts. We have a right to be critical of the actions of our leaders, civil or military. But let such criticisms be brought out into the open so that they may be examined for what they are worth, and not given currency by the gossip method. And let the author of such criticisms sign his name to what he says.

Typical of the destructive gossip that is helpful to the enemy is this one, told to us the other day over a cup of coffee. "Do you know why we don't bomb Tokio? A big American syndicate has a mortgage on a lot of property there and they don't want it destroyed." When you hear such talk, ask the speaker to put his stuff in writing and sign his name to it. The authorities should know who is spreading that kind of gossip.

Starting on Monday of next week local stores will close at 5:30 o'clock and the Saturday night closing hour, starting March 21 (that isn't this week) will be nine o'clock. That seems like a sensible arrangement. Work does not end for store employees when the stores close. There is always much to be done after the doors are locked and the new schedule will merely make it possible for clerks to finish their work by six o'clock. The public should cooperate.

Nearly a Foot of Snow Arrives in Past Week

The landscape in this vicinity experienced a relapse into a midwinter appearance during the past week, in marked contrast to spring-like conditions existing up to that time. Nearly a foot of snow arrived in heavy falls Friday and Tuesday, and state, county and city snowplows got their best workout of the current winter. There was little drifting of the snow.

BRAY

Mr. and Mrs. Albert Boutaine, Mrs. Wayne Kropp and family of Dorothy visited Sunday afternoon at the home of Mr. and Mrs. Sam Mosbeck.

Mrs. Alex Swanson spent the week end at the Fred Lorentson home at Thief River Falls. Alex Swanson and family, Mr. and Mrs. Gust Peterson and Muriel were guests at the Lorentson home Sunday.

Kenneth and Lorraine Swanson, Beverly Schalz and Gloria Dyer were among those who attended the basket ball tournament at Grand Forks Wednesday evening.

Donald and Clarence Syre and Robert Orloff motored to Fargo on business Friday.

Mrs. Emil Larson, Mrs. George Swanson and Mrs. Eldon Erickson attended a Red Cross meeting at Thief River Falls Tuesday evening.

Looking Backward

1932—TEN YEARS AGO

The Lincoln High school Prowlers defeated East Grand Forks 19-18 to win the district basketball title.—The past week has recorded sub-zero temperatures each day.—The new bridge across Red Lake river at St. Hilaire is now virtually completed.—Rev. E. L. Tungseth attended a directors meeting at Oak Grove seminary in Fargo.—A large delegation from this city attended the annual Land O'Lakes meeting in Minneapolis.

1922—TWENTY YEARS AGO

Vernor Nelson, who has been with a St. Hilaire bank, has accepted a position as bookkeeper at the First National bank here. —John Rolland was elected senior councilor of the local unit of the United Commercial Travelers. —Pennington county has been allotted 200 acres of sugar beets this year, twice last year's allotment. —Rev. A. I. Merth, assistant pastor of the cathedral in Crookston, has been appointed to serve the Stephen parish.—First women to serve on a district court jury in Pennington county were Mrs. J. M. Bishop, Mrs. William Vaughan, Highlanding, and Mrs. G. I. Fellman, Mrs. O. Gunstad, Mrs. N. E. Beebe, Mrs. J. V. Patton and Mrs. E. F. Dunn, all of St. Hilaire.

HIGHLANDING

Friends of Albert Howard will regret to hear his condition is unimproved. Albert has been sick for some time.

Henry Hjelle was a caller at Will Vaughan's Sunday.

Palmer Wold left on a business trip to Minneapolis Saturday.

Mrs. Martin Johnson who was taken to a Thief River Falls hospital last Monday is much improved.

Ted Hyland, Carl Anderson and Mr. Vaughan came home from Thief River Falls Friday night. They returned Tuesday for further jury duty.

Edward Korstad, Albert Mandsrud, Oscar Mostrom, Andreas Homme, Thorman Lunden and Arnold Myrum were among the boys leaving from this community for Fort Snelling on Monday.

The pupils in Dist. 37 have been doing their bit buying defense saving stamps, having purchased about six dollars worth in two weeks.

Mr. and Mrs. Lewis Thompson were supper guests at the Anton Johnson home Sunday.

Mr. and Mrs. Anton Johnson attended a birthday party given on Mr. Kraun and Lois.

Friends of John Nelson who lives at Lake Park were saddened by the news of his death which occurred last week. Mr. Nelson was enroute to visit his brother Ed and family at Hibbing. His car left the road near Bemidji striking a culvert. He was unconscious when found and passed away the following morning. His wife and brother Ed and wife came to Bemidji. He was not conscious after the accident. He leaves to mourn his passing his wife, two step sons, his father, and two brothers Ed and Ray all of Hibbing. Mr. Nelson is well known here having grown to manhood on a farm east of Highlanding. Funeral services were held at Lake Park Monday.

The first meeting of the nutrition and garden projects met at Goodridge on Wednesday.

EVELETH NOSES OUT LOCALS IN HOCKEY FINALS

Range Team Wins 2-1 to Capture Championship of 40 & 8 Tourney

CATHEDRAL SCHOOL WINS CONSOLATION

Hornets Defeat Bemidji, Roseau and Crookston Cathedral Teams

The large crowd that jammed into the Arena Saturday night saw Eveleth score goals in the first and second periods of their finals game with Thief River Falls, and then repel the Hornets furious third period rally to nose out the locals, 2 to 1, to win the annual 40 & 8 state high school and Red River Valley hockey tournament. Eveleth had entered the finals with a 3 to 2 win over Warroad; while the Hornets had bowled over Bemidji, 9 to 0, Roseau, 5 to 1, and Crookston Cathedral, 5 to 2, to enter the finals.

In the consolation game Crookston Cathedral upset Warroad, 5 to 4, winning an overtime decision. As a result of its victory Eveleth was awarded the championship trophy and the $50.00 equipment prize; Thief River Falls received the runner-up trophy; Crookston Cathedral, by its third place standing, was awarded the $25.00 equipment prize as well as the Tom Rowan Trophy; and Warroad received the coveted Sportmanship trophy.

Forced to shave the ice and remove the slush after the consolation game, the Eveleth and Thief River Falls championship game did not face-off until nearly eleven o'clock. With less than a minute of play remaining in the first period Milo Yellich lifted a waist-high shot from the Hornet blue-line. Johnny Robarge, in the north goal for the Hornets, nearly had the puck stopped, but the rubber deflected off his glove into the net.

Cliff Thompson's Eveleth team added to their margin by marking up a goal in the second period. Ben Swarthout, Eveleth's captain and center-ice player, and one of the outstanding players in the tourney, carried the puck into the southeast corner of the rink, backhanded a pass out to little Ray Bastianellie, and the Eveleth wing, from ten feet out, banged the shot into the Hornet goal, with goalie Robarge having no chance to make the save.

Jug Snelling stick-handled through the Eveleth front line, carried the puck over the Eveleth blue line, then shot a pass to Don Wange, and Don with a neat backhand shot beat goalie Al LoPresti for the Hornets' only goal. The goal was tallied at the 6:32 mark in the final period, and Eveleth, playing conservative hockey, held on to their one-goal lead during the final ten minutes. The game's end, at 12:16 a. m., found Eveleth with their 2 to 1 advantage.

In a spine-tingling sudden-death overtime game, Crookston Cathedral, on a goal by Billy Sullivan, with Jimmy Medved getting an assist, upset Warroad, 5 to 4.

CLIMAX IS WINNER OF SUB-DISTRICT TOURNEY AT E.G.F.

St. Hilaire Upsets Fisher to Win Third Place in Event

Climax, St. Hilaire, Oslo, and Fisher won opening games last Wednesday in the subdistrict basketball tournament held at East Grand Forks, and thus assured themselves of places in the district tourney being held this week at Crookston. Climax, on Thursday night, defeated Oslo, 36 to 14, to win the sub-district title; while St. Hilaire upset Fisher, 31 to 29, to win third place.

In the elimination games last Wednesday, St. Hilaire nipped Plummer, 22 to 20. Oslo triumphed over Red Lake Falls, 28 to 19, in a hard-fought game. Climax, with Bobby Nelson counting 22 points, easily defeated Alvarado, 43 to 18, and Fisher took the measure of Goodridge, 39 to 20.

In the semi-final games Climax barely edged out St. Hilaire, winning by a 17 to 14 score. Oslo upset the favored Fisher quint to win a 27 to 25 decision.

Bemidji Schmidt Team Whips Pharmacy Bowlers

Cracking the pins for a 1001 total in the final game, and with their anchor, Carl Carlson, rolling a 773 total to outscore brother Ed by 94 pins, the Bemidji Schmidt's racked up 720-pin win over the Pharmacy in a four-game match bowled on the Bemidji alleys Sunday. Wally Carlson led the local bowlers with a 725 total.

Prowlers Nose Out St. Hilaire in Dist. Event

A green-shirted St. Hilaire team came within an eye-blink of taking Thief River Falls out of the district tournament at Crookston last night, the defending champion Prowlers barely edging out a 34 to 33 to win. In the afternoon games Warren scored a 37 to 31 triumph over Fisher; and East Grand Forks defeated Climax, 27 to 22. In the final game last night Crookston defeated Oslo, 33-22, to win the semi-final berth opposite the Prowlers. At 7:45 p. m. tonight Warren and East Grand Forks will meet in the other semi-final game.

The Prowlers picked up an early lead in last night's game on baskets by Pederson and Campbell, but St. Hilaire, playing an aggressive game, came up to trail the locals, 12 to 10 at the end of the first period. In the final minutes of the first half Bob Janda swished in a shot from the side-line to knot the count at 17-all. Earl Bothman looped in another shot from the sideline to send St. Hilaire into the lead; Lorentson's one-handed shot again knotted the count, and Melby's free throw gave the Prowlers a 20 to 19 lead at the intermission. Free throws by Janda, Olson, and Bothman, and Bothman's two field goals, bounced St. Hilaire into a 26 to 22 lead in the third period. Milt Halerson's two long shots, just before the period's close, gave the locals a tie score, 26 to 26, Bob Janda's two free throws brought the St. Hilaire score to 28-26 in the opening minutes of the final period. Field goals by Lorentson and Melby, and gift tosses by Lorentson, Melby, Pederson, and Powell, gave the Prowlers a 34 to 29 lead with a minute of play remaining. Enus Nohre and Harlan Olson pumped in long shots to cut the Prowler lead to one point, with 10 seconds of play in the game. Thief River stalled out those seconds to win the contest.

2D ANNUAL TIMES SINGLES TOURNEY OPENS SATURDAY

Bowling Event on Mint Alleys to Continue Thru Two Week-ends

Northwest bowlers will begin rolling for the first place money in the Times second annual Singles Classic Saturday, March 14th. The tournament, which will be bowled over the Mint alleys on the week-ends of March 14th and 15th, and 21st and 22nd, is expected to attract an entry list of more than a hundred bowlers. Sunday, March 22nd has been reserved for the out-of-town bowlers.

Jule Prigge, of Ada, last year's top money winner, is expected to be on hand; as is Arne Brundberg, also of Ada, the runner-up. Other well-known bowlers that have signified their intention of entering the classic are Earl Gramer, North Dakota match champion, Jule Brus, John Brink, Fred Sibell, and Mike Rardon.

The Pharmacy team, local City league leaders, have entered their entire squad in the tourney, and will bowl on the evening shift, March 21st.

The National Safety Council has just released to the safety division of the state highway department figures showing that 13,900 pedestrians were killed in the nation's traffic last year. Two thirds of them, more than 9,000, met death because they themselves were violating the traffic laws made for their protection.

They'd Have Gotten an Eyeful

If "big time" or college hockey scouts had been in attendance at the 40 & 8 hockey tournament held here Friday and Saturday they would have seen some first-class hockey prospects in action. The pick of the crop, judging by the comments of the fans and from personal observation, appeared to be Clarence Schmidt, the nifty stick-handling defense man of the Williams team. He was the tourney's outstanding play-maker. And close on the heels of Schmidt would be Ben Swarthout, Eveleth's center-ice, and Mouse Efteland, Thief River's left-wing. Swarthout was the player that gave Eveleth the championship, for he was the spark in setting up the Ranger plays, and in directing the team strategy. He won the endurance honors, too, for he played throughout Eveleth's two games without a substitution. The Hornets' Mouse Efteland, who had played bang-up hockey during the past several weeks, appeared to be tired during the final game, and I learned that the "Squeaker" really was tired. In fact, the strenuous hockey season has whittled Mouse's weight down to 129 pounds.

Two Swell Goalies

And two swell goalies—Eveleth's Albert LoPresti and the Hornet's Johnny Robarge—were on view, too. You can easily pick up an argument about which was the better goalie. Pretty much of a toss-up, I guess. Eveleth's Cliff Thompson, who has coached such top-ranking goalies as Frank Brimsek, Sammy LoPresti, Mike Karakas, and Oscar Almquist, had only one criticism to make on Robarge's goal-tending. And it wasn't actually a criticism for it was merely a statement to the effect that he did not favor the low crouch that Johnny assumed in covering the net, because such a stooped style handicaps a goalie in using his legs to kick out shots. Johnny agreed that such a stoop hinders his leg action, but that he can keep his eyes focussed more easily on the puck from a crouch. Johnny perhaps has a point there, for in the last six games he has allowed but six goals.

Other better-than-average players in the tourney were Roseau's Rudy Meyer and Jimmy Alley; Cathedral's Jim Medved; Eveleth's Ray Bastianelli and Dale Diggerness; Williams' Clyde Turner; Warroad's Dick Roberts, Wes Cole, and Overby Stoskopf; and the Hornets' Lloyd Johnson, Marlyn Dorn and Johnny Efteland.

Can't Complain at the Draw

The Prowlers, being placed in the lower bracket with the Crookston Pirates, while Warren and East Grand Forks were lumped in the upper bracket, certainly can't complain at the draw. Whether or not the Prowlers will take advantage of their "break" is another question. They haven't shown me anything to make me renege my early prediction that East Grand would win the district title, and that the erratic Prowlers would be a shaky second or a strong third in the standings. Note to Johnny and Lenny: make mine chocolate, and I'll collect on Saturday.

They're the Champs

The Eagles, with Busher Hallstrom racking up a couple of "turkeys" and rolling a 206 total, defeated the runner-up Elks Club, 861 to 822, in the first game of their "crucial" series Monday night and sewed up the Service League championship. Emil Dostal's 200 and Jimmy Dryden's 170, helped the Busher in setting down Ole Engelstad's Elks.

By the way, the complexion of the City league was changed considerably last Friday night when the Thief River Pharmacy swept their three game series with the Schmidt's City Club, and jumped into a one game lead in the league standings. With only one week's bowling on the schedule it looks as if the Pharmacy, too, will be champs.

Extra Dividends

Cliff Bjorkman received an extra dividend from his basketball team Monday night. The Toggery team scored a 20-point triumph over Oen's in the championship finals to win the city title. Cliff's dividend will be possession of the Sponsor's trophy for at least one year, and perhaps for the duration.

The war made quite a jumble of the city league this year. Clubs which had plenty of power at the beginning of the year found their teams riddled, at mid-season, by selective service calls or by players leaving the city to seek defense work.

Singles Bowling Classic

A great deal of interest, especially by out-of-town bowlers, is being exhibited in the Times second annual singles bowling classic. The tournament, which will be bowled on the 14th, 15th, 21st, and 22nd, is a straight-away affair this year, and that fact appears to be more attractive to hot-shot bowlers than a tournament arranged on a handicap basis.

Bjorkmans Toggery Men Defeat Oens to Capture City Basketball Title

The Bjorkman's Toggery team, with Loren Jung and Del Daly each accounting for 10 points, defeated Oen's 44 to 24, Monday night to win the city league basketball title. In elimination games played last week the Toggery nosed out the defending champion Soo Cafe team, 32 to 27; while the Oen's five reached the finals by upsetting the DeModays, 28 to 23.

GOLF CLUB MEETS MONDAY EVENING, RETAINS OFFICERS

S. R. Dahlen Again Elected President to Serve Ensuing Year

All officers of the Thief River Falls Golf club were retained in the annual election conducted Monday evening in the Terrace room of the Rex Cafe.

Included are Stanton R. Dahlen, president; Milton Larson, vice president; Lloyd Bennes, secretary; and J. P. Curtis, treasurer. Dr. H. H. Hedemark and Erling Torgerson were named directors.

President Dahlen and Treasurer Curtis submitted their annual reports, the latter being ordered filed with City Clerk P. G. Pederson. Appointed on a committee to confer with the city council regarding plans for the coming year were Mr. Dahlen, Mr. Larson, H. O. Chommie and Dr. Hedemark.

TIRE DEALERS CAN RESELL STOCKS TO MANUFACTURERS

State Rationing Director Gives Details of Plan to Aid Dealers

Tire dealers and jobbers can dispose of their stocks of new passenger car tires and tubes under a plan announced this week and thus obtain relief from the financial burden of carrying such stocks while waiting for them to be sold under the rationing program.

T. G. Driscoll, state rationing director, explained provisions of the new plan, worked out by the office of price administration and other agencies in Washington.

"Since sales of new tires will of necessity be limited to a relatively few essential users," Driscoll said, "it was considered unfair to require dealers and jobbers to carry their present stocks where they do not wish to do so, and a plan has been worked out that permits them to resell all or part of these stocks back to the manufacturers or mass distributors.

"The tires are to be sold at cost plus an allowance of 10% to cover expenses which the dealers and jobbers have incurred in carrying the stock since tire and tube sales were stopped. The manufacturers and mass distributors will be required to sell these repurchased tires and tubes and all their present inventories, except small working stocks, to the Defense Supplies Corporation, a government agency.

"Dealers and jobbers will be able to replenish their stocks later from this central pool as needed."

12-GAUGE MESSAGE FOR N. W. HUNTERS

There will be no more deliveries of 12-gauge shot guns to civilians. Manufacturers were ordered today by the War Production Board to limit all deliveries of this familiar duck pass and cornfield weapon to officers of federal state and local governments and to governments of Lend-Lease countries for official use only. Purpose of the order is to make the guns available for protection of war plants or other local guard duties.

REPORT REVEALS PROGRESS MADE IN CIVILIAN DEFENSE

C. A. Zwiener, State Chief, Cites Accomplishments Made to Date

Making his first general report of accomplishments, C. A. Zwiener, chief of staff of the office of civilian defense, this week reviewed the progress that has been made in mobilizing Minnesota's civilian resources and urged communities that have not completed their organizations to do so at once.

"Splendid progress has been made in most lines," Zweiner said. "The people of Minnesota are coming forward eagerly to take up the tasks assigned. Many communities have the various phases of organization virtually complete. All communities should fill out their organizations as soon as they can. It is important that Minnesota be prepared to meet any possible emergency."

Victory Aide chairmen have been selected in 76 of the 87 counties of the state, Zweiner said, and in all 19 cities where municipal defense councils have been set up, and recruiting of leaders for the force of 20,000 women who will serve as Victory Aides is well under way.

Selection of auxiliary volunteer firemen has been completed by 12 of the 19 municipal defense activities and by 50 of the 87 county defense councils. Fully 1,151 volunteer firemen now are in training under fire chiefs, and shortly, it is expected, the number will be increased to 3,000.

Enlistment of auxiliary volunteer policemen also is well under way. Registration of 150 men has been completed, with 53 counties so far reporting, and 2,500 men will be in training shortly, Zweiner said.

Sixteen counties have completed their set-ups for air raid wardens, and partial returns have come in from 14 other counties, with 1,678 air raid wardens enrolled and ready for training. Organization of air raid wardens in the three big cities is well along, Zweiner said, and within a month should add 10,000 or 12,000 more to the total. Eventually 30,000 will be enrolled in the state as a whole.

Salvage chairmen have been selected in 70 of the 87 counties and in 16 cities having municipal defense councils. Local rationing boards have been set up in every county. Nearly 500 men and women are spending long hours, working as members of 160 local boards.

GRYGLA

SALVAGE FOR VICTORY

America's most acute need today is for raw materials to step-up production to the goals asked for by President Roosevelt. The need is becoming more urgent daily. As more industries are being converted into war production, America's war machine needs more waste paper, old rags, scrap metal and old rubber.

From one-fifth to one-third of the necessary raw materials come from the scrap heap. Every household and farm is a rich source of these scrap materials.

Every man, woman and child in America can and must help. It is our patriotic duty.

Being appointed as salvage for victory captain for the townships Veldt, Valley, Espelee, Moylan and Grand Plain in the county of Marshall, I shall very much appreciate a report on these scraps sold, as I am to make my report by the 25th day of each month, as to quantity, etc.

It is expected to have a junk and scrap dealer here at Grygla very shortly, and as soon as this is known shall have it so advertised.

R. F. Sandberg,
Salvage for Victory captain.

The St. Olaf Ladies aid met at the Church Thursday. Rev. T. C. L. Hanson of Holt conducted a short period of devotion and sermon. Mrs. C. M. Knutson, vice president presided and read a letter of resignation from the president, Mrs. O. J. Peterson, who has moved away. Mrs. Knutson was asked to fill the vacancy for the remainder of the year and graciously consented.

The society decided to buy one $25 defense bond and Mrs. Oscar Knutson and Mrs. E. A. Brown were chosen to represent the Ladies aid in this transaction. Due to the sugar-rationing one of the members made a suggestion that cookies or doughnuts be served instead of cake for future lunches, and the plan was adopted.

Following the business meeting a program prepared by Mrs. Harry McLean and Mrs. Lars Nygaard was given. To continue the program series, "Our Lutheran Heritage", Mrs. Henry Holte read an article entitled "The Sailing of Thesis". A hymn, also related to the topic was sung. Lunch was served by Mmes. Allan Jones, Bertha Nelson, and Oscar Twete.

For the April meeting, Mrs. Allan Jones and Mrs. M. K. Ellingson will prepare the program and hostesses will be Mmes Henry Holte, Lars Nygaard and Robert Thorson.

Farmers Club to Buy $200 Defense Bond

The North Star Farmers Club met at the hall last Thursday evening and a large crowd was present. Anton Homan, president, presided and the secretary's report was read by George Hanson. It was decided that the club should spend $200 for defense bonds. Anton Homan also gave a short talk on the salvage of waste materials for victory and urged his listeners to help in this campaign.

The speaker of the evening was County Agent Dalton Seeling of Bemidji and his topic was "Victory Gardens". Then followed a program arranged by Mmes. Palmer Holte, Paul Sauduff and Bernie Meek. Two songs by Mr. and Mrs. Raymond Sorenson, the former playing a guitar accompaniment; Ardell Grondahl and Marion Kest of Goodridge sang two songs, two songs were sung by Myrtle Holte of Gatzke accompanied by Arthur Lundmark; Clifford Rude sang two songs, playing a guitar accompaniment; Milan Hood of Gatzke rendered three songs with guitar accompaniment; and Johnny Swanson of Goodridge completed the program with several songs with a piano accompaniment.

Lunch was served by Mrs. Henry Holte and Mrs. Oscar Knutson after which Grondahl's orchestra furnished music for the dancing which followed.

Mrs. Orrin Benson, Mrs. Julian Thieling and Mrs. Carl Halbrook will serve on the program committee for April and Mrs. Melvin Sorenson and Mrs. Christ Clausen will serve lunch.

Mr. and Mrs. Olaf Newton Feted

A group of about twenty-five relatives and friends gathered at the Olaf Newton home last Thursday evening to honor Mr. and Mrs. Newton on the occasion of their twenty-fifth wedding anniversary. The party which was in the form of a surprise was very informal with card playing and visiting to pass the time. At midnight the self-invited guests served a delicious buffet lunch. A lovely white wedding cake, topped with the customary bride and groom and decorated with baskets of flowers, graced the serving table. The honored couple were presented with a community silver service from their assembled well wishers with their daughter Doris making their presentation.

Guests from a distance were Mr. and Mrs. Leonard Newton and Melvin Newton, all of Mavie.

The school teachers of the various school districts will have charge of the sugar rationing. One representative member of each household will have to register in his or her own district for this rationing. Watch the paper for the date for registering as any household not registered on specified date will be deprived of sugar for six months.

Rev. T. C. L. Hanson of Holt will conduct Norwegian service at the St. Olaf church on Sunday, March 15 at 2 p. m.

Pupils in the lower grades having perfect attendance the past six weeks were: Thelma Nygaard, Gloria Hoble and Edna Hanson. In the upper grades Raymond Hoble, Roger Nygaard, Ella Mae Dahel, Alvin Dalen, Rolf Lunde, Leland Hanson, Ronald Buchala, Evan Jelle, Richard Hoble, Harold Hanson and Donald Berg. The lower grades attribute the severe drop in attendance to the numerous cases of flu.

New pupils include Mary, Grace and Harvey Fimerud who are in first, sixth and seventh grades respectively. The Fimerud family recently moved onto the farm formerly occupied by the Hans Ruda.

The lower grades received a nice letter from Warren Schulenberger, a former second-grader now at Hewitt. He said that he likes his new school and that his teacher is now Mr. Johnson instead of Miss Johnson.

Birthday Parties

The Thomas Knutson home was the scene of a joint birthday party last Tuesday evening in honor of Thomas Knutson, Mrs. Clinton Knutson, Mrs. Pete Peterson and Helmer Benson. Progressive whist was played at four tables with high honors going to John Stolpe and Mrs. Leon Barrie and low to Mr. and Mrs. Hilmer Benson.

At a late hour Mrs. Knutson served a delicious lunch featuring a decorated birthday cake. Each guest of honor received several gifts. Present were Mr. and Mrs. Thomas Knutson and Tommy, Mr. and Mrs. Harold Nelson, Mr. and Mrs. Clinton Knutson, Kenneth Knutson, Mr. and Mrs. Pete Peterson and Nancy, Mr. and Mrs. Stolpe, Mr. and Mrs. Leon Barrie and Mr. and Mrs. Hilmer Benson and Shirley.

Mr. and Mrs. T. J. Lillevold and Margaret and Caroline spent Sunday afternoon at the Manley Anderson home in honor of Mr. Anderson's birthday, which occurred on Saturday. The group enjoyed a lovely lunch which featured a decorated cake.

Mrs. John Franzman was hostess to a few friends and neighbors last Wednesday afternoon on the occasion of the seventy-third birthday anniversary of her father, Lars Johnson. After a pleasant afternoon of visiting Mrs. Franzman served a dainty lunch including a decorated birthday cake. Those sharing the occasion were the John Franzman family, Lars Johnson, Mrs. Lesley Hook, John Brunkner, George Hook, Allan Wickstrom and Mr. and Mrs. Melvin Sorenson.

Mrs. Vernon Wickstrom was pleasantly surprised with a birthday party at her home on Saturday evening, Feb. 28, when a group of friends and neighbors came to remind her of the day. Whist at two tables and visiting formed the evening's diversion and at the close of the party the self invited guests served a lovely lunch including a white birthday cake. Those present were Mr. and Mrs. Werner Wickstrom and son, Mr. and Mrs. Lawrence Hesse, Mr. and Mrs. Lester Hook, Mr. and Mrs. John Rratling, Amund Olson, Leslie Hook and A. [illegible]

Bowling Scores

Four bowling tournaments were played at the local alleys last week. The first was played on Tuesday evening between Boyum's Cafe and Dale Insurance Agency and resulted in victory for the former who won two games and scored 1962 to 1960. The next evening the Cooperative Store and Standard Oil engaged in a tournament resulting in victory for the Cooperative Store who won two games and scored 1915 to 1875. Thursday Knights Cafe ladies defeated the Farmers Union ladies, winning two games and scoring 1424 to 1373. That evening Moylan township ladies suffered defeat at the hands of the Beauty Shop ladies who won two games with a final score of 1601 to 1401.

High individual score for the ladies was held by Tillie Bratteli with a score of 1[illegible] and a high score of 2[illegible] for the men held by David Holte.

Notice

"Here's Tomorrow" a cooperative film will be shown at the E. N. W. Hall on Friday evening, March 13 at 8:30 p. m. Mr. E. A. Whitney, who is affiliated with the Central Cooperative at Superior, Wisconsin, will be present and will speak.

The three local Cooperatives, the creamery, store and Farmers Union service station will each donate a door prize. No admission will be charged and everyone is invited to attend.

Recent visitors at the Floyd Wurscher home were Lucille and Douglass Wurscher of Lyman and Joyce Bush of Westbrook.

Melvin Newton of Mavie visited at the Olaf Newton home Sunday.

Irving Hanson left on Friday for Detroit, Michigan to seek employment. His son, Orwin, remained with the Hjalmer Bakken family.

The Gulick Byklum family were Sunday dinner guests at the Ole T. Byklum home.

Margaret Miller of Warren and Dorothy Miller of Thief River Falls spent the week end at their home here.

Harold Miller left on Friday after spending two weeks at his parental home. He planned to visit relatives at Minneapolis for a short time before going to Fort Lewis, Washington.

Mr. and Mrs. Kenneth Knutson and Lordes and Mr. and Mrs. Clinton Knutson went to Holt Thursday where they visited at the Wilson Paskewitz and John Benitt homes. Mrs. Clinton Knutson remained to spend a week with her parents, Mr. and Mrs. John Benitt, while the others returned that day.

Sunday dinner guests at the Oliver Howland home were Mr. and Mrs. Julius Tanem. In the afternoon John Tanem and son of Goodridge also called there.

FORMER LOCAL LAD LOST WITH VESSEL SUNK

According to a telegram recently received by Mr. and Mrs. Knut Byklum of Bemidji, formerly of this community, their son Bennie Byklum, 20, a first class seaman was reported "Missing in Action". The name of the ship on which he was serving was requested withheld by the navy department. It was believed that the sinking occurred on Saturday, Feb. 28, but no additional information has been received at this writing to verify the report.

Bennie Byklum was born Jan. 12, 1922, east of Grygla, where he grew to boyhood, attending grade school. Later he joined the CCC and was stationed at Cass Lake. He enlisted in the U. S. navy at Grand Forks in March 1941 and received his training at the Great Lakes Naval Training Station in Illinois. He was then assigned to a ship and has been in service ever since, having been advanced to the rank of first class seaman in his first year of service.

Besides his parents, he is survived by one sister Annie, of Bemidji and one brother Theodore, who was stationed at Fort Lewis, Washington, until he was temporarily discharged last month because of a nervous breakdown. He is also survived by several relatives in this community including his grandmother, Mrs. Torgie Torjussen.

C. B. Ewen of Thief River Falls was snow bound in this area Friday and so spent Friday and Saturday at the Oliver Howland home.

Recent Sunday guests at the Oliver Howland home were Mr. and Mrs. Joe Rolanger and family of Goodridge.

Shirley Rage, infant daughter of Mr. and Mrs. Adelbert Hesse was baptized Sunday by Rev. N. F. Seebach and Mr. and Mrs. Lawrence Hesse were sponsors. Later Mrs. Adelbert Hesse entertained Mr. and Mrs. Lawrence Hesse and Mrs. Caroline Hesse at a luncheon at her home.

Mr. and Mrs. Melvin Rude are the proud parents of a daughter, Deanna Mae, born at a Thief River Falls hospital Feb. 27.

Mr. and Mrs. Francis Spokely, Orris Renslund and Norman Hanson, all of Nielsville, visited over the week end at the Bratteli home. Mrs. Spokely remained for a longer visit while the others returned on Sunday evening.

Mr. and Mrs. M. K. Ellingson and children left on Saturday for Gary where they visited over the week end with relatives, returning here Sunday evening.

Mary Maney returned the latter part of last week from Edmonton, Alberta, Canada, where she had been called by the death of a niece Mrs. George Poale.

Olbert Svenspladsen and Leonard Hazzan left Sunday for Fort Snelling to be inducted into the U. S. Army.

Farewell Party

About forty friends and neighbors from Grygla and Goodridge gathered at the Nels Holte home last Wednesday evening to honor them with a farewell party. The evening was devoted to a period of devotion, led by Rev. Edward Logelin and including gospel songs and testimonials. Following this a delicious lunch was served by the self-invited guests. Mr. and Mrs. Holte were presented with a purse of money by Rev. Logelin in behalf of all their assembled well wishers. The Nels Holte family left Tuesday for Duluth where they will make their home.

Lenten services will be conducted at the Bethel church every Tuesday evening at 8 until Easter. Speakers are Rev. N. F. Seebach, Rev. V. Schroeder of Thief River Falls, and Rev. J. Stehr of Red Lake Falls. These pastors speak on alternate Tuesday evenings.

There will be no meeting of the Grygla P. T. A. in March due to the arrangements for a play and carnival later in the month.

Birthday Parties

A group of relatives and friends gathered at the Henry Holte home Sunday to celebrate the birthday anniversary of Mrs. Holte's sister June Saxwold. The afternoon was devoted to visiting and at its close Mrs. Holte served a sumptuous lunch including three birthday cakes. June received several gifts from those present who included Mr. and Mrs. Henry Holte, Mr. and Mrs. Gust Saxwold and family, Mr. and Mrs. Lars Nygaard and daughters, Mrs. Robert Thorson and Helen, Iris Franzman, Raymond Leigh, Vernon Thiel, Bennie Hauck, Martin Holte, and Shirley Home of Bemidji.

Thursday evening, Alvin Nordwick was pleasantly surprised by a group of friends and neighbors who came to honor him on his birthday. Music and various games formed the evening's diversion and at a late hour a lunch which had been brought by the guests was enjoyed including a beautifully decorated birthday cake. Those enjoying the occasion besides the Nordwick family were Mrs. Ole Sparby and sons, Mr. and Mrs. Alfred Sparby and family, Marvel and Laverne Anne, Lawrence Gilbert and Myrtle and Gilford Han[illegible] of Gatzke.

Mr. and Mrs. Martin Henry of Grand Forks visited last Thursday at the Ole and Henry Holte homes.

Ole Arveson spent several days last week at Grand Forks on business, returning Sunday.

Mr. and Mrs. Elmer Hylland went to Thief River Falls Monday to get their daughter Audrey, who had spent a week in a hospital in that city seriously ill.

The Valle Luther League will meet at the church Sunday afternoon, March 22 at 2 o'clock. The Luther League will re-organize and officers will be elected. The program will be arranged by Mrs. Victor Nygaard, John Smeby and Adeline Sistad and lunch will be served by Mrs. Alfred Rasmusson and Ella Haugen.

Sophie Nygaard has been at Winnipeg for the past two weeks on a lecture tour.

NEWFOLDEN

STRANDQUIST WINS SUB DISTRICT TOURNAMENT

Strandquist defeated Karlstad in the final round by a score of 25 to 16. Karlstad was handicapped by running into trouble by fouling, 17 personals being called on them while Strandquist collected only [illegible]. Karlstad made 7 field goals and 2 free throws while Strandquist made 12 field goals and 11 free throws.

The first two games of the tournament were played: Strandquist vs Middle River and Karlstad vs Lake Bronson, Strandquist winning by a score of 28 to 22 and Karlstad defeating Lake Bronson 41 to 24. Newfolden drew a bye for the first day.

The second day Middle River upset Lake Bronson by a score of [illegible] to 18 and Karlstad upset Newfolden 37 to 32. Newfolden was also handicapped by losing Lokken on fouls in the first quarter and Erickson at the half way mark in the second quarter and Bjokke the last quarter. Newfolden trailing by [illegible] points with 4 minutes left of the game tied up the score 32 and 32 with less than one minute left. Then Anderson snatched the ball from a Karlstad player and dribbled in for a set-up shot and the crowd went wild but the whistle blew again, the referee motioned no count, a foul was called on Lowell when he took possession of the ball. Karlstad misses the free throw. Newfolden took time out and a technical was called for too many times out and Karlstad made this one good to win the game. Karlstad lost two players in the last quarter on personals. 21 personal and two technical fouls were called on Newfolden and 14 personal on Karlstad. In the final games Newfolden won from Middle River by a 57 to 11 count. Newfolden had got their former form of basket ball back and played a bang up game.

Strandquist won a fine trophy donated by the Newfolden business men. Strandquist coached by K. W. Anderson should make a good account for themselves at the district tournament at Roseau next week. Karlstad coached by K. Kenney will also be in there fighting and anything can happen when these teams get on the floor, so let's wish them luck.

Referees for the tournament for the first two days were Newby and Cochrane of Thief River Falls and the last day were Newby and Daly of Thief River Falls. Scorer, V. Franke from Newfolden and timer, H. Kolan from Karlstad.

Karlstad won a trophy for second place and Newfolden a basketball for third place.

Rev. Thv. Myhrer left for Minneapolis Wednesday evening to attend the Bible school convention held there and will also visit his daughter and son-in-law, Mr. and Mrs. Robert Ehrlie.

Even Ose of Thief River Falls and A. O. Gudin transacted business in Grand Forks Tuesday.

Melvin Ihle, Olaf Green, Alfred Elseth, A. O. Gudin, Oscar Iasvald, Martin Saugen, C. P. Haugen, Hjalmar Martin, Andrew Ramsean and Selmer Nyflat attended the Land O'Lakes district meeting held in Roseau last week.

The shipping association will ship stock Tuesday, March 17.

Mr. and Mrs. Ernest Homestead and children and Alice Ohlquist motored to Thief River Falls Sunday evening.

Private Wm Finnestad telephoned Tuesday evening from Boston, Mass., to his mother, Mrs. S. E. Finnestad who resides here, stating he had just arrived there. He had been on his way across the ocean with Uncle Sam's army. In the excitement of hearing her son's voice she had not gathered what happened to the ship but he said everyone was saved. He did not know how soon they would sail again. S. E. Finnestad is employed in Los Angeles. Mrs. Finnestad left by train Tuesday evening to visit her sister who lives near Wigger.

Odd Fact

The verses to "America" were composed in half an hour by Samuel Francis Smith. He was but 24 years old at the time.

No 'Soundproof Room'

Acoustical scientists report it's impossible to construct a soundproof room in which a sensitive meter would register zero. For one thing, the earth's own vibrations would register from five to ten decibels and when a person entered such a room, just the life pulsations of his body would lift the meter five decibels more—and that's about the minimum that can be achieved.

Buried Side by Side

Established as the burial places for Union soldiers, North Carolina's four federal cemeteries of Raleigh, Wilmington, New Bern and Salisbury, are now the resting place of many Southerners killed in the Spanish-American and World wars.

Social Security Law

There is no provision under the federal security act for the payment of a supplementary benefit in behalf of the husband of a retired female worker. In other words, the insured wife of an uninsured man may receive only the retirement benefit to which she is entitled in her own right, with no supplementary benefit as in the case of an insured man with an uninsured wife. This is one of the apparent inconsistencies of the existing law.

ST HILAIRE

Only three high school students are participating in declamation this year. They are all entered in the field of oratory. Gale Haggland has the selection "Americanism"; Elayne Pearson, "That America May Live"; Robert Janda, "I am an American".

There will be no local contest this year. There will be an elimination among the three and the winning contestant will enter the district speech contest in Thief River Falls on March 17.

Basketball Tournament

On Wednesday afternoon the St. Hilaire basketball team and a bus load of rooters went to East Grand Forks to the sub-district tournament where our boys met the Plummer team in a hard fought game and were victorious, with a small margin of two points, making the final score of 22 to 20. Harlan Olson was high point man, making two field goals and three free throws. Earl Bothman was next highest, with three field goals. The game was very exciting and neither team could hold the other at more than a four point difference.

On Thursday night our quint played against the Climax team, in one of the best games our boys have played this season. For awhile it seemed as if our team would be victorious, but Climax "put on the steam" and in the last few minutes made three points which brought the final score to 17 and 14 in favor of Climax. Harlan Olson was high point man, making 2 field goals and 1 free throw.

On Friday night our team was placed against Fisher to play for third or fourth place. Both teams staged a wild finish. Our team lost a three point lead when Fisher gained a 29 to 29 tie. With less than a minute to go, Earl Bothman dropped in 2 free throws for the triumph and a final score of 31 to 29.

The boys were presented a trophy for winning third place.

Hats off to the boys! We're proud of you and hope you do as well in the District Tournament.

Our Partner, the Northwest Farmer, knows he can always sell his choicest barley to give HAMM'S BEER

EXTRA BARLEY GOODNESS

WE maintain a cash market for the Northwest's finest barley. Last year farmers sold us over a million bushels!

Then we malted it in our own giant plant, under the watchful eyes of the Hamm brewmasters. Each batch of malted-barley was certified "properly aged" to produce the full richness of the malt. This is one of the many painstaking methods which give Hamm's Beer *extra barley goodness*.

SMILEY

The Big Night

Arrangements are being completed for that gala St. Patrick affair at the Smiley Hall Tuesday evening, March 17. It is going to be a lot of fun, we assure you! For who wouldn't have a night to enjoy when there is to be a hilarious "odds and ends" auction sale—just a hint as to what's to go on the auction block— a beautiful end table, dressed chickens, eggs, lamps, dishes, tools and many other lovely things gathered for this event. Some of these things will probably go for a shilling or so. The table cloth and turkey tom are both something to rave about— the gobbler weighs 41 pounds and would be excellent for breeding purposes or else what a feast he would make for the lucky guy that wins him. The Red Cross should net a neat sum. Oh, yes, of course, bingo will be a dandy diversion, up in the balcony of the hall, for those who wouldn't care for the free dance below. There will be "eats" too for the hungry ones. Make a date for Tuesday night, March 17, why not have a little fun before the real spring rush comes.

Sunday visitors at the Walter Lendobeja home were Mr. and Mrs. Ted Lendobeja and son Glenn of Kratka, Mr. and Mrs. Adam Lendobeja and daughter Dianne, Joyce Meyer of Steiner, Elli Tuura of Middle River and Julian Lendobeja of Kratka.

Callers and visitors at the Carl E. Olson home last week were Mrs. F. Klien and daughter Ruth, Thelma Sumpler, Mrs. Forrest Elofson, Mr. and Mrs. Fred Myhrer, Mrs. Halvorson, Floyd Danielson, all of Thief River Falls, Mrs. Kenneth Kuehn and daughter Patsy, Mr. and Mrs. Mike Antonoff, and Myrtle Snetting all of Smiley.

Gets Sixty Pound Beaver

Ted Markus was a very proud and happy man Saturday morning when he went to look at his beaver traps on his farm to find a great big 61-lb beaver caught. It was a very beautiful animal with a fur that simply glittered. The beaver trapping season is on now so Mr. Markus is a very busy man tending his many traps. The beavers on the Markus farm have been unbelievably busy building dams and have chewed down over an acre of trees. They certainly know their stuff when it comes to building a dam, and it is so interesting to see their handiwork as Nature does it.

Sunday visitors at the Jim McCrum home were Mr. and Mrs. Carl E. Olson, Mr. and Mrs. Walter Lendobeja, the Misses Elli Tuura and Joyce Meyer.

Mr. and Mrs. Adam Lendobeja and Dolly, Mr. and Mrs. Thomas Jacobson, son Bernhard, Mr. and Mrs. Steve Jeanette and children, Mr. and Mrs. Clifford Jordo, Mrs. Ada Jordo and family, all gathered at the Lloyd Johnson home Saturday evening and surprised the twins, Larry and Lee, and helped them celebrate their third birthday. Two dainty twin birthday cakes decorated in pink and green each with three candles were the highlight of the evenings festivity.

Sunday dinner guests at the Mike Antonoff home were Mr. and Mrs. Carl E. Olson and Geraldine.

Feathered Babies

Baby chicks have arrived in Smiley! How exciting and how thrilling, for it means a prelude to Spring. The Frank Hardistys were about the first folks to get their chicks having gotten them over a week ago and the Christ Larson's got theirs last week. Nowadays it is a very common sight to see boilers and barrels filled with boiling soapy water for the brooder hoouse scrubbing, then the powerful disinfectant for the walls and floor, the new glass cloth for the windows and finally the brooder stove going on high for a day or two before the "babies" come, cuter than ever. Then our ceaseless job begins of caring for them until they get to be regular "old ladies" cacklin' away next winter.

Mr. and Mrs. Florian Szymanski and son Kenneth of Kratka visited at the Adam Lendobeja home on Thursday.

4-H Meeting

A dandy meeting will be held at the Smiley Hall, Friday, March 13 in the evening. A special program has been arranged by Elwin Roese and Helen Hardisty with highlights being discussions on health and chicken projects, a cake and sewing demonstration will be held too. County Attorney Paul Lundgren will speak. The recreation program will be tended by Dolores Roese. Refreshments will be served by the A. Offerdahl and S. Brekke families. The public is invited.

Mrs. Adam Lendobeja will entertain the Bethania Ladies Aid at her home Thursday, March 19. She extends a very cordial welcome.

SUGAR [illegible]ATION PLAN DE[illegible]ED UNTIL IN AP[illegible]

Historical Society

Allotments for Industrial Purposes Delay Start of Program

MANY DETAILS ARE STILL INDEFINITE

Weekly Ration Expected to be from Eight to 12 Ounces

Difficulties encountered in determining allotments for industrial consumers probably will delay the start of sugar rationing until some time in April, O. P. A. officials predicted Friday in Washington.

Local authorities charged with administering the plan had not received word this week as to when it would go into effect.

Although it was originally proposed that a flat reduction be made in the amount of sugar used by various industries, O. P. A. has decided to make the cuts on an individual basis, it was explained, involving considerable additional computation.

Broad outlines of the rationing plan had been determined but many details still are indefinite, such as the amount of sugar to be allowed each domestic consumer weekly and final dates for consumer registrations and the start of rationing.

O. P. A. officials said the weekly ration to housewives probably would be eight or twelve ounces, depending on the amount of sugar the war production board makes available for distribution. Persons possessing more than two pounds of sugar each at the time they register for ration books will be classed as "hoarders."

Persons admitting possession of an eight weeks' supply or more will be denied ration books until their stocks are exhausted.

Many of the ration books, each containing 28 weekly stamps, already have been distributed and are being held in most instances by county clerks until called for by the rationing boards.

Two registrations will be held, it was indicated—the first for industrial users and the second for domestic consumers. Schools will be the registration centers and teachers will act as registrars.

FOOD PROBLEMS IN WARTIME IS TOPIC OF MEETING HERE

56 County Leaders Attend Sessions in This City and Goodridge

Minnesota is one of the greatest food producing states, and yet only about 40 per cent of town families and 60 per cent of farm families are getting the food they need for good health.

Women and men from all parts of Pennington County met at Thief River Falls and Goodridge on March 11 and 12 to do something about this problem. They are determined to give nutrition and food habits an important place in the great war effort. The training session was arranged by the Extension Service and the nutrition committee of the county Civilian Defense Council.

Fifty-six leaders were present at the sessions, reports Ernest Palmer, county agent. They conferred with Miss Mildred Sailor, specialist in the agricultural extension service, on subject matter for the first meeting in a series to be presented in all county communities. Taking as their topic "Right Foods Put More Life Into Living", these volunteer leaders will discuss the food elements needed for health, why these are needed, in what common foods they may be found.

Leaders will take this information on to group meetings in every corner of the county during the next month. Already plans are being made for further meetings in April and May on subjects closely related to the first topic.

Elks Lodge Will Conduct Initiation This Evening

Grand Forks Lodge No. 255 will exemplify degree work this evening at 8:30 when the Thief River Falls Elks lodge will stage its annual spring roundup, initiating a "Win the War" class of candidates. An interesting entertainment program will be presented, and lunch will be served.

GOODRIDGE PLANT PRODUCES 255,438 LB. BUTTER IN 1941

Annual Creamery Meeting Is Conducted Saturday Afternoon

Members of the Goodridge Cooperative Creamery association, at their annual meeting Saturday afternoon in the high school gymnasium, heard the annual report given by Floyd Olson, manager, showing a substantial increase in butter production in 1941 as compared to the previous year. Last year's output aggregated 255,438 pounds, an increase of 35,147 pounds over the 1940 figure.

The report revealed that an average net price of 37.45c had been paid for all butterfat received at the plant in 1941, and that the butter was manufactured at a cost of 1.877 cents per pound. Net earnings of the institution from all operations in 1941 were $1,763.91. The indebtedness against the new creamery building has been reduced to the small sum of $625, the report showed.

Robert Rambeck and Oleander Uglem, directors whose terms expired, were unanimously re-elected. Albert Wilkens presided over the session, and introduced Harry Severson of the Thief River Falls Land O'Lakes plant, who discussed dried buttermilk operations.

Paul A. Lundgren, county chairman in charge of defense bond sales, was represented on the program by J. R. Simcox, who explained the payroll deduction plan for buying bonds. The meeting went on record as supporting the suggestion.

Music was supplied by Karyl and Ardelle Gomdahl. Supper was served to 250 patrons and their families by wives of the board members and creamery employes under the supervision of Mrs. Floyd Olson.

COUNCIL ACCEPTS BIDS AT SESSION FRIDAY EVENING

Orders Six Police Uniforms, Water Main Pipe and Aluminum Paint

The city council at an adjourned session Friday evening accepted the bid of James B. Clow & Son to supply 1,200 feet of four-inch cast iron water main and fittings at a price of $979.09, to be installed on Crocker av. S., where sewer mains were installed in 1941.

The J. C. Penney company, low bidder, was awarded the contract to supply six police uniforms of 18-ounce material with two pair of trousers on its bid of $242.

The council also accepted the bid of the Home Lumber company to furnish fifty gallons of all-purpose aluminum paint at a price of $4.45 per gallon. The material will be used to paint the trickling filter at the sewage disposal plant.

Supt. Morris Bye spent Monday in Moorhead in attendance at an educational conference at Moorhead state teachers college. He participated in a discussion of teacher personnel problems.

Lincoln high school, scoring a total of 36 points, won first place in the district high school speech contest held in the local school Tuesday. East Grand Forks, with 27 points, placed second, followed by Warren, 23; Goodridge and Plummer, eight each; and Fisher, seven.

In elimination contests held in the afternoon, the field of contestants from a dozen schools was narrowed down to three in each division. Results in the final contests were as follows:

Oratorical declamation: Henry Hanson, Warren, and Evelyn Gossler, East Grand Forks, superior; Bruce Biddick, Thief River Falls, very good. Interpretative reading: Lorrie Hovland, Plummer, and June Tack, East Grand Forks, superior; and Betty Simonson, Thief River Falls, very good.

Original oratory: Helen Hedin, East Grand Forks, superior; and Orville Jensen, Thief River Falls, and Jean Morkassel, Warren, very good. Manuscript reading: Howard Lund, Thief River Falls, and Aleta South, Goodridge, superior; and Ardith Rossberg, Fisher, very good. Extemporaneous speaking: Earl Taus, Warren, superior; John Dahlow, Thief River Falls, very good.

In the scoring, three points was allowed for each student qualifying for the finals, four points for a very good rating and five for superior. Those awarded superior ratings will compete in the regional contest at Bagley Monday, March 23.

Judges of the contest were Mrs. Norma Gooden Ostby of Concordia college; Miss Clara Struts and Miss Pearl Wilmers of Moorhead high school; and Dr. Harold Lillywhite of Moorhead state teachers college.

The Lincoln students were coached by Miss Elisabeth Koops, Miss Agnes Tandberg and Miss Ragna Stenerson.

FATHERS AND SONS BANQUET GIVEN BY FUTURE FARMERS

48 are Present at Enjoyable Affair Held Monday Evening

The annual Fathers and Sons banquet sponsored by the local chapter of the Future Farmers of America was held Monday evening in Lincoln high school, with 48 boys and their fathers present. Gene Nelson, chapter president, served as toastmaster.

The domestic science department served an enjoyable banquet on attractively decorated tables. In charge of the serving were Miss Audrey Smith and Miss Ruth Sundberg, teachers, while Miss Elva Dixon assisted in preparing the decorations.

Following the invocation by Rev. E. L. Tungseth, W. G. Claffy, principal, introduced Dr. A. E. Jacobson, who spoke on cooperation and comradeship between fathers and sons, developing the theme "Bucking the line together". Roy Nelson welcomed the fathers, and T. H. Bjerke made the response.

Concluding the program, Harold F. Harrison, agriculture instructor, presented colored slides depicting details of the FFA trip up the North Shore last summer, and also showing some of the projects carried on by the boys.

Ralph Luhman to Report to Junior Chamber Today on Minneapolis Meeting

At the meeting of the Junior Chamber of Commerce to be held this evening at 6:30 in the Palm Garden Cafe, Ralph Luhman, president, will report on his attendance at a meeting of the board of directors of the state junior chamber Sunday in the Nicollet hotel, Minneapolis. Speakers at the Minneapolis session included Walter Finke, national president of the chamber, and Gideon Seymour of the staff of the Minneapolis Star-Journal. Among the matters to be considered at tonight's meeting is the question of affiliating with the national junior chamber.

FORMER COUNTY SUPERINTENDENT OF SCHOOLS DIES

A. C. Matheson, Pioneer Resident, Passes; Funeral Wednesday

Amer C. Matheson, former Pennington county superintendent of schools and a pioneer resident of this locality, passed away Monday at his home at the age of 67 after a three-months illness. Funeral services were conducted Wednesday afternoon from the Larson Funeral Home, Rev. G. S. Thompson officiating.

Mr. Matheson was born in Tromsoe, Norway, and came to this country with his parents at the age of five, being located first in Minneapolis, and then coming to Sanders township in 1882. He attended the University of Minnesota, receiving his master's degree from that institution in 1912.

He served as superintendent of schools at Browns Valley and Roseau, and taught languages in the Lincoln high school here for several years, following which he served as county superintendent of schools from 1931 to January, 1939. During the past year he had been teaching languages in the adult education program.

Mr. Matheson was married in 1919 to Martha Bjorneset of Newfolden, who survives his death, together with a daughter, Marjorie, and a son, Homer. Also surviving are two sisters, Mrs. Thora Shetler of Thief River Falls and Mrs. Lily Hollinshead of Bend, Oregon; a brother, John of Hamilton, Montana, and two step-brothers, Mouton and Henry Hoard of this city.

M'ARTHUR NOW IN AUSTRALIA TO DIRECT WAR

Hero of Philippines War Against Japs Flies to New Base

WILL DIRECT DRIVE OF THE UNITED NATIONS

Japanese Invasion Armada Reported Heading for Australia

Gen. Douglas MacArthur, hero of the three-months old battle of the Philippines, has arrived in Australia to take over the supreme United Nations command in the far Pacific, the war department announced Tuesday.

The war department said Gen. MacArthur's assignment to the critical Australian theater, now imminently threatened with invasion by Japan, was requested by the Australian government.

His command will also include the Philippines, where American and Filipino troops are still valiantly defending the tiny Bataan peninsula against numerically superior Japanese forces.

General MacArthur arrived by plane accompanied by Mrs. MacArthur and his chief of staff, Maj. Gen. Harold H. George.

At the same time, unconfirmed British dispatches reported that a Japanese invasion armada of cruisers, airplane carriers and scores of destroyers was moving southward on Australia.

London newspapers printed dispatches saying the Japanese were expected to launch their attack first against the eastern Australian seaboard—the region of Australia's chief cities—instead of attempting to land on the north coast and fight their way across hundreds of miles of arid desert.

Gen. MacArthur's transfer from the shot-torn foxholes of Bataan to the vast plains of Australia came as a heart-warming fillip to the United Nations.

Days ago, as Singapore fell and Japan's marauding armies overran the Dutch East Indies, Australian newspapers urged that the American general be called to lead Australia's defense.

The war department said President Roosevelt directed Gen. MacArthur to shift his headquarters to the British commonwealth on Feb. 22 as soon as the necessary arrangements could be made.

More heartening news came, too, in War Secretary Stimson's disclosure last night that United States troops and air corps units "in considerable numbers," have arrived in Australia.

TRINITY CHOIR TO PRESENT CANTATA SUNDAY EVENING

Senior Group Will Present "Seven Last Words of Christ"

Mrs. C. E. Ahre will direct the senior choir of Trinity Lutheran church in its presentation of the sacred cantata, "The Seven Last Words of Christ", by Th. Dubois, next Sunday evening at 8:00 o'clock. Soloists will be Mrs. A. E. Berg, soprano; Mrs. Grace Omundson, soprano; Robert J. Lund, tenor; and H. M. Hitterdahl, baritone. Mrs. A. C. Purdy will be the accompanist.

The sacred words of Jesus from the cross have been placed by the composer in a setting of haunting beauty. The chorus represents the mob surging at the foot of the cross, the soloists represent the prophets, the evangelists telling the narrative, and Christ Himself, speaking the sacred words.

To many Thief River Falls people who have heard this choir present "The Seven Last Words of Christ" in years past there will be a nostalgic pleasure in this year's presentation. The choir of forty voices has prepared a fine rendition, and Sunday evening should provide both a musical treat and a devotional experience.

Legion Friday Notes 23d Anniversary of Founding

Elmer J. Eklund post of the American Legion will observe the 23rd anniversary of the founding of the national organization at a meeting to be held Friday evening at 8 o'clock in the veterans memorial rooms. Lunch will follow the program, which is being arranged by the committee under the chairmanship of H. M. Hitterdahl.

County is Organized for Aircraft Spotting

Coincident with announcement of their appointment by the adjutant general's office in St. Paul, the personnel of the Pennington county aircraft warning service, created as a war measure, this week received detailed instructions and manuals relating to their duties. In charge of the county system as chief warden is Dr. A. R. Hulbert, with Harry R. Lund as deputy warden.

The group includes at present one observer and a deputy in each township, while shortly to be added to the organization are seven more men and women in each township. The service will cooperate with the air raid wardens recently appointed in the county by the state office of civilian defense.

The following men have been named to represent the various townships: Numedal, George Bugge and Soren Knutson. Norden, Andrew Feragen and Harry Myrom. Bray, G. Lindquist and Christ Person. CIVIC GROUP ASKS TELEMARK LAG TO MEET HERE IN JUNE

Association Will Cooperate with Farm Bureau in Old Settlers Picnic

At the luncheon meeting of the Civic and Commerce association last Thursday noon, Ole Dahl of Goodridge, president of the Red River Valley Telemark lag, asked the cooperation of the association in the event his organization decides to hold its 1942 convention in Thief River Falls in June. A motion was adopted to invite the lag to meet here, while the matter of making an appropriation for the purpose was left in the hands of the board of directors.

A request extended in behalf of the county farm bureau by Paul Engelstad, asking that the association cooperate in arrangements being made for the joint farm bureau and old settlers picnic June 7, was acted on favorably.

W. F. Dahlquist, general chairman in charge of plans for the Ninth district convention of the American Legion to be held in this city June 13 to 15, briefly discussed plans for the three-day meeting. Named to represent the association on the convention budget committee were President Roy Oen and E. H. Benson, chairman of the merchants committee.

HOTEL AND CAFE SANITATION TOPIC OF MEETING HERE

Theodore Wold of State Hotel Inspection Division Talks Monday

Theodore Wold, head of the Minnesota division of hotel inspection of the state board of health, discussed sanitary regulations Monday afternoon at a meeting in the Civic and Commerce room. Approximately 25 proprietors of hotels, restaurants and refreshment places were present.

Following a short welcoming talk by Roy Oen, president of the Civic and Commerce association, Mr. Wold addressed the meeting, stating the fault most frequently found by his inspectors is poor toilet facilities. He also emphasized the importance of proper cleansing of dishes and glassware, and illustrated his remarks with the presentation of a talking motion picture.

Dr. O. F. Mellby, city health officer, also spoke briefly, endorsing the suggestions made by Mr. Wold.

Signs for 20th Year Here

MORRIS BYE

Popular and highly efficient superintendent of the Thief River Falls public schools, who last week accepted a contract to continue in his present position during the coming year, making an even score of years during which he has been connected with the local school system. He came to this city to join the teaching staff in January, 1923, following which he served three years as principal before being elected to the superintendency in 1926.

Plans Made to Conduct Joint Services on Good Friday in Auditorium

The Lutheran Joint Good Friday service held in the city Auditorium every year since 1926 will be held also this year, it was announced today by Rev. E. L. Tungseth of the committee in charge. The service will be conducted jointly by the Trinity, First Lutheran and Zion Lutheran congregations. The respective pastors met Tuesday morning to outline the service arrangement. The service will be held at the usual time, 1:30-3 p. m. on Good Friday, April 3. The central theme for the service will be "The Victory won on Calvary". Additional announcement will be made next week.

ORDER NUMBERS FOR SELECTEES GIVEN TUESDAY

Leland Knight of This City Has 1st Number Drawn in County

LOTTERY IS HELD IN WASHINGTON TUESDAY

Unofficial List of First 25 County Men Drawn Is Published

The order in which a large proportion of the 9,000,000 men listed in the selective service registration February 16 will be inducted into armed service was determined in a lottery conducted in Washington Tuesday.

The fourth number drawn, No. 141, was the first affecting the 728 Pennington county registrants, this number being held by Leland Knight of Thief River Falls. The official list of order numbers has not yet been received by the county draft board.

General Hershey, selective service chief, spoke as the lottery in Washington got under way, the drawing continuing for more than 18 hours.

"Modern war, mechanized war, yes, total war—demands a great variety of tasks from the citizens of a nation," he said.

"Men are selected to fly airplanes; they may be selected to build airplanes. Men should be selected to man ships; they should be selected to build ships. Men have been selected to drive tanks—to gain victory on the battlefields. Men have been selected to drive tractors—to produce food in the grain fields.

"This is everyone's war. Each of us has a stake in it, each of us must do an essential job to win it. Nothing must hinder the systematic and orderly procurement and training of our armed forces. Nothing, not even the procurement of our armed forces, must interfere with the timetable of production of

STORHAUG NAMED LICENSING AGENT FOR EXPLOSIVES

Gets Appointment under Law Passed by Congress as War Measure

Henry Storhaug, Pennington county clerk of court, recently was appointed as explosives licensing agent for this county. He has been designated to issue vendors', purchasers' and foreman's licenses under the terms of the federal explosives act passed by congress last December.

The designation will be in effect until the termination of the war, or until revoked by R. R. Sayers, director of the bureau of mines of the United States department of interior, who made the appointment. The cost to the applicant is 25 cents, and the applicant must be given an oath by the licensing agent.

The federal law, enacted by congress as a war measure, provides that no person shall manufacture, distribute, store, sell, issue, give or otherwise dispose of explosives or ingredients unless such person is licensed. All persons handling such explosives without a license shall be deemed guilty of a misdemeanor, which is punishable by a fine of not more than $5,000 or by imprisonment for not more than one year.

This law will remain in operation for the duration of the war.

District Court Jury Dismissed Thursday

The petit jury in Pennington county district court was dismissed last Thursday afternoon by Judge O. R. Knutson of Warren, who presided over the ten-day term, after returning a verdict in favor of the defendant in the action brought by Karen Haaby against Lionel McMahon. The jury deliberated three hours before reaching a verdict.

Basketball Tournament

On Wednesday night a bus full of high-spirited students and our basketball boys motored to Crookston to be entered in the district basketball tournament. We were paired against the Thief River Falls Prowlers. The game was a hard-fought battle, ending in a victory of 24 to 25 in favor of the Prowlers. The score at the half was 6 to 10 in the Prowlers favor. In the second half our quints were in the lead at six different intervals.

It was a grand game boys, even if we had to lose by one point. Our boys really surprised us by playing such a good fighting game against the Prowlers, who have a good record when playing the bigger schools.

Our school may be small—but still it has lots of fighting school spirit.

NO USE TO TRY FOR TIRE RATING

Price Administrator Leon Henderson said today there is absolutely no use for a civilian consumer to apply for a priority rating for purchase of a new tire or tube. Henderson's statement was issued to clear up misunderstanding of procedure still extant in many sections where civilian consumers have believed themselves eligible for priority ratings on tubes and tires. Henderson said the only way to get casings or tubes is through the local rationing board.

SAFETY COUNCIL ANNOUNCES 1941 CONTEST WINNERS

City of Thief River Falls Is Awarded Honorable Mention

Winners of the Minnesota Safety Council's 1941 traffic safety contest for communities and counties were announced today by A. V. Rohweder of Duluth, president of the council.

Governor Stassen will present plaques to representatives of the winners at the council's annual governor's award dinner to be attended by 1,000 persons, April 27 at the Nicollet Hotel, Minneapolis.

Selected by a committee headed by M. J. Hoffman, state highway commissioner, the winners are four communities and six counties which competed in various classifications based on population.

Announcement of the state's community and county safety champions of 1941 came as the council opened a new and intensified drive to curtail the increasing number of accidents that are hampering the industrial war effort.

Winners in the community classifications are:

St. Paul, cities of 100,000 population or more; Rochester, 10,000 to 100,000; Red Wing, 5,000 to 10,000; and Pipestone, 3,000 to 5,000.

St. Paul had 33 deaths, as compared to 63 for Minneapolis and 25 for Duluth, the other two cities in that population group. Rochester had one fatality, while Red Wing and Pipestone had no traffic deaths.

Honorable mention for no-fatality records was given the following communities:

Fergus Falls, Willmar, Cloquet, Crookston, Stillwater, Eveleth, Anoka, Little Falls, Columbia Heights, Thief River Falls, Robbinsdale, St. Peter, Edina, Hastings, Montevideo, Detroit Lakes, Marshall, Northfield, Waseca, Two Harbors, Litchfield, Hutchinson, [illegible], Mankato, East Grand Forks, St. James, Morris, North St. Paul, [illegible] and Tracy.

FIRE DEPARTMENT CALLED TO NOREN BERGLAND HOME

The fire department was summoned twice Tuesday morning to the Noren Bergland home on Kendall Ave. N., where a chimney fire developed. No damage resulted from the blaze.

ERIE

Mrs. Arnold Hovet entertains the Dorcas Ladies aid at her home Wednesday, March 25.

Sunday, March 8th Mr. and Mrs. Ed Stuey were pleasantly surprised by a very large group of relatives and friends at their home. The occasion was their 26th wedding anniversary. A short program was given, consisting of a talk by Rev. Seebach, two duets by Grace Dahlen and Geneva Iverson. Lila and Lois Hendickson also sang a duet. Malcolm Stuey acted as program chairman. Mrs. M. Stuey and Mrs. L. Merrett were hostesses. The honored couple were presented with a purse. Their children gave them a silver edged casserole.

Mr. and Mrs. Olaf Omlid who have spent the winter with their daughter, Mrs. Gladen at Tuscon Ariz., arrived home Tuesday.

Mr. and Mrs. Albert Burstad are the proud parents of a baby girl born Saturday the 14th.

Mrs. N. P. Larson spent three weeks recently visiting relatives and friends at Benson and Marshall.

The WPB Conservation Order Does Not Affect Men's Suits Made Prior to March 30, 1942

We'd like to clear up any confusion that may exist about the men's clothing in our spring display.

The Pearl Harbor incident did not occur until December 7, consequently the styles of the suits now in our store have not been affected in any way.

Our suits are all wool. Our double breasted suits carry vests. Pleated trousers still are available. Coats are generously long. Practically all our suits are available with two trousers. Cuffs are permissible but only up to March 30.

We repeat . . . the WPB Conservation Order, except that section referring to cuffs on trousers, applies only to clothing put into process of manufacture March 30, 1942, and after.

And so you'll find our stocks just as complete and varied as any we have ever presented . . . with prices only moderately higher than a year ago.

Funeral Services for Mrs. Jacob Hermanson Held Monday, March 16

Funeral services for Mrs. Jacob Hermanson, who passed away at her home at 518 State Ave. N. on Wednesday, March 11, were conducted by Rev. J. O. Jacobson on Monday, March 16 at 2 p. m. from the Scandinavian Evangelical Church and burial was made in the Greenwood cemetery.

Mrs. Hermanson, who was 76 years, five months, and 15 days old at the time of her death, was born at Tromso, Norway on September 26, 1865 and came to Valley City, N. D. in 1899 where she lived until moving to Greenbush in 1900. She has been a resident of Thief River Falls for the past 32 years, having moved here from Greenbush in 1910.

She was married on October 16, 1892 in Norway to Jacob Hermanson, who survives her. Other survivors are one daughter, Mrs. Mollie Williamson, of this city; two sons, Alfred of Thief River Falls, and Daniel of Detroit, Mich.; four grandchildren, one sister, Lina in Norway; three brothers, Charley and Bernt Berg, both of Portland, Ore., and Ed Berg of Valley City, N. D. One son preceded her in death.

Services Saturday for Francis I. Robinson

Funeral services were conducted from the Community Church in this city on Saturday, March 14 for Francis Irving Robinson, who died Monday evening, March 9 from a gunshot wound.

According to an obituary in the Fosston paper, Mr. Robinson, who was the son of Franklin and Mary Robinson, was born in that county April 20, 1898. He formerly lived in Thief River Falls, moving to the Fosston vicinity about six months ago.

The deceased had been in poor health for several years following an operation. He had been at the Lars Tangen farm near Fosston working during the day, and when he failed to return his mother notified Mr. Tangen early the following morning. The latter found him in the blacksmith shop with a discharged shotgun beside him.

In addition to his mother, he is survived by a brother, Myron, who farms northeast of Fosston.

Morlan Fiterman left Tuesday night to join the navy.

THE CIVIC SERVICE ORGANIZATION TO STAGE FUND DRIVE

Dr. Amesbury, Chairman, Cites Patriotic Purposes of County Agency

Plans are being formulated this week for a drive for funds to finance the activities of the Civic Service Organization of Pennington county, Dr. E. S. Amesbury, chairman of the group, announced today.

He indicated that the campaign would open within the next ten days, and that coin boxes would be placed in various business places, while the support of local organizations also will be solicited. The committee in charge includes Anton Hall, Ole Engelstad and Reuben Johnson.

The funds thus raised, it was explained, will be utilized for purchasing remembrances to be given county men entering the armed services, as well as to contribute to the support of civilian defense activities and to assist in maintaining contact between the young men in service and their parents.

In explanation of the functions of the Civic Service Organization, Dr. Amesbury cited the following objectives: To survey the needs of the community; coordinate the activities of the various civic and patriotic organizations; promote united community action in the furtherance of civilian defense; promote the interests of the armed forces; and provide means for the suppot of the various activities undertaken.

NEITHER MONEY NOR VOTES

We are inclined to agree with President Roosevelt in his statement that American labor is being criticized unjustly in the present emergency. We believe American labor is just as willing as any other group to do its bit to win the war. But we do not agree with the President when he says the labor situation in our defense industries is not a serious problem and we do not subscribe to the idea that our government should continue to let a group of racketeers determine how much or how little our defense industries shall produce and at what price.

A survey of labor disturbances shows that during the month of February there were 76 strikes in our defense industries, involving 70,905 workers and representing a two million man hour loss. It may be argued that these figures represent only a small fraction of the total defense effort. That is true. And it probably also is true that most of the men involved in these strikes would have preferred to continue their work. But the majority of the strikes were called to settle jurisdictional arguments—to determine which group of labor bosses should have the right to levy tribute, and, President Roosevelt to the contrary notwithstanding, this is a rotten condition.

In the present emergency our government is beset with many difficulties. There are pressure groups representing all classes that would set their own selfish interests above the public need. It is not only a few leaders of labor who need to be spanked. There are leaders of business and agriculture as well who must be slapped down. The important thing is that the government must be greater than any group that is a part of it and all groups must be given the same fair consideration if we are to have enthusiastic, all-out effort to win the war.

In the present emergency there must be curbs on rising prices if we are to avoid a disastrous inflation. This cannot be done by applying the brakes to only one wheel of the economic machine. If the brakes are to be applied then they must be applied evenly to all of the wheels. Let a ceiling be placed over agricultural commodities as the President requests but at the same time place a ceiling over wages and profits. Let those who determine government policies prove that they too are willing to sacrifice personal interests during the emergency by putting political considerations on the shelf. And that can be said over again for the benefit of most of Minnesota's Republican representatives in Congress. The job ahead of all of us now is to win the war—not to make money or gain votes.

We received a letter this week from a representative of the government telling us that as a member of America's great bowling fraternity we should hustle up a lot of letters from prominent citizens in the community urging the government to give bowling equipment a priority rating because if we don't bowl we can't hope to lick the Japs. We got many such letters from various organizations and institutions. The only thing that induced us to give special consideration to this particular appeal was the fact that it came from the government itself—the very same government we were supposed to mail our petitions to. The letter was printed on a sheet of bond (Don't Waste Paper) twice the size of an ordinary business letter. The government had paid the postage and, there being no evidence to the contrary, we presume the government had also paid the printing and mailing costs. We don't know how many thousands of dollars worth of defense bonds had to be sold to pay for this mailing piece but, based on our knowledge of what it costs to circularize by direct mail, we guess that what the government spent in asking us bowlers to petition the government would buy a pretty fair fighting plane. We like to bowl and are glad to recommend the sport as fine recreation but we fear we are not going to be able to lend our support to the program of the Division of Physical Fitness of the Office of Civilian Defense.

Comforting thought—Sunday will be the first day of Spring.

We are reminded that in the last World War sugar sold for as much as 20 cents a pound. If rationing will prevent a recurrence of that situation, it will be well worth while.

There may or may not be room for debate as to whether worship or warship is more essential to success in the current war effort.

The hope that the artificial rubber supply will shortly meet domestic demands strikes us as artificial.

A lot of folks resent that charge of complacency made by administration leaders against the rank and file of the American people. Surely the progress of the war to date should be enough to convince anyone that we have nothing to be smug about.

We can breathe a sign of relief now that we got safely past another Friday the 13th and the anniversary of that tragic blizzard of March 15, 1941.

Sin, they tell us, is an obsolete word for what is now known as experience.

It seems there is something out of line when the United States senate, in these critical time, can devote day after day of its time to debating the nauseous Senator Langer case.

Cheer up, girls. If rationing compels you to go stockingless this summer, at least you won't have to worry about keeping your seams straight.

HIGHLANDING

Wold-Bleck

Friends of Miss Laura Wold will be pleased to hear of her marriage to Herbert Bleck at Edgerton, Wis. Feb. 14. Miss Wold grew to womanhood in this community. She took nurse's training at the Physicians hospital. After being employed as a nurse in the Mercy hospital for some time she went to Edgerton, where she nursed for many years. She returned to the Mercy hospital and after a year or two returned to Edgerton to her nursing duties. Mr. and Mrs. Bleck will make their home at Albin, Wis.

Word was received by Mr. and Mrs. Ed Korstad of the marriage of their daughter Dorothy to Alvin Wagner of Upsala. Mr. Wagner whose home is at Duluth teaches at Upsala.

This community was saddened this week by the sudden passing of Francis Robinson, a young man who lived in this community for many years, having left here last fall. He came with his parents to the town of Kratka when he was about fourteen years of age. His father passed away a few years ago. He and his mother decided to move to California last fall. After having a ride they drove to Santa Ana, and remained there about a month, when they returned. They moved onto a farm three miles from Faceton, near his brother Myron, at which place he lived until his passing on Monday night. He leaves to mourn his mother and brother Myron and a host of friends.

Unnecessary Choking

The choke valve should be closed just as soon as the engine will operate without missing. Excessive choking causes raw gasoline to reach the crankcase oil supply. Dilution of the oil and washing of lubricating oil from the cylinder walls are some of the results of excessive choking.

PROWLERS ARE DETHRONED IN DISTRICT FINAL

Defending Champions Lose to E. G. Forks in Overtime Friday

LOCALS OVERWHELM CROOKSTON 56 TO 27

East Grand Forks to Represent District 31 in Regional Event

Thief River Falls' 31st district basketball reign was ended Friday night when East Grand Forks nosed out the Prowlers, 32 to 31, in a bitterly-fought overtime championship finals game at Crookston. The Prowlers, after leading by a 14 to 13 score at the half, had put on a third period spurt to increase their lead to 25 to 15 as the final period began, but the veteran East Grand Forks team, sparked by their stellar guard, Pete Hunt, and taking advantage of the locals' misplays, knotted the count at 27-all during the regular game, and then outscored the Prowlers, 5 to 4 in the overtime period to win the title. Thief River walloped Crookston, 56 to 27, on Thursday night to enter the finals; while East Grand upset Warren, 34 to 26, to win the other finals position. In the consolation game Friday night the Warren Pirates scored an easy 39 to 18 victory over Crookston.

East Grand Forks' Pete Hunt opened the game's scoring when he dropped a free throw into the south basket; and Benny Larson marked up a Green Wave field goal, flipping in a rebound. Gjernes registered the first Prowler point on a free throw; but Lorry Worden pumped in a long shot to send the East Siders into a 5 to 1 lead. Orrin Pederson, who played a fine game for the locals, pounded in a rebound shot. Hunt, from the center of the floor, looped a shot into the net. Pederson tallied on a free throw; Lenny Lorentson, getting a pass from Gjernes, popped in a close shot; and Johnny Campbell took Jack Melby's pass on an out-of-bounds play and tossed in a one-hander, to give the Prowlers an 8 to 7 lead in the first period.

Pederson rang up a Prowler free throw to open the second period. Worden chalked up a free throw, and then took a floor-length pass from Hunt to score on a set-up. Larson counted on a gift toss. Jack Melby hooped in a one-handed shot from the lane to knot the score at 11-all; and Campbell netted a free throw. On a neat play, Campbell, taking a pass from Lorentson, whipped in a field goal. Larson picked off a rebound to score a field goal, and sliced the Prowler lead to 14 to 13 at the half.

The Prowlers played their best basketball in the third stanza, and appeared to build up a game-winning lead. Melby flipped a pass to Lorentson, and Lenny bounced in for a close shot. On a jump ball play, Pederson took Melby's tip and scored a field goal. Worden, after a long dribble, looped in a one-handed shot, for the East Siders only third period points. Melby connected for a field goal; Lorentson added a point from the free throw line; Campbell, after a floor-length dribble, scored on a push-up shot; and Melby's tip-in, gave the Prowlers a 25 to 15 lead as the final period began.

Ray Martin broke in close for a push-up shot; Hunt, breaking up a Prowler play at mid-court, scored on a close-in shot, and then added a free throw when fouled on the play. Martin and Campbell exchanged free throws. Pete Hunt swished in a shot from the center circle. Jack Melby lifted a free throw into the ring. Martin, on a two-shot foul, counted twice to cut the Prowler lead to two points. Larson covered Martin's rebound, when Ray tried to connect from the corner, and scored the tying points. Melby's free throw try rolled off the rim, and the game went into overtime.

On a center jump play, Melby tipped the ball to Don Berg, and Don tossed a pass to Campbell, and Johnny broke in for a set-up shot. Martin marked up an East Side point on a free throw; and Larson, recovering a Prowler batted in mid-court, passed to Hunt, who dribbled in for a push-up shot. Campbell sent the Prowlers into the lead when he lofted a long shot into the hoop; but Lorry Worden, with a long shot from the west side-line, scored what proved to the winning point.

Orrin Pederson, Jack Melby, and Johnny Campbell played outstanding games for the Prowlers, with Campbell winning the game's high point honors with 12 points. For George Wilson's Green Wave, Bennet Larson, Pete Hunt, and Lorry Worden were especially effective.

Flashing their finest scoring form of the season the Prowlers, with Lenny Lorentson and Johnny Campbell scoring 14 to 11 points, respectively, the locals swamped Crookston, 56 to 27, in the semi-finals Thursday night. Defensively, too, the Prowlers were effective, for it was not until mid-way into the third period that the Pirates were able to connect for a field goal.

Tourney to Determine Bowling Team Champion to Open at Mint Monday

An elimination tournament to determine the team champion of the local bowling association will get under way Monday night when the Thief River Pharmacy meets the Eagles, and the Schmidt's City Club rolls the Thief River Creamery, on the Mint alleys beginning at 8:00 p. m.

Tuesday night will find the Hartz Bakery bowling against the Elks Club, and the Bratrud Clinics will meet the Poppler Furniture five. The winners of these first round matches will play in the semi-finals Thursday night, with the championship finals slated for Friday night.

The teams, the two top teams from each league, were arranged on the play-off schedule according to their pin average. The tournament will be decided on a game basis, the best two out of three games in each series, and the teams will be given handicaps in accordance with the rules that have been in effect during the season.

At the same time the voiture will conduct initiation rites, and the Grand Forks voiture has been invited to participate in the induction.

BEMIDJI DEFENDS REGIONAL TITLE TODAY AT FOSSTON

1941 Champions Meet Bagley; East Grand Forks Plays Roseau Quint

Glenn Barnum's defending champion Bemidji Lumberjacks will lay their eighth regional basketball title on the trophy block at Fosston this evening when they meet Bagly in the semi-finals of the regional tournament. In the other bracket, the newly-crowned 31st district champions, East Grand Forks, will play Roseau, the 32nd district champion.

In two games played against Bob Presthus' Bagley team this year the Bemidji five has registered two victories, and the Lumberjacks are expected to mark up another triumph tonight.

Although Bagley, with their offense being sparked by their splendid guard, Gene Buckley, can come up with an upset win over Bemidji; for Bagley during the season marked up two wins over a fine Cass Lake team. A rugged and improving East Grand Forks team is expected to defeat Roseau in the other semi-finals game, for the northerners have had only an ordinary season.

Johnny Campbell Leads Prowlers in Scoring in the Season with 122 Pts.

Johnny Campbell, senior forward, and playing his first year of varsity ball, tallied 122 points in 17 games to win the Prowlers individual scoring honors. Jack Melby, center, was runner-up, scoring 99 points in 17 games, and Jack, a junior, was the only Prowler to count at least a field goal in every game he played. The Prowlers "bad men" were Lenny Lorentson, with 48 fouls, and Orin Gjernes, with 46 fouls. During the season the Prowlers totaled 544 points, while their opponents garnered 537 points.

District Farm Security Workers Meet Saturday

A group of 35 representatives of the Farm Security Administration assembled Friday at an all-day session conducted in the Evelyn hotel. At the meeting minimum housing standards were discussed in connection with special real estate loans now being made in Pennington county. The loans, which are made for forty years, are designed to raise living standards of farmer clients and to give them added security.

FLOCK OF GEESE MAKE FLIGHT OVER THIS CITY

Another sign of the approach of spring was reported Wednesday by Frank Nelson of the Oklee community, who saw a flock of geese flying north over the Thief River Falls area.

Keeping Score

.... With BUCK OLSON

Give Game Back to the Kids

First let me explain that I'm not taking this swipe at the district tournament whistle-tooters just because the Prowlers lost that overtime finals game. The Prowlers themselves, due to lack of tournament experience and poise, frittered away a 10-point lead in the last period, and you can't do that against as scrappy an outfit as that East Grand Forks club, and expect to win. My contention is that the tournament was spoiled for the fans and the players by the "tight" calling on fouls by the game officials. Here are the statistics on the semi-finals and finals: Warren vs. East Grand Forks, Waren was charged with 19 personals and East Grand with 22 personals, and 3 players ejected because of fouls; Thief River Falls vs. Crookston, Thief River was called on 20 personals, and Crookston was charged with 19 personals, and 3 players sent to the showers; in the finals, Thief River drew 19 personals, and East Grand was charged with 19 personals, and 5 players were forced from the game. Think of it, that's 118 personal fouls in three games, and 11 players ejected on fouls! In 99 minutes of play 118 fouls were called, and that's more than one a minute!

Quite a Contrast

Comparisons, perhaps, are odius; but they serve to illustrate the point of my contention. I noticed the box scores of the semi-finals of District 17, that the Minneapolis high schools, with Johnny Getchell and Johnny Sammon on the whistles. Getchell, and I know this from personal experience, is rated as one of Minnesota's top referees. Here are the facts: Edison vs. Marshall, Edison was charged with 12 personal fouls, and Marshall picked up 7 personals, and 2 players left the game on fouls; South vs. Roosevelt, South drew 6 fouls, and Roosevelt was called on 9 personals, and none of the players was forced out of the game. That's a total of 34 fouls, or an average of 17 per game; while in the 31st district's semi-finals there were 80 fouls, or an average of 40 per game! There are two conclusions: either the 31st district games were so much faster and tougher and harder than the 17th district's games; or else the referees of the 31st district were calling a lot of technical stuff that Getchell and Sammon did not consider as fouls. Williams and McCain were so afraid of having the games get out of hand that they called everything in the book.

For the Record

For the information of such authorities on good sportsmanship as Crookston's Walt Grinols, it's perhaps well to explain why Coach Harry Newby was so concerned by that decision just at the game's end Friday night. One of the referees when questioned on the floor after the game about an apparent personal foul called on an East Grand Forks player, admitted to Harry, in the presence of a superintendent of one of the district's smaller schools, that he had called a foul but that the other official had signalled for a held ball instead. And then later, and here's what Newby found so objectionable, in his dressing room this referee denied having made such a statement, and that he had called a held ball on that last-second play!

It appeared to us at the scorer's table that the referee on top of the play called a foul, and it is reported that Elmer Hanson, broadcasting the game, sent that interpretation on the air and then had ot retract his statement when the official nearer the scorer's table called the play a held ball. It was a tough game to call, and perhaps the officials became panicky; but you certainly can't charge anyone with being unsportsmanlike when he complains at such officiating.

A Bowling Treat

Bowling fans were given a treat Sunday when Earl Gramer and Fred Sibell were paired on the 2:30 p. m. shift in the Times singles tournament. Gramer recently won the North Dakota match championship, and the runner-up was Grand Fork's veteran Fred Sibell. And the two bowled nip-and-tuck Sunday, too. Gramer had games of 202-211-190-184, for a 787 total, to go into second place. In his four games Earl had 6 splits, 18 spares, 19 strikes, and nary a blow. Sibell, too, didn't have a blow in his four-game series, and he came up with games of 177-213-215-181, for a 786 total, for a third place. Fred had 5 splits, 19 spares, and 18 strikes.

The most colorful bowler to show Sunday, and one of the most effective, too, was Fargo's hook-ball specialist, Fred "Slick" McCrea. McCrea is the fellow who rolled a three-game total of 704 in the A. B. C. last year. In his four-game series Sunday, "Slick" had scores of 217-204-179-183, for a 783 total. He piled up 15 strikes, 23 spares, and 1 blow. His hook was really dragging into the pocket, and except for a couple of "taps" in his last game, he would have rolled into first place.

Could You Beat This One?

How'd this line-up be as an all-district: forwards, Henry Hanson, Warren, and Johnny Campbell, Thief River Falls; center, Jack Melby, Thief River Falls, guards, Pete Hunt and Bennett Larson, East Grand Forks. Hunt and Campbell would be the play-makers, and Hanson, Melby, and Larson would cover the backboards and the rebounds.

Business Here at High Level During February

February business activity in Thief River Falls this year showed a 28 per cent gain over the same month a year ago and thereby attained the best dollar volume recorded for any February in recent years, according to the monthly report of bank debits just released by the Federal Reserve Bank of Minneapolis. This February volume totaled $2,286,000. Local debit volume for the first two months of 1942 stood 28 per cent above the 1941 January-February figure, this comparing with a 20 per cent gain shown as the average of reporting cities throughout Minnesota.

POLK COUNTY WILL HALT ALL HIGHWAY BUILDING IN 1942

County Board Anticipates Saving of Upwards of $75,000

Polk county commissioners have decided to pare to the bone road expenses for 1942, to avoid any infringement on the materials and manpower needed for prosecution of the nation's war effort, it was revealed in the Crookston Times.

Commissioners have announced they will undertake absolutely no new construction during the year, except the completion of one job started in 1941 and delayed because of the abnormally wet season and have also voted to make no appropriations for road construction to townships this year. Their appropriations last year, either in the form of direct grants or in the use of county equipment, averaged $500 each to the county's 59 townships.

Construction of new roads, either under contract or by the county machinery will come to a complete halt. The county machinery, all of which has been overhauled, will be put into storage. Rubber tires will be removed and stored according to the recommendations for best preserving them.

The board anticipates that it may effect a saving of upwards of $75,000 from its 1941 expenditures by the program which it has mapped for this year.

Sixty Raw Fur Dealers in State Are Convicted

Department of conservation investigations to determine whether raw fur dealers have kept records as required in a new state law today have resulted in more than 60 convictions, it was announced by E. R. Starkweather, deputy director of the division of game and fish.

Fines totaled more than $1,400. Other dealers still are under investigation, and indications are charges will be filed against some of these.

The law requires that all raw fur dealers keep accurate records of all furs bought or sold by them from whom purchased and to whom sold, and that these records be made available to department representatives.

TRAFFIC DEATHS IN STATE HOLD TO RISING TENDENCY

250 Minnesotans are Killed in Traffic Accidents Since October

With the nation facing the gravest threat of extermination in its history, Minnesota motorists have aided Nipponese forces of destruction by killing 250 and critically injuring upward of a thousand men, women and children in the past five months.

The startling leap in traffic fatalities was disclosed this week in a "progress" report for the first five months of the Minnesota Editorial Association's current "Save 100 Lives campaign. This report showed that since October 1, 1941, when its second annual traffic accident prevention campaign began and including preliminary figures for the month of February, 86 more people had lost their lives in motorist and pedestrian mishaps than were killed during the corresponding five months of the previous year.

The number of deaths for the five months period was 74 higher than the budgeted goal of allowable deaths set by the Editorial Association's "Save 100 Lives" committee and the Minnesota Safety Council.

The appalling increase in traffic fatalities, in a state which for two years won national acclaim for its success in traffic safety efforts, occurred despite, or possibly because of, a mild winter comparatively free from ice and snow and during which good roads and favorable driving conditions prevailed.

State Rationing Chief Will Discuss Plans for Sugar Rationing Friday

Plans for the big job of rationing sugar, due to involve or affect virtually all the people, will be discussed in a broadcast over a network of Minnesota radio stations Friday night.

T. G. Driscoll, state rationing director, will be the speaker, giving the third in a series of talks arranged for Friday nights to acquaint the people with rationing regulations and afford an opportunity to answer questions that may be raised about rationing.

This is the second program scheduled by civilian defense officials to provide information on civilian activities. The regular Saturday night program of the state office of civilian defense will continue, with C. A. Zwelner, chief of staff, speaking this week on the Red Cross First Aid program. Mr. Driscoll's talk Friday night will be carried over KSTP, St. Paul and Minneapolis, at 6:45 p. m.

Mr. Zweiner's talk Saturday night will be carried over WCCO, St. Paul and Minneapolis, 6:30 p. m.

Editor Townsend Weekly Will Speak in Crookston

Senior class day has been set for Thursday, March 19, at which time the Senior yearbook, "The 1942 Aggie" will be distributed. The annual reception to the graduates will be held at the home of Superintendent and Mrs. T. M. McCall on Sunday afternoon, March 22. The Commencement sermon will be delivered by Dr. Paul Snyder of Crookston on the evening of Sunday, March 22.

Other activities during the final two weeks of school include Advanced Day on March 18; Awards Assemblies on March 20 and 23; Junior Music Recital on March 23, and Senior Music Recital on Wednesday, March 25.

Thief River Falls Job Office Locates Work for Twenty Men in February

The Thief River Falls office of the United States Employment Service won a place on the agency's February honor roll, showing a 25 per cent increase in job placements by comparison with February, 1941, it was announced in St. Paul today by Leonard D. Ryan, director for Minnesota. C. H. Sjolander is manager of the Thief River Falls office.

The office, which is one of the smaller ones in the state, placed 20 persons last month. The increase, Ryan said, is indicative of expanding use of the service by employers in the vicinity, rather than any such development in the number of local employment opportunities.

The honor roll is composed of offices which show a placement increase greater than the average in the state for each month. February placements in the state were up 23 per cent to 4,793 from 3,911 in February, 1941. Twenty of the 37 offices of the United States Employment Service in Minnesota showed increases higher than this average.

Plumbers Take Tests in St. Paul Monday, Mar. 23

The state board of health will conduct examinations for master and journeyman plumbers at 9:00 a. m. on Monday, March 23 in Room 303 of the Agricultural Engineering Building, Farm School, St. Paul. The state law provides that in any city or village now or hereafter having 5,000 or more population, according to the last federal census, and having a system of water works or sewerage, no person, firm or corporation shall engage in or work at the business of a master plumber or journeyman plumber unless licensed to do so by the state board of health.

VIKING

Funeral services were conducted at Scandinavia, Wisc., on Saturday afternoon, March 14 by Rev. Oliver Thompson for Mrs. Arnie Samuelson, who passed away at her home in Viking on Tuesday, March 10 at the age of 33 years, one month. The body lay in state on Thursday afternoon at the Zion Lutheran Church in Viking. Final rites were from the Lutheran Church in Scandinavia and interment was made in the church cemetery there.

Mrs. Samuelson was born Hildegard Ellevine Peterson on February 10, 1909 in Scandinavia, Wisc. She was confirmed by Rev. A. O. Sorde in 1922. After being graduated in 1922 from the Scandinavia State Graded School, she attended Central Wisconsin College, completed her course in 1925. After one year of commercial work she continued her education at Stevens Point Teachers College where she studied primary education. She then taught the primary department at the Junior High School at Leopolis, Wisc. for five years, going from there to Fairview State Graded School at Marion, Wisc. where she taught for three years.

Her marriage to Arne E. Samuelson of Viking took place on June 15, 1938. After moving to Viking her membership in the Scandinavia church was transferred to the Zion Lutheran Church of Viking.

Survivors are her husband and two children, Virginia Mae 2½ years, and Maynard Lowell, one month; her parents; and one brother, Rev. H. O. Peterson, pastor of the Viking church. Two brothers preceded her in death.

Relatives from Viking who attended the funeral services at Scandinavia were Arne Samuelson, Rev. and Mrs. H. O. Peterson, Shirley and Joanne, Mrs. Edel Samuelson, Solveig and Ingrid Samuelson, and Mr. and Mrs. C. Fredrickson.

Mr. and Mrs. John Larson entertained relatives Sunday afternoon in honor of their 45th wedding anniversary.

Town Officers Re-elected

At the election last Tuesday all the old officers were re-elected. They are Guss Hillyer, supervisor; N. E. Mussy, clerk; Andrew Kisch, justice of peace, and Harvey Copp constable.

The Community and Good Cheer Clubs gave a party on Friday at the hall for Miss Lyda Mussy. About 65 guests were present. A lovely lunch was served by the self-invited guests and Miss Mussy was presented a purse of money in remembrance.

Word was received here Monday by Mr. and Mrs. Robert Rupprecht from their daughter, Mrs. Swanson nee Ardith Rupprecht, that her husband, Sergeant Swanson and his troops had left California Tuesday sailing for a destination unknown. The Swansons were married March 2nd.

Chester Dyrud, our mail man is wearing a big smile these days. His wife presented him with a baby son born March 16.

Melvin Torgerson, I. L. Russell N. E. Mussy and Henry Williams attended the dairy meeting in Argyle Wednesday.

Filmore Malberg who has spent two months in the state of Arizona returned to his home here Saturday.

Company over the week end at the H. R. Halvorson home were their daughter, Mrs. D. Bitzer and children and Roy Bitzer all of Williams. Sunday, the Bitzers, Halvorsons, Solems and the Andy Anderson family were supper guests at the Lester Halvorson home in town of North. The Bitzers returned to their home Monday.

Mrs. Rupprecht and son Arthur were visitors at the Alfred Grytdal home Sunday evening, and also to see Edwin Grytdal who recently returned from Spokane, Wash. and who will soon leave for the Army.

Friends of Mrs. Morris Hahner will be pleased to know she came home from the hospital Monday and is very much improved at this writing. Mrs. Dan Dowactor also returned from the University hospital in Minneapolis on Friday and is feeling a lot better.

Buddy Molstad is spending this week at Rosewood with Lloyd Ranum who leaves Saturday from Warren for Fort Snelling.

GRYGLA

Former Resident Passes Away

Funeral services were conducted March 2, at the Presbyterian church at Edmonton, Alberta, Can., for Mrs. George Poole, who passed away in that city on February 26. Death came very suddenly to the young woman, who was known to Grygla friends as Peggy Maney, daughter of Mr. and Mrs. Pete Maney, formerly of Grygla. The cause of death was given as acute peritonitis of the gall bladder. Mrs. Poole was buried at Edmonton.

Mrs. Elaine Maney Poole was born at Grygla on May 9, 1913 and was at the time of her death 28 years, 9 months and 17 days old. When a little girl she moved with her parents to Edmonton, where she remained until death. She attended high school and later took a business course. She possessed an unusually fine soprano voice and was well known in musical circles.

She was united in marriage to George Poole at Edmonton on Dec. 31, 1939, and they established their home in Edmonton. She leaves to mourn her death, her husband, one eighteen month old daughter, Elaine and her parents, Mr. and Mrs. Pete Maney all of Edmonton. Besides this she leaves two aunts at Grygla, Mary Maney and Mrs. Ellen Croninger, three uncles, John Maney of Plummer, Otto Johnson of Warren and George Johnson of Halstad. She was well known in this community having been here for visits several times after moving away. Mary Maney made the long trip to Edmonton for the funeral and to visit with the Pete Maneys.

Large Crowd Attends Co-op Movie

A large crowd was present at the Grygla hall last Friday evening to see the motion picture, "Here is Tomorrow". The film was a presentation of the Central Co-operative at Superior, Wisc.

Following the film, E. A. Whitney, with the Educational Staff of the Central Cooperative, gave a very interesting speech. He stressed the necessity of Co-operation among the farmers to meet the present emergency as well as to face the hard period sure to come after the war. Mr. V. F. Kruta of Gatzke, president of the Farmers Union Local, was also present and introduced the other numbers on the program.

Maxine Parter, teacher in the Spruce Grove school gave a benefit card party at the schoolhouse last Saturday evening. Progressive whist was played at eight tables and the holders of high score were Mrs. Clinton Knutson and Orrin Benson while consolation prize went to Mrs. John Keiger and Leon Bartle. A delicious lunch was served at the close of the evening. The proceeds will be used to buy a gasoline lamp for the school.

Benville Circle Meets

The Benville circle met at the Victor Nygaard home Friday. Mrs. Nygaard, president, led the ladies in a short period of devotion after which she conducted the business meeting. Mrs. Berwin Jacobson, who is moving to another neighborhood, tendered her resignation as treasurer and Mrs. Roy Paulson was chosen to succeed her. Following the meeting lunch was served by Mmes Severt Salveson, Berwin Jacobson and Victor Nygaard. The April meeting will be held at the Severt Salveson home with the date to be announced later.

Victory Book Campaign

Twenty-one dollars a month may buy tickets to a few movies, cigarettes, and a trip to the big city, but it won't go far toward buying new books or old favorites, and camp libraries are at present woefully inadequate. To eradicate this real lack, Americans are being asked to give books to the Victory Book Campaign, sponsored by the American Library Association, the Red Cross, and the United Service Organizations, for the benefit of our armed forces.

The Co-operative Store, Boyum's Cafe, The Standard Oil Station, and the Farmers Union Garage have been chosen as collection centers for the Grygla Community. Let us all cooperate and give some of our books for our boys in the service. Books must be delivered to one of the above places by March 28. Mrs. Elmer Hylland, Director of Campaign for Grygla community.

Plan to attend the play and carnival at the Grygla hall Saturday evening, March 28, at 8:30.

Salvage for Victory

A junk dealer will be at Gordon's Service Station all day Monday, March 23. He will buy scrap iron, old rags, old rubber articles, newspapers, magazines and paper boxes.

Bowling Scores

Last Sunday a bowling tournament was played between Benville township and Valley township, resulting in victory for the latter who won two games and scored 1966 to 1717. On Monday Valley township was again victorious, winning all games from Boyum's Cafe; the final score was 2062 for Valley and 1919 for Boyums. On Tuesday evening the Co-operative Store defeated Dalos Insurance Agency, winning two games and scoring 1965 to 1906.

Two tournaments were played on Thursday evening the first between Benville township and Standard Oil. The latter won two games with a final score of 1933 to 1878. That same evening, Knights Cafe ladies defeated Moylan township Ladies winning all games and scoring 1777 to 1591. The final tournament of the week was played on Friday evening when Farmers Union Ladies defeated the Beauty Shop ladies, winning two games and scoring 1451 to 1385.

Margaret Sjeiland's score of 186 was high among the lady bowlers last week and Johnny Hahle rated high among the men with a score of 196.

Birthday Parties

A group of relatives and friends were Sunday dinner guests at the Severt Salveson home in honor of the eleventh birthday of Lorna Salveson, which occurred that day. Following the dinner the older people present spent an enjoyable afternoon of visiting while the youngsters played games.

Later in the afternoon Mrs. Salveson served a lovely lunch with a beautiful white birthday cake topped with eleven pink candles and other decorations. Lorna was the recipient of several gifts.

Those sharing the occasion besides the Salveson family were Mr. and Mrs. Clarence Peterson and children, Mrs. Albert, Loyd and Charlotte, Mr. and Mrs. Jack Holthusen and daughter, Andrew Larsa, June Anderson, Alvina Askeland and Mr. and Mrs. Leonard Newton of Mavie.

Mr. and Mrs. Olaf Newton and Doris, Mrs. Ralph Newton and Elaine and Mr. and Mrs. Norman Newton and Dale all enjoyed a lovely birthday lunch at the Olaf Newton home on Friday afternoon. The occasion was in honor of Doris Newton's eighteenth birthday. The main attraction of the lunch was a white birthday cake decorated with flowers. Doris received several gifts.

P. T. A. To Present Play

Make a date to see "Yimmy Yohnson's Yob" at the Grygla hall Saturday evening, March 28 at 8:30 p. m. This play is sponsored by the Grygla Parent-Teacher association and stars such leading characters as:

George Hanson as Yimmy Yohnson, a green Norwegian from Minnesota.

Marion Bush, as Peg, an Irish cook in the Kent home.

Marjorie Bush, as Kit, a flippant young maid, also employed in the Kent home.

Edith Anderson as Mrs. Kent, the grief-stricken wife of a well-to-do farmer.

Auden Anderson, as Mr. Kent, a partially crippled farmer.

Myrtle Anderson as Sylvit, their niece.

Adeline Severence as Bebe Kent, their adopted daughter.

Harley Buchalz as Pat, an Ex-Indian detective.

Mike Clauson as Mickey, Mr. Kent's hired hand.

Walter Hohle as Frank, a young city slicker.

Committees in charge of the play are M. K. Ellingson, Edith Anderson, Viola Berger, and Thelma Johnson. Mrs. Robert Thorson is coaching the play.

Following the play the evenings entertainment will be completed with a carnival which will provide much fun for both young and old.

Mr. and Mrs. Mike Teigland took their daughter Audrey to Crookston Saturday where she will resume her studies at the A. C., after a two week's illness. They were accompanied by Mr. and Mrs. Mike Teigland and Ardith who visited with Phyllis Teigland, also an A. C. student.

Mr. and Mrs. Melvin Walberg visited at Middle River on Sunday with the latter's parents, Mr. and Mrs. L. Larentson.

Melvin Newton of Mavie visited at the Olaf Newton home Sunday.

Mrs. Ralph Newton and daughter left on Sunday for Erie to spend a few days at the home of Mrs. Newton's sister, Mrs. Harold Johnson. Mrs. Newton and daughter plan to leave this week for San Diego, California to make their home where Mr. Newton is employed in the defense industries.

A large crowd attended the Carmel Ladies aid which was entertained at the Oscar Sletten home last Thursday.

Lawrence Olson arrived Thursday from the Cass Lake CCC where he has spent the past several months.

Ingn Myron left on Friday for Middle River to be employed.

Frances Haack accompanied by his mother, Mrs. Otto Haack, left last week for Minneapolis where Mrs. Haack planned to submit to an operation.

Mr. and Mrs. L. A. Knight were callers at Warroad last Tuesday and Wednesday.

Mr. and Mrs. Henry Sorenson were proud to learn of the arrival of a new granddaughter on Friday. Her parents are Mr. and Mrs. Ernest Sorenson of Thief River Falls.

Ethel Olson, who is employed at Climax, visited over the week end with her parents, Mr. and Mrs. Gereon Olson.

Mr. and Mrs. M. K. Ellingson returned on Saturday from Minneapolis where they had attended the annual meeting of the Land O' Lakes. Others enjoying the trip were Severt Askeland, delegate from the Grygla creamery and Elmer Newhouse, delegate from the Fourtowns Creamery.

Albert Warne left on Sunday for Morocco, Indiana, after spending a week with his parents, Mr. and Mrs. Jesse Warne, prior to his induction into the army.

Mike Teigland and daughter Ardith arrived on Wednesday from Waukegan, Illinois for a two weeks' visit with home folks before returning to their employment at Waukegan.

Hillsboro, N. D., Farmer Ships Full Carload Hogs

The Hillsboro, N. D., Banner reports that Frank Svobody of that community recently forwarded a carload of hogs to West Fargo, the first shipment of its kind to be made from that locality in several years. The 70 hogs averaged 255 pounds apiece and netted $11.25 per 100 pounds. Mr. Svobodny is the father of Mrs. Peter Bretnay of Thief River Falls.

Reddish blue instead of cobalt green-blue will be more prevalent because of the diversion or lack of cobalt.

SMILEY

Health, Morale, Victory

All of the organized units of any kind in Smiley as well as any individual will meet at the Smiley Hall Monday afternoon, Mar. 23rd at 1:30 p. m. to get several pointers on how the "Right Foods Put More Life Into Living." Four women will present this meeting and they are Mrs. Frank Hardisty and Mrs. Freeman Allen who will conduct the lesson while Mrs. Adam Lendobeja and Mrs. Jim McCrum will put on the special food demonstration. This is absolutely not a project! It is a lesson in connection with the U. S. Government for the defense. Our greatest share in the defense is that which will prepare us for a better health, a better morale and surely, therein, will lie victory! Every corner of Smiley should be represented at this meeting whether it be man, woman or child. The 4-H Club members, the two Ladies aids, St. Pauli and Bethania, the home demonstration groups, the Community club and everyone is requested to please attend. The food demonstration will have something new added. Don't forget, Monday, Mar. 23rd. It's for your own good and for your country!

4-H Meeting

A nice time was enjoyed at the Silverton- Smiley 4-H Club meeting at the Smiley Hall Friday evening. The program, which was announced by Helen Hardisty, consisted of the 4-H pledge, the song, America; a quiz on defense by Betty Lou Beaton; a reading by Helen Hardisty; a short talk on "Right Foods Put More Life Into Living" by Mrs. Adam Lendobeja; a posture demonstration by Frances Offerdahl; a round table discussion on "What the 4-H boys and girls can do for defense, was led by Mrs. Adam Lendobeja. County Agent Palmer spoke of gardening, stressing the importance of every member having a garden or helping to care for the family garden. Arrangements are being made by the leaders and members to organize a rhythm band. Anyone, besides the members, who would like to belong to this band be sure to attend the next meeting which will be April 10th. Refreshments were served by the Sivert Brekke's and Alfred Offerdahl's.

Town Meeting

A large number of Smileyites attended the meeting Tuesday. Lots of votes were cast. Ole Helgeland was re-elected supervisor, Herman Heiswenger was elected justice of peace, Adam Lendobeja the constable and Frank Hardisty was re-elected clerk.

Henry Merhkins and son Marvin of Rocksbury were Thursday visitors at the Carl Heiswenger Sr. home.

Miss Elli Tuura spent the week-end at her parental home in Middle River. She teaches in the Smiley school, Dist. 4. The practice teacher, Miss Joyce Meyer of Steiner completed a three week period of practice work Friday.

NORTH

Mrs. Abrahamson and mother, Mrs. Rutz of Warren were overnight guests with Mrs. Andrew Gertaner last Wednesday and they also attended the sale which was attended by a large crowd.

A large crowd attended the farewell party in honor of the Matt Rausch family at the H. Kellberg home. They received a chenille spread to use in their new home.

Mrs. Roy Rude, Mrs. C. C. Jensen, Mrs. Ayers attended a surprise party Friday afternoon at the Steiner hall in honor of Lida Muzzy who left Tuesday evening, for Minneapolis to have a cataract removed from her eye. She received a purse of money and we wish her the best of luck.

Mrs. Roy Rude received word from her brother Frank at Staples that he did not pass his examination so has been classed to 1-B now.

Andrew Gertaner returned home Saturday from the hospital after being confined there the past three weeks.

CITY COUNCIL PROCEEDINGS

The City Council of the City of Thief River Falls, Minnesota, met in regular session in the Council Chambers in the Auditorium and Municipal Building on March 10, 1942. The meeting was called to order at eight o'clock P. M. with all members present.

Minutes of the meetings of February 16th and 24th were read and on motion duly made and carried the same were declared approved as read.

Applications for license renewals were presented as follows: [illegible] Motion was made by Alderman Baker that [illegible] be approved and allowed. The motion was seconded by Alderman Severson and adopted by unanimous vote.

Application was presented by [illegible] for permit for construction of a building on Lot 21, Block 18 of the Original Townsite, such building to be operated as a restaurant and cafe. Alderman Petersen moved that the application be rejected and permit denied for the reason that such contemplated construction would be contrary to the provisions of the zoning ordinance. The motion was seconded by Alderman Stenberg and adopted.

Bond of Thief River Falls Times in the amount of $1,000 with National Surety Corporation as surety and given in connection with designation as the official paper of the City was presented. The Union State Bank, one of the duly designated depositories of public funds of the city, presented statement of the following securities as surety for such deposits: [illegible] Alderman Petersen moved that the bond of Thief River Falls Times be accepted and filed and that the various securities and assignments thereof as presented by Union State Bank and Northern State Bank be approved and accepted. The motion was seconded by Alderman Hulbert and adopted.

Alderman Hulbert introduced a motion that bids, duly advertised for this date, for the furnishing of uniforms for Police Department be opened and considered. The motion was seconded by Alderman Stenberg and adopted. Proposals were submitted by the following: Oen Mercantile Company, J. C. Penney Company, [illegible] Estate, Montgomery Ward & Company. After consideration of the various bids, Alderman Stenberg moved that the same be laid over for further consideration on Friday, March 13th. The motion was seconded by Alderman Baker and adopted.

On motion of Alderman Petersen, seconded by Hulbert and adopted the Clerk was instructed to cause notice to be published calling for proposals for the furnishing and installation of [illegible] linoleum floor covering, [illegible] in the office of the City Clerk, bids to be opened and considered on April 14, 1942.

The Council then proceeded to conduct a hearing, duly advertised for this date, on a petition of Tri-State Land Company for the vacation of a portion of Hughes street extending west from [illegible] Avenue in exchange for certain lands to be utilized for highway purposes across the old Mill Yard. Alderman Stenberg introduced a resolution ordering Hughes street vacated as set forth in the petition and authorizing payment to Tri State Land Company the exchange consideration in the amount of [illegible] and moved its adoption. The motion was seconded by Alderman Baker and the resolution was thereupon adopted by unanimous vote.

Alderman Petersen introduced a resolution approving for payment various bills against the city and moved its adoption. The motion was seconded by Alderman Hulbert and the resolution was by roll call vote duly adopted.

On motion duly made and carried the meeting was declared adjourned to Friday, March [illegible] at eight o'clock P. M.

EMIL GRIEBSTEIN,
President of the Council.
Attest: P. G. Pederson,
City Clerk.

Pursuant to adjournment the City Council of the City of Thief River Falls, Minnesota, met in session in the Council Chambers in the Auditorium and municipal building on March 13, 1942. The meeting was called to order at eight o'clock P. M. with all members present.

Alderman Petersen moved that proposals for the furnishing of water main fittings & aluminum paint advertised for consideration at this meeting be opened and considered. The motion was seconded by Alderman Stenberg and adopted. Bids on water mains and fittings were presented by James B. Clow & Sons, American Cast Iron Pipe Company and U. S. Pipe & Foundry Co. Alderman Baker introduced a resolution accepting the bid of James B. Clow & Sons, [illegible] total bid $979.08, and moved its adoption. We Have This Problem, Too

THE COST of providing telephone service is affected in general by the same factors that cause prices to rise in other lines of business. In common with other business, our wage, tax and material costs are steadily increasing.

Higher costs have made it necessary for most businesses to adjust the selling prices of their products or services. In some lines there have been several price increases.

In our business steadily increasing expenses resulting from rising costs can not be offset by revenues derived from the present relatively low level of telephone rates.

SUGAR RATION REGISTRATION IS SET MAY 4-7

Sales to be Halted for Week Preceding Holding of Registration

AMOUNT OF WEEKLY RATION UNDECIDED

One Member of Family Will be Allowed to Register for Household

All sugar sales in the United States will be halted at midnight April 27 for approximately one week, government officials announced Saturday after they had set six days in April and May for the nationwide sugar rationing registration.

John E. Hamm, acting chief of the office of price administration, reported sugar would be off the market on April 28 and would not be available to buyers again until about May 5.

Hamm explained the ban was ordered as a step preparatory to sales under rationing, which will go into effect as soon as the moratorium on sales ends.

Earlier Saturday dates were fixed for the national registration—biggest in the history of the United States and involving every man, woman and child in the country.

Frank Bane, field chief of the OPA, announced individual or family consumers would register May 4, 5, 6 and 7 at public elementary schools, and that wholesalers, retailers, bakers, confectioners and other industrial users would register April 28 and 29 at high schools.

Bane and Hamm announced the details of the registration at a meeting of 48 state and 10 regional rationing representatives.

The periods for recording the data concerning 131,000,000 Americans were scheduled at a conference of rationing administrators from the 48 states.

Bane reported that it had not been determined finally whether the weekly individual ration would be a half pound or three-quarters of a pound.

Officials stated it would be the first general registration of American citizens of all ages and the largest task of its kind ever undertaken, although the census covered as much ground on a "head count" system. It can be used as the basis for rationing of all kinds.

Spokesmen said the registration would follow this pattern:

Individual consumers will go to designated public schools in their neighborhoods at hours to be fixed locally on any of the May dates.

Teachers—probably 1,250,000 to 1,500,000 of them—will serve as registrants.

One member of a family can register the entire household. He or she will fill out and sign an application giving the name, age and address of each applicant, and the amount of sugar on hand. Each person will receive a war ration book.

It will contain 28 stamps. Each stamp represents a two-week sugar allotment. That is, each will permit the holder to buy a pound or pound and a half of sugar during the period but the exact amount has not yet been determined.

If the stamp is not used in the buying period, it will not be good thereafter.

The registrar will tear out of the book a sufficient number of stamps to cover the amount of sugar in excess of two pounds per person on hand at the time of registration.

Consumers will give stamps to store keepers when purchases are made and the storekeepers will use the accumulated stamps, in turn, when they buy fresh supplies.

It was estimated registration would require five minutes for each person registered.

Industrial users will use certificates instead of stamps. The exact formula of their allotments has not yet been fixed.

Bane estimated 5,600,000 tons of sugar will be available for rationing. This compares with 7,900,000 tons used for industries and individuals last year.

JUNIOR CHAMBER TO JOIN UP WITH NATIONAL GROUP

Takes Action to Seek Affiliation at Meeting Held Thursday Night

The Junior Chamber of Commerce at a meeting last Thursday evening in the Palm Garden Cafe voted to make application for affiliation with the United States Junior Chamber of Commerce, members expressing the view that the local group would be strengthened as a result of the action.

Ralph Luhman, president, supplied a detailed report on a meeting last week of the directors of the state junior chamber in Minneapolis, which he attended. Brief talks dealing with the effects of the war on local business and professional workers were also given by Dr. J. G. Hillard and Howard Myrom.

President Luhman was authorized to appoint committees to work actively in cooperation with the county rationing and salvage boards, and with any similar bodies that may be established later on.

MAYOR KINGHORN TALKS ON DEFENSE PLANT TO C. AND C.

Reports on Recent Parley with Man from Federal Agency

Following a conference with a representative of the federal government regarding the possibility of securing the establishment in this city of a small defense plant, Mayor H. W. Kinghorn discussed the matter at last Thursday's luncheon meeting of the Civic and Commerce association.

Mayor Kinghorn stated that an important factor in getting such a plant is an adequate supply of electric power, and that Thief River Falls is fairly well situated in that respect. The association's industrial committee was instructed to cooperate in every way possible.

Announcement was made that the next evening meeting has been set for Thursday night, April 9, and that the speaker of the evening will be D. C. Dvoracek, economist with the University extension service, who will discuss the financial outlook for coming months. Members of the county board and city council are to be invited guests at the meeting.

MEN AGED 45-64 WILL REGISTER MONDAY APR. 27

Will be Listed for Possible Non-Combatant Service in Future

TO DETERMINE SUPPLY OF MANPOWER IN U. S.

None of Group Will be Taken into the U. S. Armed Forces

The government Thursday ordered the oldest group of men under the selective service law—45 to 64 inclusive—to register on Monday, April 27, for possible non-combatant service in the future.

The new registration date proclaimed by President Roosevelt will leave only one group not yet recorded, those of 18 and 19 years. Estimates of the total registration for the 45-64 age group range around 15,000,000.

While none of these comparative oldsters will be taken into the fighting forces, there is the possibility that some or many of them will be assigned eventually to essential war work. Brigadier General Lewis B. Hershey has said that one purpose of the draft law was an "accurate and systematic appraisal" of the supply of man power.

Testifying before a house committee last month, Hershey asserted that "we must have much more control over placements of men than we now have to meet the war manpower problem." It was noted, however, that there is no existing law to compel a work-or-fight policy.

The April 27 registration will be the second since the United States entered the war. The first registered the 20 to 44 group on February 16, and the lottery for that group held last Tuesday. Estimates before the February 16, registration were that about 9,000,000 were in that age bracket.

The first draft registration since the World war was held on October 16, 1940 when about 17,000,000 men from 21 to 35, inclusive, registered. The second registration, of those who had become 21 since the first draft, was held last July and totaled about 750,000.

Like the previous drafts, Thursday's order applied to "male citizens of the United States and other male persons" and is effective in the United States, the territories of Alaska and Hawaii and in Puerto Rico. Exceptions are made for those already in the armed forces and provisions made in certain cases for registration before or after the April 27 date.

Ida Grandstrand-William Rupprecht Married at Stephen Last Monday

Miss Ida L. Grandstrand, daughter of Mr. and Mrs. Arthur Grandstrand of Stephen, became the bride of William E. Rupprecht, son of Mrs. Christ Nelson of Thief River Falls, on Monday, March 23 at high noon at the Lutheran parsonage in Stephen, Rev. I. M. Larson performing the ceremony.

The bride was attended by Miss Phyllis Prestby of this city, while Raymond Rupprecht attended his brother as best man. The bride wore a navy blue suit of crepe romaine with navy and white accessories. Her only jewelry was a triple strand pearl necklace, a gift of the bridegroom. Her corsage was of pink roses and sweetpeas. Miss Prestby was dressed in a dusty rose afternoon frock and wore a shoulder corsage of tearoses.

Following the ceremony the bridal party and a number of relatives enjoyed a wedding dinner at the home of the bride's parents northeast of Stephen. The dining room was decorated with streamers of blue and white and a large wedding cake formed the center piece for the bridal table. The couple left Tuesday morning for a brief wedding trip.

Out of town guests at the reception were Mr. and Mrs. Alvin Grandstrand of Viking, and the following from Thief River Falls: Mrs. Christ Nelson, Mr. and Mrs. Kenneth Russell, Mr. and Mrs. George Poppenhagen, Mr. and Mrs. Otto Rupprecht.

The bride is a graduate of the Stephen High School, class of 1939, and the Warren Teachers' Training Dept. For the past two years she has been employed as a teacher in the Steiner school near this city. Her husband is employed by the Yellow Truck and Coach Co. in Pontiac, Mich. Cards were the diversion. Musical selections were played by Selmer and Palmer Ramsey and Sven Sjulestad. At 11 o'clock luncheon was served by the hostesses, the Mesdames S. Sjulestad, G. Sjulestad, and M. Miller. Present were the honored guest, Mr. and Mrs. Johnnie Enkelbes Jr., Mr. and Mrs. Albert Kotaba, Mr. and Mrs. Emo Olson and family, Mr. and Mrs. Selmer Ramsey, Mr. and Mrs. John Enkelbes Sr., Mr. and Mrs. Arnold Hovet and Bernard, Mr. and Mrs. Norris Trontvet, Mr. and Mrs. Bennett Johnsrud, Ole Dahl, Palmer Ramsey, Robert Enkelbes, Gilbert Trontvet, Even Sjulestad and Edwin, Miss Martha Sheys, Mr. and Mrs. Gerald Sjulestad, Sonny and Yvonne, Mr. and Mrs. Morris Miller and family, and Mr. and Mrs. Sven Sjulestad.

Birthday Party Wednesday Honoring Raymond Hogenson

Mr. and Mrs. Ernest Hogenson entertained on Wednesday of last week at a birthday party in honor of their son, Raymond, who was four years old that day. Games were played after which a 4:30 luncheon was served. A green and white birthday cake topped with four lighted candles centered the table. Raymond received many gifts from the following invited guests who were present: Marion Hogenson, Jean Peterson, Richard Alby, Mr. and Mrs. Ed Hogenson and Melvin, Mrs. Irwin Alby, and Mrs. J. Robert Peterson.

In the evening Mrs. Martha Gesle and Henry Mehrkens and son Marvin were guests at the Hogenson home.

Surprise Party Honors Mrs. Hannah Egenes on Birthday

A surprise party was given at the home of Mrs. Hannah Egenes on Sunday afternoon in honor of her birthday anniversary. Luncheon was brought and served by the guests and Mrs. Egenes was presented with a purse of money from the following who were present: the Mesdames A. C. Jahr, Sigurd Myrom, Henry Hoard, Ed Ness, Oscar Stadum, and Martin Alby and family.

Women's Club Notes

The Penates group will meet on Tuesday evening, March 31 at 8 o'clock at the home of Mrs. Oscar Paulson. Mrs. W. M. Mann and Mrs. George Paulson will give the program on "A Victory Garden".

Mrs. Inga Romness of this city has received an announcement of the arrival of a baby girl March 18 at the home of Mr. and Mrs. D. W. Daniels of Minneapolis, nee Ruth Romness.

Farewell Gathering for Mr. and Mrs. Sewell Gross

The bridge club of which Mrs. Sewell Gross is a member honored her at a surprise handkerchief shower following their regular meeting at the home of Mrs. Lincoln Arnold on Wednesday afternoon of last week. The honored guests received a corsage from the hostess and several lovely handkerchiefs from the following members who were present: Miss Esther Bennes and the Mesdames Paul Couvrette, Karl Kollitz, Roy Oen, Lloyd Bennes, Warren Ferber, and Carl Hanson. Miss Elva Dixon and Mrs. H. A. Baumann, although not members of the club, were also present. Spring decorations prevailed and a 3:30 luncheon was served at the card tables. Score honors were won by Miss Esther Bennes and Mrs. Gross.

On Thursday evening Mrs. Gross was the honored guest at the regular meeting of her sewing club which was held at the home of Mrs. Karl Kollitz. She was presented with a parting gift and a corsage. One table of bridge was in play while the rest of the guests spent the time sewing. At 10:30 luncheon was served by the hostess. Special guests of the evening were the Mmes. Ole Ekeren and Lincoln Arnold, while members present included the honored guest and the Mesdames H. R. Colvin, Frank Clinton, J. C. Hillard, Miss Eva Roburge and the hostess, Mrs. Kollitz.

Mr. and Mrs. Gross were entertained by a large group of their friends at a party Friday evening in the Pine Cave of the Palm Garden Cafe. The time was spent dancing and a midnight lunch was served. The honored guests were presented with individual gifts from the thirty-four guests who were there, the presentation being made by Lincoln Arnold.

Mr. Gross left Saturday to assume his new position at Middletown, Ohio, where he is affiliated with the allied products division of the Armco International Corp. Mrs. Gross, accompanied by Mrs. Karl Kollitz, will leave next Tuesday morning for the Twin Cities, after which she will go on to Middletown to join her husband. Mr. and Mrs. Gross have made their home here for the past four years.

Bridge Club Honors Mrs. W. J. Pluth and Mrs. S. Idso

Mrs. Johnny Johnson and Mrs. Harry Wisdom entertained the following members of their bridge club at the home of the latter on Tuesday afternoon: the Mmes. Sherman Idso, W. J. Pluth, Wallace Oltman, Roger Peterson, Dud Kolbo, and Bert Emanuel. Although not members of the club, the Mmes. Emil Jerhoff, Art Christianson, Gordon Ballingrud, Louis Hodgson and Rudy Larson, were also present. Following the 2:30 dessert luncheon, bridge was played at three tables, score honors going to Mrs. Emanuel and Mrs. Jerhoff. Mrs. Pluth, who left today for Bemidji where she will make her home, was presented with a parting gift from the club members; and Mrs. Idso was given several lovely miscellaneous shower gifts from the entire group. A pink and blue color scheme was used throughout.

Evelyn Elkins Weds at Newfolden Saturday

Miss Evelyn Elkins of Thief River Falls, daughter of Mrs. Art Leiseth of Fargo, N. D., and John Luoto, son of Mr. and Mrs. John Luoto of Middle River, were married at the home of the bride's uncle and aunt, Mr. and Mrs. Louis Roseland of Newfolden, at a single ring ceremony at 4 o'clock on Saturday, March 21, Rev. H. O. Peterson of Viking officiating.

Miss Corrine Luoto of Middle River, sister of the bridegroom, and Carl Roseland of Newfolden, brother of the bride, attended the couple. Rev. Peterson sang one song.

A powder blue silk ensemble with beige accessories was worn by the bride. Her shoulder corsage was of red roses, lilies of the valley, and baby orchids. Her bridesmaid wore an afternoon dress of rose silk with accessories in beige and a corsage of yellow roses and lilies of the valley.

Following the ceremony a 5 o'clock supper was served to 20 guests at the Roseland home. Centering the serving table was a large wedding cake topped with the customary bride and groom in miniature. On Sunday a noon dinner was served in honor of the couple at the bridegroom's parental home. About 20 guests were invited.

The couple then left on a wedding trip to Fargo, N. D., and Moorhead. The bride, who attended the Newfolden high school, has been employed at the St. Luke's Hospital as second cook since last June. Her husband attended the Middle River and Shakopee schools and is now employed by the Halme trucking company at Middle River. The couple will make their home at Newfolden.

Farewell Party Monday Eve Honoring Mrs. Wm. Ristau

Mrs. Max Jenson and Mrs. O. H. Bessler were joint hostesses Monday evening at the home of the latter at a farewell party for Mrs. William Ristau, who will leave next week for Valparaiso, Indiana to make her home with her husband who has been employed in defense work there since last December. Bingo, for which several prizes were awarded, was the diversion of the evening. At 10 o'clock a tray luncheon, featuring an Easter theme, was served, after which the honored guest was presented with a piece of luggage from the hostesses and the following invited guests who were present: the Mesdames Selma Flattum, Rudy Leverson, A. Aasen, Ole Vatsaas, Rose Votava, June Nelson, Frieda Hostvet, Henry Ristau, L. W. Perkins, Russell McDowell, Carl Bessler, and Kenneth Maldement, and the Misses Delores Votava, Kauren Langseth, Dorothy Perkins, Ardith Perkins, and Elaine Bessler.

Trinity Ladies Aid to Meet Wednesday, April 1

The Trinity Ladies Aid will hold their regular meeting at the church parlors on Wednesday, April 1, instead of Thursday, April 2, and will be entertained by Circle No. 4, Mrs. Anton Carlson, chairman. Circle No. 7 will have a food and variety booth in connection with the aid. The public is invited to attend.

Ida Flogstad-Carl B. Froland Wed March 9

Miss Ida C. Flogstad of Toronto, S. D. and Carl B. Froland of Minneota were united in marriage at Hendricks on Monday, March 9 before the Rev. M. A. Erickson. The ceremony, which took place at the Lutheran parsonage at 2 p. m. with Miss Ida Afickson and Oscar Flogstad, brother of the bride, as witnesses. A light blue street length dress with beige and white accessories was worn by the bride. Mr. Froland is well-known in the Erie community where he farmed until 1937. The couple will make their home on a farm, southwest of Toronto, S. D.

Auxiliary Notes

In October, 1931, Mrs. James Steen, who was then president of the American Legion Auxiliary, asked Mrs. O. G. Lynde to join and to start a Girl Scout troop. Assisting Mrs. Lynde were Mrs. T. P. Anderson, Mrs. A. C. Matheson and Mrs. F. C. Meyer. Chairman of the first troop committee was Mrs. Floyd Patton. Meetings were held in the old Legion Hall under the Union State Bank, and the first meeting was attended by ninety-seven girls.

Some of the first local Girl Scouts were Edna Gilchrist, Helen Berg, Marjorie Matheson, Harriet Jung, Dorothy Blanchard, Margaret Munt, Dorothy Noper, Ardith Gulseth, Nona Nelson, Ruby Risberg, Frances Stenberg, and Lorraine Boken. The first scout camping trip was at Maple Lake in 1932 and the girls were accompanied by the Mmes. A. C. Matheson, Leonard Hanson, and O. G. Lynde. A Camp Fire arts and crafts instructor from Crookston was present to teach the girls new things in handicraft. There was also a Camp Fire swimming instructor. Those who could not swim learned how, and others passed the life saving tests.

Mrs. Leonard Hanson and Mrs. E. M. Leverson started the Brownie Pack in 1931. Sally Hanson and Joan Lynde, as Brownies, were mascots at the first scout camp. For seven years all of the Girl Scout troops and Brownie packs were sponsored by the American Legion Auxiliary and had their meetings in the Legion Rooms.

Luther League Sunday

Mr. and Mrs. Oden Hanson and Mervin Grinde will serve for Luther League Sunday after services.

GIRL SCOUT NOTES

Girl Scout Troop No. 9, which met at the home of Mrs. Roger Peterson, will meet hereafter on Mondays after school in the Knox school. Mrs. Palmer is the leader. Report by scribe, Ruthie Jacobson.

The Girl Scouts will begin delivering the scout cookies on Saturday morning.

In his 1942 birthday message to the Girl Scouts, President Roosevelt said, "As we are marshalling our forces for defense on the home front, we know that many Girl Scouts and former Girl Scouts are prepared, through their scouting experience, to render valuable service to their communities and to their fellow-citizens. I know each will find her job and do it." Right, Mr. President. Here in Thief River Falls the Girls Scouts have already proved the truth of your words. Back in 1941 they set up a service bureau. Since it was founded, these are some of our local service projects: Red Cross bandage work, Red Cross knitting, picking up books for soldiers, and preparing for future service.

W. B. A. Meets Tuesday

Mrs. Christ Storholm will entertain the W. B. A. at her home at 724 N. LaBree Ave. on Tuesday afternoon, April 7, at 2:30 o'clock.

Friendship Club Meets

The Friendship Club met at the home of Mrs. James Johnson last Friday afternoon, the following being present besides the hostess: the Mesdames Oscar Baker, Henry Roe, Gust Haugen, L. Hetland, Julius Stromboe, and Omer Williams. Luncheon was served late in the afternoon and a social time was enjoyed.

COUNTY SOLDIER SENDS WORD FROM CALIFORNIA CAMP

Private Arnold Bakken Asks People at Home to Back Armed Forces

A high state of morale on the part of one Pennington county young man now in the army is revealed in a letter received late last week by Lewis A. Nelson from Private Arnold Bakken, who has been stationed at Camp Roberts, California, since January 11, and is now ending his training period.

"No nation", he writes, "can conquer this great America of ours as long as you folks at home on farms and in factories can work against time and keep us soldiers supplied. Whatever the price, we will be rewarded greatly when the war is over.

"Still, a great part of our people are seen doing things not pertaining to our defense. Many places you would never know a war is going on. Yes, there still are a great many people who have not come to their senses."

Assessors of County to Convene Tuesday, Apr. 14

G. Howard Spaeth, state commissioner of taxation, late last week notified County Auditor A. M. Senstad that the annual meeting of Pennington county assessors will be held at the court house Tuesday, April 14, starting at 9:30 in the morning. A representative of the commissioner will be present to discuss the laws governing the assessment of real estate and personal property.

Hospital Service Group Is Again Given Approval

For the fifth successive year, the Minnesota Hospital Service Association has been awarded a formal approval certificate by the American Hospital association. The certificate is issued only to non-profit hospital service plans which maintain the high standards of community sponsorship, economic soundness, enrollment growth, professional cooperation, and administrative efficiency set up by the American Hospital association. The Minnesota Hospital Service Association is one of 71 non-profit group hospitalization plans in the United States to receive approval by the American Hospital association this year.

T. R. Falls Soldier Praises the Red Cross

Herman A. Kjos, chairman of the Pennington county chapter, American Red Cross, today quoted a paragraph of a letter written by Byron W. Hess, somewhere in Alaska with the American forces, to his family in this city. "The Red Cross has done much to help us soldiers at the outposts. Recently we received a shipment of recreational equipment. Although the stuff was equally divided around the post, our company now has two very fine new pool tables, a radio and phonograph turntable, and a number of sturdy card tables (one of which I am typing on now). This is evidence enough that the Red Cross is in action once again. And boy, we soldiers appreciate the good old American organization. Support it in every way you can."

Defense Council Says Hoarding Is 'Chiseling'

Hoarding under present circumstances amounts merely to "chiseling" on your neighbors, Professor Warren Waite, chairman of the consumers' buying problems committee of the Minnesota defense council, pointed out this week.

"This is a time for consumers to be fair with one another," he said. "There is enough goods of nearly every kind to go around for a long time if we buy wisely and in accordance with our needs. When hoarding of any commodity begins, shortages are apt to develop. The hoarder, in effect, steals from his neighbor an opportunity to buy goods. Let us be honest with each other and buy according to our current needs and not chisel on our neighbors."

ADDITIONAL LOCALS

The Pennington County Farm Bureau has purchased a $100 defense bond.

Mr. and Mrs. H. M. Hanson of Warren spent Sunday and Monday at the home of Mrs. A. C. Matheson.

Mrs. Robert Bredeson and Mrs. Jack Kruse left Friday night to join their husbands who are in the army. The former will make her home at Camp Barkley near Abilene, Texas, while Mrs. Kruse went to Fort Sill, Oklahoma.

Miss Marion Oden, daughter of Mr. and Mrs. A. J. Oden, was recently elected to the Pi Epsilon Delta national honorary drama fraternity. She was one of three chosen from St. Olaf College, thirty-three universities and colleges being represented in the fraternity. Members are elected for grades and drama activities.

Save Auto Anti-Freeze, Government Advises

Here's an item you can hoard—and that's on Uncle Sam's advice. It's the anti-freeze mixture in your car radiator. It's a valuable item that you should hoard and really be miserly about.

The reason is this: The base of four-fifths of anti-freeze solutions is alcohol, which is essential to the manufacture of smokeless powder. A single shot from a 16-inch gun uses as much alcohol as two dozen cars in a whole winter. And next fall, when this northwest climate calls for another dose of anti-freeze, there might not be any available.

The government suggests that you store it in a well-stoppered container—glass, if possible—and clearly labeled. If a metal container is used, keep it in a dry place, such as on a shelf and not on a concrete floor or other damp place.

Eighteen-Dollar Wage Weekly Enough, Say Girls

Eighteen dollars a week is a quite adequate salary for working girls, according to the women themselves.

Interviews with 5,000 working girls in the lower wage brackets, earning an average of $18.21 a week, has just been completed by the Bureau of Business Research at the University of Southern California and reveals this to be a majority opinion.

About 58 per cent said they were making enough to maintain a decent standard of living. And of those who said they needed more money, 92 per cent were making in excess of the average wage.

Most of the women said they were well clothed, with 9 per cent claiming they were always in need of clothes.

"The higher wage group complained more about the need for clothes than the minimum wage earners," pointed out Dr. Thurston H. Ross, director of the bureau. "That is, those who spent most money for clothes seemed to be in greatest need for them at all times, while those who spent least had no complaints to make with respect to the quality and quantity of their clothes."

The purpose of the survey, Dr. Ross stated, was to find out what these women spend money for and how much they spend on the various items.

A typical yearly expenditure record for other items disclosed that street dresses ($23.75), transportation ($46.12), amusements ($20.45), and stockings ($19.72) made the most sizeable bite into the remainder.

ELSTAD REPORTS ON PARTICIPATION IN WINTER SPORTS

Recreation Department Now Making Plans for Summer Activities

During the months of December, January and February a total of 22,053 adults and children took part in the winter activities of the local recreation program, according to figures released by Ferd B. Elstad, program supervisor. Of this total 9,117 were boys, 7,295 were girls, 2,073 men, and 2,568 women. Registered as spectators during the same period were 8,250 persons.

The winter program was supervised by nine recreation leaders furnished by the Works Projects Administration. The following activities were available during the winter season: Ice skating, midget hockey, woodcraft, puppetry and shows, girls' club, game room activities, table tennis, social parties, tobogganing, children's library, broomball, basketball league, adult men's recreation and social recreation activities.

Plans for the spring program are about complete and will be ready when the weather permits out-door activity. The program for the coming season will feature several new activities, along with greater emphasis on some of the hold-overs. Nature hikes, playground crafts, model airplane clubs, a camera club, a bicycle club and rifle club for boys will be promoted. Baseball, softball, roller skating, swimming, archery and all other regular activities will be available.

Many boys and girls are working now in the arena craft shop getting kites and birdhouses ready for the contests coming soon. Others interested are invited to participate. Archery equipment is being made by a great number of participants in anticipation of a big bow-and-arrow season.

St. Hilaire Young People to Present Lenten Drama Sunday Evening, Mar. 29

"For He Had Great Possessions", religious one-act play in five scenes, will be presented Sunday evening in the St. Hilaire high school auditorium at 8:15. Under the direction of Manville Gunderson, the play is being given under the auspices of the Young People's Luther League of the St. Hilaire Norwegian Lutheran Church. The public is cordially invited. Members of the cast include the Misses Irene Vohden, Gail Haugland, Wanda Jacobson, Mae Lundberg, and Arlene Gunderson and the Messrs. William Holmes, Robert Junda, Harold Kolstad, Manville Gunderson, director, and Alvin O. Skibstad. Special music during the play will include several vocal solos by Mrs. O. C. Granum. A free-will offering will be taken following the play. Refreshments will be served.

Top Grade Sole Leather Reserved by U. S. Army

The walking portion of America—and who won't be in it?—is going to do its hiking on second grade soles shortly. The War Production Board has ordered 80 per cent of the top grade sole leather reserved for military shoes, but is leaving all of the second grade leather for civilian use. The order reserves 3,840,000 pairs of shoe soles a month for the fighting forces. And that isn't all. These serviceable-looking brogues with double soles fancied so much by the he-men also are cut. The WPB feels that putting on an extra sole or adding a half double sole to create the thick edge appearance "seems an excessive use of sole leather in times like these."

First Aid Training for Defense Groups Planned

Plans for a first aid training program which ultimately will include all civilian defense groups were outlined in a new order issued this past week by the state office of civilian defense.

Explaining the order, C. A. Zweiner, chief of staff, said that the objective is to teach first aid to all engaged in civilian defense work such as air raid wardens, victory aides, volunteer policemen and volunteer firemen. First attention, however, will be given to those enrolled as air raid wardens, emergency policemen and firemen.

The 20-hour Red Cross training course will be utilized, and Red Cross instructors will direct the training in cooperation with the local defense chairmen. Some communities already have the work under way, Zweiner reported and others will follow shortly.

269 Drivers Licenses Are Forfeited in State in Month of February

During the 28 days of the short month of February, an average of 17 Minnesota motorists each day suffered loss of the right to drive because of offenses against the state's traffic safety law. Both revocations and suspensions, both of which are based upon court convictions were more numerous than in any other February since the enactment of the Drivers License law in 1934.

An average of 8 licenses per day were revoked and 9 suspended, it was disclosed in a report of the drivers' license division of the state highway department to the "Save 100 Lives" Committee of the Minnesota Editorial Association. The principal causes for these revocations and suspensions averaged: driving while drunk and inebriacy, 7 per day; speeding, 3.4 per day; reckless driving and other hazardous moving violations, 2 per day.

A total of 218 drivers' licenses were revoked outright during February as compared to 102 for the same month of 1941. One hundred eighty-three of them were for driving while drunk, 10 for habitual inebriacy, and 10 for "repeater" offenses of speeding.

Drivers license suspensions, ranging from 30-day to 365-day periods, totalled 269 as compared to 238 for the same month of 1941. Of these, 95 drivers forfeited their driving rights for repetition of speed law violations, 44 for reckless driving, 4 for running through stop signs and signals, 12 for refusing to take driving tests, and 54 for refusal or inability to provide a doctor's certification of adequate vision.

HAY— NOT CANDLES—BURN AT BIRTHDAY PARTY

Coleraine.—Little cousins and friends of Boyd Mangseth, 4-year-old son of Mr. and Mrs. Otto Mangseth gathered at his home to help him celebrate his fourth birthday recently. The celebration got under way in a truly large way in the late afternoon when the children were sent out to play in the yard. A cautious mother looking out the window to observe her child's welfare discovered a haystack blazing merrily on. The efforts of four men on the farm could not extinguish the blaze and finally the town fire department was summoned and found it necessary to watch it until midnight.

WHOSE MONEY IS IT?

President Roosevelt this week denounced as Sixth columnists those who do not see eye to eye with him on all questions of national policy. In the heat of our first reaction to being thus classified as a public enemy and a friend of Hitler's, we turned out a paragraph of comment that melted the rubber roller on our writing machine. Later in the day, however, we concluded that if this country of ours is to be worth saving somebody will have to start exercising a little restraint, and so we decided to be forgiving.

The President has worked too hard lately. We become irritable when we are overworked too, and when we are irritated we sometimes say foolish things. We are sure Mr. Roosevelt would not have said what he said if he had stopped to think. It probably was just another slip of the tongue by a man who never has experienced the spiritual uplift that comes with admission of error.

So skip it Franklin, we ain't sore at you. In some ways you are doing a swell job. But when we think your ideas are cock-eyed we are going to keep on telling you so. And just between the four of us Franklin, your one big fault is that you don't know the value of a dollar. As a matter of fact we don't either but when we spend money foolishly it is our own money that we squander. The money you are wasting is not yours. You are drawing checks on our bank account, not yours. That's what gripes us about your generosity.

TREAT ALL GROUPS ALIKE

As Sixth Columnists we should feel good about the profiteering in war contracts that is being exposed by the Naval Affairs committee. It doesn't give us pleasure however to learn that Jack & Heintz Inc. of Bedford, Ohio, has been distributing hundreds of thousands of dollars to favored employees as a means of evading income taxes on profits derived from the manufacture of airplane parts. A lady secretary for one of the bosses, probably a very lovely lady secretary, was given more than $95,000 in wages and bonuses, and the management attempts to justify the lavish gifts as being conducive to a much needed speed-up of production.

The Jack & Heintz case is probably an extreme example of profiteering in war contracts. Not all war contractors are corrupt and many of them, no doubt, are putting forth their best efforts to serve the government efficiently and economically. But this one case serves to prove the need for limits not only on war profits but also limits on prices war contractors should pay for both services and supplies.

Not all business men are corrupt nor are all laborers corrupt but in the ranks of both business and labor there is corruption and barriers should be set up to protect the taxpayers who, voluntarily and involuntarily, are paying the bill.

We are told that time and a half and double time are necessary in order that labor will be enthusiastic in its work. It strikes us that under the circumstances labor in the war industries should be satisfied with a fair hourly wage and willing to work as many hours as necessary without a bonus to make them enthusiastic. And business organizations that handle war contracts should be satisfied with a reasonable profit and willing to work extra hard to earn it. The groups that should be considered when the enthusiasm pills are being passed around are the men in camp who are working up to 24 hours a day for $21 a month, and the millions of workers in the country who still are doing normal jobs at normal pay and who are asked to buy defense stamps and bonds.

Limit war profits, limit war wages and limit the war prices of food. Treat all groups alike and no one group will have reason to complain.

Weather forecasters were insistent this week that a storm was on the way but after a couple of days they gave up hope and admitted they had guessed wrong. Which proves again that weather forecasting is an uncertain science. At any rate we will blame the science for these errors rather than the scientists. Progress has been made in the business of weather predictions but there still remain vast frontiers that must be explored before we can accept with complete confidence the forecasts of the weather observers.

A friend of ours told us that when he drove up to a town meeting recently he counted seventeen cars parked around the hall and concluded that a large number of his neighbors were already assembled. Inside the hall however there were only seventeen people. There may be a tire shortage but we are not yet suffering. The suffering will come later when our tires start breaking down with the infirmities of old age.

Topics of the Times
By N. A. R.

Maybe it was a typographical error and maybe it was a reflection of this period of stress. Anyway, the Star-Journal last week referred to it as the Unified States.

Fortunately, a man doesn't require a union card to get into Uncle Sam's army.

Folks evidently aren't superstitious down in Red Lake county. Thirteen selective service men left to join the army on Friday the 13th.

How are you betting on the date the ice will go out of the river pool? We'll say April 10.

Hitler announces he is putting the conduct of the war back in the hands of his generals— meaning, presumably, those generals who didn't die of heart attacks during the winter.

A former tightrope walker, hailing from Breckenridge, is figuring on running for Congress from the Ninth district. He ought to be able to stay on the fence.

Sign of the times— A Fargo service station is advertising for a woman attendant.

The trouble with distant relatives, we gather from a commentator, is that they don't keep their distance.

For the first time in six years, Thief River Falls basketball fans last week were able to sit back and take merely an academic interest in the outcome of the Region 8 tourney.

Judging by the character of the mail reported arriving in Washington these days, it looks like tough sledding for congressmen who plan to seek reelection.

If you want to know where some of your income tax money goes, consider the fact that the average wage of skilled and unskilled workers at the New Brighton defense plant near Minneapolis is $75.07 a week.

How about displaying the American flag when coming contigents of men leave the city to join the army?

There are, we read, 16 times as many sheep as there are people in Australia. But just the same those Australians aren't acting like sheep.

Washington announces there won't be any metal available for automobile license tags in 1943. Oh, well, most of the cars will be forced off the highways by that time, anyway.

That song, "Deep in the Heart of Texas," reached the peak of its popularity along about March 15.

Looking Backward

TEN YEARS AGO

Salaries of teachers in the local schools were reduced an average of $5 a month.—C. E. Weeding, manager of the local Montgomery Ward store, has been appointed manager of the company's store in Minot, N. D.—Herman A. Kjos was named chairman of the Pennington county Farmer-Labor organization, Paul A. Harris being elected vice chairman and H. O. Berve secretary. —C. G. Matson was elected senior councilor of the United Commercial Travelers.—Mr. and Mrs. August Krause of this city observed their golden wedding anniversary.

TWENTY YEARS AGO

Elmer J. Eklund post of the American Legion has secured quarters in the basement of the First and Peoples State bank. —Local farmers have contracted for virtually all of the 200 acres of sugar beets allotted to Pennington county.—T. S. Brokke became assistant postmaster here, succeeding F. A. Golder, who moved with his family to Rice Lake, Wisconsin.—Mr. and Mrs. Rasmus Oen were honored Sunday by 100 friends who surprised them at their home, Rev. T. E. Sweger of Trinity church presenting them with a gift in behalf of the assemblage. —Mrs. T. A. Way left to join her husband at Des Moines, Iowa, where they will establish their home.

Face the Music

There are three theories as to how the expression "face the music" originated. One is that it is of theatrical origin, first being used by actors who were nervously preparing to go before the footlights and literally face the music (the orchestra or the pianist). Second, it is traced to the military formation. The soldier, in full equipment, stands at attention and faces the music, and third, at a military execution the condemned one is made to stand facing both the firing squad and the "music," i.e., the bugler or the drum and bugle corps.

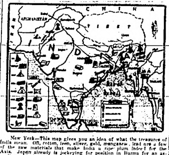
Prize for the Greedy Axis



New York—This map gives you an idea of what the treasures of India mean. Oil, cotton, iron, silver, gold, manganese, lead are a few of the raw materials that make India a ripe plum indeed for the Axis. Japan already is jockeying for position in Burma for an assault on this fabulous land, while India awaits the offer Great Britain is to make through Sir Stafford Cripps that may give India incentive to fight the invader.

Growing With Your Child
Institute of Child Welfare, University of Minnesota

Two Kinds of Quarreling

"Oh, children, stop your bickering! Please! You're driving me wild! Why can't you play peaceably?"

Jackie and Molly lowered their voices in response to their mother's sharp criticism, but it wasn't but a few moments until their game of parchesi was again interrupted by a squabble over whether one of them had moved fairly or not.

A disinterested outsider might have wondered why their mother didn't let them alone to settle their argument. But not another mother! Most women abhor the shrill voices and heated excitement with which children engage in combat, even though the combat doesn't extend beyond the verbal. To listen to children quarreling without trying to stop them is hard.

Now there's bound to be some quarreling between children in a family. We wouldn't give much for a child who never stood up for himself, who meekly let others override him. The aggression that children display in this way is a healthy thing, when there's not too much of it, and it's not carried too far. How are we going to decide how much quarreling is merely annoying, and when it becomes undesirable, from the point of view of the children's personality adjustment?

When there seems to be a meanness, a vindictiveness in children's quarreling, it's high time to inquire into the reasons. If one child seems to take delight in tormenting another, finding fault, complaining and making efforts to get him into trouble, there's something decidedly wrong. Perhaps the child feels that his place in his father's or mother's affection is being threatened (as when a younger child is born after a first child has long experienced the entire attention of his parents). Perhaps one child senses that the other is his superior in mental ability, or has concrete evidence that he can outdo him at sports or strenuous activities. When jealousy is at the back of quarreling, the trouble can't be expected to stop until the child feels more at ease, has a feeling that he, too, is important.

Parents can, if they try, learn to distinguish between the quarreling that is merely the natural accompaniment of learning to do things with other people, and the aggressiveness that betrays a child's inability to cope with problems in a less infantile way.

Final Decisive Battle

In the Revolutionary war, the final decisive battle in the South was at Yorktown, Va., where Cornwallis surrendered on October 19, 1781.

Sleep on Either Side

People used to think they should sleep on their right sides, to avoid the weight of internal organs pressing down on the heart, but once asleep, the person changes position many times during the night. Moreover, the heart is just about in the midline of the body; it is not distinctly on the left. No one position puts any more weight on the heart than another. Most people do have a favorite side on which to go to sleep, however. Some instances of difficulty in going to sleep are due to the fact that one is on the wrong side—the converse of getting out of bed on the wrong side in the morning.

Good Influence

Women have had a good influence on railroad travel, according to B. B. Jeffers, president of the Union Pacific. The percentage of women travelers has risen from about 53 to nearly 70 per cent and they are responsible for many of the comforts and improvements in train travel, he states.

Warming Baby's Shirts

Wash the baby's shirts carefully. Dip them several times in lukewarm water and mild suds. Rub them gently with the fingers. Rinse them thoroughly in water of the same temperature as that used for washing and lay them flat on a towel to dry. Be careful not to pull the neck out of shape.

Private Myrin, attached to the 18th technical school squadron while in the school, was graduated March 22.

Rau Presents Movies at Meeting of Rotary Club

The Rotary club at its luncheon meeting Tuesday noon in the Evelyn hotel enjoyed the presentation by A. J. Rau of two motion pictures. One, prepared by the Bell Telephone company, presented details of war industries, while the other, a federal government production, showed various means employed to safeguard military information.

Nutrition Lesson for North Twp. Women Mar. 31

For the benefit of residents of North township, Mrs. V. C. Noper and Mrs. S. F. Rust will present a lesson on nutrition in the Civic and Commerce room next Tuesday afternoon, March 31, at 1:30. The subject will be "Right foods put more life into living." The information is of special value to parents, and anyone interested is invited to be present.

Polk Co. Farmer Killed Near East Grand Forks

Jalmer Thoreen, 40 years old, a farmer of Northland township, Polk county, was killed early last Thursday morning when his truck crashed into a road bank three miles north of [illegible] Grand Forks. Mr. Thoreen was driving a small Ford truck on a road two miles east of the Northland road. He apparently failed to notice a dead end on the road, and drove the truck into the bank. The steering wheel and front and back windows were broken. Surviving are his wife and two children.

NOTICE OF CANCELLATION OF CONTRACT FOR DEED

To Ed Evenson, his personal representatives and assigns.

YOU ARE HEREBY NOTIFIED, That default has been made in the conditions of that certain contract, dated the 27th day of November, 1941, whereby the Department of Rural Credit, in the name of the State of Minnesota, as vendor, sold and agreed to convey to Ed Evenson, as vendee, that tract of land lying in the County of Pennington, State of Minnesota, described as follows, to-wit:

The Southwest Quarter (SW¼) of Section Twelve (12), Township One Hundred Fifty-three (153) North, Range Forty-one [illegible]

NOT LIKELY

It was guest night in the mess, and the Irish colonel was telling an exciting story of an encounter with a wounded elephant which charged at him and bore him to the ground.

At the critical moment an orderly entered to say the colonel was wanted on the telephone.

He was absent for some minutes, and on his return had forgotten which of his favorite stories he had been telling.

"What happened, colonel?" asked one of the guests. "You were telling us of your dangerous situation."

"Oh, I kissed her," said the colonel airily. "She simply couldn't resist me, and we dined together that evening. Her husband never knew."

DIPLOMACY

"John, if we were both young and single again would you want me to be your wife?"

"Now, my dear, what's the use trying to start a quarrel just as we have settled down to enjoy a quiet evening."

No Miracle

Anxious to impress on his class what a miracle was, the master asked one boy:

"If you saw a man fall from the top of the highest building you know, land on the pavement, get up and walk away, what would you call it?"

The boy knitted his brow in thought, but did not reply. So the master tried again:

"Suppose you saw him do the same thing half a dozen times in an hour, what would you call it?"

"Habit!" exclaimed the youngster triumphantly.

Not Used To It

Dolcini (from the city)—Say, your father's getting pretty well along in years, isn't he?

Si—Yep. Pa's past 80.

Dolcini—Health good?

Si—Well, not so good right now. For some time he's been claimin' he ain't feelin' himself.

Dolcini—What seems to be his trouble?

Si—I don't know exactly. But I think farming don't agree with him any more.

Kept Her Word

"But your wife said she'd forgive and forget."

"Yes. She's forgotten she'd forgive."

At Present Rate

"When your son has completed his studies what will he be?"

"Oh, about 78 years old, I should think."

And Wave

"The average woman does not use her head."

"Oh, yes she does. She uses it to display her hats."

Labor

There is a certain bunch of men—
Quite often have we seen 'em—
Who catch a mess of fish, and then
Hate like the duce to clean 'em.

Swim Against Current

Adult salmon on their way to the spawning grounds always swim against the current. They will dash themselves to death against dams and other obstructions to get upstream.

Reading in Bed

Reading in bed is approved by some authorities if the person is propped in a comfortable sitting position with pillows and has a shaded light which does not strike the eyes.

2 FARGO MEN WIN TOP CASH PRIZES IN TIMES TOURNEY

25 out of 103 Bowlers Share in List of Prizes Totaling $309

Kermit Ellefson, diminutive Fargo bowler, after rolling games of 137-170 on alleys 1 & 2, found alleys 3 & 4 suited to his wide-sweeping curve, and piled up scores of 206-252, to roll up an 814 total and win first place money in the second annual Times singles bowling classic, which concluded on Sunday.

Joe Wallem, also of Fargo and a team-mate of Ellefson, racked up scores of 178-175-224-234, to amass an 811 total and win the second place money. Bemidji's Mike Corrigan, bowling on the 8:45 P. M. shift Sunday, rolled games of 182-180-215-232, to account for the tournament's third 800 total, getting third place with an 809 total. A 4-6-10 split in the 10th frame of his fourth game kept Corrigan from marking up the top place score.

A total of 103 bowlers participated in the classic, and 25 keglers shared in the $309.00 prize list.

The following bowlers shared in the prize money:

Accompanied by Roy Oen, coach, a squad of ten local basketball players will journey to Minneapolis Friday to participate in the state DeMolay tournament, scheduled for Friday and Saturday. The boys recently have been practicing regularly in preparation for their annual jaunt. While in Minneapolis, they also will attend a state DeMolay conclave Saturday evening in the Scottish Rite cathedral.

T. R. Pharmacy Wins 1st Place in City Loop

The Thief River Pharmacy defeated the Schmidt's City Club in a City League bowling championship roll-off Friday night, to win first place in the league standings. The match, which was to have been a best-out-of-five series, was ended after four games, with the Pharmacy having taken the first, second, and fourth games, to close out the series.

Schmidt's pilot, Stan Cockrell proved to be the star of the match, rolling a four-game 817 total, for one of the finest individual performances of the season.

WARNS SELECTEES SEEKING FURLOUGH AFTER INDUCTION

State Director Advises Men to Contact Local Board Well in Advance

Selective service registrants subject to induction who will desire a ten-day furlough immediately after induction were warned today to contact their local board well in advance of the induction date to secure the necessary papers. The announcement was made by Col. J. E. Nelson, state director of selective service.

The issuance of furloughs is a responsibility of the army and specifically the commanding officer of the reception center. Selective service has no authority to grant furloughs, but has been asked to assist the Army in advising selectees as to the proper procedure and to have local boards submit recommendations as to whether or not, in their opinion, furloughs should be granted and for what period.

The army will in some cases grant a furlough of 10 days or less to those selectees who need the time to conclude their business, financial, or personal arrangements. It was pointed out that the selectee must show that such arrangements must be accomplished promptly, in order not to cause extreme hardship. Selectees themselves will pay travel and all other expenses of the furlough, it was stated.

To insure the consideration of his application for furlough, the registrant must get in touch with his local board as far in advance of his induction date as is possible. Certain papers must be issued by the local board, an affidavit must be obtained, and the whole file of papers turned over to the leader of the group of selectees for delivery to army authorities.

If any registrant believes and can furnish substantial evidence that he will be unable to dispose of his property within the ten days allowed for a furlough, he may make application for an advanced physical examination, which will determine his acceptability immediately and give him more time to conclude business matters. In such a case, the registrant again must contact his local board, because the local board has to issue the proper papers. If the request is granted, it was emphasized, the registrant must bear the entire expense of the trip.

Also present were members of the staff of the local telephone exchange.

Keeping Score

.... With BUCK OLSON

They're in the Semi-Finals

The Pharmacy vs. the Thief River Creamery; and the Bratrud Clinic vs. the Elks Club. That's the set-up for tonight's semi-final matches in the tournament to decide the city bowling team championship. The championship finale will be rolled tomorrow night, and it looks as if it will be the Pharmacy vs. the Clinic. Such a finals would pose quite a problem for Doc Hedemark, for he's a member of both teams. Doc will have to bowl on a double shift basis, and he'll either have to go easy on that new down-on-one-knee delivery of his, or sew a leather patch on the left knee of his trousers. Of course the simplest solution to Doc's problem would be for the Creamery to dump the Pharmacy, and the Elks to nip the Clinic.

They Deserved the Championship

There wasn't any trace of a fluke in Bagley's regional triumph at Fosston last week, for the Flyers were definitely the best team in the tourney. They controlled the play throughout their 21 to 18 win over the defending champion Bemidji Lumberjacks; and then they came through one of those unbelievable East Grand Forks fourth periods to nose out the Green Wave 30 to 28.

Coach Bob Presthus' boys aren't very impressive physically, being stringy and leggy; but they have fine speed and are better than ordinary ball-handlers. I don't think that they will be very dangerous in the state tournament, for they lack the reserves that are needed to play three hard games on the Minnesota field house floor. I'd pick the well-polished and strong-legged Moorhead Spuds to make a stronger bid for the state title than Bagley.

Judging by the comments of the fans and the experts after the regional, it would seem that the following players would be the make-up of the regional's all-star team: forwards, Cyril Chapieski, Bagley, and Tommy Corrigan, Bemidji; center, Milt Presthus, Bagley; guards, Martin Hegland, Roseau, and Ray Martin, East Grand Forks. The second five would line-up like this; forwards, Jack Vinji, Bemidji, and Berdeen Brastad, Roseau; center, Harlan Grover, Bemidji; guards, Bennett Larson, East Grand Forks, and Eugene Buckley, Bagley.

Oh yes, Bagley will lose to Hopkins tonight, 33 to 21.

Note to Ray Kiland

The last time that the Prowlers were beaten by more than two two points, in a district or regional basketball game, was back in 1936. In a second round game that year the Crookston Pirates scored a 34 to 22 win over the Prowlers.

Prowler Captains

After an absence of several years, since 1939, the Prowlers have returned to the practice of electing athletic captains. This week the Prowler football lettermen elected Pete Michalsky to captain the 1942 eleven; and the basketball lettermen chose Jack Melby as the floor leader for next season's basketball team. Don Olson and Bruce Diddick, track veterans, were named as co-captains of the 1942 Prowler track team. It's quite an honor for the boys, and it's quite a responsibility, too.

Must be Quite an Experience

Les Boyd, who monopolized most of the individual bowling honors in the city this year, bowled a four-game 845 total in a singles tournament at Grand Rapids during the week-end, and then learned that he was shoved into second place when a Hibbing bowler came up with a huge 908 total. Marking up his 845, Les had games of 200 201 242 202. It must be quite an experience to bowl an 845 total and then have to settle for second place. In fact, Les isn't sure of second, for there are several shifts that have not bowled yet.

Would Have Been Okay

It would have been okay with most of the local bowling fans if Bemidji's Mike Corrigan had taken first money in the Times singles tourney, which concluded here Sunday. Corrigan, who had arranged to come over with a group of Bemidji bowlers, was left stranded when the other bowlers didn't care to make the trip. Mike hitch-hiked to Marcoux' corner, picked up a bus there and came into town in time to bowl on the 8:45 p. m. shift Sunday. Corrigan scored 182 180 215 232, for an 809 total and won $30.00. He had first place money cinched going into the 10th frame of his final game, needing only a spare to take over the lead. Mike, instead of going into the head pin 'light', drove a split ball into the pins, and came up with a 4-6-10 leave.

Prowler Teams Elect Their 1942 Captains

Prowler football and basketball captains were elected at a meeting of the lettermen Monday afternoon. Donald "Pete" Michalsky, veteran guard, was elected captain of the 1942 football team; and Jack Melby, center, will captain the 1942-43 basketball team. The basketball lettermen also elected Lenny Lorentson and Johnny Campbell as honorary co-captains of the 1941-42 basketball team.

Rifle Clubs Will Break Four-Way Tie for League Title in Arena on Sunday

A four-way tie between Roseau Rifle Club, Forks Rifle Club and the two Thief River Rifle Club teams will be shot off on the local rifle range in the winter sports arena Sunday, March 29. At least twenty shooters will take part in these matches and many visitors from the other clubs in the league will be present to witness the hostilities. The teams shooting in the league were one from Roseau, two from Fertile, two from Lake Bronson, two from Grand Forks and two from Thief River Falls. The four teams tied up shot a total of nine matches, winning six and losing three.

New CCC Enrollment Announced This Week by State Supervisor

Youths who have not yet found a place in the armed forces, in war industries or on the farms were this week invited to join the Civilian Conservation Corps, for a season of healthful outdoor work in preparation for their future responsibilities in America's drive for victory.

C. S. Rondestvedt, supervisor of CCC selection for the state Social Welfare division, said enlistments are now open to young men from 17 to 23½ years of age, provided they are not needed in more essential occupations. Applications may be filed with county welfare boards.

The youths receive wages of $30 a month, plus board, lodging, work clothes and medical care. Of this amount, $12 is paid in cash, $8 is placed on deposit and paid to the boy when he leaves camp, and $10 is sent home to the dependents, if any. If there are no dependents, this is added to the deposit. Youths are enrolled without regard to whether their families are in need.

BAGLEY QUINTET GOES INTO STATE TOURNEY TONIGHT

Eighth Region Champions to Meet Hopkins Team in Minneapolis

The Bagley Flyers, newly-crowned eighth regional basketball champions, will make their opening bid for the state basketball title tonight at 9:00 p. m. when they meet Hopkins, the fifth region's champions, in the University of Minnesota fieldhouse.

Coach Bob Presthus' team proved to the over-flow crowd that jammed into the Fosston gymnasium last Thursday and Friday, that they are deserving of the regional title. The Flyers, a team of fine ball-handlers, upset the defending champion Bemidji Lumberjacks, 21 to 18 on Thursday night; and then repulsed a furious fourth period rally by East Grand Forks to defeat the Green Wave, 30 to 28, in the championship finals on Friday night. East Grand Forks reached the finals with a 32 to 21 conquest of Roseau.

In the consolation game Friday night, preceding the championship game, the Roseau team, with a second half rally, edged out Bemidji, 29 to 25, to win third place in the tournament.

Salvation Army People in Far East Affected by War Developments

Word has been received in Minneapolis that the spread of the war in the Far East has had its effect upon the operations of 770 Salvation Army officers at 300 centers in Borma, China, Malaya, the Netherlands East Indies and the Philippine Islands.

The only word from Luzon is that the officers there are still alive. It is assumed work has been curtailed. Nothing has been heard of the fate of eight Salvationist hospitals and seven institutions being utilized for war-welfare purposes in Java before the Japanese invasion. Neither has there been word of other institutions within the now conquered territory.

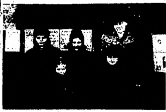
Meanwhile, a full report has been received also concerning activities of the Salvation Army following the attack on Pearl Harbor. As the Japanese planes stuck December 7, Major and Mrs. Alva M. Holbrook, directors of a U. S. O. unit at Schofield Barracks on Oahu, saw machine gun bullets turn the house across their street into a sieve.

Then Mrs. Holbrook went into the "sieve" business herself. During the next 24 hours, she made 4,000 doughnuts for evacuees lodged in Salvation Army buildings. Other forces went into action to see that people were properly housed and fed. A mobile canteen toured the circuit of gun emplacements and other guard posts.

Incas Were Surgeons

The Incas practiced skull surgery in prehistoric times. When an injury resulted in pressure on the brain, they sawed out a piece of the skull, and often these operations were successful.

Marshall Co. Rural Pupils Visit Times Office



A group of pupils from the school in District 120, Marshall county, accompanied by their teacher, Mrs. Tharaldson, visited the Times office Monday. At the rear, left to right, are Conley Tharaldson, Madeline Bendickson and Mrs. Tharaldson, while in front are Patricia Nelson and Richard Rosett.

GARDEN and TABLE

By ERNEST A. PALMER
County Agricultural Agent

Pennington County 4-H Club members are taking the 4-H garden project seriously this year as enrollment cards already show 56 garden club members compared to 36 a year ago. As the enrollments are only about two-thirds completed every indication is that the garden club members in 4-H Club work in 1942 will at least double that of 1941.

Every family that goes in for vegetable growing on a somewhat large scale can use a good hotbed for starting early plants. It is not too late even now to fix up a hotbed, or cold frame (see Extension Bulletin 174), but many who have not made such privision may want to start a few plants in a box in the house and count on buying stock for most plantings.

A window box should be 3 or 4 inches deep and of a size convenient to handle. About an inch of gravel or coarse material should be placed in the bottom to insure drainage. The remainder can be filled with soil, the seed sown and the box placed in a warm, light place. When plants are one or two inches tall they should be transplanted into other boxes or individual containers.

Nowadays many gardeners prefer to get their transplanting stock from a local nursery or dealer in plants. There are three important things to remember if you do this, says R. C. Rose, Extension plant specialist. Go to a reliable handler whom you know. Speak for plants well ahead of time. Ask for adapted varieties. Many a garden disappointment can be traced to picking up plants on the spur of the moment from a dealer who could supply no pedigree for his nursery stock.

When potato seed is hard to get, there is all the more reason for being particular, says Rose, in urging you to line up your potato seed early this year. Planting culls and diseased potatoes is only inviting failure in a year when the potato crop is worth money, whether you raise spuds for family use only or as a commercial grower. Whatever you do, don't make the mistake of buying nice out-of-state potatoes from the grocer and assuming that they are satisfactory seed. Such stock may be a complete failure as seed. If you are concerned about getting good seed, stop in at the office and we will talk over the possibilities.

Thirty-eight leaders from 4-H Clubs, community clubs and women's project groups met in Thief River Falls on Saturday, March 14 to receive information to take out to their local meetings on gardening. R. C. Rose, Extension specialist, University Farm, was in charge of the training meeting and gave the leaders some very good information on the garden program. Mr. Rose especially emphasized starting of certain plants on seed flats, using adapted varieties, having a garden plan, control of insects, diseases and proper storage.

Nutritionists tell us that greens always deserve top billing as garden health foods. When grandmother made her first early spring excursion for wild greens for a dish to pep up the family, she was a good practicing nutritionist. Usually it is in the spring of the year that our diet is lowest in the important vitamins and minerals which are so richly supplied by the greens.

BET IT COULDN'T HAPPEN AGAIN!

Bigfork.—Elmer Stangeland is surprised himself at being alive today. Reason: While working around his sawmill he was run over by a caterpiller tractor. True size of the caterpiller is not known to us but it must look awfully big from underneath. Fortunately the accident occurred on the sawdust pile and the resiliency of the sawdust kept him from being crushed. Injuries only included a fractured leg and severe contusions of the right leg and abdomen.

NYA AGENCY WILL STRESS ACTIVITY RELATING TO WAR

Many Projects Halted; Warren Resident Center to Continue

The National Youth Administration in the Duluth area, which comprises twenty-nine counties in northern Minnesota, has completed plans for gearing its activities to war work at a conference which has been held in Duluth recently with field representatives and staff members.

L. J. Andolsek, area director, reported to his staff that instructions from Washington and from C. B. Lund state administrator, St. Paul, have asked that NYA utilize its entire funds and facilities on projects to turn out workers for the war effort, either on industrial production lines or for the Army and Navy. Eligible youth who have not attained the age of 18 should be given work experience and training in production so that when they reach the age of 18 they will be prepared to man war industry machines.

A complete survey of the program now operating in the area has been completed and all projects which are not preparing producers for the war machine are to be closed at once. Those that are helping with the national war effort will be expanded.

The Warren resident center for girls will continue to be operated. It is open to all girls between the ages of 17 and 25 and will train war production workers in stenography, power sewing machine operation and nurses' aides. The present training in various domestic occupations will be continued. Clerical assistance will be given to various defense agencies in Thief River Falls, as the United States employment service, the local draft board and others. Interested youth should direct their inquiries to Clarence Sjolander of the United States Employment Service or to T. C. Sjoding, NYA, Field Representative, at Bemidji.

THESE BEAVERS DO A MAN-SIZED JOB

Russell.—The little animals may not be very large in size, but they do take on man-sized jobs. In an attempt to make a dam across the Redwood River which runs thru this town one tree felled measured twenty inches through. Mr. E. C. Jones possesses a stick of wood between five and six feet long, approximately six inches through, which is part of a cottonwood which measured sixteen inches in thickness. This tree was also felled by beavers.

MINNESOTA JOURNALIST NOTES 90th BIRTHDAY

Buffalo—To be hale and hearty in his 90th years is the unusual privilege of Clarence A. French of Big Lake, former owner and editor of the Monticello Times for nearly a half century. To indicate his thankfulness he entertained old newspaper friends at dinner in the Brown hotel. Seated at the head of the table the dean of journalism in eloquent words gave an analysis of several patriotic songs of our beloved land.

The W. C. T. U. Meet

The W. C. T. U. of Hazel met at the home of Mrs. Martin Finstad on Tuesday, March 3. Miss Ruby Engelstad read a letter in the Union Signal from a young man in an army camp near San Fernando, Calif. Mrs. Netteland read an article on the Drunkometer Test. Mrs. Edwin Hanson read an article "We are at War". Mrs. Netteland read another article "Where There is Drink There's Danger". The next meeting will be held at the Arnold Gunderson home in April at which time election of officers will be held. The date will be announced later.

Mr. and Mrs. Oscar Borgie had their son Bernard Jerome baptized at their home Thursday evening with Rev. Albin O. Skibsrud officiating. The sponsors were Mr. and Mrs. William Gilbertson.

22-YEAR OLD COW BREAKS ALL RECORDS

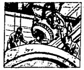
Milaca.—On February 13, a 22-year-old cow owned by Sam Droogsma living south of Pease gave birth to a bull calf, which probably is record breaking. Mr. Droogsma has raised the cow from a calf and at her peak gave 80 pounds of milk per day. At present she is giving 50 pounds, or a six gallon pail of milk per day.

OLDEST SOCIETY MAY HAVE REAL JOB AHEAD

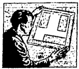
Waseca.— In 1864 to protect themselves against horse thieves a group of pioneer citizens organized The Waseca County Horse Thief Detective Society. Recently the 77th annual meeting was held. Perusing the columns of the Herald 45 years ago discloses the meeting that year held a discussion as to whether members were protected against bicycle thieves. Today its functions are mainly to protect members against auto and truck thieves and with the present scarcity it may soon have real work to do.

Steel-Piercing Eye

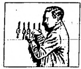
Steel used in vital parts for war machines—planes, tanks, ships, guns—must be flawless, because America's fighting men must have weapons that are both accurate and tough.



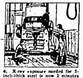
1. The new million volt X ray built by General Electric saves precious hours in finding flaws. It is so powerful that its rays can pierce thick steel castings.



2. Defects in the steel show up on X-ray film. Therefore faulty materials are tossed aside before costly hours of machining have been spent on them.



3. A regular check-up on pieces of X-ray film worn on workers' wrists helps guard against prolonged exposure to the rays given off by the X-ray tube.



4. X-ray exposure needed for 5-inch-thick steel is now 2 minutes instead of previous 3½ hours! Whole days are saved in examination of even thicker castings.

General Electric believes that its first duty as a good citizen is to be a good soldier.

• CLOSING OUT AND • SPACE FOR RENT

We hope to stay in business, but even so we are closing out our AUTOMOBILE BUSINESS.

This means a QUICK CLEARANCE of our very fine stock of RECONDITIONED USED AUTOMOBILES. We have other plans for our building.

We will be all set to start this CLEARANCE CLOSING OUT SALE by Saturday, March 28th.

We have spent a lot of money and hard work through the winter reconditioning our used cars and BETTER VALUES CANNOT be found today. ALL WITH GOOD TIRES AND GOOD SPARE TIRES. Some with two and three spare tires.

This is a straight from the shoulder CLOSING OUT of our Automobile business and we shall offer genuine used car values in this CLEARANCE SALE.

We realize that we must take other cars in trade in this clearance and shall in every case give honest appraisals of your trade-ins.

We have some used cars in our stock that have not been reconditioned and some are very good cars, some ready to run as they are, others with a little repairing will make them good values, all to be sold at give-away prices.

As this goes to press we have 37 Used Cars in our stock.

Don't forget we start our sale March 28th and will continue through until closed out.

Below we list a few of our reconditioned car values. You must see them to realize the bargains.

1941 STUDEBAKER CHAMPION

This is a four door sedan and a beautiful job, same as new, with overdrive and climatizer heater. Tires are perfect. It's a chance to buy a car same as new.

1937 DODGE SEDAN

This job has been completely reconditioned, including new pistons, pins, rings and new crank shaft and all bearings. It is equipped with very good tires and should go out and give equal performance of a new job.

1936 CHEVROLET COACH

This car is so well preserved it should last for very many years.

The two rear tires are same as new and the front tires and spare in perfect shape. It's complete in every way including heater.

1935 FORD TUDOR

This is one of the jobs that has been gone over completely in our shop this winter. Motor overhaul job and new paint job. New seat covers. Has a good heater and all tires in perfect shape.

1940 NASH AMBASSADOR SIX

A four door sedan with cruising gear, air conditioned heater, DeLuxe radio complete with a perfect set of tires.

To enjoy riding comfort and safe travel, this is the car to last for many years.

1936 DODGE 2-DOOR SEDAN

This is a good looking job in every detail. Motor runs like new, upholstery nice and clean and has a very good set of tires on it and a good spare.

1936 FORD TUDOR

Original paint job and looks like new. Not a dent on the car. Tires all very good.

Has low mileage and always been taken care of in every respect. Former owner never drove it fast and motor is in new condition.

1935 PLYMOUTH COUPE

This is a very well preserved car in every way. Motor is very smooth. All good tires. Is one of our special bargains.

That's only a few and many others are in lower priced bargains. All to go and go fast. Don't delay, come now if you need a car or a better car than you have.

Our used reconditioned cars are stored inside and many of them will be on the show floor during the sale. Others in the basement. We have decided to make this a real clearance sale, simply because we have other plans for our building. We have more room than we need for our implement business. We must arrange to convert at least a part of our building to something else.

That's our story and we know that we can please you with what we have to offer in good used car values.

MARSHALL COUNTY FARMERS URGED TO SELL SCRAP IRON

Arvid Carlson, Chairman of Committee on Salvage, Asks Cooperation

Marshall county farmers are being urged this week by Arvid Carlson, chairman of the Marshall County Salvage for Victory committee, to back their government with more scrap iron; to bring it to their junk dealer and sell it so that it can be diverted into the proper channels leading to the War Industries.

Captains in Central, East and South Marshall county include Martin Smeby, Newfolden; Hans J. Olson, Viking; R. E. Sandberg, Grygla; and Clifford Engelstad, Gatzke.

"It is imperative", Mr. Carlson stated, "that everyone of you farmers act today and sell your scrap iron. Get out and load up your trailer, and bring it into town. Your government is going all the way for you, and you can do this much, and at a profit to yourself. Act today."

FOUR OF A KIND

Askov.—Twin lambs are not too uncommon, but a double set of twins is really a story. K. P. Christensen, northwest of Denham, found four healthy youngsters born to a ewe on his farm last week. Mr. Christensen has been raising sheep for 20 years and has never experienced such an event before.

PUBLIC OPINION

Editor the Times:

The other day over a cup of coffee a neighbor of mine asked me very earnestly, "How long have you been a Farm Bureau member?" I promptly answered, "Better than 24 years." He was amazed and said bluntly, "You mean to tell me the Farm Bureau has been carrying on in the same capacity as in the last few years, that of speaking for organized agriculture, for more than a quarter of a century?" When I explained some of the very early problems tackled by this organization it didn't take him long to grasp the magnitude of problems undertaken by the Farm Bureau organization. In parting he asked me to tell a few more people about the services of the Farm Bureau.

I am passing on to you the feelings of a few men in high ranks for your consideration. Congressman Cannon of Missouri who is the chairman of the all important Agricultural Appropriations committee in the House of Representatives had this to say:

"We must have organized agriculture. It is impossible for us to do anything in Congress unless we have someone who can speak with authority as the representative of the agriculture of the nation. I will say that, so far as I can see now, the American Farm Bureau Federation represents our only hope of uniting the farmers of the whole country into an effective and aggressive farm organization. For that reason, we welcome your committee here particularly. We believe you represent, as you say, and, in fact we know you represent and speak for the greatest number of farmers in the United States. On that account, we know that your statements will carry particular weight."

Senator John H. Bankhead of Alabama who is one of the friendliest senators in Washington of agriculture has this to say:

"The fight would not have been won without the Farm Bureau. I wish that every farmer in America would affiliate himself with this great organization."

Senator Arthur Capper of Kansas in telling of the early efforts of the Farm Bureau leadership has this to say:

"In 1922 the first McNary-Haugen bill was cast into the hopper in both branches of Congress. I got exactly nowhere. The House voted it down 224 to 154. But from that time on the Farm Bureau took the lead in the fight for surplus control first, through the equalization fee—later through acreage adjustment. I want at this time to give due credit to the leadership of the Farm Bureau Federation in the years we spent in trying to get the McNary Haugen bill enacted into a law—it was Farm Bureau that really provided the national leadership."

We have the following comment by the Farmers Union Herald for January, 1939 in telling of the origin of the A. A. A. law of 1938.

"The present farm bill was drafted by E. A. O'Neal, president of the American Farm Bureau; Earl Smith, vice president of the American Farm Bureau and president of the Illinois Farm Bureau, and attorneys for the American Farm Bureau Federation." The Farmers Union Herald also said: "The greatest drive behind the bill was carried on by the Farm Bureau."

Yours for more effective participation in organized agriculture.

Very truly yours,
Paul Engelstad.

Editor The Times:

The City street department has considerable equipment and no place to keep it. The city owns the northwest corner of Block 40 north of the old foundry site. Would it not be wise to clean up that corner and erect a garage building of sufficient size for the patrol grader, the snow plows, street flusher, truck and other smaller equipment? The relief cabins which are located on that corner could be moved into the next block to the west, where four single separated lots are offered for tax sale at a low price. The argument might be made that a single lot does not comply with the building ordinance, but the cabins now are occupying only one lot each and they would be no worse on a new site than at present, and the adjacent property would still be protected by the required five feet from building to the property line.

Editor The Times:

When I moved to Thief River Falls in 1938, one of the first remarks I heard was "This sure is a hockey town." According to the attendance now and a year or so ago, the above statement is very true. There is no question about it. Hockey was very good, and so were the gate receipts. I attended most or many of the games, and at times there was not enough standing room for a ten year old boy.

There are many Thief River Falls hockey enthusiasts still (Not active). It certainly is very gratifying to see the wonderful results of the active hockey fans. It would also be wonderful to see the good ol' hockey crowds back again, working, boosting, yelling and fighting (if necessary) for their local boys.

Anyone attending the hockey tournament March 6th and 7th would certainly have been thrilled at the real honest-to-goodness "Die for Ruttgers", hockey. It certainly was exciting to see our local home grown boys displaying as good a brand of hockey as you would find in any sports-minded community.

The following are just a few remarks I heard at the tournament. "Gosh, I never realized those kids could play hockey." "Say, those kids have more fight than the pros." "Gee, I'm sure sorry I missed so many games." These casual remarks would indicate that hockey in Thief River Falls is going to be bigger and better than ever.

For the benefit of the unknowing, the Hockey Association has made it possible for the kids to receive supervised hockey instruction every Saturday morning at the arena.

Maybe in the near future, Thief River Falls will have, Junior, Intermediate and Senior hockey. It's a great thing in Canada, why not in Thief River Falls?

Maybe in the near future Thief River Falls will be represented in the Hockey Hall of Fame.

Maybe this tournament has awakened some and given to others that now is the time to plan for bigger hockey results for next year. Maybe the hockey will spread to the baseball fans too.

Editor The Times:

We are all doing a lot of talking and fault finding; we all have something to say about what should be done to win this war but do we ever offer these suggestions where they will do some good?

In my youth I thought our law makers were super men and in some mysterious way specially fitted for the job they have been elected to do but I have changed my views on that subject. Now I know most of them are just plain blundering men, struggling with problems they are no better suited to solve than the average man of Thief River Falls. This has been proved by the mistakes we have seen them make in recent months. They are first of all, politicians, afraid to tread on the toes of pressure groups for fear of losing votes.

Why not put our views before them, making it clear that our votes are against them unless they forget their selfish political ambitions and fight for the interests of the people and our country. We need strong minded men, men who can and will forget their petty disputes in this time of stress, and men who will so far forget their personal greed as to vote themselves pensions when the country needs every dollar for defense.

Our defense program [illegible] sabotaged by the unreasonable demands of business, labor and agricultural leaders. There [illegible] men we have elected to represent us. Well, why is nothing done about it? Valuable time is being lost and our Congress spends a week arguing whether or not to seat Wm. Langer from North Dakota. There is about as much sense in that as there would be if you and your neighbor stood in the middle of the street and debated who should call the fire department while your house burned.

There is a lot being said on the radio and being printed in our newspapers on this subject but what are we doing locally? Just nothing. In Oklahoma they held mass meetings, sent petitions, or I might say instructions, to their congressmen, telling them what they want, what they insist on getting or else. They are getting results, why can't we?

So far it has been George's war and we have been merely inconvenienced by it, but when we make up our minds that it is our war and take an active part, then and only then will we work for the common cause, the winning of that war. Let us display our flag, not one day but every day and in the proper manner. Let us, if we have a criticism to make, shoot it to the proper place, not just tell it to our neighbor until we create a feeling of unrest and dissatisfaction that will spread until there is no patriotism among our people.

SIXTY YEARS OF SERVICE ARE GIVEN BY OFFICIAL

New Ulm.—Clement Halvorson probably has served one township longer than any other man in the history of this country. For sixty successive times he has faced the voters of his township, Linden, and they have elected and re-elected him to office. They voted for him because they really know him in a man to man manner and they liked and trusted him. What greater testimonial could a man ever want from his neighbors than these expressions of trust and confidence?

MARE SHOWS 'EM 100 MILES IS EASY

Aitkin.—Two nights' travel and 100 miles covered in two days is the established by a mare belonging to Dan Hilbert of Hill City. Missing the animal Mr. Hilbert traced its travel across town to Ripple River, down the river for several miles, then emerging south on highway No. 169, and thence east of Spirit Lake and cross country through the woods where the trail was lost. She was finally located near Mille Lacs lake. Indications are that she had traveled at night and rested in the day time.

The Viking Co-op. Creamery held its annual meeting Wednesday afternoon, March 18th and was largely attended by stockholders, patrons, and friends from near and far. Total income from dairy products $46,133.07; total manufacturing exp., $2,829.63; net earnings from all operations, $1,981.50; pounds of butterfat received in sweet cream, 98,180.6; pounds of butterfat received in No. 1 grade, 18,167.0; butterfat sold in cream 241.2 or a total pounds of butterfat accounted for 111,337.6; pounds of butter shipped sweet cream 107,479; pounds of butter shipped undergraded 10,840; pounds of overrun gain from fat churned 28,407; per cent of overrun 23.77; average net price paid for all butterfat 38.42; total expense per pound butter 2.813c. The above figures show a considerable increase in butterfat both in quantity and quality and as compared to last year as hardly 10% of undergraded butter was manufactured and sold as such, considering the fact that the creamery is one of the smallest in this part of the country it has many reasons to feel proud of its achievements. The matter of buying defense bonds was brot up and after some discussion a resolution was passed that each patron should, voluntarily of course, pledge himself to a certain amount to be deducted from his cream check. Such to be used for saving stamps until enough of stamps had been bought in exchange for a bond.

The association feels greatly indebted to Mr. John Lager, Mr. Reierson and also to Mrs. Franklin Duerre, Mrs. Arthur Anderson and Mrs. Alton Sackett for their assistance in making the meeting such a great success and Rev. Franklin Duerre for the splendid talk rendered at this meeting, extend to all a most sincere thanks. At the close of the meeting lunch was served at the church to approximately 225 persons.

GRYGLA

A marriage of local interest has recently been announced by relatives here, Miss Violet Levang, daughter of Mr. and Mrs. Pete Levang of Grygla, was married, Nov. 22 to William Reynolds of Minneapolis. The marriage was solemnized at Webster, S. D., by Rev. McMullen, a Lutheran pastor of that city. Attendants were Elaine Berkstrom and Ludwig Peterson, both of Minneapolis.

The young couple have established their home in Minneapolis where the groom is employed. The bride left here several months ago and has been employed in Minneapolis since that time. The groom is well known here, having been a member of the Thief Lake CCC about a year ago.

Mrs. A. J. Anderson Honored

Mrs. A. J. Anderson was the guest of honor at a parcel shower Sunday at her home. A large number of neighbors and friends were present numbering about sixty. Mrs. Anderson received a large variety of lovely and useful gifts. At the close of the afternoon a sumptuous buffet lunch, which had been contributed by the guests, was served. Hostesses for the occasion were Mrs. Andrew Morken and Mrs. Nels Satre. The only guests from a distance were Mr. and Mrs. Eddie Engelstad and children and Mr. and Mrs. Palmer Holte, all of Gatzke.

Farewell Party

A group of neighbors and friends gathered at the Charles McLean home one evening last week to honor Bill McLean, who has been called for army service. The party which was in the form of a surprise, was devoted to visiting. The guest of honor was presented with a purse of money. At the close of the evening a delicious lunch was served by the ladies.

Those present were the guest of honor, Mr. and Mrs. Charles McLean and Johnny, Mr. and Mrs. Andrew Morken and Alpha and Milton, Mr. and Mrs. Melvin Walborg, Mr. and Mrs. Pete Nygaard and family, Sam Anderson and sons, June Saxwold, Arnold Larson, Alvin Holte, Alvin, Ernest and Vernon Landsrud and Mary, Hilda, Magnus and Gunder Satre.

Monday evening Benville township defeated Lola's Insurance Agency, winning all games and scoring 1881 to 1770. On Tuesday evening, the Co-operative Store defeated Boyum's Cafe, winning all games with the unusually high score of 2313 to 2080.

On Wednesday evening the Farmers Union ladies defeated Moylan township ladies, winning two games and scoring 1838 to 1711. On Thursday evening Knight's Cafe ladies defeated the Beauty Shop ladies, winning all games and scoring 1453 to 1178. The final game of the week was played on Friday when Valley township defeated Standard Oil, winning two games, with a final score of 1909 to 1933, held by Standard Oil.

Julia Brattell had high ladies score for the week with 182 while Paul Sourdiff's score of 220 was high among the men.

LOCALS GIVE FAREWELL PARTY FOR H. E. LINNS

A group of ten local people went to St. Hilaire Sunday afternoon where they surprised Mr. and Mrs. H. E. Linn, former residents of Grygla, with a farewell party at their home. The afternoon and evening were spent in visiting and some of the group enjoyed cards. At six o'clock a delicious supper, which had been brought by the guests, was served. Those from Grygla attending were Mr. and Mrs. A. J. Miller, Mr. and Mrs. F. A. Brown, Mr. and Mrs. R. F. Sandberg, Mr. and Mrs. Ed Shanley, Mrs. Emil Boyum and Sofus Hjertness. Others present were Mr. and Mrs. Ed Geving of Goodridge, Mr. and Mrs. John Maney of Plummer and Mr. and Mrs. Gunder Grovum, Mrs. M. R. Leverson and Mrs. Ralph Sheller, all of Thief River Falls. All of these people in the last group except Mrs. Sheller are former residents of Grygla.

Mr. and Mrs. Linn expect soon to move to Montana to make their home.

Confirmation Services

Rev. S. T. Anderson officiated at confirmation services Sunday forenoon at the John T. Johnson home when seven young people and one adult renewed their vows to the Lutheran faith. Those confirmed were Joyce and Merle Johnson, Jeannette Blaine, Robert Smeby, Clifford Thompson, Harlond Buck, Ernest Rue, and Arno Nelson of Espeler.

At noon a buffet dinner was served to the confirmands and others present who included parents, relatives and friends. In the afternoon the pastor gave the sacrament of the altar to the confirmands. Following this Gary Roy, infant son of Mr. and Mrs. Raymond Sorenson was baptized by Rev. Anderson, Mr. and Mrs. Elmer Blaine were sponsors.

Got a date? Ya sure! Where? Oh aye tank I see Yimmy Yohnson's Yob at Grygla Saturday evening, March 28, at 8:15 p. m.

Mrs. Allan Jones, whose birthday occurred Friday, was pleasantly surprised on Saturday evening when a group of relatives came to spend the evening. Visiting was the main pastime of the evening and at a late hour a delicious lunch was enjoyed. Present were Mr. and Mrs. Allen Jones and son, Mr. and Mrs. Oscar Tweten, Mr. and Mrs. Arthur Nordby and family and Clarence Taylor.

Try this Tractor ON YOUR OWN LAND!

TRY IT ON A HILLSIDE
You'll be surprised at the way the Ferguson System develops extra traction and tends to hold the front wheels to the ground.
TRY IT IN A TIGHT CORNER
Pick out a corner you couldn't work before. See how you can get right up to the fence with its unit implements and compact design.
SEE WHAT HAPPENS WHEN YOU HIT A HIDDEN OBSTRUCTION
Go into a hidden rock at full plowing speed. Nothing will be damaged ... and you can clear it in only a second or two.
CHECK FUEL USED
Measure the small amount of fuel used. See why the tractor's light weight and full use of power save on operating expenses.
CHANGE IMPLEMENTS
It takes only a minute or two to change implements. No heavy lifting or tugging. As easy as taking off a boot and putting it on again.
Call us today. We will bring a tractor right out to your farm

ROLLS THREE GAMES; 133 FOR EACH ONE

Blooming Prairie.—Husky blacksmith and bowling enthusiast, Bill Lund, believes he accomplished the almost impossible recently. Rolling a league game with an Owatonna team at Waseca, he had a score of 133 for three straight games. Bill pronounces the score "rotten" but feels it is a thing which occurs only once in a good many thousand games.

Farm Security Agency Meets Variety of Demands from County Farmers

E. C. Anderson, the FSA supervisor for Red Lake, Pennington and Clearwater counties reports an increasing demand for crop production loans to farmers this spring for the purchase of machinery repairs, seed, and tractor fuel.

Most farmers, according to Mr. Anderson, have ample feed for their livestock and many of them have practically all of their seed requirements, but a large number of farmers are in need of some money to complete their 1942 planting program. Some need money only for machinery repairs and others only for gas and oil. A large number have been requesting funds for the purchase of flax seed.

According to a report he received from his regional manager, L. C. Streater, at St. Paul more than double the number of loans have already been disbursed in Minnesota than was loaned at a corresponding date a year ago. Mr. Streater says that most checks are in the possession of a farmer in about a week's time after the application is taken. These applications are being taken at the county agent's office in Thief River Falls.

Honey Bee, Drafted as War Worker, Awarded High Priority Rating

The honey bee has been drafted for the duration. In fact, the War Production Board has itself set up a high priority rating for the materials needed by the bee in the war effort.

As a war worker, the bee actually supplies both essential services and products, namely:

Pollination of fruit trees and smaller plants that need insect help to make good fruit and seed, important in the national food production job.

Production of honey, a natural "sweet" which can be used to supplement sugar and in many cases serve as a substitute for it. Production of beeswax, which has many uses in war industries.

The U. S. Department of Agriculture has notified beekeepers that the industry has been granted an A-3 rating for supplies on the basis of 100 per cent of the 1940 level.

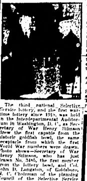
Apiarists have themselves been granted 80 per cent of last year's sugar purchases, with provision that additional amounts may be applied for if more is needed to start off bees this spring. They have also been granted tin for unlimited packaging of honey in containers of five-pound capacity or larger.

The increased demand for honey has led to heavy orders for package bees raised in the south for shipment to Minnesota and other northern states for the summer honey season. A convenient handbook for beekeepers, especially useful to beginners, is available from the Minnesota Agricultural Extension Service. Extension Bulletin 204, "Beekeeping in Minnesota," by M. C. Tanquary, may be had from the local county agent or by writing the Bulletin Room, University Farm, St. Paul.

STASSEN DEFENSE BROADCAST FRIDAY

Governor Harold E. Stassen will make a report to the people of Minnesota on progress in defense activities in a capitol conference broadcast over a network of Minnesota radio stations Friday night. The talk will be broadcast at 9:15 P. M. over KSTP and WCCO, St. Paul and Minneapolis.

Draws First Number



The third national Selective Service lottery, and the first wartime lottery since 1918, was held in the Interdepartmental Auditorium in Washington, D. C., as Secretary of War Henry Stimson drew the first capsule from the historic goldfish bowl, the same receptacle from which the first World War numbers were drawn. Photo shows—Secretary of War Henry Stimson, who has just drawn No. 3485, the first number from the lottery bowl, and Col. John D. Langston, of Goldsboro, N. C. Chairman of the planning Council of the Selective Service system.

Employers Called on to Make Needed Adjustments to Meet Army Demands

Employers have a dual responsibility in connection with allocation of skilled labor to meet the nation's war needs, Col. J. E. Nelson, state director of selective service, declared today in an appeal for their patriotic cooperation with the selective service system. They must maintain production of war materials, he pointed out, and at the same time release to the armed forces every qualified man who can be spared from such work.

A drastic readjustment of his individual business operation must be made by every employer to meet the demands of our armed forces for men and war materials, it was emphasized. This readjustment, he asserted, must be made with particular regard to available workmen.

An employer engaged in essential production should request deferment for an employee only after the employee is determined to be a "key man", who is not replaceable by a man otherwise deferred for military service or by a woman, it was declared.

Employers of skilled labor, it was asserted, must keep in mind that skills are necessary in the armed forces as well as in civilian production. "A well equipped army", Colonel Nelson pointed out, "must have in it men who can do a thousand things that are done in our everyday life."

Every practical precaution to prevent disruption of war production by promiscuous induction into the armed forces of men whose greater service can be given behind the battle lines has been included in selective service regulations, it was declared. However, each and every one of these stabilizing provisions is predicated on patriotic cooperation by both the [illegible] and the employer.

$16,000,000 Insurance Claims Paid in State

Minnesota families received $16,027,000 in benefit payments on life insurance policies which became death claims in 1941, the Institute of Life Insurance announced today. The benefit payments made in 1941 show a decrease of $198,000 from the preceding year, and were paid to the beneficiaries of 10,559 life insurance policies owned in this state. For ordinary insurance the average claim was $2551, for industrial insurance [illegible] and for group insurance $1781.

HOLT CREAMERY GAINS IN VOLUME DURING PAST YEAR

Thriving Plant Churns Total of 257,120 Pounds of Butter in 1941

Producing a total of 257,120 pounds of butter in 1941, the Farmers Cooperative Creamery company of Holt showed a substantial increase of 16,552 pounds over churnings in 1940, it was revealed in reports submitted at the annual meeting of the organization held recently in Holt.

The average net price paid for all butterfat received during the past year was reported as 38.31 cents, this figure including a rebate of three-quarters of a cent per pound. In 1940 the average net price was 30.61 cents.

Total expense of the plant per pound of butter manufactured declined from 2.471 cents in 1940 to 2.229 cents in 1941.

In the annual election of officers J. P. Augustine was retained in the office of secretary, and Carl Johnson and H. D. Inman were reelected directors, the terms of E. O. Waagedahl, president, and O. H. Nohre, vice president, holding over. Walter Larson is manager of the creamery.

Army Taking Volunteers from Ages of 18-45 Years, Recruiting Office Says

Sgt. McCurdy, at the Army Recruiting Station in Bemidji, announces that it is now possible to accept men for voluntary enlistment from the ages of 18 to 45 years providing the applicant can pass the prescribed physical examination, which now allows men with dental plates to enlist.

There has been a noticeable decrease in enlistments during the last few weeks, very likely due to the fact that men who are in the draft ages do not realize the advantages of volunteering for service. They are given their choice of service in the following manner: The enlistment is for the Army of the United States, and after four months recruit training, the man is given a mental aptitude test for the branch of service he desires. If he passes this test he is assigned to this branch, but if he is not qualified he is given a second choice. This system gives the individual a better idea of the branch of service he desires and is best suited for. Further information may be obtained by contracting the Army Recruiting Station, Armory Building at Bemidji either by mail or personal interview.

Music Teachers Plan for Contest in Minneapolis

Contest numbers for the Minnesota Music Teachers' association's annual contest and festival to be held in Minneapolis on June 13, have been announced and preparations are already beginning by member teachers of the organization to enter students in the various classifications, it was announced today by Agnes Rast Snyder, president, and Hildur Carlson of the Wadena district. Further information may be secured by writing to Miss Edwina Wainman, MacPhail School of Music, Minneapolis.

Ben L. Hurner, Gonvick Creamery Operator, Is Winner in State Event

With a new record high score, Ben L. Hurner, operator of the Gonvick co-operative creamery, captured grand sweepstakes in the butter class in the annual efficiency contest of Land O'Lakes creameries. His score was 99.78. He was third last year.

His record was announced last Wednesday night at the annual conference of the creamery operators and cheesemakers in connection with the annual meeting of the association in Minneapolis, and the winners were awarded silver cups.

District 13, which consists of creameries in the central west section of Minnesota, was first in the district class in which the Vendome trophy was presented for the highest average score.

Great Northern Railway Will Expend Total of 26 Million During 1942

Maintenance of its present plant and acquisition of new equipment toward expediting transportation of the increasing tonnage of war materials and other traffic requirements will cost the Great Northern railway more than 26½ million dollars in 1942, according to F. J. Gavin, president.

Completion of the proposed maintenance, improvement and equipment program is contingent on the continued availability to the company of necessary materials through government priorities.

Mr. Gavin also said that the company hopes to have in service by December 31 approximately 43,400 freight cars of all types, affording the Great Northern greater aggregate capacity of equipment than before America's entry into the first World War.

New Governmental Manual Is Available to Public

The spring edition of the United States Government Manual has just been released and is now available to the public for seventy-five cents, Anna Dickie Olesen, State Director for the Office of Government Reports announced today. It is a 698-page reference book.

The manual contains complete, concise and authoritative information on the Government's national defense activities, material on the day-to-day functions of all the federal departments and agencies, and 35 organization charts.

Preliminary pages contain the President's message to Congress asking for declarations of war against the Axis powers, the Declaration by the United States, and the Constitution of the U. S.

This spring edition of the manual is for sale by the Office of Government Reports, 102 Federal Courts Building, St. Paul.

Commissions in Marine Corps Open to Freshmen

Opportunities for commission in the United States Marine Corps Reserve have been enlarged and freshmen at colleges and universities now are eligible to apply, Marine Corps Headquarters announced this week. In addition, applications may be received from students at colleges and teachers colleges not previously on the list. Freshmen must be under 22 at the time of application. Applications from freshmen should be forwarded to the Marine Corps recruiting office, 119 S. Third St., Minneapolis. If accepted, the students under present plan—will be allowed to finish school before being called for training.

Both First

Both the marine corps and the navy were provided for by the Continental congress in 1775. The first appropriation for ships for the navy, however, was made in 1794. The coast guard dates from 1790.

MINN. TRUST FUNDS NOW REACH TOTAL OF $110,000,000

State Treasurer Forsees Ultimate Aggregate of Over 200 Million

Minnesota possesses the largest trust funds in the nation, State Treasurer Julius A. Schmahl said Tuesday.

"The total permanent trust funds of the state—including public school, university, swamp land and internal improvement funds—new total more than $110,000,000," Schmahl said.

"No other state with the exception of Texas, has a comparable amount bound in trust".

Schmahl explained the Minnesota trust funds were created by the sale of timber, mineral and agricultural lands, as well as through the collection of occupational taxes on iron ore.

"It is expected that before the ore resources of the state are exhausted, the trust funds will aggregate more than $200,000,000," he said.

Revenue from the funds go to the support of the state public school system, the university, correctional and other educational institutions and to road and bridge maintenance and improvement, he said.

"Most states admitted to the union before Minnesota sold their school and other public lands on a liberal basis to encourage settlement and used the money for immediate needs with no thought for the future," Schmahl explained.

"The Minnesota pioneers, however, conceived a plan for conserving these resources for the benefit of future generations."

The state, he said, was the first to follow the trust fund plan.

State Highway System Now 29 Miles Shorter

Minnesota's state trunk highway system added another chapter to its "Alice in Wonderland" existence this year by growing 29¾ miles shorter, in total lineal miles.

Each year's improvements, with accompanying relocations and realignments to lessen distances and eliminate winding roads, dangerous curves and turns, mete the motorists shorter travel distances on existing routes.

All unsurfaced or dirt roads on the trunk system had been reduced to 102 miles by 1940, and these remaining mileages were entirely eliminated by gravelling operations during 1941.

The total mileage of the system was reduced from 11,236.5 miles at the beginning of the '41 construction season to 11,207 miles by January 1, 1942. The mileage by road types now consist of: pavement, 3,164.8 miles; bituminous surfaces, 4,941.2 miles; and gravel surfaces, 3,161 miles.

School Executives Will Convene at University

A statement of principles and policies with respect to the future of public education in Minnesota on which all principal educational groups can agree will be sought during Schoolmen's Week on the campus of the University of Minnesota, March 30 to April 2, Dean Wesley E. Peik, announced. The Minnesota Council of School executives, Minnesota Association of Secondary School Principals, Minnesota Society for the Study of Education, elementary school principals and directors and supervisors of instruction are groups which will formulate the statement after different phases of the educational problem have been considered by individual groups.

HAS NEWSPAPER 190 YEARS OLD

Alexandria.— Most interesting among old relics brought to light thru the "Who's Got it?" contest of the Park Region Echo newspaper and merchants were a dozen copies of old newspapers and an old almanac owned by R. S. Thornton. The almanac was printed in 1807. A copy of the St. Paul Advertiser, June 27, 1857, published before Minnesota was a state, a copy of the London Morning Chronicle, published December 5, 1807, one of the Salem (Mass.) Gazette printed on December 2, 1776, a New England Chronicle printed at Boston August 15, 1776. However, the Methuselah of all of them was a copy of the Halifax Gazette printed in May 1752. Halifax is in Nova Scotia, and was headquarters for the British fleet in the Revolutionary war, but this newspaper was published long before that, three years before the English captured Quebec from the French.

P. A. Hallstrom Dies at Home in Polk Center Twp. Funeral Rites on Friday

P. A. Hallstrom passed away on Monday, March 23 at his home in Polk Center township at the age of 66 years, two months, and twelve days. Funeral services will be on Friday, March 27 at 1:30 o'clock at his home and at 2 o'clock at the Black River Lutheran Church of which he was a member. Rev. Herman Larson of St. Hilaire will officiate and burial will be in the church cemetery.

The deceased was born in Westergatland, Sweden on January 11, 1856 and came to Iowa in 1882 where he lived until moving to Crookston the following year. In 1885 he moved to Polk Centre where he was married in April of that year to Mathilda Selberg. They moved to St. Hilaire in 1923. His wife preceded him in death in 1931 and in 1934 he moved back to Polk Centre township where he has lived ever since.

He is survived by three daughters, Mrs. Hulda Sandberg of Coronation, Alberta, Canada, Mrs. Ella Egberg of Seattle, Wash., and Mrs. Mable Mosbeck of Polk Centre township; four sons, Alfred of Black River township, Henry and Harold of Red Lake Falls, and Martin of St. Hilaire; seventeen grandchildren; and four great-grandchildren.

Shaver Gets Honor for Life Insurance Sales

J. A. Shaver of this city, was notified last week that he had qualified for membership in the Presidents Club of Modern Woodman of America by selling $228,750 life insurance during 1941. The notification came from the office of Oscar E. Aleshire, Modern Woodman president in Rock Island, Ill. Mr. Shaver was informed that he is one of a group of 26 Modern Woodman district managers throughout the United States to receive such recognition. He is to receive a gold filled lapel pin emblematic of his achievement.

"TREE DUCK" IS SHOT BY LE SUEUR HUNTER

St. Peter.—While hunting on Lake Jefferson last October, Albert Hartwig shot a Fulvous tree duck, the only bird of its kind known to be shot in Minnesota. Two similar birds, sighted west of Arco, in Lincoln County, by J. W. Breckenridge in May 1929, was the only species ever reported seen in this state. The bird shot on Lake Jefferson has been mounted and presented to the Minnesota Museum of Natural History. The Fulvous tree duck is seldom found as far north as Kansas or Nevada, being a native of Texas and Lousiana, where it is known as the long legged duck.

A name famous in music for over two hundred years introduces the latest Wurlitzer Spinet Piano, a creation truly worthy of its great name. This colonial model, shown by the POPPLER PIANO & FURNITURE COMPANY, has a matchless beauty of tone, made possible by such exclusive features as the augmented pentagonal sounding board, acoustic tone chamber, and many other innovations that you get only in a Wurlitzer. Graceful, flowing lines give style distinction to the encasement. Available on budget terms at the POPPLER PIANO & FURNITURE COMPANY.

Most men are not knowingly style conscious in the matter of shoes, but they do have definite ideas about the importance of foot comfort. If fit coincides with smart styling as well, so much the better. That's why many men of Thief River Falls are selecting new spring Florsheim Shoes at LIEBERMAN'S. They know that for every dollar, they will get one hundred cents worth of quality, comfort and service. The satisfaction of owning and wearing Florsheim Shoes lives long after the fitting. Priced at $10.00 per pair at LIEBERMAN'S.

DAIRIES: Daily repetition of war news by newspapers, radio and conversation has a tendency to make sensitive souls jittery. Here's a simple and effective way to sooth nettled nerves: with at least two meals a day, drink a full glass of rich Pasteurized Milk, from the CITY DAIRY. This country-fresh food drink contains thiamin (vitamin B1) which produces bodily relaxation and eases nervous tension. Try this enjoyable prescription for two weeks and see how much better you feel. Telephone number 100 for daily delivery. Sealed in cellophane for your protection.

LADIES' WEAR—After a season of basic black, it's only natural that the new spring frocks, at the B & B Style Shoppe should blossom forth in gay pastel colors and prints bold in design. Women's part in war work has put emphasis on tailored types in Casual Dresses with fewer frills and furbelows, but not so severe as to lose their feminine charm. There's appeal in these new youthful styles that slenderize your silhouette. You'll like the variety and value of the new Doris Dodson, Bea Darling and other lines of frocks at the B & B STYLE SHOPPE.

The modern home must be insulated, but remember, you only insulate once. Insist on an insulating material that will give you the winter and summer comfort that you have a right to expect. To be sure, specify Palco Wool Insulite, from the SKARSTAD-DANIELS LUMBER COMPANY. Palco Wool Insulite costs no more and pays for itself in fuel savings. It is applied quickly, is fire resistant and won't settle in the walls. When you plan to insulate, get full details about Palco Wool Insulite from the SKARSTAD DANIELS LUMBER COMPANY.

SAVINGS & LOAN ASSOCIATIONS: You may woo the goddess of Fortune with your most winsome wiles, but you'll be more successful if you keep a tryst with thrift by opening an account with the FIRST FEDERAL SAVINGS & LOAN ASSOCIATION. You can begin your conquest with as little as one dollar and all accounts are insured up to $5000 by an agency of the Federal government so there's no possibility of loss. The current rate of return is 3%, which is better than most investments. Save with safety at the FIRST FEDERAL SAVINGS & LOAN ASSOCIATION.

PHOTOGRAPHIC STUDIES: Many of the paintings by the Old Masters are considered priceless by art connoisseurs, but in years to come, they won't have half the value to you of a family group photograph by the SALVESON STUDIO. That will be a picture that will have genuine heart-string appeal—something you wouldn't trade for all the masterpieces in the world. Particularly, if you have young men going in service, should you make an appointment now with the convenient SALVESON STUDIO for that family picture. Telephone number 204-M.

Before you select your new spring ensemble, focus your attention on your figure—if there are bulges instead of smooth, flowing lines, a consultation with the capable corsetieres of OEN'S is indicated. A properly fitted Foundation Garment will improve your figure and enhance the appearance of your clothes. Featherweight Girdles for slender shapes, and Innerbelt Garments for more mature moulding. Uplift Brassieres to give the accent of youth. For improved figure control, take your torso to OEN'S.

HARTZ DeLuxe COFFEE

In a community of coffee drinkers coffee quality naturally is frequently a subject of conversation. When quality in any line of merchandise is considered, good quality is too often associated with high price. It may be true, as a general rule, that better things cost more. But Hartz DeLuxe Coffee is an exception to the rule. Only the best coffee obtainable goes into Hartz DeLuxe Coffee, and it is blended by the experts of one of the most successful coffee roasting companies of the country. It is tops in quality. And by the Hartz efficient method of marketing it is sold to the consumer at a saving of several cents a pound. You can buy it in glass, tin or bulk.

Coffee Supplies Held Adequate at Present

Even though Brazil has pulled its ships out of the way of Axis submarines by keeping them in home ports, the Northwest won't have to do without its favorite beverage—coffee. There's a "comfortable" supply of coffee in wholesale and retail establishments of the country, says the Office of Price Administration, and besides, nearly all of the coffee shipped to the United States from Brazil has been carried in American ships. The government reminded housewives that no matter what the situation would be, they'd gain nothing by stocking up on roasted coffee. It doesn't retain its flavor well if stored for any length of time.

No Secret Treaty

The United States, unlike the majority of other countries, has not made one secret treaty with a foreign government since [illegible].

Teacher Training Notes

The Future Teachers of America and their advisor, Mrs. Mae M. Smith, will hold open house for students who have applied or wish to apply for teacher training next year, on Friday, March 27. The object will be to give the guests an opportunity to become acquainted with the present teachers and to get some idea of what teacher training is about.

Members of the club under the sponsorship of Mrs. Smith demonstrated new methods of how art can be correlated in various subject fields at the Pennington County Teachers Institute at Thief River Falls on Friday, February 27. Lorraine Peterson, Marian Johnson and Karyl Gronnahl carried on these demonstrations.

The student teachers returned from three weeks of rural school teaching on Monday, March 16. They have made an exhibit of various types of work done by the pupils of the schools in which they taught.

The Future Teachers have received certificates in home nursing, a course given by the National Red Cross organization under the direction of Miss Ruby Goodman, Red Cross nurse, and they have nearly completed a course in Red Cross first aid. These extra-curricular activities are a supplement to the regular health program carried on in the department.

The students are busy making preparations for teaching a 6 weeks course in spring primary and pre-primer reading.

The students are also working on plans for a week-end trip to Winnipeg sometime in May.

Trovatten Will Talk on Farmers' War Aid

How Minnesota farmers are contributing to the nation's strength in the present emergency will be discussed in a radio broadcast by R. A. Trovatten, state commissioner of agriculture, over a network of Minnesota stations under auspices of the state office of civilian defense Saturday night. Trovatten will show how Minnesota farmers have responded to the government's appeal for more food supplies and discuss burdens which the war has placed on farmers. The talk will be carried over WCCO, St. Paul and Minneapolis, at 6:30 P. M.

LEMONS GROW BIG IN NORTHFIELD

Northfield.—When lemons can be grown in Minnesota it must be due to the "California" weather. Fred Festler brought one to the newspaper office recently weighing one and three-quarter pounds and measuring 16 inches in circumference. It has been grown by Mrs. Festler who has had the small tree or plant for two years. Last year there were a few very small lemons on it. The blossom for this lemon came in May, 1941 and the tree is only about 18 inches tall.

How 'Turncoat' Originated

Although the dictionary definition sums up "turncoat" as "one who forsakes his party or his principles; a renegade; apostate"; the story of its origin gives a better connotation of the word. It was in use in England as early as 1557 and was applied to a certain duke of Saxony who occupied a particularly dangerous location between Spanish and French possessions. He had a reversible coat made which was blue on one side (for Spain) and white on the other (France). Depending upon which army appeared more potentially dangerous at a particular time the coat was turned to suit the threat.

Highway Patrol Arrests During February Reveal Substantial Shrinkage

Are Minnesota motorists beginning to make safer driving and greater compliance with traffic laws a part of their all-out support of the nation's war effort? This at least was the trend outwardly indicated by the February report of arrests and warnings by state highway patrolmen submitted this week to Highway Commissioner M. J. Hoffmann.

Highway patrol arrests for February traffic offenses dropped more than 40% below the number reported for January. Verbal warnings for minor or unintentional infractions were 46% below January, written warning tickets fell off 23% and illegal equipment tags were nearly 50% below those handed out during the previous month.

There were other factors which contributed to the decline. February was three days shorter than January. Furthermore, patrolmen took turns of one week each, attending the periodically required Patrol "refresher" training schools. But fewer violations of traffic laws on trunk highways still were necessary to account for the encouraging drop in violations observed.

February arrests by highway patrolmen totalled 549 and included 81 for driving at excessive speeds, 67 for running through stop signs, 57 for careless driving, 60 for driving while drunk, 28 for improper passing, 10 for driving in the wrong lane or over the centerline, and 77 for driving with illegal or dangerously defective equipment. Illegal equipment tags issued number 839 and verbal and written warnings of other traffic offenses numbered 1,760.

KRATKA

Little two year-old Gary Johnson celebrated his birthday twice. On Saturday evening his uncle and aunt, Mr. and Mrs. Adam Lendobeja and cousin Dolly, of Smiley helped to celebrate with the little honor guest. On Sunday, his birthday, his uncle and aunt, Mr. and Mrs. Ted Lendobeja and cousin, Glenn made merry with the youngster and the immediate members of the Bert Johnson family. Pictures were taken of the little two-year old with his birthday cake on which two pink candles flickered.

Anton Jenson who had the misfortune to injure his hand over a month ago is not able to use the injured member yet. Even when he works with the well hand, it causes the injured one to swell. The damage can be done in a twinkling of an eye, but the healing period takes a mighty long time.

The Meadow Lark School pupils are enjoying a week's spring vacation. Miss Evelyn Jorde, teacher, is spending it at her home near Thief River Falls.

Mrs. Thelman Wold who is employed at the Oakland Park sanitorium spent the week end at the Jorstad home.

Mr. and Mrs. William Christofferson of Duluth visited at Mr. Christofferson's aunt, Mrs. Christ Larson and family of Smiley over the week end.

Wallace Tieman will complete wood hauling from Thorhult this week. As a result of a winter's work immense piles of logs can be seen in the Tieman wood lot. Mr. Tieman is going to have it sawed into lumber for a barn.

Mrs. Anna Anenson returned from Fargo on Friday after visiting a week with relatives.

The "caw-caw" of a crow from the bleak wood land glade, the gay musical note of a meadow lark perched on a fence post near the barn yard; the "boom-boom" of prairie chickens over in the west pasture, the shrill warning of a pheasant to his mate as a hawk swoops low in the morning sky—thrilling sounds of spring! You breathe deep of the balmy air. "It's great to be alive on a spring morning!"

RIVER VALLEY

Mrs. Ruth Larson and son Virgel who have spent the winter at McIntosh with her mother, Mrs. Syverarud, returned to her home last week.

Mrs. Lloyd Waine of Erie visited a few days at the home of her parents, Mr. and Mrs. O. T. Lunden last week.

Anton Johnson who has been farming here the past 27 years, sold his farm last week to Stanley Radniecki. Anton plans to visit his old home in Illinois for an indefinite time before making further plans.

Mr. and Mrs. Orville Hiner of Red Lake Falls spent the week end at the Pete Gustafson home.

Mr. and Mrs. Frank Lundeen, and Mr. and Mrs. Mrs. Louis Mandt were shoppers in Thief River Falls Saturday. Mrs. Mandt also received medical aid.

Friends of Albert Howard are sorry to hear he is suffering very much with a bad case of rheumatism.

Mr. and Mrs. Jesse Anderson, Lowell and Dean of Star, Mr. and Mrs. Edwin Gordon and children of Gully were visitors Saturday evening at the O. T. Lunden home. On Sunday morning Mrs. Gordon accompanied the O. T. Lunden family to Thief River Falls when Thorman Lunden left for Fort Snelling.

Mrs. Fred Lundeen who has been receiving medical treatment at the University hospital, returned home Thursday evening.

Another group of our boys from this vicinity left Sunday for the army. The men were Tommy Vake, Ola Langie, Therman Lunden, Otto Bakke, Arthur Stuey and Robert Sjulestad. The two latter were volunteers.

Good Croquettes

Good croquettes are insured by making them long enough ahead for them to set before frying. Make them early in the morning if wanted for the evening meal, or the afternoon before if you want them for luncheon.

No Difference

The motion of a bullet with respect to the airplane firing it would be the same whether the airplane were in flight or at rest.

County Farmers Urged to Improve Farrowing Pens to Protect Young Pigs

Swine growers who equip their farrowing pens with guard rails or fenders this spring will better their chances of bringing a large percentage of young pigs through the critical farrowing period, says County Agent Ernest A. Palmer.

This safety device which protects young pigs from being crushed by sows is easy to install, he says, and can be used for several years if removed after farrowing time.

H. G. H. G. Zavoral, extension animal husbandman at University Farm, recommends placing two-by four or two-by-six guard rails on at least two sides of the pen. The odds against pigs being crushed are better with rails on three sides. Rails placed ten inches above the floor and eight inches away from the side walls will afford ample protection.

It is also a good idea to place only a small amount of bedding in the pens during this period. Chaff or shredded corn stover makes good bedding. Large quantities of hay or straw make poor bedding for little pigs, Zavoral points out, as they may get entangled in it and fail to get out of the way in time to avoid being trampled.

STASSEN SIGNS UP FOR ACTIVE DUTY IN NAVY

If Reelected in Fall to Resign after Coming Term of Legislature

RANKS AS LIEUTENANT COMMANDER IN NAVY

Decision Gives Added Importance to Election of Lt. Governor

Declaring that the "great drive for victory against the Axis powers will be conducted in the main by young men of my generation" and "I want to be with them," Governor Harold E. Stassen disclosed this past week that he had joined the U. S. Navy as a reserve officer and will enter service with the armed forces just after the close of the coming legislative session.

The governor said he had made the decision some time ago and had talked the matter over with Mrs. Stassen and that she had acquiesced in it. "She was a good soldier," he said.

Stassen will run for re-election for a third term as previously announced, he indicated, but will leave immediately after the important work of the next legislative session is concluded, and duties of the governorship will be taken over by the lieutenant governor. This naturally will add new importance to the race for lieutenant governor, since the man elected to this post must assume the duties and responsibility of the governor when Stassen departs for active service.

Governor Stassen already has been granted a commission as lieutenant commander and enrolled as an officer of the line, subject to assignment to duty anywhere, afloat or ashore. Four years of military training which he received while in the University of Minnesota will prove a material help in his new role.

Announcing his decision, Stassen said in a statement to the people of Minnesota: "I have joined the United States Navy as a reserve officer. I have taken this step in order that I might begin now training and studying for the time that my urgent civil responsibilities will be fulfilled and I will enter into continuous active service in the armed forces. I have sought to make the decisions from time to time in this great crisis in which our country has been involved that would best serve my country.

"During this first stage of the war when the production of the means of war, the stabilization of labor relations, the organization of strong defense internally and the adoption of sound war-time policies is so important I have decided I can best serve here as governor. I believe that this first stage will carry through the next legislative session, when so many important war-time legislative matters must be decided, and, if it is the wish of the people, I will continue to serve as governor through that session."

FULL TIME COUNTY NURSE DISCUSSED AT C. & C. SESSION

Mrs. C. M. Adkins of the Red Cross Urges Appointment Thursday

At last Thursday's luncheon meeting of the Civic and Commerce association, Mrs. C. M. Adkins, chairman of the nursing project sponsored by the Pennington county chapter of the American Red Cross, spoke in support of obtaining the services of a full-time county nurse.

Following a discussion, President Roy Oen appointed Dr. O. F. Mellby chairman of an association committee to consider the matter and to appear before the county board to present its recommendations.

Nick Delmont of the state board of barber examiners was present at the session to discuss details of the state barbers' code. Mr. Erickson, representative of the American Tobacco company, presented talking motion pictures descriptive of the processing of tobacco.

Supt. Morris Bye left Sunday for Minneapolis to attend the sessions of the annual Schoolmen's Week at the University of Minnesota.

Local Navy Man Listed as Missing in Action

HARRY ROBINSON

Mr. and Mrs. A. P. Robinson of this city last week-end received a message from the Navy department carrying the sad news that their only son, Harry, 29, a chief yeoman in the Navy, "was among the missing after action in the line of duty". The scene of the action was not made public, in accordance with war regulations.

The parents are hoping against hope that, as has happened in a number of similar cases, they may yet receive word of their son's safety. They had last visited with Harry in San Diego, California, in the spring of 1941.

A veteran Navy man, with 11½ years of service to his credit, Harry was born in Akron, Ohio, and at the age of six he came to Thief River Falls with his parents. He was graduated from Lincoln high school.

Eklund post of the American Legion Friday evening, together with the convention and budget committees, chairmen of various committees were announced and a budget drawn up in connection with the Ninth district Legion convention to be held in Thief River Falls June 13, 14 and 15.

It also was decided to invite United States Senator Joseph Ball to be one of the speakers at the three-day convention. An invitation has already been extended to Lynn U. Stambaugh of Fargo, national commander of the American Legion.

General Chairman W. E. Dahlquist announced the appointment of the following committee chairmen: Budget, George Werstlein; dance, Alex Campbell; parade, Alex Cloutier; music, Emmett Wright; decorations, Carl Kretzschmar; program, Dr. A. R. Hulbert; housing, W. G. Claffy; registration, E. O. Peterson; street activities, W. M. Ferguson; reception, Robert J. Lund and Mayor Harry W. Kinghorn; transportation, Harry B. Lund; and entertainment, Bill LaFave.

The budget as adopted follows the outlines of the one adopted in 1937 when the last district Legion convention was held in this city.

DISTRICT LAWYERS CONDUCT ANNUAL CLINIC SATURDAY

14th Judicial District Attorneys Hold Meeting in Crookston

Approximately 30 attorneys from the fourteenth judicial district assembled in Crookston Saturday afternoon and evening for their mid-winter clinic, given over to addresses by R. G. Patton, nationally-known authority on real estate transactions in their legal phases, and to a dinner meeting.

Honor guests at the dinner, served in the Red and Gold room of the Hotel Crookston, included Former District Judge William Watts, and Judges J. E. Montague and Oscar Knutson, now presiding jurists in the district.

Mr. Patton, who came here from Minneapolis to address the bar meeting, covered two topics in afternoon discussions at the city hall and presented a third following the dinner program. Also speaking on the dinner program was Bert McKasy, of St. Paul, executive secretary of the State Bar association.

Attorneys from Thief River Falls, Red Lake Falls, Warren, Fosston, Fertile and several other points in addition to Crookston were present for the day's program.

Lincoln High Physical Education Classes Give Lively Circus Friday

A large audience last Friday evening enjoyed the presentation of the fourth annual Lincoln high school circus staged in the gymnasium under the supervision of Delver Daly and Miss Gladys Berntsen, physical education instructors. Students gave an effective demonstration of their proficiency in tumbling, pyramid building and stunts on the parallel and high bars and flying rings. More than 100 grade and high school pupils participated in the program. A group of members of the Lincoln high school band provided musical accompaniment.

Continue Campaign for Books for Service Men

A total of 278 usable books have been donated to date for the use of men in the armed services, Mrs. Hazel Halgrim, Carnegie librarian in charge of the collection, announced today. She added that the quota has not yet been attained, and that the campaign is being continued, as the need for suitable books is urgent.

RITES ON GOOD FRIDAY SLATED IN AUDITORIUM

Three Lutheran Churches to Share in Services at 1:30 P. M.

"THE VICTORY WON ON CALVARY" IS THEME

Festival Services Arranged in Local Churches for Easter Sunday

With the traditional observance of Holy Week now drawing near its Easter Sunday climax, joint Good Friday services will be conducted in the municipal Auditorium Friday afternoon at 1:30. To make possible a full attendance of local citizens, stores in the city will remain closed during the afternoon from 1 to 3 o'clock.

The services, for which the general theme will be "The Victory Won on Calvary", will be sponsored jointly by the Trinity, Zion and First Lutheran churches, with each of the three pastors taking part. Rev. Charles W. Erickson will serve as leader in charge of the service, with Miss Agnes Longren as pianist.

Rev. E. L. Tungseth will speak on the theme, "Victory over Sin", while Rev. G. S. Thompson will speak on "Victory over the World", and Reverend Erickson will discuss "Victory over the Grave". Reverend Thompson will give the Scripture reading and prayer, while Reverend Tungseth will supply the closing prayer.

Each of the three participating churches will supply a song selection, and the program will be completed with hymns sung by the audience.

Local churches have arranged festival services for Easter Sunday, with special music, and in addition several pastors have scheduled sunrise services for early in the morning.

P. WESTERGARD IS ELECTED HEAD OF ELKS LODGE HERE

Succeeds Gordon Ballingrud, Who Served Lodge Past Two Years

In the annual election of officers of the Thief River Falls Elks lodge conducted last Thursday evening, Peter Westergard was advanced to the position of exalted ruler, succeeding Gordon Ballingrud, who had filled the office the past two terms.

Also elected were Tom Peck, esteemed leading knight; Ole Engelstad, esteemed loyal knight; Walter Larson, esteemed lecturing knight; Charles J. Warner, secretary; and C. W. Vorachek, treasurer, the last two being reelected. Appointive officers will be announced later.

Also elected were George Werstlein, trustee for three years; Clifford Storholm, tiler; and Tom Peck and C. W. Vorachek, delegates to the state convention. Installation of officers will be conducted next Thursday evening, April 9, with Andrew Anderson serving as installing officer.

Mr. Westergard also was selected to represent the lodge as delegate to the grand lodge convention to be held in Omaha, Nebraska, in July.

Record Contingent of 116 County Men to Go to Fort Snelling April 29

The record total of 116 Pennington county men registered for selective service will make up the April contingent which will leave Thief River Falls for Fort Snelling April 29 at noon, it was announced today by Art Berg, chief clerk of the county draft board. Inasmuch as the selectees will not be given pre-induction physical examinations, it is anticipated that the usual percentage will be rejected because of physical defects. The coming call is for more than three times as many men as had left in any previous contingent.

TAX SETTLEMENT DISTRIBUTED IN COUNTY TUESDAY

Warrants Sent out Covering March and Previous Periods

Warrants aggregating $53,473.20 covering the March tax settlement were mailed out Tuesday to the various county subdivisions from the office of County Auditor A. M. Senstad.

Sent out at the same time were remittances covering current taxes for November and December, delinquent taxes for the period from June 30 to December 31, school apportionment, income tax funds and proceeds of the forfeited tax sale, portions of which had been advanced previously to various subdivisions.

From the March settlement the Thief River Falls school district received $13,384.85, while the city of Thief River Falls was paid $3,090.73. The St. Hilaire school district, No. 102, received $1,744.83 less an advance of $1,000, while the Goodridge district, No. 8, was paid $2,031.85.

The state revenue and school fund received $5,151.68, and the following sums were added to county funds: Revenue, $5,009.76; road and bridge, $5,743.12; welfare, $7,041.34; sanatorium, $1,00.18; and bonds and interest, $[illegible]. A total of $17,530.42 went to the various school districts.

COUNTY CAMPAIGN TO COLLECT SCRAP IRON IS UNDER WAY

Department of Agriculture War Board Asks that It be Marketed

Because scrap metal is needed immediately for the manufacture of war equipment every person in Pennington County having such material on hand and every dealer in scrap iron is urged to take immediate steps to see that this material reaches points where it is needed. The county USDA War Board is conducting a campaign in the county to help intensify this drive.

Scrap steel and iron is needed to combine with pig iron in the war production program. Without this scrap iron production of some of our vital war materials will be greatly curtailed.

Farmers having scrap metal around their farms are asked to deliver the material to local dealers after which this will be made up into carload lots and shipped to manufacturing points. All scrap dealers are in turn asked to ship out this material whenever they have enough on hand to make up a carload.

Records show that farmers and dealers have been cooperating very well so far in that 31 carloads of scrap metal have been shipped from Thief River Falls since August 1. This is an excess of 1200 tons. It is believed however that there is at least this much material available throughout the area if it was picked up and shipped through a concentration point.

FLOOD CONDITIONS PREVAIL AT RIVER VALLEY THIS WEEK

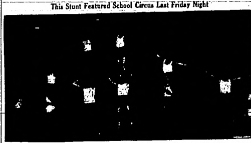
Red Lake River Spreads out over Large Area in East Pennington Co.

A heavy wet snowfall late last week, following rains earlier in the week, aggravated the flood situation in the River Valley area in Eastern Pennington county. The high water, spreading out for several miles on both sides of Red Lake river over the flat country, reached its crest Monday, and showed signs of abating to some extent Tuesday and Wednesday.

Over the week-end the water level reached such a stage that it entered the main floor of the River Valley store as well as the creamery, and yesterday was reported as being just level with the floor. The fact that the ice has not yet gone out of the river is delaying the draining away of the surplus water.

Approximately six inches of snow fell in this community late last week, most of it since having melted. North Dakota experienced a severe blizzard and sleet storm Friday. The westbound Soo Wheat Line train out of this city got stuck Friday evening in a huge snowdrift near Egeland, N. D., and was tied up there until the following evening.

This Stunt Featured School Circus Last Friday Night



The group of young gymnasts shown above, students in Lincoln junior high school, are pictured as they built a human pyramid last Friday evening in the high school gym. This stunt was one of many included in the fourth annual school circus, staged under the direction of Delver Daly and Miss Gladys Berntsen, physical education instructors.

LIONS CLUB HEARS DETAILS OF FARM WORKER SHORTAGE

County Agent E. Palmer Says Problem Will Soon be More Acute

Following a detailed discussion by County Agent Ernest Palmer of the present and prospective farm help situation in Pennington county, the Lions club at its luncheon meeting Wednesday noon in the Palm Garden Cafe voted to cooperate with other local agencies in working out the best possible solution of the problem presented by the growing shortage of farm labor.

Mr. Palmer stated that a careful survey of the county, as yet incomplete in some localities, indicated that fully half of the 1,200 Pennington farmers will need additional help for haying, harvest and threshing, while in general the labor supply appears to be adequate for spring operations. He added that the situation will become much more acute as time passes and the nation becomes still more deeply involved in the prosecution of the war.

The club voted to accept the offer of Dr. C. W. Jacobson to conduct a 15-minute period of training in first aid at alternate weekly meetings. Dr. Jacobson will be assisted by Ray Hartman and Jim Parkins.

VICTORY AIDES PROGRAM HERE GOING FORWARD

Reports Submitted Friday on Women's Civilian Defense

SEVERAL PROJECTS CARRIED OUT TO DATE

Miss Esther Bennes to Take Charge of Headquarters in Auditorium

Seventy rural Pennington county captains, lieutenants and sergeants in the women's civilian defense organization attended a meeting in this city last Friday afternoon, and received information relating to activities of the agency to date and plans for the immediate future.

Talks on various phases of the setup were given by Mrs. E. C. Karwand, who presided; and by Mrs. Jeanette Wright and Mrs. J. Arthur Johnson, members of the county civilian defense board. The captains also were given registration blanks to be signed by all members of the organization in their respective areas.

With the group preparing to undertake several new activities, headquarters will be opened late this week in the basement of the Auditorium, with Miss Esther Bennes, captain, on duty each afternoon from 2 to 4 o'clock.

The first phase of one civilian defense activity, first aid classes for women and for men, is being completed this week with the taking of examinations by the more than 100 persons enrolled. It was announced that Mrs. Lillian Knutson, instructor, will give an advanced course in first aid, as well as another course for beginners, shortly after the Easter holiday.

The organization also will sponsor a class in Americanism for men and women to start shortly. A special invitation to participate will be extended to aliens desirous of preparing for citizenship examinations. In addition, physical fitness classes are being conducted each Wednesday evening under the supervision of Mrs. Wright.

Captains from six Northwest counties will assemble in Thief River Falls Thursday, April 16, for a conference with Miss Mary Kealey of St. Paul, state director of women's civilian defense activities.

TRADE-IN PLAN IS ORDERED ON TOOTH PASTE PURCHASES

Must Turn in Old Tubes When Buying Tooth Paste or Shaving Cream

The war production board in Washington Tuesday prohibited retail merchants from selling tooth paste or shaving cream in tubes to any customer who fails to turn in some type of used collapsible tube for each new one purchased.

The provision, first of its kind and effective immediately, makes retailers responsible for the trade-in transactions and directs that the used tubes thus collected be held subject to WPB orders.

At the same time, the board placed drastic restrictions on future use and production of collapsible tin tubes and prohibited their use entirely for foods, cosmetics and most toilet preparations.

Under the terms of the trade-in provision, a WPB spokesman declared, retailers are liable to penalties prescribed under the second war powers act—a maximum of $10,000 fine and a year's imprisonment—if sales of tube tooth paste or shaving cream are made in violation of the order.

Purchasers will not be required to exchange a used tube of the same type as the tube being purchased.

It was understood that the used tubes eventually would be reprocessed and allocated back to the tube manufacturers—possibly representing the entire supply of tin they can expect for the duration of the war.

2 Chimney Fires Bring out Fire Department

Funeral Held Saturday for Mrs. J. O. Yotter, Who Died March 25th

Mrs. J. O. Yotter, who passed away at her home at 404 Main Ave. N. on Wednesday, March 25, was taken to Fort Madison, Ia. for final services and interment following a service at the Erickson & Lund Funeral Home here on Saturday, March 28 at 2 p. m. The service was *read by Sam Plough.*

Mrs. Yotter, who was born at Salem, Ia., on June 14, 1870, was married to J. O. Yotter at Denver, Colo. on August 31, 1912. She came to Thief River Falls in 1913 where she has made her home ever since. She was a member of the Christian Science Society and the Eastern Star and a member of the Carnegie library board.

Her parents and one brother preceded her in death. Surviving her are her husband of this city; one sister, Miss Nellie DeLashmutt of New York; two brothers, Edward DeLashmutt of Denver, Colo., and C. I. DeLashmutt of Fairfield, Ia.

Cambridge Twins Die Friday 5 Minutes Apart

Within five minutes, identical twins died at Cambridge, Minn., Friday night. They were Edgar and Edward Wilson, each 40 years old. Edgar, a milkman, was visiting at the home of Edward, a postal clerk. Edward fell dead from a heart attack. Five minutes later, Edgar succumbed from the same cause. The twins were so alike friends had trouble distinguishing between them. Each stood about six feet, six inches tall.

DAN CUPID ON VACATION IN COUNTY LAST MONTH

Dan Cupid's activities were at a low ebb in Pennington county in March, only four applications for marriage licenses being received at the office of Henry Storhaug, clerk of court, compared to eight in March, 1941.

Floods in the East end of the county must be attributed in part to the lack of proper controls at the outlet of Red Lakes and emphasize the need not only for improvement to the Red Lake River channel but also for an understanding with the Indians as to lake water levels. In the dry years, when water was needed below the lakes it was difficult to obtain because of fear the lake would be drained and also because what little water was released was dissipated in the bogs through which it had to seep before it found a clearly defined channel. Now, when water is not wanted, the lake is overflowing and the reservoir that should retain the run-off of a large area during flood periods is now largely responsible for the flood conditions. There is little possibility that a project designed to correct this situation can be started until the national emergency is ended but the present condition should spur local organizations to greater activity in their efforts to have this project placed at the top of the list for immediate attention when the war ends.

Rumors that razor blades will soon be rationed have resulted in a heavy demand for blades according to local shopkeepers. Such results prove that rationing orders should be issued suddenly to thwart the hoarders. By giving the public advance notice of a rationing order causes confusion and to some extent defeats the purpose of the order.

The argument over time and a half and double time in the defense industries is not a problem to be threshed out between capital and labor or even between management and labor. The groups involved are the taxpayers and the comparatively small organizations of highly organized labor. Capital is not involved because the government pays the bills. The greater the labor costs the more the government pays. And the taxpayers, of course, foot the bills.

Next Tuesday our war will be four months old and in fairness to the Japs we will have to admit that in that four months they have made remarkable progress. We know now for sure that we are not going to drive them out of the Pacific some Tuesday afternoon. But all in all, the results are not too discouraging either. We have reason to believe, for instance, that by now the Japs have much respect for our soldiers and sailors and fliers as fighting men. They *know that our equipment is good. In the few skirmishes we have had with them on* nearly equal terms they have come out second best. The battle of Bataan has already sent one of the most able Jap generals to a suicide grave. In spite of the brilliant success of several of their campaigns, we have an idea that the Japs are more worried right now than we are, for while their strength is diminishing, the strength of their enemies is increasing.

April is Hitler's favorite month for launching offensives and so the official observers are guessing that they won't have to guess much longer as to the direction the 1942 campaign will take. Best bet seems to be that he will push toward India in an effort to join forces with the Japs and of course there is still the possibility of an attempted invasion of England. Certain it is that he will not hesitate to take desperate chances, realizing that if he cannot break out of his cage this summer his chances of ultimate victory will be slim. It is now or never for Adolf and he will shoot the works.

Congratulations to the Navy for signing up Governor Harold Stassen. Our armed forces need trained executives and a man who has proven himself to be a good Governor will make a good officer. We cannot reconcile ourselves to the thought, however, that a man can be a good governor of Minnesota and a good officer of the Navy all at the same time. We believe that as an officer of the Navy the Governor should remove himself from politics in Minnesota as a politician and confine his state activities to routine executive duties until the expiration of his present term makes it possible for him to give all his time to Uncle Sam. Harold Stassen has served Minnesota well and we believe the people of Minnesota will welcome him back to public life when he is no longer needed in the armed forces of our country.

Topics of the Times

Of course, you didn't pick up any pocketbooks yesterday— it was April Fools Day.

In the present war the Allied Nations have so many fronts it keeps the amateur strategist dizzy.

The fact that his colleagues cleared Senator Langer of the numerous charges against him seems to indicate he is in good company.

Since March 30, men's trousers are being made without cuffs by order of the War Production Board. They picked as good a place as any to save on woolen goods.

We agree with the colleague who suggests that the quicker we forget about Pearl Harbor and concentrate on the job ahead, the better off we will be.

Summing up the discussion as to what this country stands for, the Lund Press says it stands for too much.

Governor Stassen and Hjalmar Petersen, who would like to be governor, have been arguing about who buys the most defense bonds. The chances are that neither of them is going hungry as a result of his purchase.

Says Bachelor Billy Noonan of Baudette, "A baby is an alimentary canal with a loud voice at one end and no responsibility at the other."

And another thing—By preventing hoarding, the rationing program will make buyers more rational.

We learn, via Les Nelson of the Mahnomen Pioneer, that Secretary of War Stimson is a third cousin of Lincoln and John Arnold.

The fellow who never demanded much has the edge on his neighbors when it comes to getting along with rationed commodities.

A state of war contributes to peace in one respect, at least. The manufacture of juke boxes has been ordered halted as of May 1.

To Speak Here Wednesday

FINN BURNBY

Second officer of the Norwegian merchant marine, who will give an address next Wednesday evening, April 8, in the Sons of Norway hall. He had three ships sink under him, survived a Nazi concentration camp, and escaped from Nazi-occupied Norway to continue fighting in the battle of the Atlantic.

Ida Bollie Passes Away Here Monday, March 27

Miss Ida Constance Bollie passed away in a local hospital on Friday, March 27 at the age of 39 years, seven months, and seven days.
